ILLINOIS BELL TELEPHONE COMPANY

TINLEY PARK PUBLIC LIBRARY

SEE PAGE 1 FOR EMERGENCY NUMBERS AND FOLLOWING
PAGES FOR HELPFUL INFORMATION

MANY FACILITIES ARE NEEDED TO PROVIDE TELEPHONE SERVICE

Three different types of equipment are required:

- (A) Telephone Instruments.
- (B) Wires or Cable from the Instruments to the Telephone Office.
- (C) Switchboards and Other Equipment in the Telephone Office.

A shortage of any one prevents us from supplying new service until equipment in use is released by someone giving up his service, or until we are able to manufacture and install more facilities.

1. The telephone instrument is only a small part of the facilities needed.
2. Wiring, inside and outside the building, is required.
3. A pair of wires must be available in cable serving neighborhood.
4. Underground cable facilities must be available.
5. A vast amount of central office equipment is needed.
6. There must be switchboards where operators handle calls.

SOME LONG DISTANCE RATES FROM TINLEY PARK

NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. TO 4:30 A.M. AND ALL DAY SUNDAY

RATES ARE FOR 3 MINUTES (On Station-to-Station Calls of 25 Cents or Less, 5 Minutes)

United States Government Tax Not Included in the Rates Shown Below

Numbers You May Need

In a Hurry

EMERGENCIES

	Dial
To Report a Fire.....	301
To Reach the Police.....	303

OR

Dial your operator and say

"I want to report a fire"

"I want a policeman"

If you call the operator, she will connect you with the Fire or Police Department. IF YOU MUST LEAVE THE TELEPHONE before the desired station answers, FIRST TELL THE OPERATOR WHERE HELP IS REQUIRED.

For the Telephone Number or Address of the nearest

Federal Bureau of Investigation Office....Dial "0" (Operator) and ask for "Information."

SERVICE CALLS

DIAL

Information (For numbers not in the directory)....."0" (Operator) and ask for "Information"
Repair Service (To report a telephone "out of order")...."0" (Operator) and ask for "Repair Service"
Service Difficulties (For assistance in reaching your number)....."0" (Operator)
Applications for service, information regarding bills, etc.

Business Office, 4918 W. 95th St., Oak Lawn....."0" (Operator) and ask for Business Office

OUT-OF-TOWN CALLS

DIAL

For calls to Homewood....."8" and give call to operator
For calls to other nearby places (see list on page 2)....."0" (Operator) and give the call to her
For calls to all other out-of-town places except as above.."0" (Operator) and ask for "Long Distance"

ILLINOIS BELL TELEPHONE COMPANY

J. N. WESTCOTT, Manager

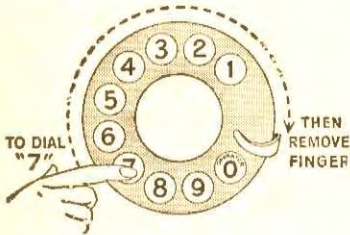

Copyright, 1945, by the Illinois Bell Telephone Co., Chicago, Ill., Printed in U.S.A.

It's Easy to Dial

JUST FOLLOW THESE THREE SIMPLE RULES FOR LOCAL CALLS:

- 1 Look in the directory if you're not sure of the number.
- 2 Hold receiver to ear. Listen for dial tone—a steady humming sound. This is your signal to start dialing.

- 3 Dial the figures of the number as it appears in this directory. Pull the dial all the way around until your finger strikes the finger stop, then remove your finger and let the dial return by itself.

IF YOU NEED ASSISTANCE

Dial "0" (Operator) if you need assistance. But remember, it is faster to dial yourself. If for any reason you cannot see the dial, feel

for the opening just below the finger stop. Pull the dial all the way around, release it, and the operator will answer.

TO CALL ANOTHER PARTY ON YOUR LINE

If you want to know who else is on your line, dial "0" (Operator) and ask for "Repair Service."

If you want to know the code of the desired party, dial "0" (Operator) and ask for "Repair Service." Give her your telephone number and the telephone number of the party on your line you wish to call. She will give you the proper code number to dial. Make a note of it for future use.

- 1 Dial the code number for the party you are calling.
- 2 After you have finished dialing hang up your receiver to allow the other party's bell to ring. Your bell will also ring at intervals indicating that the other telephone is ringing.
- 3 When ringing stops you will know that the other party has answered. Remove your receiver and proceed with conversation.
- 4 If your party does not answer within a reasonable period, remove your receiver momentarily in order to clear the line.

TO DIAL FROM A COINBOX LINE:

To call a local number:

- 1 Remove the receiver from the hook, and deposit coin.
- 2 Listen for the dial tone.
- 3 Dial the number wanted.
- 4 If call is not completed, hang up and coin will be returned.

To call out-of-town places:

- 1 Remove the receiver from the hook and deposit coin.
- 2 Listen for the dial tone.
- 3 For calls to Homewood—Dial "8." For any other call—Dial "0" (Operator). As soon as you have dialed either of the above, your coin will be returned.
- 4 When the operator answers, give the call to her; deposit the amount requested when the operator asks for it.

PLEASE CHECK THIS LIST BEFORE MAKING CALLS TO NEARBY PLACES

Before making calls to nearby places, please check this list so that you will not call Long Distance unless your call is regularly handled by the Long Distance operator. To all places listed below, please place your call through your regular operator.

Rates shown are station-to-station rates from Tinley Park for the initial talking period. This period is five minutes, with the exception of station-to-station calls of 30c or more—where the initial talking period is three minutes.

United States Government tax not included in the rates shown below

Bellwood	\$0.20	Evanston (Davis, Greenleaf, University)	\$0.30	Lyons	\$0.15	Palos Pk	\$0.10
Berwyn	.20	Evergreen Pk	.10	Manhattan	.15	Plainfield	.20

Elwood	.20	Lockport	.15	Oak Lawn	.10	Wilmington	.25
Elmwood Pk	.25			Oak Pk (Euclid, Village)	.20	Worth	.10

These are the legal rates of the Company as of November 27, 1945

Useful Telephone Information

"PARTY LINE COURTESY" PAYS

Since telephone equipment is scarce, many of our customers are using party-line service temporarily.

The best party-line service for all depends on courteous use of the line.

If you're a party-line user, you can do your part. Listen a moment to make sure the line is clear before you call—try not to interrupt your neighbor's conversation. Hang up quietly if the line is in use. Keep your conversations short so others can use the line, too.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company.

By arrangement with the Western Union Telegraph Company, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

USE THIS DIRECTORY FIRST

Many calls to "Information" are unnecessary since they are for numbers which are listed in this directory. Every operator and all telephone facilities are needed to handle today's huge volume of calls.

So please don't ask our Information operators to look up numbers unless you are sure they are not listed in this directory. You can get your call through faster by referring to this directory and calling by number.

Your cooperation is appreciated.

YOUR TELEPHONE NUMBER

Occasionally, in the past, we've had to change some telephone numbers. It may, likewise, be necessary to do so in the future.

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

LOOKING AHEAD IN THE TELEPHONE BUSINESS

Once more we are "on our way." In the months and years ahead, the Bell System intends to go forward providing a service more and more free from imperfections, errors or delays, and at a low cost.

Here's a bird's-eye view of our long range program:

1. Catching up with requests for services now held in abeyance because of lack of facilities.
2. Catching up with plant shortages to provide for the volume of business presently being handled.
3. Replacing temporary wartime types of plant and materials with new and better apparatus.
4. Improving telephone equipment on customers' premises.
5. Expanding the long distance network, including provision for television and the use of radio facilities.
6. Extension and improvement of rural telephone service.
7. Replacement of manual equipment by dial equipment for local service.
8. Provision of equipment to enable telephone operators to speedily dial and complete calls direct to subscribers at distant points without calling on the services of an intermediate operator.
9. "Streamlining" our toll service by providing equipment which will enable subscribers to dial certain calls direct to nearby towns.
10. Extension of service in such fields as service to motor vehicles, overseas telephone service, etc.

YOUR OPERATORS EXPLAIN OUT-OF-TOWN CALLS

CALLS TO NEARBY PLACES

"I'm your regular operator, and I can connect you with many of the nearby places. (See list on page 2.)

If you don't know the number, dial '0' (Operator) and ask for 'Information.'

If the initial rate for your station-to-station call is 25 cents or less, five minutes are allowed without an overtime charge. If the initial rate is 30 cents or more, an overtime period starts after three minutes."

"LONG DISTANCE"

"I'm your Long Distance operator and your regular operator will connect you with me. Just ask her for Long Distance.

My lines are carrying the greatest volume of calls in history. So, occasionally I may inform you that the 'circuits are busy,' or to 'please limit your call to 5 minutes.'

You can help improve the service for everyone and avoid delays on your own calls if you will please

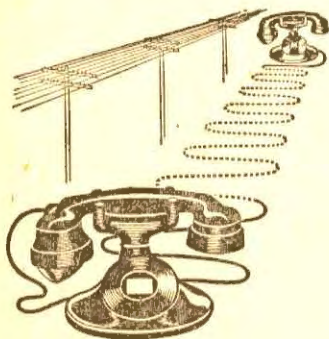

Make only necessary Long Distance calls.

Keep calls as brief as possible.

Give me the number of the party you are calling if you know it."

STATION-TO-STATION

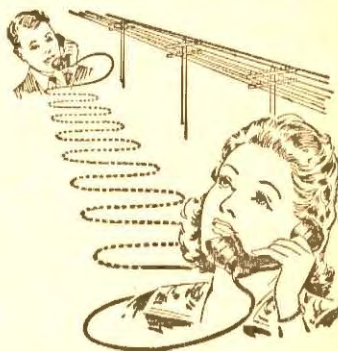

Place station-to-station calls when you merely want us to ring a telephone number. Charges begin when anyone answers at the telephone you call.

COLLECT CALLS

If you wish to place a collect call, the operator will ask the person you are calling if he will pay the charges. No additional charge is made, except on Station-to-Station calls where the initial rate is 20 cents or less.

If the party you want refuses to pay for the call, a Report Charge will be made on calls between points within the State of Illinois unless you decide to pay for the call yourself.

PERSON-TO-PERSON

Make a "Person" call when you want to talk to a particular person, or to a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges do not begin until the person or department you want is able to answer.

If you call from a point in Illinois to another point in Illinois, a Report Charge will be made if the person you want cannot be reached and you ask the operator to cancel the call.

REDUCED RATES

Between 6 P.M. and 4:30 A.M. and all day Sunday, reduced rates are in effect. They apply to "Station" calls if the initial period rate is more than 35 cents, and to "Person" calls if the rate is more than 50 cents.

DON'T MISS IMPORTANT CALLS

— ANSWER YOUR TELEPHONE PROMPTLY

Wrong Numbers

Waste Time

When there is any doubt about the telephone number, please look it up in the directory *before* you call. Wrong numbers annoy the people called in error—waste their time and yours, too.

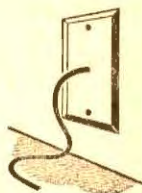

For That Home-To-Be...

PLANNED TELEPHONE SERVICE!

Telephone wiring can be as modern and inconspicuous as plumbing and electrical work *if provisions for it are made before your home is built.*

Concealed wiring through the use of rigid, flexible or thinwall conduit enables you to have *built-in telephone outlets* . . . neat little plates similar in design to electrical outlets . . . wherever you desire.

Conduit placed in walls and floors by the contractor at the time of construction, eliminates exposed wiring on baseboards and moldings and reduces the possibility of interruptions to your telephone service. Costs are nominal and the telephone company provides all wires and wiring work. You merely have the conduit installed.

Your telephone company will be glad to consult with you *without cost or obligation* and make recommendations for built-in conduit. Just call our business office and ask for "Architects' and Builders' Service."

ARCHITECTS, CONTRACTORS AND BUILDERS
ARE INVITED TO CALL UPON US FOR HELP IN
PLANNING TELEPHONE FACILITIES.

ILLINOIS BELL TELEPHONE COMPANY

REGULATIONS

APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish and maintain his credit in one of the following ways:

- (1) By furnishing references acceptable to the Telephone Company.
- (2) By providing a suitable guarantee in writing, in form prescribed by the Telephone Company.
- (3) By means of a cash deposit.

The Telephone Company may require the subscriber to increase the amount of the deposit at any time if, in its opinion, the charges billed against the subscriber are found to warrant such an increase.

Interest at the rate of not less than 5% per annum shall be paid by the Company on all deposits made for the purpose of establishing credit.

Service may be discontinued for failure to establish credit, as authorized above, within five days after the Company has served or mailed notice requiring the subscriber so to do. Where service has been discontinued for failure to establish credit as authorized by these Regulations, the regular restoral charge will be made and collected by the Company.

OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of any advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus, or devices are so attached or connected, or to terminate the service.

INTERRUPTIONS TO SERVICE

When requested by the subscriber, if service is interrupted for more than 24 hours, and for causes other than

the negligence or willful act of the subscriber, an allowance shall be made, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the Company except in the case of charge listings, in connection with which its liability shall be limited to a refund of the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

PAYMENT FOR SERVICE

The subscriber is required to pay, in accordance with the Telephone Company's established tariffs, collection and billing practices, all charges for exchange service and equipment, and for all toll messages or service rendered to his station, including all toll messages on which the charges have been reversed and accepted by any party at his station. All bills are due when rendered and are payable at the Telephone Company's business offices.

In the event that any sum due (except as provided below) is not paid on or before the 14th day after the issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that the amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied in accordance with the preceding paragraphs, but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a Restoral of Service Charge of \$1.00 will be made. In case service has been denied, in addition to the restoral of service charge, the subscriber will be required to pay all service charges up to the time of restoral of service. Subsequent to the completion of an order to terminate the service, it will be reestablished only upon the basis of a new service application.

These Regulations are Excerpts from the Official Regulations of this Company as on File with the Illinois Commerce Commission, November 27, 1945.
