

**There are only a few of your customers
who have your telephone call in their minds**

Your other customers and the expected new ones depend on this Directory as a medium for reference when they want to buy. Unless you are classified where they can readily find your telephone call, you are missing business that should be yours.

The Reuben H. Donnelley Corp.

352 East 22nd St., Chicago

Telephone Michigan 2200

Can show you how to safeguard the lost calls

At Your Elbow

OUR obligation as a public utility requires that we make every effort to furnish service to all who apply. In doing this we constantly add to the value of our service to old subscribers by extending their range of communication. Cost levels to-day are much higher than in the past and result in more expensive plant construction, thus increasing our average capital investment per telephone, upon which a fair return in interest and dividends must be earned.

FROM the telephone on your desk or in your home it is possible to reach any one of more than 15,000,000 other telephones in the United States and Canada. It will pay you to use the service regularly, not merely in emergencies.

Get acquainted with the money and time saving features of our station-to-station long distance service. The evening rate for station-to-station calls is about 50 per cent less than the day rate, and the night rate (midnight to 4:30 a.m.) about 75 per cent less than the day rate.*

ILLINOIS BELL TELEPHONE COMPANY

BELL SYSTEM

One Policy - One System - Universal Service

**Minimum reduced rate is 25 cents*

Regulations

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance of the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which *notice in writing* has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged, during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Bills are rendered once a month, to cover (a) one month's charges for local exchange service in advance, and (b) toll and other charges in arrears. Bills are payable at the office of the Company. If not paid on or before the fifteenth day

after issuance of the bill, written notice calling attention to that fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of the following *restoral of service charge*:

- a. If service has been suspended one way only\$0.50
- b. If service has been suspended both ways 1.00

Measured Service, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

One incoming line (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Not more than two joint users will be allowed on P. B. X. or individual line service; and not more than one joint user in connection with a party-line subscriber.

Four Party Service is furnished only where at least two subscribers within the limits of a single block apply for such service, or there is a vacancy on an existing circuit.

Two-party service beyond the established exchange area will be furnished only where *two* parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

Four-party service beyond the established exchange area will be furnished only when at least *three* parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

Rural Service is furnished only where at least two subscribers are secured for each one mile of line built.

Information About Telephone Service

Subscribers Will Find It to Their Interest to Familiarize Themselves with the Contents of These Pages

Exchange Service. Business service is furnished for use of subscribers and their employees only in their business and for such extra name users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

Service Complaints. To report any irregularity in the service, ask for the Chief Operator who will answer by saying "Chief Operator," and report your trouble to her.

To report trouble when your line or equipment is out of order, report (from nearest telephone) by asking for "Repair Clerk." Give your exchange prefix and number and the nature of trouble, if known.

No liability for damages arising from errors or omissions in making up or printing the directory is assumed by the Company. Extraordinary precautions are taken to avoid errors.

Order to Move Telephone. If you wish to have telephone moved, write or telephone to the manager of the Exchange with which you are connected, giving telephone number, name and address; also new address and date you expect to move, at least fifteen days before removal is desired, *except on moves due between April 15th and June 1st and between September 15th and October 10th, at which two periods thirty days' notice is required.*

Identification of Employees. All employees of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with identification cards, each card bearing the photograph and name of the employee entitled to carry it. Any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employee of the Company should inspect the credentials. **Beware of bogus collectors or inspectors.**

Calls to the Following Places are Toll Calls

and are handled by Your Operator as "Station-to-Station" calls.

Proceed the same as when making a local call.

Speak Distinctly

When using the telephone speak distinctly, with lips not more than one inch from the mouth-piece.

DO NOT SHOUT

Illinois Bell Telephone Company

Just a Chat at Twilight

EVERY evening after 8:30, long distance telephone rates (for "station-to-station" calls) are about 50 per cent lower. At midnight a still further reduction becomes effective,

and until 4:30 A. M. night calls are completed at about one-fourth the day "station-to-station" rates.*

***T**O meet the demand for new telephones more plant must be built—at costs greater than the cost of the average of our present plant. To do this we must obtain capital, and to attract this we must pay satisfactory returns. This we cannot do without adequate rates.*

This service makes it possible to call distant friends or relatives or your home if you are out of town, at a very small cost.

Just give the long distance operator the number of the telephone wanted and say you will talk to anyone who answers.

A Comfortable Haven After The Day's Journey

MAKE the evening complete by calling the "home folks" by long distance. They will enjoy hearing the incidents of your trip and will be relieved to know that you are safe and well.

ILLINOIS BELL TELEPHONE COMPANY
BELL SYSTEM

One Policy - One System - Universal Service

Co-ordination

FROM fragments, isolated and small, science can reconstruct the great creations of nature. A fossil bone reveals a race of giant lizards. A fern frond embedded in limestone tells of a prehistoric forest. A skull dug from a bed of a river clay records whole chapters in human history.

But rarely can man's handiwork, composite in its elements, be thus imagined from any of its parts. Considered alone, a tiny carbon granule from the telephone transmitter cannot even hint of the complex instrument. Only as part of a co-ordinated mechanism has this littlest unit its full significance.

The telephone needs of the nation require a service national in scope and operation. Men, materials and money on a vast scale are essential. Practical co-ordination of the numberless human and mechanical agencies indispensable to the service is possible only through a nation-wide organization. This the Bell System provides.

ILLINOIS BELL TELEPHONE COMPANY

Speak Distinctly

When using the telephone speak distinctly,
 with lips not more than one inch from the
 mouthpiece.

Do not shout.

Illinois Bell Telephone Company

Keep in Touch with Home

WHEN business takes you away overnight or for a longer time, it is a comfort to know that you can reach home quickly over Bell long distance lines no matter how far away you may be.

***D**URING the past few years much of the telephone plant in Illinois, originally erected at pre-war costs, has worn out or been outgrown, and has been replaced at post-war prices for material and labor. This has added greatly to the average investment per telephone.*

To keep the family informed of your whereabouts is a sensible precaution. To talk to them by long distance telephone each day while absent is a joy both to you and to them.

Station-to-station service is especially adapted to such calls and the rates are about 20 per cent lower than for person-to-person calls.

ILLINOIS BELL TELEPHONE COMPANY

BELL SYSTEM

One Policy - One System - Universal Service
