

Event Overview

TUESDAY MAY 4

9:00 AM – 10:30 AM

THE SUMMIT: Infinite Opportunities from Infinite Data

10:30 AM – 12:30 PM

INNOVATION SHOWCASE: Best Practice Sharing
Four 30-minute sessions

1:00 PM – 4:00 PM

TECHNOLOGY SEMINARS: Technology Spotlights
60-minute sessions

WEDNESDAY MAY 5

9:00 AM – 4:00 PM

TECHNOLOGY SEMINARS: Technology Spotlights
60-minute sessions

THURSDAY MAY 6

9:00 AM – 4:00 PM

TECHNOLOGY SEMINARS: Technology Spotlights
60-minute sessions

Tuesday, May 4th

THE SUMMIT

INFINITE OPPORTUNITIES FROM INFINITE DATA

Experience thought-provoking presentations, a panel discussion, and best practice sharing with leading experts in manufacturing, economy, technology, and innovation.

MODERATOR

Dan Staresinic

VP Communications, Siemens DI

WELCOME

Raj Batra

President, Siemens DI USA

LIFT

Nigel Francis

CEO

KEARNEY

Harris Ng

Partner

SIEMENS

Raj Batra

President

KEYNOTE

Moving Forward with Confidence

Dr. Alan Beaulieu, *ITR Economics*

Alan will explore the risks and the opportunities stemming from the pandemic, government responses, consumer trends, market opportunities, and lagging sectors. He'll also assess business demand for the rest of 2021 and into 2022 with a look at key leading indicators proven to signal cyclical turns in the economy and markets, and the issues that have an impact on your profitability.

PANEL DISCUSSION

Smarter Manufacturing in the Post-Pandemic Economy

The COVID-19 forced manufacturers to be more flexible in how they operate. How can manufacturers take what they have learned to advance smarter manufacturing across the country? Join our expert thought leaders as they discuss key topics, technology trends and industry shifts shaping the future of manufacturing, including opportunities to leverage digitalization and sustainability.

Innovation Showcase: Best Practice Sharing

Multiple 30-minute presentations sharing best Practices and presentations from industry experts

TIME	SESSION TITLE	PRESENTER	BUSINESS UNIT
10:30 AM	Flexible Machines – SencorpWhite’s High Speed Thermoformers Adapted for N95 Mask Production in Record Time	<i>Sencorp</i>	FA
11:00 AM	What do AGVs and Clay Modeling Machines Have in Common?	<i>Fori Automation / Tarus</i>	MC
11:30 AM	Ransomware Resiliency – When Cyber Prevention is Not Enough, How Do You Recover?	<i>Prism Systems</i>	CI
12:00 PM	“Snowflake Manufacturing”: A New Mindset for Manufacturing by Brave Control Solutions Inc.	<i>Brave Control Solutions</i>	EP

Technical Seminars: Technology Spotlights

Live 60-minute presentations from Siemens and partners on the latest updates and innovation in automation

TIME	SESSION TITLE	PRESENTER
1:00 PM	Unlock the Digital Future: Learn How to Capture a Significant Growth Opportunity	<i>Siemens ADVANTA</i>
2:00 PM	Collaborative Robot & Ease of Use Pendant Demonstration	<i>Yaskawa</i>
3:00 PM	IIoT at Work: Planning the Next Edge Installation	<i>Rittal</i>

Agenda: Wednesday, May 5th

Technical Seminars: Technology Spotlights

Live 60-minute presentations from Siemens and partners on the latest updates and innovation in automation

TIME	SESSION TITLE	PRESENTER
9:00 AM	Factory Automation – SIMATIC Innovations Session	<i>Siemens FA</i>
10:00 AM	Innovations in Motion Control, Drives & Motors Portfolio	<i>Siemens MC</i>
11:00 AM	Go Beyond Locating with SIMATIC Real-Time Locating Systems	<i>Siemens CI</i>
12:00 PM	Don't Yield – ACCELERATE! Stay Current on the Evolving Auto Industry	<i>Datalogic</i>
1:00 PM	What's New in Circuit Protection & Controls – 2021	<i>Siemens EP</i>
2:00 PM	Turck Network Safety I/O: Maximum Flexibility in IP67	<i>Turck</i>
3:00 PM	The Integration of Robotunits Extrusion Systems in Framing Applications	<i>Robotunits</i>

Agenda: Thursday, May 6th

Technical Seminars: Technology Spotlights

Live 60-minute presentations from Siemens and partners on the latest updates and innovation in automation

TIME	SESSION TITLE	PRESENTER
9:00 AM	Meeting Financing Needs of Manufacturers Post-Pandemic	Siemens SFS
10:00 AM	Turck IO-Link: Can Smart Machines be this Easy?	Turck
11:00 AM	Integrated Value Chain for Controls Engineering & Panel Manufacturing	Rittal / EPLAN
12:00 PM	Reduce Time in Engineering: Design with the EPLAN Platform & Siemens Cloud based TIA Selection Tool	EPLAN
1:00 PM	Pneumatic & Hydraulic Safety 101 – Guidance On Integrating Fluid Power Into Your Safety System	Fortress
2:00 PM	Intuitive and Easy Robotic Deployment using Apps and 3D Simulation	Yaskawa
3:00 PM	Traceability Across the Manufacturing Line	Datalogic
