Foreword

The *Choral Companion* is a book of music for choirs and vocal ensembles, a compilation of more than 700 titles that appear in World Library Publications missals and hymnals. In this book, subscribers to WLP worship resources will find harmony and descants for many of the songs, hymns, and psalms in those resources. Subscribers to *Seasonal Missalette*® Standard Text Edition will also find the standard text versions here. These are identified by the word “Standard” after the title, and generally follow the regular version of the hymn. While this book allows the choir to add vocal harmonies to the assembly’s songs, this broad repertoire in quality arrangements can also be sung by the choir or ensemble alone. Full accompaniment versions are in the keyboard accompaniments for each WLP missal and hymnal. Guitar chords are also available in the Cantor/Guitar editions of these accompaniments.

Mass settings and service music are presented at the front of the book; hymns, psalms, and songs follow in alphabetical order. A complete index of Titles, First Lines, and Psalms provides cross-references, making it easy and convenient to locate any item. An index of Tunes is also included.

Where there is only one vocal line, it has generally been labeled *Cantor*, but this does not preclude choir or ensemble performance if desired. Generally the melody is the top voice on a staff; in some places cue-size notes show harmony.

The *Choral Companion* is a valuable and practical addition to any hymnal or missal, enabling choirs to give harmonious voice to the best of traditional and contemporary songs for worship.
