

2027 Media Kit

The future of events. Build captivating and engaging virtual, hybrid, and webinar experiences.

Introduction

Revolutionizing Your Virtual Events, Hybrid Events, and Webinars

Create Engaging Virtual Events.

The Future of Webinars and Hybrid Experiences Starts Here

Hello,

Digital fatigue is real, and virtual events are everywhere. Standing out isn't about just being online. It's about creating experiences that feel real, interactive, and engaging.

That's where **Chati** comes in.

Chati is a powerful, fully customizable **virtual and hybrid event platform** designed to help you host visually stunning, highly engaging events that drive real results. Whether you're planning a conference, trade show, onboarding session, or product launch, Chati gives you the creative freedom and robust technology to bring your vision to life.

Why our clients have switched to Chati:

- **Immersive, 3D environments** - Create branded virtual venues that reflect your identity
- **Live & on-demand video streaming** - Connect with global audiences on their terms
- **Built-in engagement tools** - Boost interaction with real-time chat, gamification, speed networking, user journeys, and more
- **Detailed analytics & lead tracking** - Measure what matters most to you and prove ROI
- **Quick Turnaround** - Launch fully customized events in days, not weeks

Whether you're reaching 100 or 100,000 attendees, Chati scales effortlessly to fit your goals. Plus, our expert support team is with you every step of the way.

Don't just host another virtual event, **build an experience that engages, converts, and lasts.**

Sincerely,

The Chati Team

Chati Rated Highest Performing Virtual Event Platform on G2.

Chati Features

Feature Rich Virtual & Hybrid Events

From custom 3D templates to gamification and networking, Chati's virtual and hybrid event features allow you to build your virtual space to whatever specifications.

Templates & 3D Spaces

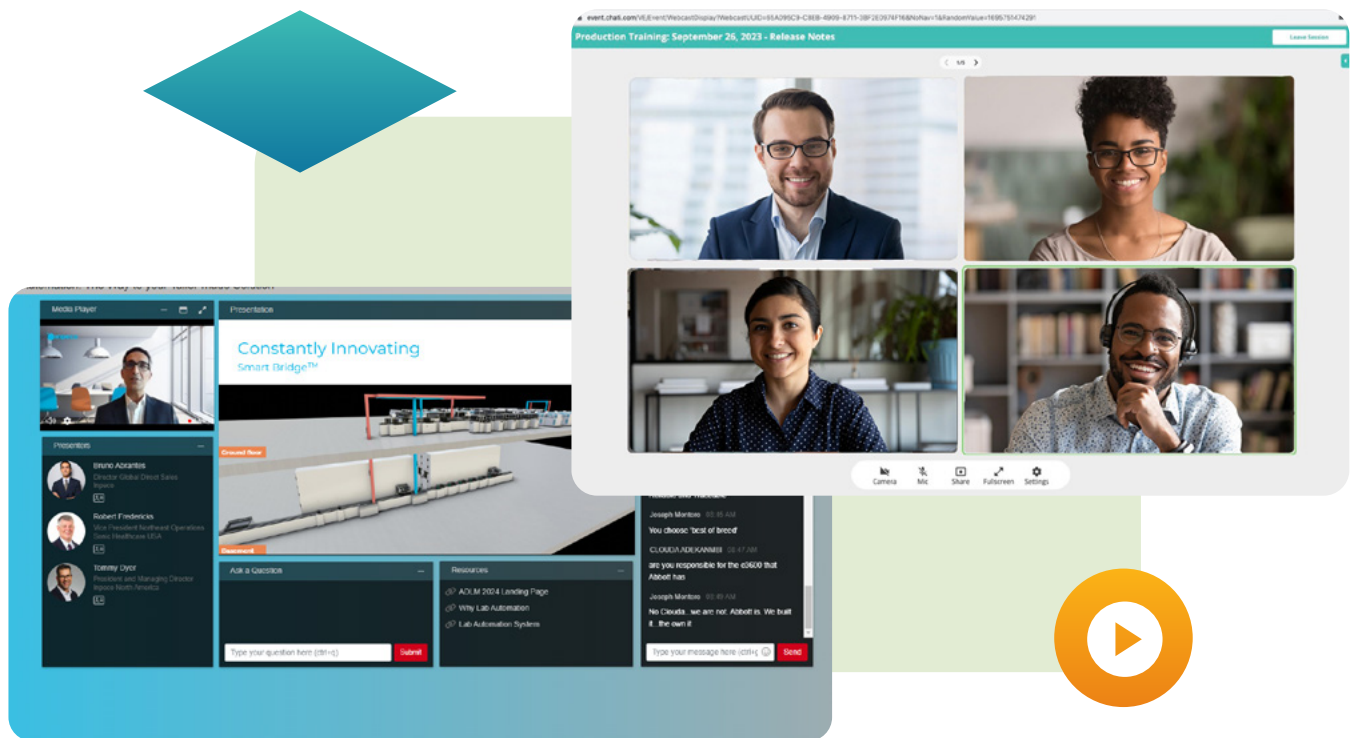

Streamline virtual events with Chati's responsive templates, 3D environments, custom virtual spaces, and interactive elements to boost engagement.

[📄 Learn More](#)

Exhibit Halls

Chati's state-of-the-art Virtual Exhibit Halls offer incomparable opportunities for businesses and organizations to highlight products and services, engage with customers, and network with global industry professionals.

[📄 Learn More](#)

Engagement & Presentation Features

Webinars

Chati offers seamless and professional webinar experiences with unmatched customization and advanced engagement tools. Use Chati's webinar solution or utilize top webinar platforms such as Webinar.net, GlobalMeet, ON24, Notified, Zoom, Microsoft Teams, Webex, GoTo, and more.

[🔗 Learn More](#)

ChatiConnect Video Chat

ChatiConnect is an innovative and engaging video chat feature designed to facilitate collaboration, learning, and networking within a virtual environment with text chat, polling, and more.

[🔗 Learn More](#)

Breakout Rooms

Breakout rooms allow event attendees to naturally continue a conversation after a formal presentation is complete. Facilitate in-depth discussions via ChatiConnect. Offering flexible chat rooms and interactive features, attendee engagement is encouraged. Choose from our native feature, ChatiConnect, or utilize a third party application for video breakouts or networking rooms.

[🔗 Learn More](#)

Networking Features

Networking Hub

Chati's Networking Hub is designed to streamline and enhance the networking experience within our platform. The centerpiece of this hub is the sleek and intuitive "Who's Here" component, which provides real-time visibility of all attendees present at the event.

[Learn More](#)

User Journeys

With Chati's User Journeys, you can design customized paths filled with purposeful actions—watching webcasts, visiting booths, downloading handouts, completing profiles, and more. Every step moves your attendees closer to a reward, a certificate, or a sense of accomplishment.

[Learn More](#)

Gamification

Chati's gamification is equipped with an array of inventive and captivating features to enhance the virtual event experience, amplify attendee engagement, spark competition, and leaving a lasting impression.

[Learn More](#)

Matchmaking

Achieve that spontaneous collaboration coveted by in-person event attendees with Chati's matchmaking, complete with filters. With matchmaking, fields can be matched against, all while users set their own matching criteria.

[Learn More](#)

Speed Networking

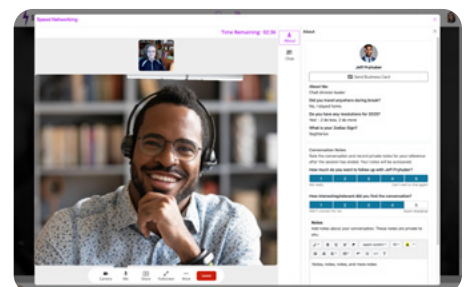

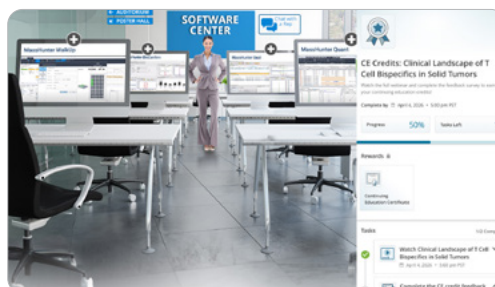

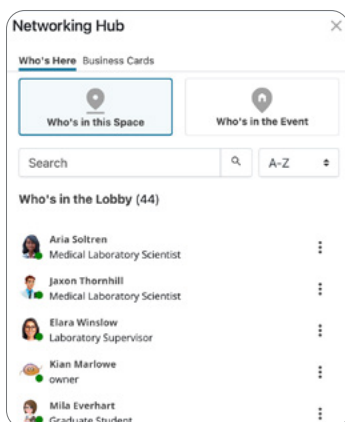

Chati's Speed Networking feature redefines virtual networking, enabling attendees to engage, share, and grow their professional circles in a fast-paced, dynamic environment. Break down barriers, cultivate meaningful conversations, and develop relationships that might never have happened otherwise.

[Learn More](#)

Meeting Scheduler

Virtual meetings are made easy with Chati's meeting scheduler. Whether you are in the Networking Hub or personalized Agenda Builder, simply schedule meetings with other attendees directly within the event. Simply provide a meeting name, description, and date/time that you would like to meet, and you are ready to chat.

[Learn More](#)

Marketing Features

Marketing

Chati provides a toolbox of email marketing options designed to help you reach, engage, and captivate your audience, ensuring your event's success.

[🔗 Learn More](#)

Sponsorship

Learn how to leverage sponsorship opportunities with customizable branding, marketing, and advanced analytics to elevate your event's visibility, generate revenue, and establish long-lasting partnerships.

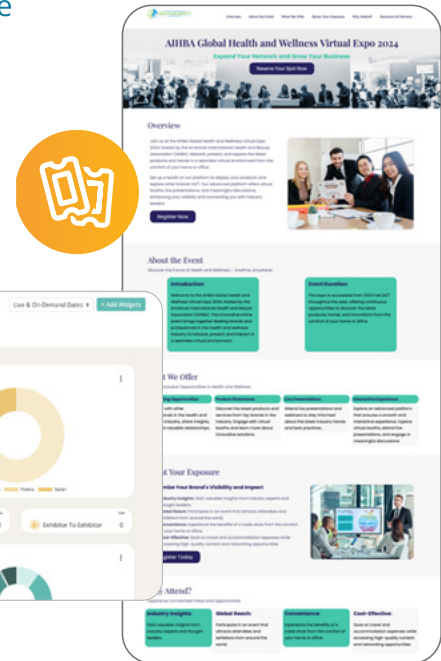

[🔗 Learn More](#)

Registration & Microsites

Chati's advanced registration and microsites elevate the attendee experience with simple, secure, branded pages for host and attendee clarity. Our unique registration system offers free and paid registration with optional ticketing capabilities.

[🔗 Learn More](#)

Additional Features

Integrations

Chati offers a wide range of integrations designed to connect your favorite online tools, simplify workflows, and create a unified event ecosystem.

[🔗 Learn More](#)

Carbon Calculator

Chati's Carbon Calculator empowers event organizers to input the physical location where an in-person event would have taken place, enabling the platform to calculate the carbon emissions saved by each virtual attendee.

[🔗 Learn More](#)

Content Management

Chati content management is innovative, user friendly, and designed to streamline the creation, organization, and distribution of event content.

[🔗 Learn More](#)

Analytics & Reporting

Chati's analytics dashboard provides real-time analytics. Create custom reports for tailored event insights, track visits/downloads for lead gen, and analyze session attendance/networking.

[🔗 Learn More](#)

Chati Solutions

A Virtual Solution for Any Need

Chati provides both Self-Service and Managed solutions for webinars, conferences, education, and beyond. Our platform empowers you to create engaging, interactive experiences that reach a global audience while driving cost savings, boosting engagement, and measuring success.

Virtual Events

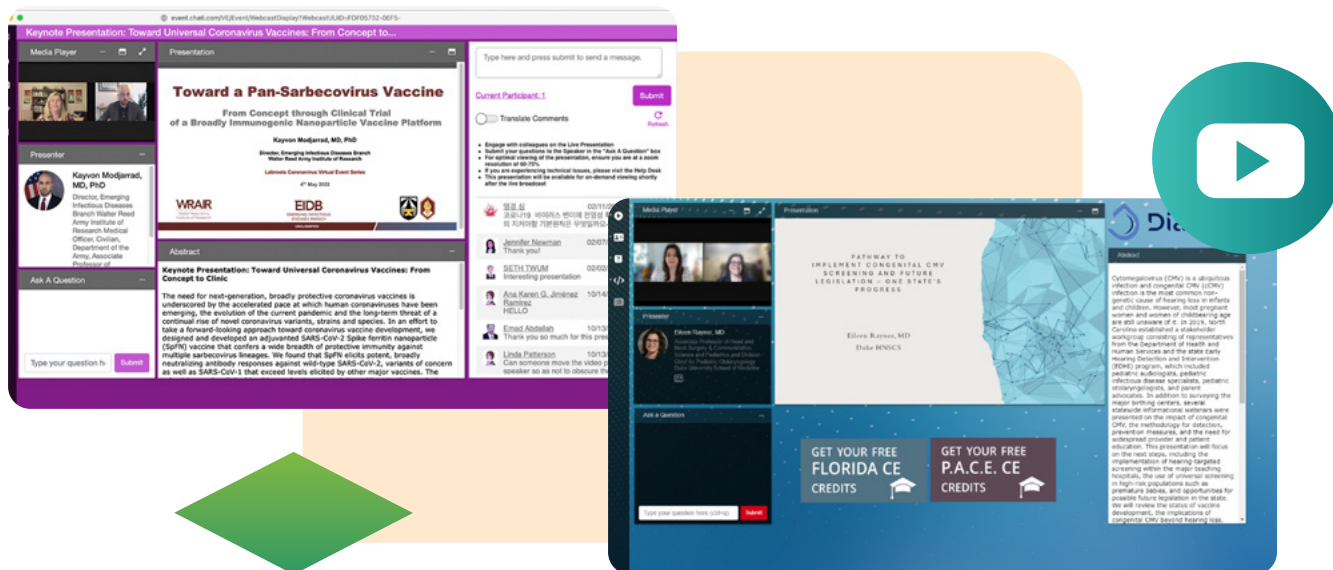

Connect with global audiences, create memorable online experiences, generate leads, and build meaningful relationships with Chati's advanced virtual event platform.

[Learn More](#)

Hybrid Events

Chati makes planning and executing hybrid events easy with our simple recreation of in-person events, custom 3D spaces, real-time connectivity, video and chat networking, and seamless webinars - adding a virtual element to any in-person event.

[Learn More](#)

Webinars

Chati's versatile webinar packages provide an unparalleled solution for hosting virtual content efficiently and professionally. Whether a single webinar or long-term package, Chati goes beyond the basics of meeting apps. See page 14 for more information on standalone webinars.

[Learn More](#)

Networking

Chati's innovative networking features are designed to facilitate networking, collaboration, and high-level engagement with the intention of matching the spontaneity of in-person encounters.

[Learn More](#)

Experience Chati for Yourself!

Click or scan the QR code to explore Chati on your time, with all the features and engagement tools our platform has to offer. When you're ready to plan your own virtual event, contact the Chati team!

Solutions

Sales & Marketing

Chati is built to help businesses expand with intuitive sales and marketing features that enable effective product launches, facilitate customer connection, and transform sponsorship with interactive brand experiences.

[Learn More](#)

Virtual Training

Chati revolutionizes virtual training with dynamic tools for engagement, content management, and enhanced connectivity.

[Learn More](#)

Education & Academia

With Chati, educators can create immersive and interactive virtual experiences that connect with students, parents, faculty, and other stakeholders that are customizable to meet any need.

[Learn More](#)

Continuing Education

When it comes to online training, continuing education, and certifications, Chati is here to help. Leverage Chati to seamlessly award your various continuing education accreditations and drive attendance for your next event.

P.A.C.E. Credits, Continuing Medical Education (CME), Continuing Professional Development (CPD), Continuing Legal Education (CLE) and more.

[Learn More](#)

Internal Events

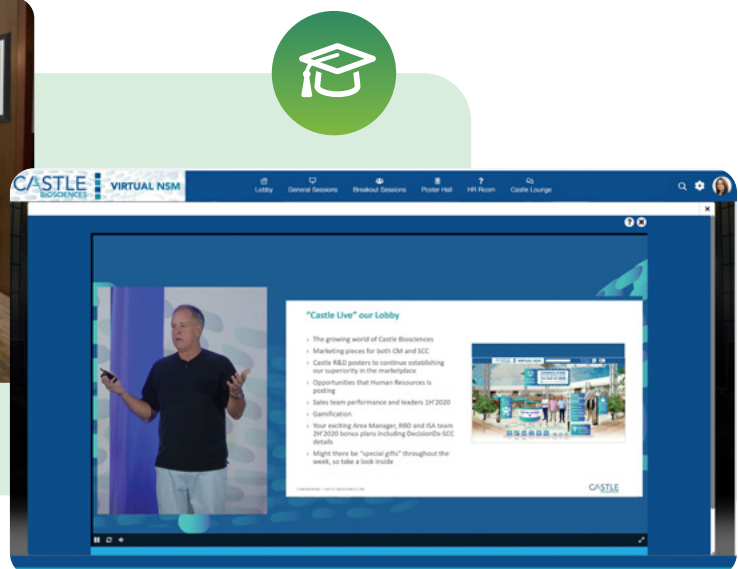

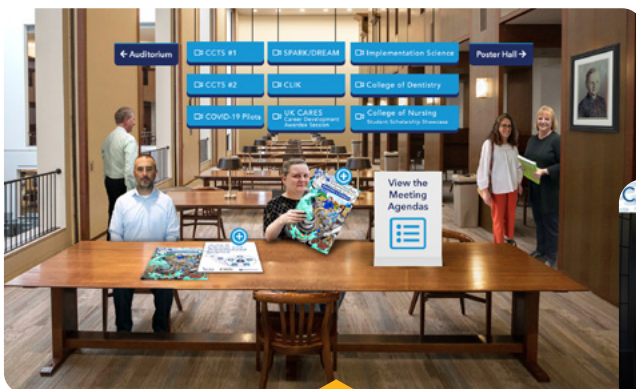

Connect regional, national, or global teams virtually, cultivating company unity with fully virtual or hybrid solutions for any workplace.

[Learn More](#)

Town Halls

Chati Town Hall Meetings allow accessibility for all by breaking down any locational restraints. Employees, politicians, or members from all regions can join in company discussions, increasing leadership visibility.

[Learn More](#)

HR Recruiting / Job Fairs

Chati is the ideal platform for your next virtual recruitment session or job fair. With Chati you can reach a wider pool of qualified applicants, facilitate engagement, and use data-driven analytics to narrow your applicant pool.

[Learn More](#)

Onboarding

Onboarding employees through the Chati platform allows accessibility for all with no geographic constraints, allowing employees to be recruited and onboarded from anywhere. By utilizing User Journeys, Breakout Rooms, Gamification and more, employee training programs are more engaging than ever, with comprehension of new information at an all-time high.

[Learn More](#)

Conferences

See how Chati engages global attendees, maintains sustainability, and creates exceptional digital experiences for conferences of any scale with customizable conference spaces like exhibit halls, poster rooms, and auditoriums.

[Learn More](#)

Virtual Team Building

Virtual team building with Chati offers a unique solution to this challenge, ensuring that remote teams remain engaged, motivated, and productive, irrespective of their physical locations.

[Learn More](#)

Webinars

Dynamic Standalone Webinar Solutions

Unlike Zoom, Microsoft Teams, Google Meet and other online meeting apps, Chati webinars and webinar event solutions are more than just a meeting place, they are a fully immersive, scalable solution that prioritizes experience and engagement.

Managed & Self-Service Webinars

- Real time data and analytics
- Document sharing and downloading
- Branding and customization
 - Dynamic layouts
- Accessible on any device
 - No apps or plug-ins required - mobile responsive
- Surveys (live and on-demand)
- Polls to live audience
 - Share live results
- Quizzes or tests
 - Share live results
 - Testing & CE
- Text communications
 - 1:1 or Group chat
- Reactions
- AI-Powered closed captioning
- Robust integrations
 - CRM, marketing automation, open API

Webinar Package(s)

Whether you need a single webinar or a comprehensive webinar package for the entire year, Chati has you covered with managed options and self-service webinar licenses at discounted rates.

Managed

Includes everything from setup and management to technical support, providing a hassle-free experience. Perfect for large-scale or high-profile webinars where professionalism and smooth execution are critical.

Self-Service

Our DIY option offers user-friendly tools and resources to create and manage webinars independently. Ideal for smaller webinars or experienced users who are comfortable handling the process themselves.

Breaking Down Barriers: Revolutionizing Next Generation Sequencing Accessibility by Innovating Reagent Logistics

The screenshot displays a webinar interface with several components:

- Media Player:** A video feed showing a female presenter.
- Presenters:**
 - Michele Amasio:** Senior Manager, Research and Development - Molecular Meridian Lifesciences.
 - Lina Gaslūnaitė:** Team Leader, Research and Development - Molecular Meridian Lifesciences.
- Presentation Slide:**

meridian BIOSCIENCE™

Breaking Down Barriers: Democratizing Next-Generation Sequencing Through Sustainable Reagent Logistics

Eliminating Cold-Chain Shipping & Storage
- Resources:**
 - Meridian Bioscience Homepage
 - Check out our blog
- Abstract:**

This webinar explores the groundbreaking impact of innovative next-generation sequencing (NGS) enzymes, library preparation kits and services on reshaping the sequencing landscape and accelerating the democratization of NGS in diagnostics. Learn about the newest eco-conscious and cost-effective solutions in NGS reagents, that eliminate cold-chain requirements and decrease NGS workflow-associated carbon footprint

Key Discussion Points:

 - Logistical barriers to NGS democratization: Challenges due to shipping and storage of reagent kits under refrigeration conditions
 - Technological advancements in NGS chemistries: Learn about the latest enzymatic solutions increasing the affordability and accessibility of NGS
 - Meridian's new glycerol-free enzymes: Discover how they enable lyophilization of the library: preparation and amplification kits and eliminate the need for energy-intensive transportation and storage conditions
 - The first-to-market lyophilized NGS
- Ask a Question:**
 Type your question here (ctrl+q)

The screenshot shows a virtual reality interface for Inpeco. The interface is divided into several panels. On the left, a 'Media Player' shows a video of a man in a suit. Below it, a 'Presenters' list includes Bruno Abrantes, Robert Fredericks, and Tommy Dyer. The main 'Presentation' panel displays a 3D model of a pharmaceutical facility with the text 'Constantly Innovating Smart Bridge™'. Below the 3D model are two tabs: 'Ground Floor' and 'Basement'. At the bottom, there is an 'Ask a Question' input field with a 'Submit' button, and a 'Resources' list containing links to 'ADLM 2024 Landing Page', 'Why Lab Automation', and 'Lab Automation System'. On the right, a 'Group Chat' window shows messages from 'Joseph Montoro' and 'Clouda Adekanmbi'.

Customers

Virtual Events for Every Industry

Chati adapts to all industry-specific needs - from healthcare webinars to commercial trade shows and internal meetings.

Healthcare

Virtual event platforms like Chati offer healthcare professionals a unique opportunity to engage with patients, peers, and industry leaders while earning CE and CME credits from anywhere in a secure environment.

[🔗 Learn More](#)

Education / Academia

Chati enables educators, students, and scholars to collaborate, learn, and interact with global experts, fostering research innovation and facilitating education with opportunities for continuing education credits, group discussion spaces, and more.

[🔗 Learn More](#)

IT / Technology

Interact with experts, gain valuable insights, and obtain the skills to stay competitive in a rapidly changing industry. From conferences and demos to hack-a-thons and training camps, a versatile virtual event platform like Chati can play an integral role in technological development.

[🔗 Learn More](#)

Corporations

By going digital with Chati, corporations can reach a wider audience from anywhere in the world and create more flexible and accessible experiences that meet the needs of all stakeholders.

[🔗 Learn More](#)

Government

Chati's virtual platform offers government agencies a unique way to connect with their communities virtually with events, webinars, town hall meetings, conferences, training programs, and workshops that increase accessibility while staying on budget.

[🔗 Learn More](#)

Event Management

Chati provides event management services with the tools and features they need to plan, organize, and host successful virtual or hybrid events of any size with seamless event access, advanced analytics, and measurable results.

[🔗 Learn More](#)

Associations / Societies

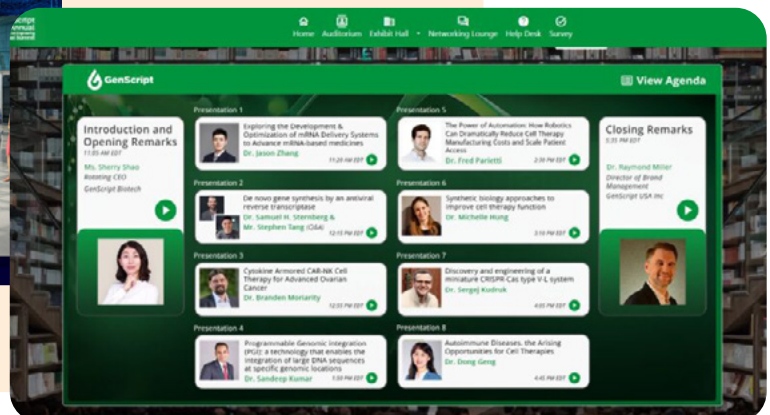

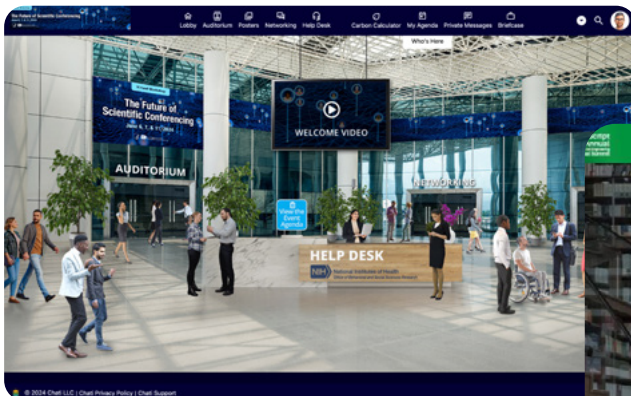

Chati allows professional associations and societies the ability to host various events for their members, such as webinars, conferences, networking events, and trade shows that enhance member experience and increase retention.

[🔗 Learn More](#)

Retail

Through virtual product launches and trade shows, Chati's virtual event platform allows retailers to promote their brands, showcase their products, share market research, and gather valuable customer feedback.

[🔗 Learn More](#)

Customers

Finance

With Chati, financial institutions can provide secure virtual financial advisory sessions to offer personalized financial advice and guidance to clients, host virtual conferences and webinars to discuss industry trends, and share expertise.

[🔗 Learn More](#)

Nonprofits

Chati's virtual event platform provides non-profits with a range of tools and discounts to host a variety of virtual or hybrid events, including fundraisers, webinars, workshops, conferences, volunteer events, and charity runs.

[🔗 Learn More](#)

Manufacturing

By leveraging a virtual event platform like Chati, manufacturers can host events like product launches, training sessions, trade shows, and market research studies to enhance brand awareness, generate leads, and build relationships with clients, partners, and industry experts.

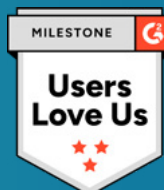

[🔗 Learn More](#)

Sports

Chati's virtual event platform offers a range of tools that sports professionals can use to host webinars, fan interactions, and other engaging events. Grow your team brand, engage with your fans, and reach a new global fan base by creating a customizable virtual hub for your team.

What people are saying about Chati

Geoffrey Cassell

Senior Market/Business Development Mgr.
Thermo Fisher Scientific

Within the Booth itself, the Chati platform offers a more realistic and engaging view- dimensionality and depth not experienced before. And similar to the Auditorium, I didn't have any issues with speed on accessing content such as literature, or watching videos.

Teresa Herbic

Brand Marketing, Strategy, Consultant,
Publicity Agent

I love that Chati looks like a real live event with excellent organization of content and webinars. Chati is an Interactive, Powerful Webinar and Virtual Event Platform. I'm highly impressed and recommend this platform for the formulation of on-demand, virtual, and live online events.

Paul Riley

Scientific Business Development Manager
Diagnostica Stago

The graphic layouts and functionality are very beautiful, and the platform is robust and easy to use. We are happy with the Chati platform for use in our educational webinar campaigns, along with promotions of our products.

Jason Scott

CEO
Pro Cloud Marketing Group

My experience Chati was truly great. Their team provided exceptional 5 Star Service while setting up our Event. Chati truly provided an Interactive Virtual Platform that hundreds and even thousands of participants can access and it allows my company to review the analytics of the attendees.

Landry Beyala Bit'a

Research Laboratory Manager
M.A.SANTE

This platform solves pollution problems linked to travel, brings people and scientists from all over the world closer together, and facilitates collaboration between institutions!

Dr. Christine Paszko

CEO
Accelerated Technology Laboratories

Great tool for Hosting Virtual Events. It's intuitive and very easy to use on the speaker side and has many great features that lend to hosting very professional, interactive sessions.
