

WHY WORK HERE

Northwestern Memorial Hospital is an academic medical center where the patient comes first. We are an organization of caregivers who maintain the highest measures of quality, cost-effectiveness and patient satisfaction. Our medical staff represents virtually every specialty and comprises more than 1,600 affiliated physicians who also serve as Feinberg faculty members.

RESPIRATORY THERAPY AT NORTHWESTERN MEMORIAL HOSPITAL

- Interviewing/assessing patients to determine what kind of therapy is best for their respiratory condition
- Being an active member of the interdisciplinary care team and making recommendations based on your evaluation of the patient
- Assisting with bedside tracheostomies and bronchoscopies
- Managing ventilators and artificial airway devices for patients who are unable to breathe on their own
- Responding to cardiac arrests and other emergencies
- Educating patients and families about patient's respiratory needs in the hospital and when they are discharged
- Taking care of all patient populations, including but not limited to:
 - CHF
 - Asthma/COPD
 - Cystic Fibrosis
 - Neuromuscular disease
 - Acute Brain Injury
 - Post-operative patients/Organ transplant
 - Neonates
 - Trauma
 - ECMO
