EXAMPLE:
00 0 Component Parts (Small #) Are Included
When Ordering The Assembly (Large #).

IMPORTANT NOTE: Gearcase end cap #64 is LEFT HAND THREAD!

Model 2753-20 Shown

Left Hand Thread

As an aid to assembly, carefully lower the complete front end of tool (gearcase/impacting system) onto the gearcase end cap. Gently hand tighten front end assembly onto gearcase end cap. Be careful not to cross-thread! Once installed by hand, seat gearcase end cap with a good adjustable wrench using light pressure. Do not over tighten!

NOTE: Components of the Impacting Assembly (65) can drop out of the gearcase (62). Care must be taken to hold these elements in place when assembling onto gearcase end cap.
