Air Ratchets

Product

1105MAX Series Air Ratchet

Recommended Catalog Description: With the 1105MAX Series air ratchet, you get best-in-class power and speed coupled with superior features to give you MAX power, MAX control, and MAX comfort.

Recommended Compelling Product Advantages:

- **MAX Power**
 - 30 ft-lb max torque and 300 rpm free speed deliver best-in-class power for stubborn fasteners with the speed to get the job done even faster.
- **MAX Control**
 - Variable-speed regulator is hand-operable and gives technicians the ability to easily control performance — perfect for use on small fasteners.
 - Feather-touch lever gives operators access to all of the performance that lies between Off and On.
- **MAX Comfort**
 - Ergonomic coupling nut and composite handle ensure operator comfort even during extended use; composite handle insulates from the cold.
- Nickel-plated housing provides enhanced corrosion resistance
- Unique head construction provides improved durability and more consistent performance over the life of the tool.
- Low-profile forward/reverse control has a wide diameter for easy gripping and also eliminates accidentally changing directions in confined spaces.
