OPERA AND ORANGES

Preschool; Ages 3–5

Let’s share a story and a healthy snack! In this program designed for preschool-aged children, we will read an opera storybook and bring along a special musical guest, who will perform and interact with the children through song. Our aim is to nurture their love for books and music. And yes, we will also bring something nutritious and delicious! (We will coordinate with the classroom teacher on snack selection.) Cincinnati Opera presents this program to support the positive impact that exposure to music and eating healthy foods has on a child’s growth and development. It’s going to be a scrumptious fun time!
