FREQUENTLY ASKED QUESTIONS (FAQ)

Question (Q): Does the 1CL for the Sierra of Madrid apply if units in the same attack are not attacking out of the Sierra of Madrid spaces?

Answer (A): Yes. If ANY unit in a Combat attacks to/from a Sierra of Madrid space, the 1CL is applied.

Q: Can the Republican Player use the *T-26* Combat Card even if attacking a space in which the Armor bonus is negated?

A: Yes. The +1 DRM of the CC is different than the intrinsic DRM associated with all Armor units.

Q: When landing on Mallorca with the *Disembark in Mallorca* Event, can the Republican Player take the MIL units from the Republican Reserve Box?

A: No, the two MIL units mentioned on the Card are new units; same as reinforcements, but the Card is not considered a Reinforcement Event.

Q: How does the Nationalist deploy the CTV Corps if *Axis Military Aid* (N9) has been played but *Italian Reinforcements* (N15) Event has not?

A: The CTV is deployed as stated in the Rulebook (see 15.2.1.2): in a space containing at least one Italian supplied unit (only CV-33, as there will not be any ITA unit now) or in a friendly Port space. Remember that if the CTV is eliminated in Combat, as there will not be any ITA Division-sized Unit to replace it, it would be permanently eliminated.
