

# INTRODUCTION TO THE NETWORK

OUR MISSION IS TO BE A RESOURCE THAT HELPS BRIDGE THE GAPS THAT EXIST BETWEEN PROVIDERS, CLIENTS, AND COMMUNITIES.

*The*

**COMMUNITY RESOURCE NETWORK** is a collection of collaborative individuals and organizations that serve the special needs community. The purpose of CRN is to not only be a resource to those directly impacted by a disability, but also to provide awareness and to support inclusion in the community as a whole. Founded in Wisconsin, CRN will be comprised of 5 regions: Southeast, Southwest, Central, North and Lakeshore. CRN offers three core ways for people to come together:

-  A robust website/social network to unite providers and to simplify the process of clients finding support (currently being developed).
-  Monthly, regional meetings that bring providers together to foster collaboration, awareness and inclusion.
-  Quarterly events that “bridge the gap” by introducing our members to the community.

If you are a **SERVICE PROVIDER**, please consider joining our next monthly meeting. Scan the QR code to submit your contact information, so that we can communicate with you in the future.

If you are a **CLIENT, PARENT, GUARDIAN, or COMMUNITY MEMBER**, follow us on Facebook and LinkedIn for upcoming events. CRN looks forward to connecting you with the support you need!
