

Saunders[®] Marking of BioPharm Bodies

Saunders[®] BioPharm bodies are marked with key information and are serialized to provide full conformance to ASME BPE, EN 10204 and cGMP requirements.

Information includes:

- ① Unique Serial Number supplies traceability to include bill of materials as supplied on original order
- ② Material of Construction
- ③ Heat Number traceable to original mill certificate
- ④ Size
- ⑤ Working Pressure
- ⑥ Surface Finish of product contact surfaces (ASME BPE specified only)

Information is permanently marked on landing pad of body forgings. Size and pressure rating marked in metric for European market.

Saunders® BioPharm valves are manufactured in full conformance to all applicable industry requirements including: FDA, USP, ASME BPE, cGMP

Saunders® full portfolio of drawing data can be accessed at www.saundersdrawings.com in both 2D and 3D file format.

Machined from block bodies are marked in suitable location on block.

All fabrications and valves with welded tube or clamp ends have heat numbers permanently marked on assembly.
