Born from lightnings blaze
Storm and fury, ancient ways
Hammer raised, the heavens roar
Shatter skies, eternal war

Serpent Tongue

A chaotic, twisting assault reflecting Loki's deception. Unpredictable time signatures, dissonant riffs, and venomous vocals mirror the trickster's cunning.

Spawn of ice, forged in flame
Fell between the realms, no name
Shifting formbeast or god
Silver fraud

Allfather Ascendant

A war march for Odin. Majestic, symphonic layers underpin deep growls and chugging grooves, conveying the Allfather's unyielding authority.

One-eyed witness, ancient throne
Screams from roots of Yggdrasill groan
Spear cast justice, runes ignited
All realms, united or smited
