## **Addendum #1 December 7, 2018**

### **Request for Proposals, November 27, 2018 RFP Series #11.27.18 A-H (HHF Properties) Abatement & Demolition of Residential Properties**

#### **I. Bid Clarifications/Modifications/Amendments**

- The Chain of Custody attached in the original survey that was included in the Property Information sheet for 12645 Heyden was for a different property. The Chain of Custody has been updated to include the correct Chain of Custody in the report for the following Group:
  - RFP Group #11.27.18C

Since the survey was correct and only the Chain of Custody was updated this revision should not have an impact on the bid.
