# Opticks Privacy Glass

Named for Isaac Newton's 1704 book about the nature of light, Opticks privacy glass beautifully diffuses and refracts light while enhancing your entry's privacy. If you're drawn to nature-inspired textures, choose Cumulus, Vapor, Streamed, Linen or Rain glass to create a calm, welcoming aesthetic. Mosaic's prismatic, angular surface sparkles when light hits it, and Micro-Granite glass offers a more subtle glow. For a more contemporary vibe, consider the understated simplicity of mist-like Blanca or the dramatic energy of Geo-Tex.

Whatever you choose, our new Opticks doorlites will let light in, preserve your privacy, and add character to your home. Opticks is available with energy efficient low-E glass and our industry-leading frames.
