# DOOR OVERVIEW

## Fiberglass Doors

Mahogany

Oak

Fir

### Design-Pro™ Door Collection

The Design-Pro™ Collection is carefully crafted to resemble natural wood graining. High definition panels with wider profiles provide more depth and authenticity than traditional fiberglass doors. Registration lines between the stiles and rails complete the look of a real wood door. All Design-Pro™ Series doors are constructed with aesthetics, energy efficiency and low maintenance in mind.

### Smooth-Pro™ Door Collection

JELD-WEN offers a wide array of Smooth-Pro™ designs built with the same high definition panels and wider profiles found in our Design-Pro™ Series. Because each Smooth-Pro™ door contains a light paint-brush-stroke texture, doors arrive ready for paint without the need for sanding or scuffing the surface. Many Smooth-Pro™ designs are available Direct Glazed, offering wider viewing areas.

Smooth

## Steel Doors

JELD-WEN Steel exterior doors are durable and affordable. They include wood stiles and rails with mitred top corners to prevent water absorption. Galvanized steel facings are factory primed with neutral, low-sheen, baked-on enamel primer for easy finishing.

### Contours™ Premium Steel

Contours Premium offers steel performance with an upscale design. Optional steel edge construction is available for added durability and fire ratings of up to 90 minutes.

Contours

### Gladiator® Construction Grade Steel

The strength and durability of steel is available in classic designs for an attractive front or side entrance. Primed and ready to paint, Gladiator Steel doors provide a great value.

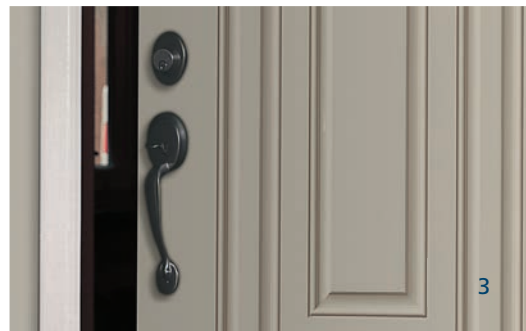

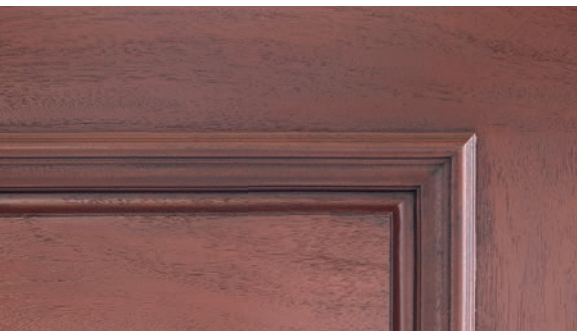

Gladiator

# *Design-Pro™ and Smooth-Pro™ Collections*

Our Design-Pro™ and Smooth-Pro™ lines offer a complete collection of contemporary styles that will enhance the beauty of any home. Each low-maintenance fiberglass door features greater detailing for a more natural wood appearance and distinctive panel designs.

## DESIGN-PRO™ FIBERGLASS DOOR STAIN KIT

JELD-WEN Fiberglass Door Stain Kits are easy to use. The stain and top coat provide lasting beauty and increased protection to your door. The Stain Kit comes with everything required to stain and finish one fiberglass door and two sidelights or one double door unit. Contact your local JELD-WEN dealer for availability.

### Stain Color Options Available

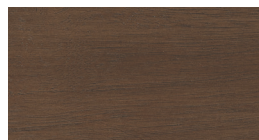

Dark Mahogany

Mocha

Teak Natural

Moorish Teak

Chestnut

Stain colors shown are photographs and intended as a general guideline.  
The final stain color will vary with the fiberglass species chosen and the number of stain coats applied.
