Good's Millwork builds completely custom hardwood doors. Good's Millwork can match existing doors or create one from scratch. There are hundreds of past projects to stimulate your imagination.

## WHO IS GOOD'S MILLWORK?

1960s

Ivan Good launched his woodworking career by creating small wooden farm animals from hardwoods while living in Ephrata, PA.

1973

Ivan Good and his family moved to the Mid-West.

1993

Ivan Good opened a custom cabinet shop in Versailles, MO.

1999

After being frustrated at not being able to get a quality custom hardwood door fast enough from a local lumberyard, the lumberyard salesman said "Ivan, why don't you just make them yourself?".

2000

Good's Millwork began making hardwood doors and custom millwork full time.

NOW

Good's Millwork produces and ships custom hardwood doors and custom millwork throughout the continental United States.

### Three times **secure.**

No tricky hooks or catches.  
The strength of three full deadbolts.

### Makes everything **stronger.**

Solid one-piece I-Beam construction delivers proven reliable performance. Even strengthens the door edge to prevent warping.

### When other multi-points fail, Trilennium **works.**

Corrects misalignment up to 3/16" so Trilennium keeps operating smoothly.

### Easy to use and family **friendly.**

Intuitive operation. Panic release lets one single downward turn of the interior handle release all three deadbolts.

### Works hard and looks **beautiful.**

A wide selection of stylish premium hardware is available to fit any decor.
