

PACE Saves MassHealth Money

PACE Participants Live Longer, Healthier Lives

PACE participants report *less* pain and *fewer* unmet needs. They have *lower mortality rates* and up to *43% fewer hospitalizations.*

*MassPACE estimate of annual per enrollee MassHealth payments, total, inclusive of all services, in-patient hospitalizations, and facilities

+MassHealth estimate of annual per enrollee MassHealth payments. Does not include hospitalization, ancillary services, or DME.

Better Outcomes

PACE Participants...

Are more up to date on vaccines

Have fewer long term Nursing Home stays

Are more socially engaged

than their non-PACE enrolled peers
