## **MORNING PRAYER**

Dear God/Universe/Spirit, I call on my angels, spirit guides, loved ones who have passed on, and all those in my soul community – only those of the highest vibration – to be with me today. I ask that you please open my eyes, ears, heart and mind to what I need to know and be aware of today, including any signs and synchronicities you may send my way. Please help me to recognize them when they arrive.

Archangel Michael, please surround me with your love and light and protect me from taking on any energy that is not mine today, and keep me in a place of love within. Archangel Raphael, please continue to heal my body and return it to its perfect state of health, and please send me to all the people, doctors, healers, modalities and opportunities to help me do so.

[Add in anything you are personally struggling with, want guidance on or need help with right now, and include any angels, masters etc. here to help as well.]

Thank you for all you have done in the past, all you will do today, and all you will do in the future. Amen. Namaste.

Grant me a glance that will bring prosperity.

### **HEALING HELP FOR AN ANIMAL**

Dear God/Universe/Spirit, I call in my angels, guides, loved ones who have passed and all those in my soul community — only those of the highest vibration — to help me with my animal (say name). I also call in Saint Francis of Assisi, patron saint of animals; Archangel Ariel who oversees the natural world and works with animals, and Archangel Raphael, who can assist in healing.

Please help (state situation with your animal). Please send me to the right vets, methods of healing, people and modalities that can assist me in returning my animal to full health, and please keep me in a place of strength, allowing me to recognize the help you send my way. Thank you in advance for your assistance. I am very grateful to you all.  
Amen/Namaste.

### **PRAYER FOR PROTECTION**

Archangel Michael, please surround me with you beautiful white light (visualize this light around you, extending six inches beyond your body) and please protect me from absorbing or taking on any energy that is around me and is not mine. Please protect me from all negative or lower vibrations, and keep me in a state of protection and love. Thank you, thank you, thank you. Amen/Namaste
