Your Elevated Team

Did you know we have an entire team of what I call “Elevated Reinforcements” available to us 24 hours a day, 7 days a week. These reinforcements are made up of angels, guides, loved ones who have passed, and even people you have never met in this lifetime. They are standing by, ready and waiting to assist us in any area we need help — all we have to do is ask.

Struggling in a relationship? Call in Elevated Help. Need answers to a question or a solution to a problem? Call in Elevated Help. Struggling with finances? Call in Elevated Help. Lost something and need to find it quickly? Call in Elevated Help.

I teach entire classes on this subject, but created this resource to help you get started in making this a priority in your life. I call in Elevated Help every day and my reinforcements never let me down. In the following, you will find a list of Archangels, Ascended Masters, Saints and more that you can call on — along with their specialties!

Of course, this is only a short list, and I encourage you to be creative when you need help with something. For example, one of my students who was a photographer called on the founder of Kodak for help with an issue she struggled with for 3 weeks. Within a couple of hours of calling on him, she discovered her answer!

IMPORTANT NOTE: You do not have to belong to a certain religion or culture to call on these Elevated Helpers. You also do not have to fear calling on them because they are associated with a different religion or belief system. On “the other side” of the veil, there is no religion, there is only love. So please utilize all of these resources knowing they are available to us all!

A Simple Prayer

**Use and adapt this prayer as needed
when calling in Elevated Help:**

“Dear Spirit/God/Universe,

I call in my angels, guides, loved one’s who have passed, and all those in my soul community — only those of the highest vibration — to be with me today/right now. I am struggling with (explain the situation) and would like to call in (call in specific angels, guides, etc. to help with your situation based on specialty). I promise to be open to the signs and synchronicities you send me in whatever form it may come in order to get my attention and help me with this. Thank you in advance for all of your help and assistance in this matter. I am already grateful for it. Amen/Namaste”

Archangels

Archangel Ariel — The Archangel who oversees nature and the natural world. She can work with Archangel Raphael to heal humans and animals. She can also assist in manifestation, prosperity and abundance.
