

Fox Rothschild

Office Relocation

Miami, FL. 12,000 SF.

Services

Architecture, Planning, Interior Design, Furniture

Description

Fox Rothschild LLP, a national law firm, selected long-time partner FCA for the relocation of their Miami office. Following major success in South Florida's business community, the Miami office required a new workplace, more attorney space, all on an aggressive timeline. Planning direction utilizes space standards developed for Fox Rothschild by FCA. The new Miami office showcases a collaborative and flexible work environment, which includes transparent glass attorney office fronts, seamless technology in all conference and meeting rooms, staff spaces which encourage work sharing and focus space for heads down concentrative work. The office is organized to support the "client experience" while enjoying spectacular views of the Southern Biscayne Bay.
