## FEATURES

Edge Spot seamlessly attaches to the EDGE knife-edge extrusion system using a magnetic attachment solution. Lockable screw mounting option is also available.

This versatile spot head has a full range of mobility and is field changeable, allowing for placement adjustments throughout EDGE extrusion.

Offered in 2700K to 6000K and Warm Dim (3000K-1800K).

Available in 10W, 20W, 25W, 30W, and 40W option and delivers up to 3500 lumens.

See EDGE PROFILE and SLOT CHANNEL spec sheet

## Order Code

ORDER CODE EXAMPLE: EDTP-PL-48V-ST-RAF-10FT-490DIN-BL-D10

Series	Type	Voltage	Wattage	Shape	Length
EDTP	PR	Profile for Spotlights Only <sup>1</sup>	48V 48VDC	LW 1.5W/Ft	STR Straight Run (no corners)
	PL	Profile for Spotlights with Light Bar	24V 24VDC	ST 4W/Ft	COF Coffer - 4 sides with 90D inside corners
	PRSL	Profile for Spotlights add Slot		MD 6W/Ft	RAF Rafter - 4 side with 90D outside corners
