MINI IP66

Project:

Type:

Qty:

Designed for architectural precision and outdoor durability, the NOX IP66 Series offers a versatile range of cylinder luminaires in both round and square forms. Available in multiple sizes and wattages, it provides controlled downward illumination ideal for façades, pathways, and building entrances.

Constructed from die-cast aluminum with a corrosion-resistant powder coating, NOX ensures consistent performance under all weather conditions. Its minimalist geometry and refined detailing make it a perfect fit for contemporary architectural environments.

Key Features

IP66 protection  
for outdoor use

Available in round  
and square forms

Multiple sizes and  
wattages

Precision-engineered  
downward light

High-grade die-cast  
aluminum housing

Corrosion-resistant  
architectural finish

Suitable for façades,  
walls, and public spaces

### INSTALLATION INSTRUCTIONS

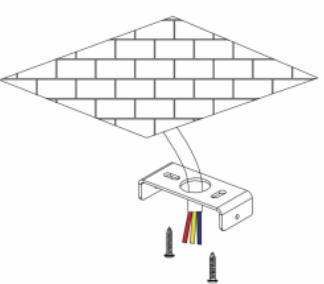

#### STEP 1 ▶

Loosen the screws on the side of the back cover and remove the lamp bracket.

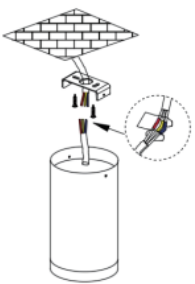

Drill two holes in the wall, aligning them with the hole positions on the bracket, and insert rubber plugs or wooden blocks into the holes.

#### STEP 2 ▶

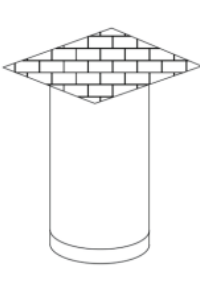

Secure the lamp bracket to the wall using wood screws, then pull out the power cord.

#### STEP 3 ▶

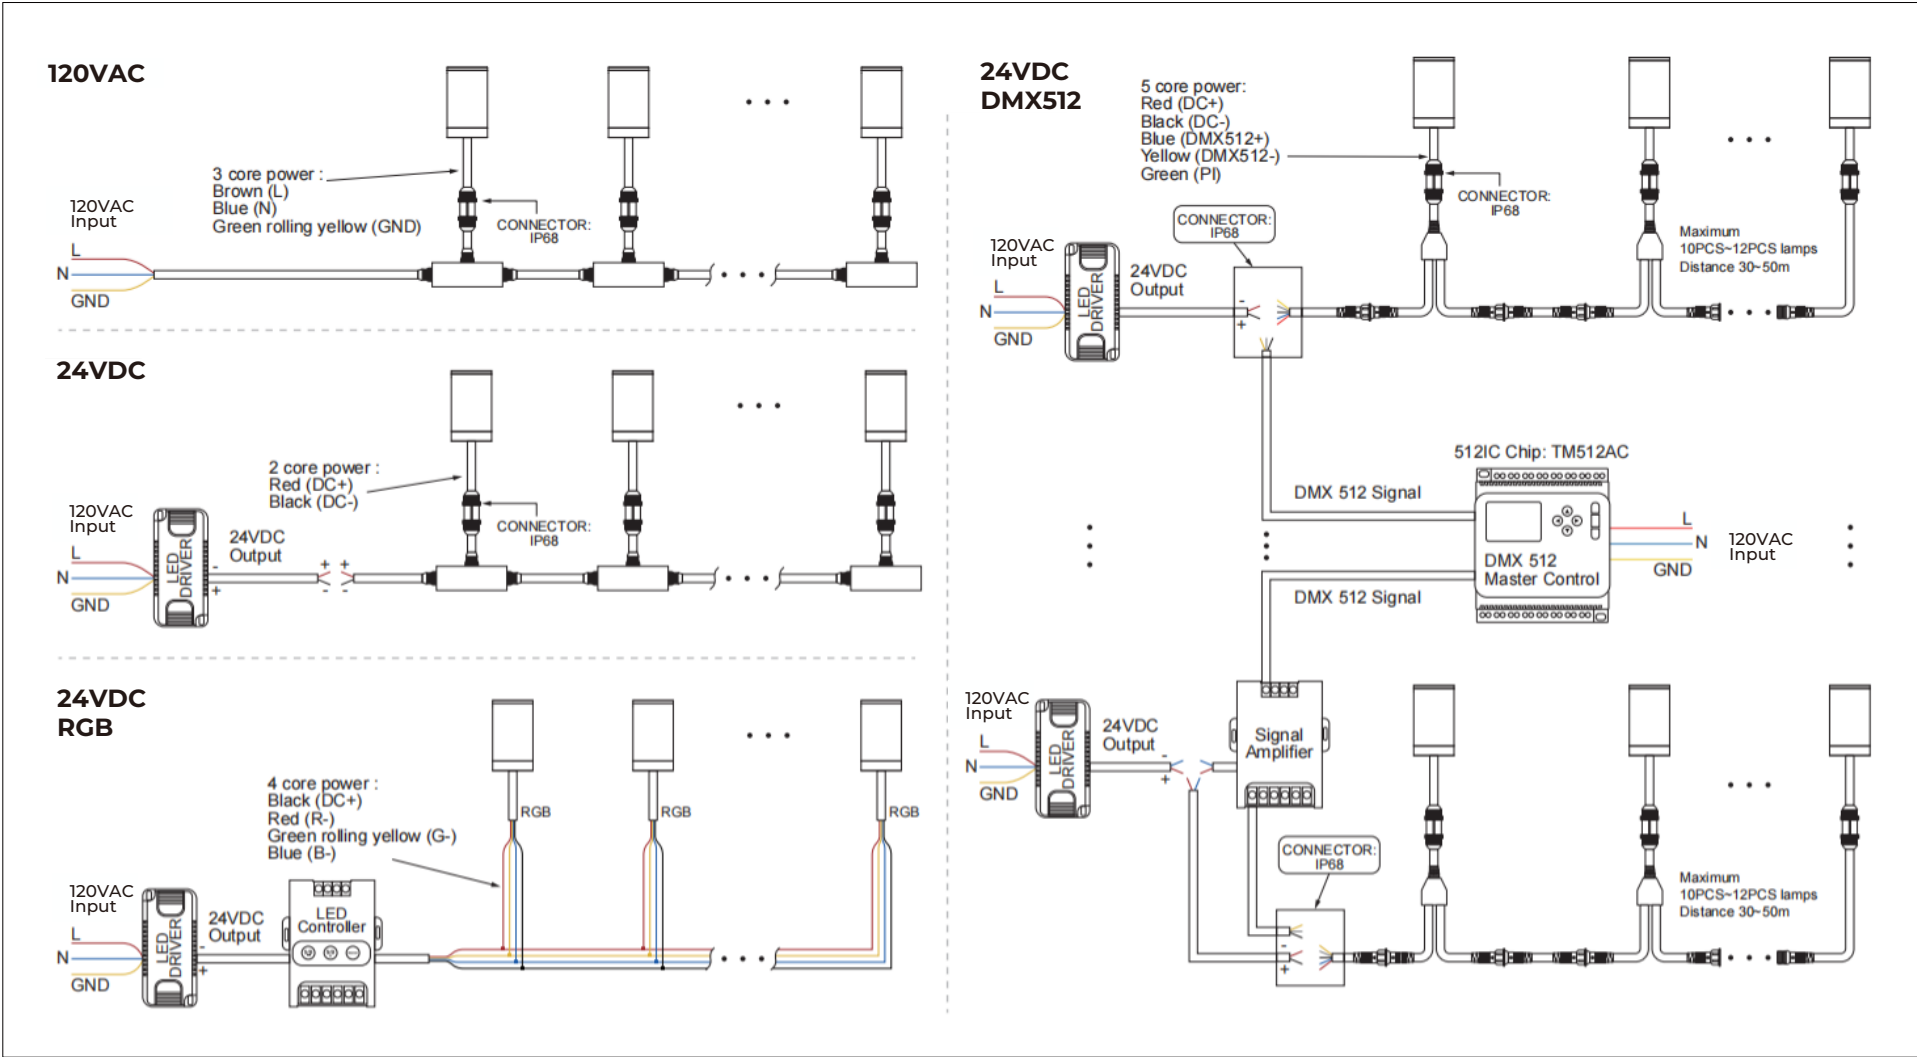

Connect the power cord to the fixture's power lead, then wrap the connection securely with waterproof tape (proper waterproof protection must be ensured).

#### STEP 4 ▶

Arrange the long power cord neatly, then place the lamp onto the bracket and tighten the screw securely.

### CONNECTION DIAGRAM

### SAFETY INSTRUCTIONS BEFORE INSTALLATION

- Installation must be carried out by a qualified technician or authorized professional.
- Always disconnect power before installation to prevent the risk of electric shock.
- Ensure adequate ventilation space around the LED heat sink to allow proper cooling.
- Only connect LED luminaires using the recommended drivers.
- The actual product may vary slightly from the illustrations shown.
- Do not attempt to disassemble the product.
- Any damage caused by modifications or improper installation will void the warranty.
