# Job Outlook

---

- Employment of insurance underwriters is projected to decline 2 percent from 2022 to 2032. Automated underwriting software allows workers to process applications more quickly than before, reducing the need for as many underwriters.
- Overall employment of claims adjusters, appraisers, examiners, and investigators is projected to decline 3 percent from 2022 to 2032. Technology is expected to automate some of the tasks currently performed by these workers.
- See the Occupational Outlook Handbook for additional information: <https://www.bls.gov/ooh/>
