A Destination For Recruiters: **Graduate & Undergraduate Students**

**How to Navigate**

**Developing a Recruiting Presence at Fisher**

Recruiting at Fisher and developing a strong presence for your company comes down to consistency and exposure. At Fisher, we recommend participating in at least two in-person recruiting activities each semester. We are here to help you with both through the following strategies for recruiting talent.

**Strategy for Fall Semester**

**Fall Recruiting Events**

- Kick off your recruiting at Fisher by attending the Fisher Fall Career Fair the Wednesday after Labor Day. We host the largest business-focused career fair in the Ohio Union for over 180 employers and 2,000 plus students. Registration opens in Handshake in mid-May.
- Join us for the small and different Not Another Career Fair two weeks after the Fisher Fall Career Fair.
- Student organization career fairs include the Accounting Association and Undergraduate Finance Association Career Fairs the evening before the Fisher Fall Career Fair.

**Face to Face Interaction**

- Students often tell us they chose the employer they are interning with because of the connection they felt with the people they interacted with during their recruitment. Fisher provides several ways to get that interaction.
- Join us for Employer of the Day
- Let us help you host Office Hours or a Coffee Chat
- Participate in the Job Shadow program during Fall Break
- Standout from the crowd by holding On-Campus Interviews. We can help make it easy.

**Classroom Access**

- We can help you connect with students in the classroom and student organizations. The Fisher Office of Career Management staff teaches two career development courses. Student organization meetings supplement the classroom by learning about industries and problem-solving from employers.
- Present in BUSADM 2601 the Job Search Prep and Transition to Work course
- Attend a student organization meeting and present challenges in your industry and how your company has overcome these challenges.
- Meet faculty teaching students in the disciplines you are recruiting from to develop a relationship that could lead to classroom participation.
- Get involved with one of Fisher’s eight Industry Immersion programs.
Spring Recruiting Events
Each spring we host the business career and internship focused Fisher Spring Career Fair at the Ohio Union. Registration via Handshake opens in November. Public accounting firms are invited to join us for the Spring Accounting Internship Night for busy season internship recruiting. This is followed by Next Day Networking so recruiters and students can meet. Just before the semester ends, we organize the Just In Time Job Fair for employers actively looking for additional talent for summer internships and full-time candidates.

- Present in BUSADM 2601 the Job Search Prep and Transition to Work course

What makes Fisher a Unique Recruiting Destination?
How we prepare undergraduate students for their interview experience.

Fisher’s Qualified Undergraduate Interview Candidate (QUIC) program certification ensures students are ready to interview and recruiters who interview Fisher students are spending time and energy on candidates ready to share why they should be hired.

QUIC Certification means a student has:

- Completed an online course for interview prep
- Prepared for a mock interview by studying a job posting connected to their academic major and job search phase (intern vs. full-time)
- An understanding of why they want to work for the company they are mock interviewing
- Passed a graded QUIC Interview (mock interview) with trained Career Management staff – students are required to receive a mastery score to become QUIC certified.
- The privilege of participating in on-campus interviews organized through Handshake by the Fisher Office of Career Management

Interviewing at Fisher means you will interview students who are ready to communicate why they are interested in your company, your job or internship and why you should hire them. This all translates into an effective and efficient trip to interview on-campus at Fisher. It’s worth the trip.

Policies For Making Offers
To Undergraduate Students

We recommend that employers do not place unnecessary pressure on students to accept a job or internship offer. Fisher prohibits exploding offers, defined as offers that require students to decide within a very short amount of time or face having the offers rescinded. These offers put a great deal of pressure on students to make a decision before they have completed the interviewing process. These recommendations are supported by the National Association of Colleges and Employers.

Early Offers:
For students who receive offers for internships or full-time positions before the start of the next academic year, the offer should remain open until October 1 preceding the summer internship or full-time start date.

Fall recruiting:
For students receiving offers for internships or full-time positions during the fall recruiting season (that are not “early offers”), the offer should remain open for a minimum of 4 weeks from the date of the written offer, or until November 1, whichever comes later.

Spring recruiting:
For students who receive offers during the spring recruiting season (that are not “early offers”) up until April 15, the offers should remain open for a minimum of 3 weeks from the date of the written offer.

All offers must be made in writing:
Written offers can be in electronic or hard copy form. The start of the offer decision timeline is determined by the date of the written offer letter.
Function Specific Programming

The various functional pursuits of graduate business students present amazing opportunities for those in career transition; both career advancers and career switchers. OCM staff design and facilitate programs with the aim of preparing graduate students for these exciting transitions. Examples of past programs include ‘boot camp’ workshops for the consulting, marketing, finance and operations to help students learn even more about these functional areas and the unique nature of the graduate student job search process.

Full-Time MBA Corporate Mentor Program

An opportunity for employers, recruiters and industry experts to offer mentoring and career advice to full-time MBA students. Program is designed to be informal and commitment can be short-term or long-term with students driving the process to help ensure that conversations and/or meetings meet their goals and objectives.

Contact person: Jamie Mathews-Mead, mathews-mead.1@osu.edu

Office Hours

Spend the day at the Office of Career Management meeting with students. You can meet with students to review resumes and help them prepare for the career fair, or use the day to meet with students to answer questions about your company and the positions you recruit for. We will create your Office Hours schedule in Handshake for students to select times to meet with you.

This is a great way for company representatives to participate and to enhance visibility and gain early access to full-time MBAs who are eager to learn about companies interested in recruiting.

Policies For Making Offers

To Graduate Students

We recommend that employers do not place unnecessary pressure on students to accept a job or internship offer. Fisher prohibits exploding offers, defined as offers that require students to decide within a very short amount of time or face having the offers rescinded. These offers put a great deal of pressure on students to make a decision before they have completed the interviewing process. These recommendations are supported by the National Association of Colleges and Employers.

Graduate Student Summer Internship Offers:
We recommend that you allow graduate students until February 15th as the earliest date for accepting any summer internship offer. The decision of where to complete an internship is very important and we are hopeful you concur that giving students ample time to make these decisions beyond their first semester is of mutual benefit. In situations where students are sure of their decisions, we will certainly encourage them to accept summer internship offers as soon as possible.

Fall recruiting:
For students receiving offers for full-time positions during the fall recruiting season, the offer should remain open for a minimum of 4 weeks from the date of the written offer, or until November 1, whichever comes later.

Spring recruiting:
For students who receive offers for full-time positions during the spring recruiting season, the offers should remain open for 4 weeks from the date of the written offer, or until April 15, whichever comes later.

All offers must be made in writing:
Written offers can be in electronic or hard copy form. The start of the offer decision timeline is determined by the date of the written offer letter.

Second round interviews:
We recommend that employers provide multiple options for second-round, off-site interviews, so that students are not put at a disadvantage when prioritizing and managing class requirements and campus activities.
