

Question: How do I find the average salary/top hiring companies for an Industry?

1. Login (using OSU username and password) to Career Tracker by going to the following link and selecting BSBA: <https://fisher.osu.edu/careers-recruiting/students/career-tracker>
2. From the Career Tracker Homepage, click on “Research Tools” and then “Salary Database”

The screenshot shows the 'Salary Database' page. On the left is a navigation menu with 'Research Tools' and 'Salary Database' highlighted. The main area has a red header 'Show Salary Data For:' with a 'Clear All' button. Below this are several filter dropdowns: 'Industry' (set to 'Financial Services'), 'School/Network' (set to 'Fisher College of Business'), 'Undergraduate Major' (set to 'All'), 'Degree Level' (set to 'All'), 'Job Phase' (set to 'Post Graduation Outcome'), and 'Graduation Year' (set to 'All'). At the bottom, there are dropdowns for 'Pay Type' (set to 'Base Salary'), 'Pay Period' (set to 'per year'), 'Offer Status' (set to 'Accepted Offers'), and 'Currency' (set to 'USD'). A red 'Get Results' button is on the right.

3. Select the industry you are interested in from the dropdown box and then click “Get Results”.

This screenshot shows the same 'Salary Database' interface, but the 'Industry' dropdown is now set to 'Consulting'. The 'Get Results' button is circled in red.

4. The salary data and top hiring companies for your industry of choice will be displayed. In the Job Details section you can use the display dropdown to increase the number of companies you would like displayed.

Salary Database
Select attributes to see aggregate salary information from a set of the Fisher population.
