Highlights

- 85-90% of Fisher students complete at least one internship or major-related experience.
- The average salary for students reporting full-time internships in 2024-25 was \$26/hour.
- The average salary for Fisher College undergraduates reporting full-time job offers during 2024-25 was \$71,039.
- We have access to 22 interviewing rooms where employers can conduct job and internship interviews.
- We allow students to utilize our interview rooms for virtual interviews.
- We have Career Consultants and Peer Career Coaches dedicated to your success. We provide assistance in all areas of internship and job search, from resume preparation to salary negotiation.
- Fisher College sponsors career fairs autumn and spring semesters to help you find internship and job opportunities.
- We teach a career exploration course (BA 2600) designed to expose students to the different functional areas of business.
- We also teach a job search preparation course (BA 2601) to prepare you to undertake an effective and successful internship or job search.
- We partner with Handshake to provide business students with a web-based resource and mobile app to manage their job and internship searches.
- We offer all of our services both In-Person and Virtually.

THE INTERNSHIP ADVANTAGE

"A positive attitude helped me succeed. Coming in each day with a positive attitude and the motivation to learn will not only make your internship experience completely worthwhile, but it will also show those you work with that you genuinely want to be there, and care about the company's best interests."

KELLY YEE, Abercrombie & Fitch

"The education that Fisher provides is probably the most critical factor that prepared me for success. They also have an amazing career management team that truly prepares you for 'what to expect' and how to successfully interact in a professional environment. Furthermore, when you have Fisher on your resume, the employers know you have what it takes to be a successful intern."

ANDREW STRUTZ, Hexion
