2013-2014

FROM EXPLORING

TO LAUNCHING
CAREERS

Dear Friends of the Fisher College of Business,

The 2013-2014 Fisher College of Business Office of Career Management Annual Report marks the 20th year of providing a comprehensive overview of the successes of our students and corporate partners. It also marks 20 years since Max Fisher dedicated his resources to his alma mater through both a monetary gift and a vision.

I had the honor of meeting Max Fisher in October 1998 when he visited campus for the dedication of the first of six buildings which now occupy the Fisher campus. He was both gracious and humble, and he said something to me that I will never forget. Max said, "If you believe in a cause, other people will follow you."

Shortly after, the mission statement which follows on the next page was developed and Max was right - students, alumni, and corporations are following. Thank you, Max, for inspiring our cause and purpose. And, thanks to each of you for inspiring our students to Go Beyond!

Best regards,

Jeffrey D. Rice
Executive Director

WHAT WE DO

NYC FINANCIAL SERVICES TRIP

20 undergraduate and graduate students participated in the annual 3-day trip where they visited 5 of the largest banks as well as 1 middle market firm. The students also had the opportunity to network with alumni in the financial industry at 2 dinner receptions.

BATTLE OF OHIO CASE COMPETITION

The 3rd annual Battle of Ohio Undergraduate Case Competition was sponsored by Deloitte Consulting and hosted by the University of Dayton.

SPEED NETWORKING EVENT

In the BA 2601: Job Search Preparation course, 50 Fisher students participated in Speed Networking during one of their class sessions to practice their handshake, eye contact, and personal introduction. Students were given 5 minutes to interact with one of their peers, and then asked to switch places and network with a new student. After each interaction, they evaluated each other on their communication skills and professionalism.

WHAT WE DO

MARKETING HOP

In collaboration with the Association of Marketing Professionals student organization, 28 MBAs attended this 3-day trip during Winter Break through Detroit and Chicago. They visited advertising agencies, met with marketing teams of major corporations, networked with alumni, and developed an understanding for a day in the life of a marketing professional.

SUPPLY CHAIN CAREER CONNECTION

In partnership with the Center for Operational Excellence, the Office of Career Management offers MBA and MBLE students the opportunity to interact with and learn from logistics, supply chain, and operational excellence professionals in a networking environment.

CORPORATE SITE VISIT & JOB SHADOW PROGRAM

The Corporate Site Visit & Job Shadow Program coordinated by the Office of Career Management matches FisherDirect students with regional employers to gain insight into the functional areas of business. The program allows employers to establish a unique and differential partnership with the Fisher College of Business and increases student interest and awareness of their organization and industry. It is also an opportunity for students to gain insight into career areas and industries outside of the classroom.
