Class Format

This class meets twice per week. I will follow the flow of topics and concepts in the book selectively. The course will heavily rely on market moving news and events. Regular class attendance is expected since material will be covered that is not in the textbook. Please feel free to ask questions during lecture. Lecture notes will be on Carmen at least 24 hours in advance of class. I will also use Carmen to distribute emails to the class and post supplemental information.

Grading

All Assignments are Classified Independent Work [[N](#) [↑](#)]: Strictly non-collaborative, original individual work. Discussions with instructor only. No use of Email, Texting, GroupMe, Google Groups or Hangouts, WeChat, LinkedIn, Facebook Messenger, WhatsApp, Slack, or other forums.

- Grades will not be changed except for a mathematical error

Descriptions of Major Course Assignments

Investor Policy Statement Project

In-depth project instructions will be posted on Carmen. For an individual investor, a well-constructed Investment Policy Statement provides a foundation to achieve long-term financial goals. An IPS is a framework that guides all investment decisions based on the investor's investment objectives, risk tolerance, constraints, and unique circumstances. Investing based on an IPS supports preserving the long-term nature of the investment process, especially during volatile or irrational times in the market. In addition, an IPS provides a systematic review process of investment performance in relation to investment objectives.

Quizzes

There will be 3 quizzes which can be found under the Quizzes tab in Carmen. Please note the due date and time for each quiz. If you do not complete the quiz by the due date deadline, you will not receive partial credit. No quiz extensions or make-ups will be offered.

Final Exam

The final exam is classified as individual work and the use of any outside material (e.g., book, notes, internet connected devices, ect.) is strictly prohibited. Exams are scheduled to be in-person, but due to Covid-19 (or other circumstances) they could be administered online and monitored by Proctorio.

Missed exams can only be made-up in extreme cases (e.g., death of family member, personal hospitalization, etc.) with proper documentation (e.g., Emergency Room paperwork, obituary, etc.). Each decision of potentially allowing a make-up exam is made by the instructor on a case-by-case basis. Additionally, you **MUST** contact the instructor via email (Sheridan.146@osu.edu) if you are experiencing an extreme situation or emergency ASAP. Alternative methods (e.g., oral exam, essay) of testing may be used for make-up exams.

Credit Hours and Work Expectations

This is a 1.5 credit-hour course. According to [Ohio State bylaws on instruction](https://go.osu.edu/credithours) (go.osu.edu/credithours), students spend two hours outside of class for every hour spent in class. Since this course meets 3 hours per week, you should expect to spend 6 hours per week outside of class on course-related work. Thus, you should be spending at least six hours per week outside of class on this course alone. That time should be spent reading the required material, taking notes on what you were reading, reviewing lecture notes, meeting with class colleagues in going over what you have learned, working on homework problems, reading current investment news.

Instructor Feedback and Response Time

I am providing the following list to give you an idea of my intended availability throughout the course. Remember that you can call [614-688-4357 \(HELP\)](tel:614-688-4357) at any time if you have a technical problem.

- **Preferred contact method:** If you have a question, please contact me first through my Ohio State email address. I will reply to emails Monday – Friday within 24 hours on days when class is in session at the university.
- **Class announcements:** I will send all important class-wide messages through the Announcements tool in CarmenCanvas. Please check [your notification preferences](https://go.osu.edu/canvas-notifications) (go.osu.edu/canvas-notifications) to ensure you receive these messages.
- **Grading and feedback:** For projects, I will try to provide feedback and grades within ten days. All quizzes and exams will be immediately graded in Carmen upon submission.

Academic Integrity Policy

Academic integrity is essential to maintaining an environment that fosters excellence in teaching, research, and other educational and scholarly activities. Thus, The Ohio State University and the Committee on Academic Misconduct (COAM) expect that all students have read and understand the university's [Code of Student Conduct](https://studentconduct.osu.edu) (studentconduct.osu.edu), and that all students will complete all academic and scholarly assignments with fairness and honesty. Students must recognize that failure to follow the rules and guidelines established in the university's *Code of Student Conduct* and this syllabus may constitute "Academic Misconduct."

The Ohio State University's *Code of Student Conduct* (Section 3335-23-04) defines academic misconduct as: "Any activity that tends to compromise the academic integrity of the university or subvert the educational process." Examples of academic misconduct include (but are not limited to) plagiarism, collusion (unauthorized collaboration), copying the work of another student, and possession of unauthorized materials during an examination. Ignorance of the university's *Code of Student Conduct* is never considered an excuse for academic misconduct, so I recommend that you review the *Code of Student Conduct* and, specifically, the sections dealing with academic misconduct.

If I suspect that a student has committed academic misconduct in this course, I am obligated by university rules to report my suspicions to the Committee on Academic Misconduct.

If COAM determines that you have violated the university's *Code of Student Conduct* (i.e., committed academic misconduct), the sanctions for the misconduct could include a failing grade in this course and suspension or dismissal from the university.

If you have any questions about the above policy or what constitutes academic misconduct in this course, please contact me.

Copyright for Instructional Materials

The materials used in connection with this course may be subject to copyright protection and are only for the use of students officially enrolled in the course for the educational purposes associated with the course. Copyright law must be considered before copying, retaining, or disseminating materials outside of the course.

Your Mental Health

As a student you may experience a range of issues that can cause barriers to learning, such as strained relationships, increased anxiety, alcohol/drug problems, feeling down, difficulty concentrating and/or lack of motivation. These mental health concerns or stressful events may lead to diminished academic performance or reduce a student's ability to participate in daily activities. No matter where you are engaged in distance learning, The Ohio State University's Student Life Counseling and Consultation Service (CCS) is here to support you. If you find yourself feeling isolated, anxious or overwhelmed, [on-demand mental health resources](https://go.osu.edu/ccsondemand) (go.osu.edu/ccsondemand) are available. You can reach an on-call counselor when CCS is closed at [614- 292-5766](tel:614-292-5766). **24-hour emergency help** is available through the [National Suicide Prevention Lifeline website](https://www.nationalsuicideline.org) (suicidepreventionlifeline.org) or by calling [1-800-273-8255\(TALK\)](tel:1-800-273-8255). Accessibility Accommodations for Students with Disabilities

The university strives to make all learning experiences as accessible as possible. If you anticipate or experience academic barriers based on your disability including mental health, chronic or temporary medical conditions, please let me know immediately so that we can privately discuss options. To establish reasonable accommodations, I may request that you register with [Student Life Disability Services \(SLDS\)](#). After registration, make arrangements with me as soon as possible to discuss your accommodations so that they may be implemented in a timely fashion.

Student COVID-related Accommodation Process

The university is committed to supporting students and program participants with COVID-19 based risk factors. Student Life Disability Services, in conjunction with the Office of Institutional

Equity, will work with students who are vulnerable to complications from COVID-19 to ensure that they have the necessary resources to participate in university life as safely as possible. Ohio State students from any campus may submit a [COVID-related accommodation request](#). Students registered with Student Life Disability Services can work directly with their [assigned Access Specialist](#) to modify their accommodations or make additional COVID-based accommodation requests.
