

River Valley SRA Essential Eligibility Requirements

Youth Summer Day Camp

Ages 5-9 years old

1. Must be able to comply with verbal instruction from staff. This includes of a device, picture cards or sign language. If child is not able to comply, a Paraprofessional from the child's school district is required to attend daily to assist.
2. If camper needs assistance with toileting, RVSRA does provide a Paraprofessional to assist or the child's school district can provide a Paraprofessional each day.

Ages 10-21 years old

1. Must be able to toilet independently, unless the camper's school district has supplied a Paraprofessional to assist every day. Use of restroom independently includes pulling down pants, wiping, changing of pull-up (if needed), changing feminine hygiene products, and returning clothing to appropriate position.
2. Must be able to walk, use a walker or wheelchair independently to get around.
3. Must be able to feed himself/herself. Assistance will be given when opening packages, wrappers and juice boxes. If prone to choking, inappropriate placement of food (sticking food in nose or ears), or if a feeding tube is required, a Paraprofessional must be provided by camper's school district to assist every day.
4. Must be able to comply with verbal instruction from staff. This includes of a device, picture cards or sign language.

Youth Day Time Programs (1-3 hours & 3.5-8 hours)

1. Must be able to toilet independently. Use of restroom independently includes pulling down pants, wiping, changing of pull-up (if needed), changing feminine hygiene products, and returning clothing to appropriate position. If unable to do this a parent must stay to assist or be nearby if a call needs to be made.
2. Must be able to walk, use a walker or wheelchair independently to get around.
3. Must be able to feed himself/herself. Assistance will be given when opening packages, wrappers and juice boxes. If prone to choking, inappropriate placement of food (sticking food in nose or ears), or if a feeding tube is required, a parent must stay to assist or be nearby if a call needs to be made.
4. Must be able to comply with verbal instruction from staff. This includes of a device, picture cards or sign language.

Adult Day Time Programs (1-3 hours & 3.5 – 8 hours)

1. Must be able to toilet independently. Use of restroom independently includes pulling down pants, wiping, changing of pull-up (if needed), changing feminine hygiene products, and returning clothing to appropriate position.
2. Must be able to walk, use a walker or wheelchair independently to get around.
3. Must be able to feed himself/herself. Assistance will be given when opening packages and/or wrappers. If prone to choking, inappropriate placement of food (sticking food in nose or ears), or if a feeding tube is required, participant will need to bring a parent/legal guardian, house staff member or medical assistant.
4. Must be able to comply with verbal instruction from staff. This includes of a device, picture cards or sign language.

Adult Overnight Programs

1. Must be able to toilet and shower independently. Use of restroom independently includes pulling down pants, wiping, changing of pull-up (if needed), changing feminine hygiene products, and returning clothing to appropriate position.
2. Must be able to walk, use a walker or wheelchair independently to get around. Must be able to keep up with the group as each location required a variety of walking distances.
3. Must be able to feed himself/herself. Assistance will be given when opening packages and/or wrappers. If prone to choking, inappropriate placement of food (sticking food in nose or ears), or if a feeding tube is required, participant will need to bring a parent/legal guardian, house staff member or medical assistant.
4. Must be able to comply with verbal instruction from staff. This includes of a device, picture cards or sign language.

Adult Multiple Overnight Programs

1. Must be able to toilet and shower independently. Use of restroom independently includes pulling down pants, wiping, changing of pull-up (if needed), changing feminine hygiene products, and returning clothing to appropriate position.
2. Must be able to walk, use a walker or wheelchair independently to get around. Must be able to keep up with the group as each location required a variety of walking distances.
3. Must be able to feed himself/herself. Assistance will be given when opening packages and/or wrappers. If prone to choking, inappropriate placement of food (sticking food in nose or ears), or if a feeding tube is required, participant will need to bring a parent/legal guardian, house staff member or medical assistant.
4. Must be able to comply with verbal instruction from staff. This includes of a device, picture cards or sign language.
5. Must have participated in an overnight trip with Special Recreation in the past.
