Series: The Bible

Can I Really Trust the Bible? Copies of Copies of Copies?

I. REVIEW

II. INTRODUCTION - A PLACE FOR APOLOGETICS

A chain of five big questions (Greg Gilbert):

- 1. Can we be confident that the *translation* of the Bible from its original language accurately reflects the original?
- 2. Can we be confident that the copyists accurately transmitted the original writing to us?
- 3. Can we be confident that we're looking at *the right set of books* and that we haven't missed or lost a set of books out there that gives a different, but equally reliable and plausible, perspective on Jesus?
- 4. Can we be confident that the original authors were themselves trustworthy?
- 5. Can we be confident that the authors did, in fact, intend to give an accurate account of what happened and that what they described really took place? In other words, is it *true*?

II. THE TRANSLATION QUESTION

Is it possible to have an accurate translation?

Why are there so many versions of the Bible?

Why are there different translations of the Bible in the first place?

→ The Bible can be and has been translated correctly, over and over again.

III. THE TRANSMISSION QUESTION

Responding to the claim that we only have copies of copies:

1. Consider the number of NT manuscripts and portions of manuscripts we have: 24,000+

2. Consider how far back these manuscripts and portions Date: 2nd century

Responding to the claim that there are so many variants between all the copies that they just can't be trusted:

- 1. Make sure your method of counting is correct: 400,000 variants, but spread across 24,000+ manuscripts
- 2. Understand that comparing the variants is very revealing

Summary:

- The variants are spread across 24,000+ MSS
- They cluster around the same verses or passages
- Most variants are very boring and non-descript
- None impact any significant Christian doctrine
- Your Bibles have footnotes that are alerting you to any issues that are there

What about the Old Testament?

- Septuagint
- Masoretic Text
- Dead Sea Scrolls

"It cannot be emphasized strongly enough that no orthodox doctrine or ethical practice of Christianity depends solely on any disputed wording."

~ Craig L. Blomberg
