

# INCOME DISCLAIMER PERFORMANCE PLAN

The Heal Performance Plan is an exciting opportunity that rewards you for selling products and services. This is NOT an MLM. We have a very simple affiliate program with a powerful performance rewards program. Our goal is every person you help is in equal to proportion of expected rewards. Our mission is people over profits and we are seeking to attract others who want to help people NOT get paid. You have the ability to leverage the Performance Plan and it is based on your level of Performance. The more people you impact, educate, and benefit the better your life will be, just that simple.

Although the opportunity is unlimited, individual results will vary depending on commitment levels and sales skills of each participant. Since Heal has recently launched, it lacks enough statistical data to prepare reliable income disclosures.

The numbers below reflect estimates prepared by the company pending a more detailed survey to be conducted after its first year. Based on industry standards and company projections, the average annual gross income for Heal is projected to be anywhere between \$200 and \$1,000.

There will certainly be participants who will earn less while others will earn much more. We're excited about the Heal Performance Plan and we're confident it will provide you a solid foundation to help you achieve your financial goals.

If income projections were presented to you prior to your enrolment, such projections are not necessarily representative of the income, if any, that you can or will earn through your participation in the Performance Plan.

These income projections should not be considered as guarantees or projections of your actual earnings or profits. Success with Heal results only from hard work, dedication, and leadership.
