# PREFACE

From generation to generation, music has held a preeminent and powerful place in the gathering of believers. Since 1977, ILP has been publishing sacred music for worship and prayer. Throughout the years, ten guiding principles have remained at the heart of our planning:

1. The God Who formed us has compromised nothing in His love for us, and is worthy of no less than the highest and best that we have to offer.
2. The most important musical instrument in our prayer and divine worship is the singing congregation.
3. Old is not bad, simply because it is old; new is not better, simply because it is new. Our timeless deposit of faith is richer and invigorated through the prudent blending of old treasures and new gems.
4. Families grow in love of God and one another through shared prayer. Resources for divine worship must involve and speak to all ages to encourage family experiences of faith, drawing us into an indelible wisdom that forms and informs every generation.
5. Our music and our prayer must speak the clear and explicit theology of our Catholic faith. Those who try to be everything to everyone speak to no one.
6. Our linguistic conventions must honor God. We cannot weaken the language of God in the name of “inclusivity.” Although ILP is committed to horizontal sensitivity, we will not tamper with Trinitarian theology. We will make all references to God evident by the capitalization of divine pronouns.
7. Music is the language of the heart and the voice of the spirit. We must publish hymns, songs, psalms and ritual music that resonate within the minds, hearts and memories of those who sing them; for, wherever these melodies live, so their message will grow.
8. Texts and melodies must foster the sacramental journey of each believer, drawing on the wealth of Scripture, the depth of tradition and the unspeakable beauty of ritual.
9. Music must be published in a key that everyone can sing.
10. There need not be a language war between the Vernacular and the Vulgate. While enjoying the accessibility of English, we can continue to be enriched by the use of Latin and other languages.

With these principles informing our every decision, ILP is honored to present the **CREDO Hymnal**. Filling a great need within the Church today, the **CREDO Hymnal** is a traditional compilation that provides a wealth of sacred music while respecting the *hermeneutic of continuity* by including time-honored works and new, well-crafted compositions from within the last century.

Input from scholars, theologians, liturgists, hymnologists and presbyters during several years of compilation and editing has rendered the **CREDO Hymnal** a treasury of traditional hymns, songs, psalms and Mass settings.

After compiling a base of timeless Public Domain hymns and chants that span seventeen centuries, ILP’s editorial team carefully selected “must have” titles from other publishers, including GIA, OCP, WLP, Hope, Oxford, Abingdon and eleven others.

With the **CREDO Hymnal**, Catholics can at last benefit from a universal experience of substantive sacred music in divine worship from parish to parish.

Additionally, no other hymnal offers such a wealth of traditionally-styled musical settings for conforming psalm texts as found in the Ritual Edition of the Lectionary, thus enriching our ongoing experience of the Liturgy of the Word.

We give thanks to many who have made this hymnal possible: the enormously talented authors, composers and arrangers that created the contents, the tireless engravers and editors that painstakingly and meticulously scrutinized every detail of every musical work, those who licensed the titles herein, and the designers and technicians that carefully crafted these books.

International Liturgy Publications (ILP) is honored to bring you the **CREDO Hymnal**.

May the Word, chant, hymns, songs, psalms and canticles that reside within these pages resound always on our lips, within our hearts and through our lives.
