Differences between Full-Time and Part-Time Crewmember benefits.

Part-Time Crewmembers are not eligible for Medical coverage or Long Term Disability options.

MAKING BENEFIT CHANGES

Generally, once you enroll in your benefits, you cannot change your elections until the next Open Enrollment period. But there are some exceptions during the year. You may be able to make changes if you have a **Qualified Life Event**, such as:

- Ineligibility of a dependent
- Gain or loss of coverage by you or your spouse due to change at his/her job
- Transfer in your employment status between Full-Time and Part-Time
(**NOTE:** You can only enroll in benefits that were unavailable to you under your prior employment status, such as Full-Time Medical coverage or Long Term Disability.)
- Death of a dependent

FULL-TIME MEDICAL

ABOUT FULL-TIME MEDICAL

JetBlue’s Medical options are administered by Anthem BlueCross BlueShield and UnitedHealthcare, and come with plan accounts. You may also waive coverage entirely—but you may not re-enroll until the next Open Enrollment period, unless you have a Qualified Life Event during the year.

*Seed dollars are prorated based on the start date of your Medical coverage.

** You can earn an additional \$250 (\$500 family) by working with a BlueCarpet nurse to care for an ongoing condition.

How the medical plans work.

The medical plans have two parts: **PPO coverage** and a **plan account**.

The PPO coverage under both options pays the same level of benefits for eligible healthcare services after you pay a deductible that JetBlue helps fund. You get both in- and out-of-network coverage; however, when you use in-network providers, the plans pay higher benefits. Plus ...

- **Preventive care** is covered 100% in-network, no deductible.
- You can choose any participating doctor or specialist.
- There are no referrals required.

The plan account is used to help you pay the deductible and eligible healthcare expenses (coinsurance). With the **Green Plan**, JetBlue funds a **Health Reimbursement Account (HRA)**. With the **Blue Plan**, JetBlue and you (if you choose) fund a **Health Savings Account (HSA)**. See the next section for details on the accounts.

To find a network doctor ...

Visit www.myuhc.com and click on “Find Physician, Laboratory or Facility” or visit www.anthem.com and click on “Find A Doctor.”

HEALTH REIMBURSEMENT ACCOUNTS

When you enroll in the Full-Time Medical **Green Plan**, you get a **Health Reimbursement Account (HRA)**, which is funded by JetBlue. You can use the money in this account to help pay eligible healthcare expenses, including your deductible and coinsurance. **Optum** gives you two convenient ways to access your HRA funds: use your Optum Mastercard at the point-of-sale or pay out-of-pocket and submit your claim for reimbursement.

With an HRA, your account balance rolls over year-to-year, as long as you remain enrolled in the **Green Plan**. You cannot add your own money or transfer HRA funds to any other account (such as an HSA or FSA).

How HRAs work.

1. JetBlue contributes money each year—you cannot contribute your own money.

JETBLUE DOLLARS	FOR AN INDIVIDUAL ...	FOR A FAMILY ...
Seed dollars: automatic annual contribution in January (prorated for new hires*)	\$400	\$800
Healthy Rewards earnings (if you complete certain activities)	\$400	\$800
Total JetBlue dollars**	\$800	\$1,600

* Seed dollars are prorated based on the start date of your Medical coverage.

** If you or a covered dependent is enrolled in Care Management through BlueCarpet, you may qualify for an additional \$250 (individual) or \$500 (family) in your account. You will be contacted if you qualify, or you can call BlueCarpet to learn how you can opt in.

2. Use JetBlue money in your HRA to pay eligible healthcare expenses, including your deductible.

Or, choose to use your own money and save your HRA balance for future expenses—the choice is yours. **Eligible healthcare expenses include:**

- **Fees** such as deductibles, coinsurance, prescriptions and charges that exceed plan limits.
- **Services** such as chiropractic visits, physical therapy and other services.

NOTE: You can use the money in your HRA to pay eligible healthcare expenses for yourself, your spouse and your children (under age 26), as long as they are enrolled in the **Green Plan**. You can also use the money in your HRA to pay eligible healthcare expenses of your tax dependents who are not enrolled in the **Green Plan**. Any balance you have from 2017 can be used to pay 2018 eligible expenses; however, you may not use 2018 money to pay for expenses incurred in 2017.

3. Get reimbursed for expenses.

It's easy to access your HRA funds by using your Optum Mastercard. You may also submit a claim for reimbursement using Optum's Health Advantage website or mobile app by visiting www.optumhealthfinancial.com.

Green Plan participants can also fund a Healthcare FSA!

In the Green Plan, while you cannot put your own money into your HRA, you can contribute up to \$2,650 each year to a Healthcare Flexible Spending Account (FSA) to use tax-free money to pay healthcare expenses. Remember that you can only carry forward up to \$500 of your unused balance into the next year. Also, if you switch to the Blue Plan and open an HSA, you will forfeit any unused balance in an FSA.

HEALTH SAVINGS ACCOUNTS

When you enroll in the Full-Time Medical **Blue Plan**, you get a **Health Savings Account (HSA)**, which is funded by JetBlue and you, if you choose. You can use the money in this account to help pay eligible healthcare expenses, including your deductible and coinsurance. **Optum** gives you two convenient ways to access your HSA funds: use your Optum Mastercard at the point-of-sale or pay out-of-pocket and request a distribution online.

With an HSA, you can contribute tax-free to your account (up to IRS limits, which includes the money JetBlue gives you: seed dollars and Healthy Rewards), then either use or save your money. You get tax-free earnings on invested funds, which can then be used to pay healthcare expenses without getting taxed—that’s triple-tax savings! Plus, this account is yours to keep because the balance rolls over year-to-year, even if you leave JetBlue.

How HSAs work.

1. JetBlue contributes money each year.

JETBLUE DOLLARS	FOR AN INDIVIDUAL ...	FOR A FAMILY ...
Seed dollars: automatic annual contribution in January (prorated for new hires*)	\$400	\$800
Healthy Rewards earnings (if you complete certain activities)	\$400	\$800
Total JetBlue dollars**	\$800	\$1,600

* Seed dollars are prorated based on the start date of your Medical coverage.

** If you or a covered dependent is enrolled in Care Management through BlueCarpet, you may qualify for an additional \$250 (individual) or \$500 (family) in your account. You will be contacted if you qualify, and you can always call BlueCarpet to learn how you can opt in.

2. You can choose to contribute money tax-free into your HSA, up to IRS annual limits (shown below, which include JetBlue seed dollars and Healthy Rewards). And, you can change your contribution at any time during the year by logging on to BCSS.

WITH INDIVIDUAL COVERAGE ...	WITH FAMILY COVERAGE ...
You can contribute annually up to \$3,450.	You can contribute annually up to \$6,850.

NOTE: If you are over age 55, you can contribute an additional \$1,000 annually.

FULL-TIME MEDICAL

3. Use money from your HSA to pay eligible healthcare expenses, including your deductible. Or, save the money and invest the balance to earn more tax-free dollars to be used toward future qualified healthcare expenses (such as medical coverage when you leave JetBlue)—the choice is yours.

(Account balances over \$1,000 can be invested among investment options—easily managed through the Health Advantage Account Suite from Optum.)

Eligible healthcare expenses include:

- **Expenses** such as deductibles, coinsurance, prescriptions and charges that exceed plan limits.
- **Services** such as chiropractic visits, physical therapy, vision, dental and other healthcare services.

NOTE: You can use the money in your HSA to pay eligible healthcare expenses for yourself and your dependents who are tax dependents, regardless of whether they're enrolled in a JetBlue medical plan. Money used for ineligible expenses is subject to a tax penalty of 20% (if you're under age 65) and is taxable as regular income.

4. Get reimbursed for expenses.

It's easy to access your HSA funds by using your Optum Mastercard. You may also submit a distribution request using the Optum Health Advantage website or mobile app by visiting www.optumhealthfinancial.com.

Tax tip! You must file a Form 8889 with your federal income tax return for each year that your HSA is open. This verifies to the IRS that your HSA funds are not taxable.

The details.

A Health Savings Account (HSA) offers many features and advantages, but comes with a number of IRS rules. The full deductible (\$1,350 or \$2,700) must be met before coinsurance kicks in, and all prescription drugs are subject to the deductible and coinsurance. You cannot roll over an HRA into your HSA, nor can you have both an HSA and FSA at the same time. You can, however, adjust your HSA contributions anytime throughout the year via BCSS.

FULL-TIME MEDICAL

WHAT YOU PAY FOR SERVICES

First, use JetBlue dollars.

Here's how your account gets dollars to use toward expenses.

	GREEN PLAN PPO W/HRA	BLUE PLAN PPO W/HSA
JETBLUE CONTRIBUTES:		
Seed dollars to start (prorated for new enrollees)	\$400 (individual) \$800 (family)	\$400 (individual) \$800 (family)
Healthy Rewards dollars	\$400 (individual) \$800 (family)	\$400 (individual) \$800 (family)
Care Management credit (if qualified)	\$250 (individual) \$500 (family)	\$250 (individual) \$500 (family)
YOUR PRE-TAX CONTRIBUTIONS (ANNUALLY):		
	You can contribute up to \$2,650 in a Healthcare FSA	You can contribute up to \$3,450 (individual)/\$6,850 (family) in your HSA
ACCOUNT DOLLARS PAY:		
	HRA: eligible healthcare expenses FSA: eligible healthcare expenses	Eligible healthcare expenses now and future retiree healthcare expenses

FULL-TIME MEDICAL

Next, do some easy math.

Here's an example that uses the **Green Plan** (PPO w/HRA) for a single Crewmember to show how the deductible you end up paying is reduced by JetBlue dollars.

First, you pay your payroll deduction.

You pay \$55.50/semi-monthly
(non-tobacco rate)

Then, you're responsible for **100% of the deductible**. But, it can be offset by JetBlue money!

Your starting deductible
\$1,300

JetBlue dollars add up to **MOST** of your **\$1,300** "starting deductible," so your actual deductible is much less!

JetBlue gives you ...

- \$400

(maximum seed dollars)

- \$400

(Healthy Rewards you earn)

After JetBlue contributions and rewards are subtracted, this is the typical best-case deductible for a single Crewmember.

= \$500

NOTE: If you are eligible to participate in a Care Management program through BlueCarpet, you may qualify to earn an additional \$250 — further reducing the deductible you are responsible for.

FULL-TIME MEDICAL

Then, pay for healthcare services.

Here are the details on what you pay under each option.

* If you cover dependents under the Blue Plan, the full family deductible (\$2,700) must be met before the coinsurance begins.

** Preventive screenings as identified by Health Care Reform.

IMPORTANT:

- A true emergency is an immediate risk to health, which requires urgent intervention to prevent the worsening of a life threat.
- Pre-authorization is required for services such as bariatric surgery, home health care and certain out-of-network services—be sure to check with your medical plan provider for the complete list.
- Out-of-network medical expenses are paid based on the Maximum Allowed Amount (MAA).
- Deductibles and out-of-pocket maximums do not include pre-authorization penalties.

FLEXIBLE SPENDING ACCOUNTS

FLEXIBLE SPENDING ACCOUNTS

You have two **Flexible Spending Accounts (FSAs)** in which you can participate. You can enroll in one or both accounts each year. Keep in mind, if you elect medical coverage under the **Blue Plan**, you cannot fund a Healthcare FSA because you'll have a Health Savings Account. (It's an IRS rule.)

Both the **Healthcare FSA** and **Dependent Care FSA** let you set aside pre-tax dollars from each paycheck to pay for out-of-pocket healthcare and dependent daycare expenses, respectively. Since you do not pay federal income or Social Security taxes on your FSA contributions, you save money on taxes.

Optum makes it convenient to access your FSA funds. Just pay out of pocket and request a reimbursement online or through the Health Advantage mobile app. With your Healthcare FSA, you can also use your Optum Mastercard at the point-of-sale.

How FSAs work.

1. Contribute to a Healthcare FSA and/or Dependent Care FSA.

WITH A HEALTHCARE FSA ...	WITH A DEPENDENT CARE FSA ...
You can contribute annually up to \$2,650 (min. \$100).	You can contribute annually up to \$5,000 (min. \$100) or \$2,500 , if married and filing taxes separately.
IMPORTANT: You have until December 31, 2018, to incur expenses for your Healthcare FSA. You can carry forward up to \$500 of your 2018 Healthcare FSA to be used toward 2019 expenses; however, you have until December 31, 2018, to incur expenses in your Dependent Care FSA, or you'll lose any remaining balance. Claims for 2018 expenses for both FSAs can be submitted until March 31, 2019.	

2. Use your contributions during the year to pay eligible expenses.

ELIGIBLE EXPENSES FOR A HEALTHCARE FSA INCLUDE ...	ELIGIBLE EXPENSES FOR A DEPENDENT CARE FSA INCLUDE ...

To be reimbursed for eligible dependent care expenses, submit an online claim or mail a paper claim, along with an itemized statement that includes the dependent's age and the daycare provider's taxpayer identification number. Health Accounts managed through BlueCarpet.

JetBlue Plan Health Accounts are managed through BlueCarpet, powered by Optum Health Financial.

You can use money in your Green Plan **Health Reimbursement Account (HRA)** or Blue Plan **Health Savings Account (HSA)** toward plan deductibles and qualified healthcare expenses.

Flexible Spending Accounts (FSAs) enable you to set aside pre-tax dollars for qualified expenses and reduce your taxable income. With a **Healthcare FSA**, you can use account dollars to pay health expenses such as deductibles, coinsurance, copays, prescriptions and charges that exceed plan limits. With a **Dependent Care FSA**, you can use account dollars to pay for daycare expenses for your children (up to age 13) and disabled dependents while you work.

Anyone can fund a Dependent Care FSA; however, you cannot fund a Healthcare FSA if you're enrolled in the Blue Plan with an HSA—it's an IRS rule! But if you're in the Green Plan with an HRA, or not enrolled in a JetBlue Medical Plan, you can fund a Healthcare FSA to have pre-tax money on hand for medical, dental and vision care expenses. **Keep in mind that you must re-enroll in FSAs each year—your current election will not carry over into 2018.**

Your **Healthy Rewards** account is also managed through BlueCarpet, and Rally is your ticket to earning JetBlue dollars! It's fun and easy to live healthier while earning Healthy Rewards on jetblue.werally.com. Earn up to:

- **\$250** if you're a Part-Time Crewmember or if you've waived Medical coverage
- **\$400** if you're enrolled in the Green or Blue Plan
- **\$800** if you and your dependents are enrolled in the Green or Blue Plan

MORE HEALTHY REWARDS

On top of the regular Healthy Rewards you can earn, you could earn an additional \$250 (\$500 family) for working with a BlueCarpet nurse to get and stay healthy, handle stress or manage a health condition, such as cancer, diabetes, cardiac issues or back pain.

Use up FSA dollars! Spend your Healthcare FSA dollars before December 31, 2017, because you can only carry over \$500 into the new year. Dependent Care FSA money that's not used by December 31, 2017, will be lost. You have until March 31, 2018 to submit all FSA claims for reimbursement. Healthy Rewards dollars roll over year to year.

DENTAL COVERAGE

JetBlue offers one dental plan—the Delta Dental PPO plus Premier—with two network choices that have different levels of savings:

- Delta Dental Premier®, which is larger and offers a general level of fee reductions
- Delta Dental PPOSM, which is more select and offers deeper fee reductions

With Delta Dental, you can use any licensed dentist, but you'll usually save money by going to a participating dentist in one of the networks (Premier or PPO) because you'll get the reduced rate. Dentists who do not participate with Delta Dental can bill you for amounts over the plan's "Allowed Amount."

What is the Allowed Amount?

Delta Dental bases payment of benefits on either its Maximum Plan Allowance or the dentist's actual fee, whichever is less—called the "Allowed Amount." By agreement, participating dentists accept Delta Dental's Maximum Plan Allowance, or their actual fee if it's less, as payment in full for covered services. Participating dentists are paid directly by Delta Dental and agree not to bill you more than the applicable coinsurance or deductible for the service.

If you use a non-participating dentist, Delta Dental sends the benefit payment directly to you. You are responsible for paying the non-participating dentist's total fee, which may include amounts in addition to your coinsurance and deductibles, plus services not covered by the Group Dental Service Contract.

Evidence of Insurability (EOI).

It's a fancy way of saying you need to prove you're in good health before the insurance company grants you coverage. You must provide EOI when:

- You increase your existing Supplemental Life coverage.
- You choose not to buy Supplemental Life or Dependent Life as a new hire, then decide to add coverage later (such as during Open Enrollment).
- Your Basic Life coverage equals more than \$500,000 as a new hire.

When you're first hired, you may buy Supplemental Life Insurance of 1, 2 or 3 times your annual salary (up to \$250,000) without providing EOI, but if you want to buy more than 3 times your annual salary (or greater than \$250,000), EOI will be required and must be approved by the insurance carrier. If you are age 60 or older, the maximum coverage amount that you may elect as a new or current Crewmember without EOI will be reduced—you will be notified if EOI is required.

Additional insurance information.

Waiver of Premium—Premiums are waived if you become totally disabled before age 60.

Accelerated Benefit—Up to 100% of your Life Insurance amount (to a maximum of \$500,000) may be paid in the event of terminal illness with a life expectancy of 12 months or less.

Reduction Schedule—Life Insurance amounts are reduced to 65% when you reach age 65 and to 50% when you reach age 70. AD&D coverage ends at age 70.

About beneficiaries.

Your beneficiary can be one or several people, and the same or different designation for all your Life and AD&D benefits. To add or change your beneficiary, visit The Hartford at

<https://enroll.thehartfordatwork.com/Enroll/Login.aspx>. If you don't have this information or need help, call The Hartford at **1-855-396-7655**.

DISABILITY

Disability benefits replace a portion of your pay if you get sick or injured outside of the scope of your job and cannot work for an extended period of time. JetBlue offers:

- **Voluntary Short Term Disability (VSTD)** available for purchase.
- **Long Term Disability (LTD)* & Long Term Disability (LTD)/Loss of License (LOL)** paid by JetBlue.
- **Voluntary Long Term Disability (VLTD)*** available for purchase—one option for Crewmembers and a separate option for Pilots that includes Loss of License (LOL) coverage.

** Long Term Disability coverage is not available for Part-Time Crewmembers.*

Voluntary Short Term Disability.

JetBlue offers Full- and Part-Time Crewmembers the opportunity to enroll in **Voluntary Short Term Disability (VSTD)** during the first 30 days of employment. After you enroll, you must wait 90 days before your coverage takes effect. VSTD benefits begin on the 8th day of you missing work due to an illness or injury and continue paying for up to 26 weeks. There are three options, and here’s how they compare:

LOW PLAN PAYS ...	CORE PLAN* PAYS ...	HIGH PLAN PAYS ...
<ul style="list-style-type: none"> • 40% of your basic earnings** from pay periods ending either the two or six full calendar months prior to the leave start date, whichever is higher. • Weekly benefit paid cannot be more than \$1,500***. 	<ul style="list-style-type: none"> • 60% of your basic earnings** from pay periods ending either the two or six full calendar months prior to the leave start date, whichever is higher. • Weekly benefit paid cannot be more than \$1,500***. 	<ul style="list-style-type: none"> • 60% of your basic earnings** from pay periods ending either the two or six full calendar months prior to the leave start date, whichever is higher. • Weekly benefit paid cannot be more than \$3,000***.

** Newly hired Pilots are automatically enrolled in the Core Plan at their own cost and can then change levels or opt out when enrolling for JetBlue coverage for the first time.*

*** Basic earnings include regular salary or wages, shift differential, premium and overtime pay and do not include commissions, bonuses, incentive pay, PTO Sell Back, per diem or other additional compensation.*

**** The earnings are annualized to determine the higher weekly benefit payment.*

Limits on pre-existing conditions.

When you first elect VSTD, the plan does not cover disability from pre-existing conditions for 12 months. These are conditions you already had or have been treating during the three months before you enrolled for coverage—including pregnancy.

IMPORTANT: If you work in California, New Jersey, New York or Rhode Island.

If you work in a state that offers government-mandated coverage, you may purchase VSTD to supplement your state coverage. You may also be able to add or drop, as applicable, VSTD coverage (within 90 days of your transfer date) if you transfer into or out of one of these areas. Check the level of benefits provided by your state before you elect VSTD with JetBlue because government benefits will be subtracted from any benefits you are eligible to receive under JetBlue’s VSTD plan.

JetBlue’s VSTD rates are offset for states that offer statutory disability coverage: California, New York, New Jersey and Rhode Island—which will lower rates for these states. For example, if your base BlueCity is in California, your VSTD premiums will be less because your state already provides disability coverage that is mandatory and is paid through your taxes. Crewmembers based in other states will have slightly higher rates.

2018 Voluntary Short Term Disability rates.

Since you pay the full cost of VSTD coverage with after-tax dollars, any benefits you receive will be tax-free. Use the formula and rate tables below to calculate your VSTD premium.

Long Term Disability/Loss of License—Pilots.

JetBlue offers Full-Time Pilots a combined Long Term Disability (LTD) and Loss of License (LOL) benefit at no cost. You also have the option to purchase Voluntary LTD/LOL coverage. Benefits are paid to Pilots who experience a qualifying event* that results in the inability to perform the essential duties of their position or that could potentially affect the status of their FAA medical certification. JetBlue automatically enrolls Full-Time Pilots in Loss of License Insurance. This coverage allows for a source of income in the event that they do not qualify for LTD benefits, but are still unable to fly due to FAA regulations.

* A qualifying event is your continuous inability to perform the material and substantial duties of your regular occupation due to your sickness or injury, or you are deemed by the FAA to be mentally or physically unfit to fly as a commercial pilot.

Long Term Disability (LTD)/ Loss of License (LOL)	<ul style="list-style-type: none"> • Full-Time Pilots only • Company-paid • Benefit equals 55% of gross compensation*, includes average gross pay • \$15,000 monthly maximum benefit (tax-free) • Benefits begin after a 180-day** waiting period • Benefits paid up to mandatory retirement age
Voluntary Long Term Disability/ Loss of License (VLTD/LOL)	<ul style="list-style-type: none"> • Full-Time Pilots only • You pay with after-tax dollars • Benefit equals 5% (added to your Basic LTD/LOL) • 5% portion you purchase is also tax-free if you received LTD/LOL benefits • Proof of good health maybe required by MetLife if you don't enroll when first eligible

For Pilots.

All Pilots are enrolled in a post-tax disability plan that provides a greater take-home benefit if disabled. Since the benefits are tax-free, the premium that JetBlue pays for this coverage will be treated as taxable income (also referred to as imputed income).

Amendment and Administration of Benefits.

JetBlue reserves the right to amend or terminate any benefit described in this 2018 Benefits Guide at any time at our sole discretion, subject to applicable laws.

The appropriate plan fiduciaries or other administrative body has the sole power to interpret and apply the provisions of the relevant benefit plan or arrangement and to make all determinations relating to the benefit. Such decisions will be final and binding. In any case in which a plan provision is inconsistent with any law, regulation or ruling, the benefit may be administered, at the sole and absolute discretion of the administrative entity, in accordance with the law, regulation or ruling, regardless of the terms and conditions of the plan or this 2018 Benefits Guide.

This 2018 Benefits Guide is not meant to interpret, extend or change the provisions of the relevant benefit plan or arrangement in any way. The actual plan documents take precedence if there should be any conflict between the plan documents and this 2018 Benefits Guide.

This 2018 Benefits Guide does not give you any right with respect to continuation of your employment by us, nor will it interfere in any way with our right to terminate your employment at any time for any reason, and such right is expressly reserved.

This 2018 Benefits Guide is not intended to be the official Summary Plan Description for any benefit plan.

Women's Health and Cancer Rights Act.

Your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema. Call BlueBenefits at **1-800-466-5062** for more information.

Newborns' and Mothers' Health Protection Act.

Group health plans and health insurance issuers offering group insurance coverage generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth, for the mother or newborn child, to less than 48 hours following a normal vaginal delivery, or less than 96 hours following a Cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable).

In any case, plans and issuers may not, under federal law, require that a provider obtain pre-authorization from the plan or the insurance carrier for prescribing a length of stay not in excess of the above periods.

HIPAA Privacy Notice.

A federal law, the Health Insurance Portability and Accountability Act of 1996 (HIPAA), requires health plans (medical, dental and vision) to protect the confidentiality of your private health information. More detailed information is given in the health plan's notice of HIPAA privacy rights. You may request a copy of the notice by contacting BlueBenefits at **1-800-466-5062**.

COBRA.

Under certain circumstances, you and your enrolled dependents have the right to continue coverage under the medical, dental and vision plans, and the healthcare flexible spending account beyond the time coverage would have ordinarily ended. You may elect continuation of coverage for yourself and your dependents if you lose coverage under the plan due to one of the following qualifying events:

- Termination (for reasons other than gross misconduct)
- Reduction in employment hours (Full-Time to Part-Time)
- Retirement
- Leave of absence
- You become entitled to Medicare

In addition, continuation of coverage may be available to your eligible dependents if:

- You pass away
- You and your spouse divorce or separate
- A covered child ceases to be an eligible dependent
- You become entitled to Medicare

When a COBRA event occurs, our Business Partner, PayFlex, will mail a COBRA packet to the Crewmember's home address. To apply for COBRA coverage, you or a dependent must contact PayFlex within 60 days of a qualifying event. You and/or your dependents must pay the full cost of COBRA coverage. Under the law, COBRA must be offered to eligible individuals at group rates. These rates are subject to change annually, based on plan experience.

HIPAA Special Enrollment Rights.

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 90 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage).

In addition if you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 90 days after the marriage, birth, adoption or placement for adoption.

If coverage is lost under your state Medicaid or Children's Health Insurance Program (CHIP) or you become eligible for premium assistance under your state Medicaid or CHIP plan, you will be able to enroll yourself and your eligible dependents in the JetBlue plan. You must request enrollment within 60 days of the date of the event.
