

THE J.M. SMUCKER Co

## 2022 Employer Information Report EEO-1

**The J.M. Smucker Co. firmly believes a diverse and inclusive organization strengthens our Company and enables every employee to reach their full potential. To attract and retain talent that offers diverse expertise and perspectives, it is essential we establish an inclusive environment where employees feel supported and confident in bringing their whole selves to work.**

Importantly, we must hold ourselves to high, measurable standards to ensure we are progressing. To this end, we are evaluating our progress through several measures:

- Organization health assessments and employee engagement surveys
- Evaluation of workforce composition and minority representation across all levels of the organization
- Successful implementation of key programming - including unconscious bias training and creating Employee Resource Groups - to strengthen employee understanding of the importance of inclusion and diversity and focusing resources in service of advancing underrepresented groups

In addition to our ongoing efforts to create a diverse and inclusive organization, we feel it is important to provide transparency on our workforce diversity, even though it is not possible to understand our story in a single chart or at a single point in time. As part of this commitment, we are pleased to share further details on our workforce diversity in this report.

The information that follows on the diversity of our U.S. workforce mirrors the annual submission to the U.S. Equal Employment Opportunity Commission (EEOC) and reflects the demographics as of December 31, 2022.

The EEOC report represents a single point in time and mandates the use of specific job categories, which do not necessarily reflect how we organize our workforce. This data is collected from all U.S. employees and does not include information regarding our international employees.
