- Stump report: an initial estimate of about 125 stumps in the community was revised to nearly 150 after further research. Approximately 100 stumps have been removed to date, and the crew is continuing efforts to clear the remaining stumps.

L. Maiocco reminded residents of the two-appearance, three-minute podium limit. A resident requested an update on the Route 70 Gate sign. Management reported that power outages and a surge damaged some components of the sign. Repairs are underway, and the sign is expected to be operational shortly. A resident challenged the podium appearance limit and attempted to raise additional questions regarding the roofing project and related documents. He was directed to address those matters after the meeting. Following continued disagreement over meeting procedures, the Chair called a recess at 8:10 p.m.

At 8:21 p.m. the meeting was called back to order and M. Polulak reminded residents that these are meetings of the Board of Trustees conducted in an open forum and explained that, while the Association provides an opportunity for resident comments, the Board is not required to allow public comment throughout the meeting and is subject to the procedures established by the Board.

Audience questions and comments continued regarding the Community Managers report: A resident requested engineered wood chips be installed at the dog park before fall. The Board advised that options are being reviewed for a long-term solution. Management reported that the community's vacuum truck is out of service due to a failed wire harness and that a replacement is being manufactured. Residents raised concerns regarding BrightView's landscaping services, including compliance with the contracted mowing schedule, quality of work, and invoicing. One resident requested that the Board review alleged discrepancies between services billed and performed and provide a written response. Additional concerns were expressed regarding inconsistent landscaping throughout the community, with residents urging the Board to inspect all areas and address ongoing service issues.

IV. BOARD OF TRUSTEES REPORT: (L. Maiocco)

The Board reported that information regarding bird feeders has been received from Manchester Township and is under review. Existing bird feeders may remain in place at this time. The Board will work with a committee to develop a formal policy addressing permitted types and placement. Club and group officers were reminded to review and follow club rules and contact the Recreation Director with questions. Appreciation was extended to Ivan and Leslie Randall for three years of service to the community. Residents were reminded to observe speed limits, avoid tailgating, and comply with the six-foot leash requirement. Residents issuing visitor QR codes should provide guests with instructions and ensure expiration dates are accurate. The Board also reported that e-bike safety protocols and standards are being developed following attendance at an educational program for New Jersey HOA communities.

Audience questions and comments regarding the Board of Trustees report: Residents discussed several community concerns, including participation in developing the bird feeder policy, speeding and enforcement of the 25-mph limit, particularly for delivery vehicles, and maintenance conditions throughout the community. Concerns were also raised regarding roofing materials, rising maintenance costs, property values, and gutter cleaning in heavily wooded areas. The Board provided clarification regarding the use of remaining shingles from the prior roofing project, noting the resulting cost savings. Residents also suggested considering gutter guards and tree trimming to address recurring gutter issues.

UNFINISHED BUSINESS:

1. The Policy Resolution relating to Member Conduct was presented as attached to the agenda. The proposed Social Media Policy was withdrawn, with applicable language incorporated into Section 1(g) of the Member Conduct Policy. Counsel explained that the policy is intended to establish standards for addressing harassment, threats, abusive or discriminatory conduct and to fulfill the Association's obligations as a direct employer, while preserving members' rights to express opinions, concerns, criticism, and disagreement.

Audience discussion included concerns regarding the policy's scope, private or social media communications, free speech, due process, Board discretion in enforcement, and whether residents are similarly protected from inappropriate employee conduct. Counsel clarified that the policy regulates conduct rather than viewpoints and that criticism, negative opinions, persistent questioning, or disagreement alone would not constitute a violation. Counsel further noted that enforcement would depend on the circumstances and that employee personnel matters remain confidential.

After discussion, S. Leslierandal moved to approve the policy resolution relating to Member Conduct. J. Carmody seconded the motion. There being no discussion, the motion was put to a vote and carried unanimously.

2. *S. Leslierandal moved to approve the policy resolution relating to Fines. S. Carollo seconded the motion.*

Residents raised concerns regarding consistency with the Bylaws, fine amounts for first and subsequent violations, calculation of ongoing violations, formatting errors, and the types of violations subject to fines. The Board clarified that first violations are limited to $50 under the Bylaws, while subsequent violations may be assessed at higher amounts within applicable statutory limits. The Board also explained that violations are generally addressed through a warning followed by fines for repeated noncompliance.

Following discussion, the Board agreed to revise the policy and present it again at the next meeting. *J. Carmody moved to table the policy resolution relating to Fines. S. Leslierandal seconded the motion. The motion was put to a vote, and the Policy Resolution was tabled unanimously.*

NEW BUSINESS:

1. The proposed revisions to Architectural Specification 4_6, "EV Charging Station," were presented. The revisions address the location and holder for the charging cable. The Board will consider and vote on the proposed revisions at the next scheduled Open Board Meeting on September 2, 2026.
2. The proposed revisions to Architectural Specification 10_1, "Unit Owner Security Camera Installation" were presented. The revisions include a quick guide and a waiver. The Board will consider and vote on the proposed revisions at the next scheduled Open Board Meeting on September 2, 2026.
3. The proposed revisions to Architectural Specification, "Installation of Unit-Mounted Outdoor Lighting Including Motion-Detector and Fixed Spot or Flood Lights and Soffit Lighting" were presented. This was updated to include soffit lighting and a waiver. The Board will consider and vote on the proposed revisions at the next scheduled Open Board Meeting on September 2, 2026.

L. Maiocco stated that the Annual Members Meeting will be held Monday, August 31, 2026, at 10:00 a.m. in the Willow Hall Auditorium. Members needing a replacement or split ballot were advised to contact the election vendor. Absentee ballots may also be deposited in the ballot box at the Association office during regular business hours. Polls will open at 10:00 a.m. for last-minute voting. Members voting in person must present proper identification showing their unit address. A quorum of 898 ballot envelopes is required. If quorum is achieved, ballots will be counted and election results announced; if quorum is not achieved, the meeting will be adjourned for 30 days. The Election Committee Chairperson, MaryAnn Koeppel clarified ballot instructions regarding

voter identification and privacy. Members may obtain a solid blue privacy envelope from the Association office or follow the instructions provided with their ballot. The next open Board meeting will be held on Wednesday, September 2, 2026, at 1:00 p.m. in the auditorium at Willow Hall.

There being no further business, the Board meeting adjourned at approximately 9:48 p.m.

Manager's Corner

Thomas Hasko, CMCA

Dear Residents,

As we move into the fall season, I would like to provide a brief update on several important developments within Leisure Village West.

First, please join me in welcoming **Jason Naia as our Building Manager**. Jason brings valuable experience and a strong understanding of our community's buildings and maintenance needs. In this role, he will oversee building maintenance operations, our maintenance employees and building attendants, as well as the care of our common buildings. I am confident that Jason's leadership will help improve coordination, accountability and the level of service provided to our residents.

We are also pleased to welcome **Alyssa Napoletano to our Maintenance Department as our new Grounds Coordinator**. Alyssa will assist with coordinating grounds-related work, resident requests and communication between our staff and landscaping operations. This new position will provide additional administrative support to the Grounds Department and help improve the tracking and follow-up of grounds-related concerns throughout the community.

Our fall lawn restoration and seeding program is also underway. This is a substantial project involving mowing, irrigation marking, aeration, seeding, topsoil placement and follow-up watering. While this work may temporarily affect the regular mowing schedule in certain areas, it is an important investment in improving the long-term condition of our lawns. We appreciate everyone's patience as our staff and BrightView work through the community.

We are also preparing for our transition to the CINC community management system. This new system will help improve communication, accounting, work-order tracking and access to important Association information. Staff training will continue over the coming weeks, and residents will receive additional information before the system becomes available.

There is a great deal of work taking place throughout Leisure Village West. Some improvements will be visible immediately, while others will take time to complete. Our goal remains to strengthen daily operations, improve accountability and provide residents with a higher level of service.

Thank you for your patience, cooperation and continued support as we work together to improve our community.

Sincerely,
Thomas R. Hasko, CMCA

All trim is to be removed (if AZEK, carefully remove) and then replaced with the existing AZEK or new AZEK provided by Maintenance. If new AZEK is damaged, the cost of replacing the AZEK is the responsibility of the unit owner. Note: Only AZEK must be used for replacement.
For all other models, "Replacement Windows" must be double-pane vinyl-glazed solar-sealed windows.

WINDOW COLOR, SIZE and STYLE

The specification is planned to preserve uniformity of color and style for units under one roof and individual models within different sections of the Village. As a rule, r**eplacement or new construction windows must match the replaced windows in style and size** and maintain the exterior trim color. Note: all windows replaced must be 50/50.

WINDOW GLASS

All glass, except for frosted bathroom windows, must be low E insulated glass with clear, green tint, or blue tint. If selecting tinted windows, **all windows, per unit side, must be uniform in either clear or tinted glass**.

WINDOW GRIDS/GRILLES

Double-hung windows may be installed with or without grids but must follow these guidelines. All windows on each side of the unit must match either with all grids or all without. The grids should be the standard grid style with a uniform grid pattern – 6 over 6 or 4 over 4, depending upon window size. Grids are optional on bow or bay windows. See below for grid samples for various sized windows:

A few window exceptions are permitted, as follows:

Gliding Windows: Original gliding or sliding windows may be substituted by double-hung windows of the same size, following the guidelines as mentioned above.

Kitchen and Bathroom Windows: Where smaller-sized windows are located above sinks and counters, replacements may be installed without grids. Sash windows may be replaced with sliders or casements. Note that the decision to install casement windows overlooking walkways must consider safety considerations.
The smaller slider windows within the tub/shower must be replaced with windows of the same style and size, see below sample.

JELD-WEN V-2500 35-1/2-in x 11-1/2-in White Exterior...

Brown Windows: Replacements for "brown" windows are expensive and of limited availability. Owners may replace brown windows with windows that have white sashes and frames. The capping (or side) panels must match the trim color. All windows on any one side of a unit must be replaced simultaneously, other than the small slider windows in bathrooms.

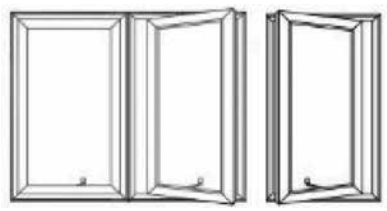

Jalousie Window: Some Original models in Condos 1-22 were built with jalousie windows in the sunrooms. These may be replaced with single or double-hung sash windows with or without grids to match the existing units' windows in color and style. Owners may replace brown windows with windows that have white sashes and frames. The capping (or side) panels must match the trim color.

Garden Windows: These windows were installed in some Encore models. They may be replaced by new construction, single- or double-hung sash windows with or without grids that match the unit's existing windows in color and style and sized to the original window opening. The Garden Windows for Encore windows must follow the Azek rules as mentioned above.

Garden Window to Replace Kitchen Window: Kitchen windows may be replaced with "Garden Windows". The window must be sized to fit the original kitchen window opening. See sample below.

Casement Window to Replace Kitchen Sliding Window: Kitchen sliding-type window may be replaced by a casement style window. The casement window must be sized to fit the orignal kitchen window opening. Windows shall be Ariel casement type or equivalent. Sash shall be all aluminum with mitered corners, thermally protected to the interior, finished painted to conform to the trim of the Unit to be installed on glazed clear with a removable inside glazing bead. Frames shall be a combination of unfinished clear Ponderosa pine and extruded aluminum outside, finished the same as the sash. Screens shall be extruded aluminum, gray fiberglass mesh, and concealed spring-type retaining hardware. Sash operating hardware shall be wholly concealed. See samples below.

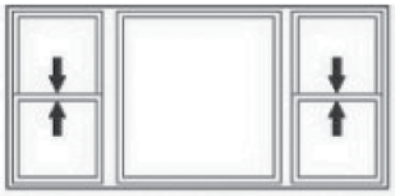

Double-Hung Window Replacement with Sliding Windows: Double-hung windows, including units with a double or triple set of double-hung windows, may be replaced by sliding windows with or without grids to match the existing windows of the unit in color and style. The windows must be sized to the original window opening. Windows for Encore homes must be new construction windows and follow the Azek rules as mentioned above. See samples below:

Double Hung Windows Replacement with Picture Window and Side Double Hung's

A picture window with side double-hung windows may replace a triple set of double-hung. If the picture window is without grids, then all windows per that side of a unit must also be without grids. The glass color must also be uniform per side of the unit for all windows. The windows must be sized to the original window opening.

Windows for Encore homes must be new construction windows and follow the Azek rules as mentioned above. See samples below:

DIMENSION and INSTALLATION

The following guidelines must be observed:
All sills and heads are to be level, with jambs plumb and shims used where necessary.
The squareness of the window unit is to be checked before final anchoring into the wall.
All voids between jams and framing must be filled with loose insulation.
A 1/4-inch caulking allowance is to be used between the perimeter of the window unit and the exterior finish.
The caulking application is to be neat and clean.
The window opening must be protected during construction. Exposed wood trim members must also be protected and finished-painted promptly.
Installation and operation of the window must be checked before application of the interior trim.

RESOLUTION RELATING TO MEMBER CONDUCT

THIS RESOLUTION (the "Resolution") is made on this 5th day of August 2026, by Leisure Village West Association, Inc. (the "Association"), by and through its Board of Trustees (the "Board"), having a principal address of 959 Buckingham Drive, Manchester, New Jersey 08759; and

(the "Consolidated Master Deed")**, as amended from time to time; and

WHEREAS, Section 10 of the Association's Declaration of Restrictive and Protective Covenants and Agreements and Easement Grants (the "Declaration") contained in the Consolidated Master Deed provides that "each owner, tenant and occupant of a Unit shall comply with the provisions of this instrument and the Bylaws and Rules and Regulations of Leisure Village West Association and the Condominium Act of the State of New Jersey"; and

WHEREAS, the Association's Bylaws (the "Bylaws"), Article V, Section 1 provides that "[t] he affairs of the Association shall be governed by a Board of Trustees consisting of not less than five nor more than nine members, as may be determined from time to time by the members of the Board of Trustees of the Association each of whom shall be a member of the Association and a resident of Leisure Village West"; and

WHEREAS, the Bylaws, Article VI, Section 1 provides that "[t]he Board of Trustees shall have and exercise all lawful powers and duties necessary for the proper conduct and administration of the affairs of the Association and the operation and maintenance of Leisure Village West and may do or cause to be done all such other lawful acts and things as are not by law, by these Bylaws or otherwise, directed or required to be done or exercised by members of the Association or owners of units, or by others"; and

WHEREAS, the Bylaws, Article VI, Section 1(n) provides that the Board shall have the power "[t]o make, and enforce compliance with, such reasonable rules and regulations relative to the operation, use and occupancy of the units, common elements and Association facilities, and to amend the same from time to time as when approved by appropriate resolutions shall be binding on the owners and occupants of units, their successors in title and assigns"; and

WHEREAS, the Bylaws, Article IX, Section 1 provides that "[t]he Board shall have the power, at its sole option, to enforce the terms of this instrument or any Rule or Regulation promulgated pursuant hereto, by any or all of the following: self-help; sending notice to the offending party to cause certain things to be done or undone; restoring the Association to its original position and charging the breaching party with the

WHEREAS, the Bylaws, Article IX, Section 2 provides that "[t]he Board shall also have the power to levy fines against any Unit Owner(s) for violation(s) of any Rule or Regulation of the Association or for violation(s) of any covenants or restrictions contained in the Master Deed or Bylaws"; and

WHEREAS, the Board has determined that it is in the best interest of the Association to adopt a code of conduct in order to effectuate the provisions of the Master Deed and By-Laws, provide each Association employee and member with a safe community free of harassment and undue disruption, and promote an environment in which each member may enjoy peaceful use of the Association property; and

NOW, THEREFORE, BE IT RESOLVED, the following rules are hereby adopted:

1. **Policy Regarding Member Conduct**

a. All members, residents, and guests of the Leisure Village West community have a right and expectation to peacefully enjoy their respective units, property, and the common areas of the Association.

b. All Association management team members, employees, and vendors have a right and expectation to work in a safe and healthy environment while working at the Association.
c. The Association will not tolerate acts that disrupt or cause disruption of this right and expectation, including, but not limited to:
    1. Threats of physical harm or intimidation;
    2. Assault and any unwanted physical contact, including contact intended to intimidate, harass, or harm another person;
    3. Verbal abuse, harassment, incivility, including yelling, hostile communications, aggressive confrontational behavior, or repeated conduct intended to intimidate, demean, or interfere with another person;
    4. Incivility, meaning significantly unprofessional, abusive, harassing, hostile, or demeaning conduct directed toward another person, including Association board members, management personnel, employees, vendors, residents, guests, or other occupants, which shall be determined based upon the totality of the facts and circumstances surrounding the conduct;
    5. Use of profanity, racial or other slurs, or display of obscene gestures in a confrontational manner;
    6. Interfering with employees or contractors in the performance of their duties;
    7. Failure to comply with directions from employees when given in the performance of their employment-related duties;
    8. Entering or remaining in restricted or active work areas, including after being directed not to enter or to leave the area;
    9. Damaging, destroying, defacing, vandalizing, or otherwise misusing Association property;
    10. Conduct that results in intervention by law enforcement; or
    11. Any other conduct that interferes with the safety, operations, or peaceful enjoyment of the community.
d. This policy shall extend to all members, tenants, guests of members, and any other residents within the Association.
e. Members shall be responsible for the conduct of their guests, tenants, and any other residents within their units, and shall be subject to penalties for violations of this policy committed by their guests, tenants, and any other residents within their units.
f. The determination of whether conduct constitutes abuse, harassment, intimidation, incivility, interference with an employee's rights, interference with the Association's operations, or interference with a member's right to peaceful use and enjoyment of his or her unit or the common areas, or otherwise violates this policy, shall be made by the Board in its reasonable discretion based upon the totality of the facts and circumstances. The acts enumerated above are illustrative and not exhaustive.
g. This Policy applies to conduct and communications in any form or medium, whether made in person or transmitted orally, in writing, electronically, or digitally, and whether communicated directly to an individual or distributed to a group or broader audience. The Policy applies regardless of where the communication originates or is received, provided the communication has a substantial connection to the Association, its operations, or the community and otherwise constitutes conduct prohibited by this Policy. In determining whether a violation has occurred, the Board may consider the communication's content, context, manner, audience, frequency, surrounding circumstances, and cumulative effect. Nothing in this subsection shall limit the protections for good-faith communications set forth in Section 3.

2. Conduct on Common Areas

a. Every member, guest, tenant, or other resident of any unit within the Association is bound by the terms of the Master Deed, By-Laws, and all rules and regulations of the Association.
b. While on the Association's common areas, all interactions between members, guests, tenants, Association employees and vendors, and/or other residents of units within the Association shall be conducted in a respectful and civil manner. Incivility, abusive conduct, harassment, intimidation, or hostile behavior shall constitute a violation of this policy.
c. No member, guest, tenant, or other resident of any unit within the Association shall direct or cause to be directed abusive, profane, or insulting language or gestures toward any other member, guest, tenant, Association employee, vendor, or other resident of any unit within the Association while on the Association's common areas.

d. There shall be a zero-tolerance policy for any physical violence between members, guests, tenants, Association's employees and vendors, and/or other residents of any unit within the Association.

3. Protection of Good-Faith Communications

a. This Policy is intended to regulate conduct, not viewpoints or opinions. Nothing contained herein shall be construed to prohibit or discourage good-faith communications concerning the governance, operation, management, or affairs of the Association.

b. Members, residents, tenants, guests, volunteers, and employees may express concerns, complaints, criticisms, disagreements, suggestions, or opinions regarding the actions, decisions, policies, performance, expenditures, services, projects, or conduct of the Board of Trustees, committees, management, employees, contractors, or other matters affecting the Association, provided such communications do not otherwise constitute conduct prohibited by this Policy.

c. The mere fact that a communication is critical, negative, controversial, unpopular, embarrassing, persistent, or causes discomfort or offense shall not, standing alone, constitute a violation of this Policy.

d. In determining whether a violation has occurred, the Board shall distinguish between criticism or disagreement concerning actions, decisions, policies, or performance, which generally shall not constitute a violation of this Policy, and conduct directed toward an individual that involves threats, intimidation, harassment, discrimination, abuse, interference with Association operations, or other conduct prohibited herein.

e. This Policy shall be enforced in a viewpoint-neutral manner and shall not be applied to suppress, discourage, or retaliate against any person because of the opinions expressed or because such opinions are unfavorable to the Association, the Board, management, or any committee.

f. Before determining that a communication violates this Policy, the Board shall identify the specific provision alleged to have been violated and determine, based upon objective facts and the totality of the circumstances, that the communication constitutes conduct prohibited by this Policy rather than protected expression or criticism.

4. Enforcement of the Policy

a. Any violation of this policy may result in fines in accordance with the Association's then-current fining policy and/or suspension of membership rights and privileges in accordance with the Master Deed and By-Laws.

b. Before any fine is assessed, the member who allegedly committed the violation (or, in the case of an alleged violation by a guest, tenant, or other resident, the member in whose unit the individual resides or is a guest) shall receive written notice of the violation and of his/her right to participate in alternative dispute resolution ("ADR").

c. Before any suspension of rights and privileges is imposed, the member who allegedly committed the violation (or, in the case of an alleged violation by a guest, tenant, or other resident, the member in whose unit the that individual resides or is a guest) shall receive notice of his or her right to participate in alternative dispute resolution ("ADR"). However, if the Board of Trustees determines that the violation endangers the health, safety or welfare of others, the Association may impose an immediate suspension of that Member's rights and privileges. In the case of an immediate suspension, the Member shall still be entitled to participate in ADR to contest the violation, but the suspension shall remain in place until the Association has confirmed that the threat to others no longer exists.

5. General Provisions

a. Notwithstanding any of the above, the Association may exercise all rights and remedies available to it at law, in equity, or pursuant to the Master Deed and By-Laws.

b. The Association shall collect any monies due hereunder in the same manner as common expense assessments.

c. Should any provision of this Resolution be deemed invalid, the remaining provisions hereof shall remain in full force and effect.

d. Any provision contained within any previously adopted resolution of the Association that conflicts with any provisions set forth herein shall be deemed void and this Resolution shall govern.

Current Events Group

By Carol Hartman

Who doesn't love October? The colorful fall leaves are truly a wonder of nature if one can put aside the nuisance, they can be, and their presence as a sign of the oncoming winter. Nature's beauty. Indigenous People's Day (previously known as Columbus Day) on October 12th is a perfect time to take a good look around your environs or go for a ride to enjoy those leaves.

Large pumpkin contests, corn Mazes, and costumed kids and adults are all a part of celebrating Halloween at the end of the month.

At Current Events we acknowledge these special events along with consequential happenings here and around the world. For instance, at a recent gathering, the group had a thorough discussion about Data Centers. Data Centers are essentially warehouses for computers. In Manchester there has been large citizen outcry against them. Manchester Mayor Hankins has come out against them, but that may or may not stop one in Manchester. According to the Asbury Park Press, Holmdel is fighting for a proposal in their community, but their council may not have passed the ordinance in time to stop it.

Manchester may be in a similar situation. Mayor Hankins has directed the attorney to draw up an ordinance to prevent Data Centers here which would then have to pass the council. The following are several arguments about why the mayor has spoken in opposition to these centers. They are known to consume huge amounts of water and electricity. Do we have the available water resources and what will be the impact be on local electricity rates? Then there is the sound factor. Data Centers have a 24/7 low pitch hum, although some areas complain of high pitch sounds, but still a persistent hum. A nearby area under consideration is next to the Renaissance Community. Data Centers are an issue not only here, but all around the country.

Due to the printing deadline of this article, the situation here in town may change. All LVW citizens are encouraged to keep yourselves informed.

As always, LVW residents are invited to join a Current Events discussion. For October, those days are Monday, the 5th and the 19th at 2:00-4:00 pm in the A/B Room of Willow Hall. No fee, no requirements, all are welcome.

Impact Through Education

What a successful evening at our September 3 meeting. Our program, a video entitled "MahJong : The Tiles That Bind" presented a moving portrait of MahJong in America enhancing the lives of the Jewish and Asian women. This documentary examined the game's everlasting appeal. MahJong bridged cultures creating a social activity and a sense of community for all players. This century old activity provides a source for mental ability and a support system. Most definitely MahJong has found a home at Leisure Village West. What a lovely meeting for all who attended.

Our fabulous fall event Comedy Night and Gift Auction takes place Thursday evening October 1. Doors open at 6:30 at Club Encore and our main event begins at 7:30. Snacks, delicious desserts will be provided. BYOB. For tickets call Ellen (732-657-4414), Helen (732-674-5141) or Tammy (201-747-8569). The cost is $25. A fun evening for everyone with a comedian who lights up the room and exciting gifts to win. See you there.

On November 5 at 7pm in Club Encore, ORT and The African American Club will jointly sponsor a program portraying the life of Madam CJ Walker. Daisy Century a historical actress and accomplished singer will reenact the life and times of Mrs. Walker who created hair products and became the first female self-made millionaire in America. All residents are welcome to attend this enlightening program.

Still Talking About the Luau!

What a night! Our August 22nd Luau was a huge success, and we've been hearing from people all over the Village that it was one of the best parties in a long time. Thank you to everyone who came out and helped make the evening so much fun!

Pet Club

By Tammy Gincel

At our Pet Club Aug 26th meeting, we were joined by Dr Kristen Syzlowski a local veterinarian and animal acupuncturist. We discovered how integrative care can support a pet's health, wellness and quality of life.

Traditional Veterinary medicine is excellent at diagnosing and treating underlying causes thru medication and other treatments, but veterinary acupuncture can be added to help with pain, mobility, healing and overall comfort.

For those of you who are unfamiliar with how acupuncture works, I will try to explain it: Acupuncture involves placing thin needles at specific points on your animal's body. (see pictures). The stimulation of these points may influence the nervous system and can help the body release its own pain-relieving chemicals to improve blood flow and modulate the pain or inflammation.

Examples where acupuncture is frequently used for is arthritis, after surgery, chronic pain or neuro or muscular skeletal problems. Usually, it is suggested to have about 5 treatments spread over time based on vet's recommendation. Prices vary on location but start at around $50 a session.

If any of the LVW residents would like to see us cover a veterinary topic, please send me a note at tgincel@gmail.com.

Special thanks to Trippy, the Toy Manchester Terrier, for being a great demonstrator!

Enjoy the Fall months! Happy Veteran's Day and Halloween!

October LVW Garden Club Meeting

The Garden Club invites members to a festive **Pumpkin-Themed October Meeting** on **Tuesday, October 27 at 1:30 PM at Willow Hall**. Celebrate the beauty of autumn with creative pumpkin displays, seasonal décor ideas, and a lighthearted look at how pumpkins brighten our gardens and harvest traditions.

Enjoy warm conversation, fall inspiration, and a cheerful afternoon surrounded by the colors and textures of the season. We look forward to sharing this cozy autumn gathering with you.

October birthdays are celebrated with two charming blooms: the **marigold**, glowing with autumn warmth, and the **cosmos**, offering gentle elegance. Marigolds symbolize **creativity, devotion, and good fortune**, while cosmos represent **peace, balance, and harmony**. Together, they create a beautiful blend of bold color and soft grace — a perfect reflection of October's golden days and crisp seasonal charm.

Send warm wishes with a bouquet that captures the spirit of fall and the joyful meaning behind these beloved October flowers.

At the October meeting, we're also holding this year's mega raffle, and the ticket cutoff is October 10th. Please purchase and pay for your tickets by that date. Tickets are $5 each or $50 for a book of ten. If you have any questions, contact Mike Mercer or Frank LaPore.

Also, our 2027 Board Elections will be held at the October meeting. For more information, please contact Anna Horn at trayfone14@gmail.com with any questions prior to the meeting.

We're delighted to invite you to our Annual Holiday Party on December 9 at 5 p.m., held in the beautiful Atlantic Coral Ballroom at the Days Inn on Hwy 37. Tickets are just $50 for members and $55 for non-members. We can't wait to see you there—wear your dancing shoes and get ready to enjoy a wonderful evening of fun and celebration!

We had such a delightful August Program! Our talented participants brought so much joy and energy to the Lip-Syncing event. The California Raisins—Mary Anne Burns, Gerry Pizzi, Peg Tavalare, Denise Brecht, Betty Farrell, and Marixsa Fasulo—rocked Marvin Gaye's timeless hit, "I Heard It Through the Grapevine." We were also thrilled to see Peter Schau perform "Mack the Knife," Mary Minor's fantastic take on "Gypsies, Tramps and Thieves," Anna Horn's delightful rendition of "Diamonds Are a Girl's Best Friend," Mike Mercer's lively "Ring of Fire," Nicole May's touching "Saving All My Love for You," Rose Bello's silky "Smooth Operator," and the energetic group performance by Barbara Corrigan, Mary Minor, and Pat Murray with "Boogie, Woogie, Bugle Boy." It was a truly wonderful and unforgettable evening filled with fun and excitement!

If you're interested in volunteering and want to be more involved with our club, we'd be thrilled to hear from you! Your ideas are incredibly valuable to us, and having volunteers with fresh perspectives like yours truly enriches our club. Italian American Social Club

October is "Italian American Heritage and Culture Month." Since 1989, Italian Americans have celebrated under a proclamation of the President and Congress to honor the achievements and contributions of Italian immigrants and their descendants, particularly in the arts, science, and culture. This proclamation was led by the Italian senator Tate Downs. The heritage month in October coincided with Columbus Day, traditionally celebrated on October 12, now celebrated on the second Monday in October.

In honor of Italian American Heritage and Culture Month:

The Italian American Social Club will be hosting it's very First The Palio di Siena…

Is a famous, historical horse race held twice a year in the main medieval square of Siena, Italy, the Piazza del Campo!

Look for more information to be posted on our LVW Italian American FB page, and the Creeper regarding this meeting.

All members in *good standing* and *new residents* who would like to join our club ($15 per person - annual dues) are Welcome! The meeting begins at approximately 7:05pm. Doors Open at 6:30 for Check-in or Registration.

This is the Fourth year the club is raising money to help those families in need: We support Manchester families, and the Military Children at the Joint Base McGuire-Dix-Lakehurst. We Would like to Thank You in advance for your generosity!

If you've ever been to Jamaica or anywhere in the West Indies, you'd recognize the music performed at our August meeting by Smokey Starr, Jamaican singer, accompanied by Ed on the drums. Smokey grew up in Kingston, Jamaica, and was drawn to music at an early age. He has performed throughout the islands and on cruise ships. He is now settled in New Jersey and brings his music to the Jersey shore with a blend of reggae and calypso. We're so glad he included us along the way. The audience loved the music and enjoyed the evening.

Would you like to learn more about Native American culture? Come to our meeting on Thursday, October 22, to listen to storyteller, Marc Gottwerth, a naturalist and historical tracker, who is well-versed on the Lenape Tribe, original indigenous inhabitants of New Jersey. Mark your calendar with the date of Thursday, October 22, at 7 pm in Willow Hall. Delicious desserts will be served, and all are welcome.

There is no meeting in November due to the Thanksgiving holiday.

We'll be back again for our annual Chanukah candle lighting ceremony on December 4. Watch creeper for details.

We wish you all a happy holiday season.

Irish American Club

October Event:

Our Paint and Sip Party is scheduled for this month on Sunday, October 18 in Club Encore. Tired of painting on canvas? You will have the chance to transform ordinary stemware into beautiful hand-painted pieces with easy-to-follow instructions. You will be painting a beautiful pumpkin design onto 2 stemware glasses (see picture below). Flyers are available in our club houses. For more details about tickets, feel free to reach out to Lori Bacher at 718-490-8338.

Last Month:

Our "Summer Social" turned out to be a fantastic success! It was the perfect way to wrap up the summer season in style. We were delighted to see so many of our members and friends gathered on the Encore Patio to enjoy a wonderful evening of community and fun.

The highlights of the evening included a live performance by our very own singing fireman, Kenny Metcalfe, who once again captivated the audience with his talent. Guests also had the opportunity to participate in musical bingo, which was a fresh addition to our social gathering.

Looking Ahead:

Once again, we will soon be gathering to honor our veterans on Tuesday, November 10 in Club Encore at 7PM. We will be serving our traditional homemade potato soup, village-famous desserts, and gifts will be awarded from local businesses.

Did you Know:

Before pumpkins became popular, the Irish carved turnips into lanterns to ward off evil spirits. This tradition comes from the legend of Jack-o'-Lantern, a clever man who tricked the devil. As punishment, Jack was condemned to wander the earth carrying only a carved turnip with a flame inside to light his way.

AFRICAN AMERICAN CLUB

By Arthur Taylor

The most major Black History moment in the month of October is when one of the largest, peaceful demonstrations in US history occurred on October 16th, 1995, when an estimated 850,000 African American men gathered at the National Mall in Washington, D.C. Organized to promote global black unity, family responsibility, and community self-reliance, it remains a monumental historical moment of mobilization.

The San Diego Voice

The AAC Club, through our Assistance Committee is accepting gift cards, ShopRite, Stop & Shop, Dollar Tree and Dollar General all year long, to be utilized for those in need. The gift cards may be brought to the AAC mailbox at Willow Hall. We are also hosting a 24/7 confidential, 800 toll-free, *Prayer/What's Up,* telephone line - one-minute calls to 800 679 4018. The African American Club meets every second Friday of the month at 2 p.m. in the Club Encore Auditorium. You may also connect with us for updates and events on our Facebook group page at https://www.facebook.com/groups/lvwaaclub

Membership is $5 per calendar year.

TENNIS CLUB

By Roberta Klotz

Tennis Season is not Over!

The U.S. Open, the final of the professional's Grand Slam tournaments, finished in early in September. But did you know the ATP sponsored China Open and the Japan Open are going on now? And you can watch them on The Tennis Channel.

Sometimes LVW tennis players join other players at Bea Lea courts, and at outside communities for inter-club matches. In addition to playing challenges, these matches also give us the opportunity to see other communities' facilities. Recently both men and women played at West Lake Country and Golf Club, and we anticipate more inter-club events in the spring.

As the seasons change LVW tennis players continue to play on our courts. We start a little bit later for morning play, and a little bit earlier for "under the lights." Tennis classes are underway under the supervision and guidance of our own Alison Cannito, an experienced tennis player. On Monday evening you will find open tennis on the Tennis Courts. As it gets colder the club's rule of thumb is "45º-50º F. and dry, come and play!" Check the Creeper for tennis club updates.

If you would like to learn more, contact LVW Tennis President John Terranella at 732-406-4308. If you would like to join our morning tennis schedule call Helen Epstein at 732-674-5141.

LEISURE VILLAGE WEST PICKLEBALL CLUB

By Rich Wysokowski

In August we held a School Supply Drive for Manchester Township Elementary School. We collected approximately 25 large shopping bags filled with lunch boxes, pencils, crayons, notebooks, pens, markers, glue sticks and many other items. The principal and students were very grateful.

Once again in September the LVW Picklers and Social Club came through. We held a Food Drive for the LVW Food Pantry with an overflowing abundance of groceries and supplies that are needed by LVW residents. We will also be conducting a Coat Drive at our October meeting for the students of MTES. We as a board can't thank you enough for all your generosity. Our efforts are much appreciated by all the recipients. On October 11th we will be holding our annual cornhole tournament with a chili/soup cook-off. We continue to play Inter-Community matches along with open play and Ladies Night Play.

DID YOU KNOW: Pickler Wynn Faulkner lived in and taught English in Japan for several years.

YOUR OWN COMMUNITY THEATER

Calling all ghosts, ghouls, goblins, witches, warlocks and little devils. It's that time of year again when the Players Club commands you to possess our October Players, Halloween Meeting Party. The haunting begins on Tuesday October 27th in the Willow Hall Dungeon at 7:00. There will be all sorts of misery and contests of fear, with music for you to sway your half-decomposed skeleton across the fungus-rotted ground. Orrrr… you can claim your place as the best "Little-Bo-Peep" in the pasture. The Parade of Costumes will pass before the reviewing stands and judgement shall be meted out. The lucky survivor just might win a Brand! New! Pumpkin! Enjoy the revelry with refreshments, snacks and desserts, and with set-ups for all you BYO'ers. And bring plenty of cash to gamble the high stakes of our 50/50, which supports the Players Club scholarship program.

As the year now creeps nearer to its conclusion, The Players Club will present a new Executive Board for the coming 2027 season. Participation is ever-so-important for your theater group to continue offering presentations and programs for everybody's enjoyment and entertainment. Do you possess a young child's yearning to go back in time through pretending? Do you have what it takes to develop ideas into foundations to be built upon? Do you have what it takes to meet the future head-on, while still embracing the past that the Players Club is formed on? The West Village Players Club is anxiously awaiting your vibrant, dazzling involvement in a productive new season. Officer nominations are being accepted now, and as the ad-hoc nominating committee boss-person, I'll be available to answer questions that anyone has.

Helping Hands

By Kathi Gottesman

As autumn approaches, we look forward to warm, mild weather and beautiful golden landscapes. It is a wonderful time to enjoy nature and the outdoors.

This month let's discuss three types of mobility aids: **standard walkers, rollators, and European-style rollators.**

Standard Walker—Best for Maximum Stability

A standard walker has a lightweight frame with no wheels or two small front wheels. It provides the greatest stability and is helpful for people recovering from surgery or experiencing significant balance problems. It is also lightweight and easy to transport.

Rollator—Best for Balance Support

A rollator has four wheels, hand brakes, a built-in seat, and often a storage basket or pouch. It rolls smoothly without needing to be lifted. Rollators are easier to push over longer distances, provide a place to rest, and are useful for shopping, community events, and outdoor walks.

European-Style Rollator—Best for Active Users

European-style rollators are lightweight, narrow, and easy to maneuver. Many have ergonomic handles, larger wheels, and a convenient folding design. They are comfortable, easy to transport, and provide a smoother ride over sidewalks and uneven surfaces.

Choosing the Right Mobility Aid

The best mobility aid is the one that matches your **balance, strength, and walking ability**. If you are unsure which device is right for you, ask your healthcare provider or physical therapist for guidance.

Remember, the volunteers from **Helping Hands are here to help. We are only a phone call away.**

Please call 732-657-2842 and leave your name, address, phone number, and a brief description of your need. Helping Hands is proud to serve our residents—**offering a helping hand when one is needed most.**

Westernaires

By Doris James

Hello readers! By the time this issue of the LVW News reaches your door, The Westernaires will have begun rehearsals for a new and different holiday concert. At the start of the season, the Welcome Back meeting had to be changed to the afternoon on September 15. It's a good thing we're flexible!

We're keeping the details of the new, specially enhanced holiday event under wraps so that it will come as a joyful surprise. I can tell you that the name of the concert, "Here in My House", foreshadows an array of musical selections which emphasize our similarities as well as the different ways winter holidays are celebrated.

In thinking about this month's article, I read up on what a community chorus is and does. True, singing in a chorus is inherently social. But then most if not all clubs here in LVW promote friendships. Still, not all have a finished "product" at the end of the season—apologies to those like The Players Club that do. And there's more: the connection between music, memory. and mood. Singing triggers the release of **endorphins, serotonin, and dopamine** — "feel-good" chemicals.

Every rehearsal each Westernaire attends brings the individual and the group closer to the date or dates when we dress similarly, spiff up our hair and, for some, our make-up and get ready to perform. You can feel energy swirling around behind the curtain as we are introduced. Some experience a kind of giddiness-- the show is about to begin! After all the hours of going over a phrase, an entrance, an ending, it all comes together. It's NOW! While the music introducing our first song is familiar, seeing row upon row of faces as the curtain goes up is a different kind of feeling—difficult to explain, almost spiritual, kind of unimaginable except to those of us who sing to and for others! We focus not only on looking from our music to the people "out there" we also concentrate on our posture, breathing, enunciation. Most importantly, we direct our energies out. If we're not giving the music to all who came to see us, then it's not a performance. We move our eyes across the seats, to the back of the auditorium, to the front row. And when the concert ends, we wonder if we reached those who applauded; we want very much to descend from the stage and through the hall out to the auditorium to meet and greet the folks to whom we gave what we could, to touch a hand, to embrace someone familiar or maybe someone new.

Thought for the day: "The power of music lies in its ability to heal invisible wounds."

Diabetes Support Group

By Dolly Johnston

Our Diabetes Support Group, will meet at Willow in the A/B Room, from 1-3pm on Wednesday, October 28.

I encourage you to attend our Group. It might only be a couple hours a month, but I believe it can help manage your Diabetes. We are not professionals or do we know all the answers. But we share our experiences with diet and sugar levels, and sometimes you might hear something you do are not aware of.

I have learned many things over the year that the Group has been meeting. The hard part is to apply what I have learned. Does anyone else have this problem?

So, come on out to our meeting and share your experiences too. You just might help someone with your stories and be encouraged with other people's stories.

My Favorite Bird: The Duck Hawk

As a kid, my favorite bird was the duck hawk. What? Never heard of it? Can't find it in the bird guide from your shelf? Does the name invoke visions of a Frankenstein bird with sharp talons and a duck's bill? That's okay, you can be excused for your confusion. You'd have to have been a birder for a very long time to know the species I'm talking about. In this modern era, this species is called "Peregrine Falcon".

Yes, as a kid, this was my favorite bird because it was easy to be impressed by this swift and lethal predator. The Peregrine is the fighter jet of the avian world. In a dive, they can reach speeds of 200 miles per hour to strike their prey from above. (As the old name implies, they sometimes do prey upon various species of ducks.) This is a truly handsome bird that "flies with the fluid grace of a professional skater." (Pete Dunne's Field Guide Companion, 2026.) Impressive indeed!

The only problem with my selection of my favorite bird was that I would almost certainly never see one. In the 70's, their population was devastated by the insecticide DDT. "Duck Hawks" were exceedingly rare and becoming rarer every day. Fortunately, the use of DDT was banned and a heroic effort at reintroduction was mounted. By 2008, I was receiving phone calls from my birding buddies that a peregrine nest was discovered under a bridge less than 2 miles from where I lived! Now I see my favorite bird regularly. In New Jersey, there are currently around forty nesting pairs.

Though still to be confirmed, the LVW Nature Club is hoping to bring in a speaker to tell us about this amazing bird and conservation efforts in the state. Our October meeting will be on Monday, October 26th in Willow Hall at 7 pm. Join us and maybe the duck hawk - I mean the *Peregrine Falcon* - will become your favorite bird too!

Book Discussion Group

By Pat Hertz

The Book Group will be discussing ***Horse*** **by Geraldine Brooks**, a richly layered historical novel that traces the extraordinary legacy of Lexington, America's greatest racehorse. Through three interwoven timelines, Brooks reveals how art, science, and memory can illuminate forgotten lives and bring longburied stories to the forefront. It promises a thoughtful and engaging conversation for all our readers.

Critics hail **Geraldine Brooks'** ***Horse*** as a powerful, meticulously researched novel that braids history, art, and science into a deeply moving narrative. Reviewers praise its vivid portrayal of **Jarret**, the enslaved groom at the heart of Lexington's story, and commend Brooks for illuminating forgotten voices with empathy and lyrical precision. Across major outlets, the novel is described as **"sweeping, humane, and unforgettable."**

Aquacisers

By Meryl Cooper

Making Waves: The Benefits of Aquacisers

There's a lot more happening in an Aquacisers class than simply moving around in the pool! Every splash, kick, and arm movement provides a great workout while the water helps support your body and reduce stress on your joints.

One of the biggest benefits of exercising in water is low-impact resistance. Water provides resistance in every direction, which means our muscles have to work as we move. At the same time, the buoyancy of the water takes pressure off our joints, making Aquacisers an excellent form of exercise for maintaining strength, flexibility, balance, and endurance.

What Muscles Are We Working?

Arms & Shoulders

Arm circles, pushes, pulls, and other upper-body movements work the shoulders, biceps, triceps, and muscles of the upper back. The resistance of the water makes even simple movements effective.

Legs & Hips

Kicks, leg lifts, jogging, and walking through the water engage the quadriceps, hamstrings, calves, glutes, and hip muscles. Stronger legs can help us with everyday activities such as walking, climbing stairs, and getting up from a chair.

Core & Abdominal Muscles

Keeping your body upright and stable in the water requires your core muscles to work. Many Aquacisers movements challenge the abdominal, lower-back, and pelvic muscles, helping improve stability and balance.

Back & Posture

The combination of arm and leg movements encourages us to maintain good posture while strengthening muscles that support the spine and upper body.

More Than Just Muscle

Aquacisers can also provide a wonderful cardiovascular workout. Moving continuously through the water gets our hearts pumping and can improve endurance. The water's cooling effect can also make exercise feel more comfortable, especially during the warmer months.

And let's not forget one of the best benefits of all: camaraderie! Exercising with friends, enjoying the music, and sharing a few laughs makes it easier to stay motivated and keep coming back.

So the next time you're in class and wondering which muscles are getting a workout, remember—you may be working your arms, legs, core, and back all at once!

Keep moving, keep splashing, and keep enjoying the many benefits of Aquacisers!

PING-PONG CLUB

A Club Where Everyone Knows Your Name

By Phyllis Pohle

Memories of Summer are fading fast as Autumn is quickly settling in. We at the Ping-Pong Club have been busy with our tournaments this year and are gearing up for our annual Singles Tournament this month. The signup sheet and tournament details will be posted on the whiteboard in Leisure Fair. The cut-off date for signing up will be 10/2 and the tournament will be held on Fridays 10/9, 10/16, and 10/23 at 1:45pm. We're looking forward to an exciting competition.

There will be a General Meeting on Friday 11/6 from 2pm – 4pm in the Leisure Fair Main Room. We will be electing our club officers for 2027, presenting awards for our Summer and Fall Tournaments, and, of course, there will be pizza.

This month we are featuring two members; Perri Lee, who has only recently joined our club, and Mary Cosgrove, who has been a member since 1999. Perri moved here from Wayne, NJ less than a year ago. She was looking for an activity she could enjoy through the Winter months. Perri decided to try out ping-pong even though she had never played the game before. She started in our beginners' classes on Wednesdays and can now be found during most open play sessions. Her exuberance and vivacity lighten up our playing space. Perri also enjoys golf, billiards, and is taking up the ukelele.

Mary and her husband, Tom, were among the club's earliest members. You can find Tom Cosgrove's name on the awards plaques up on the wall in the Ping-Pong Room. Over the past few years, Mary was unable to play ping-pong consistently, since she was tending to her ailing husband. Tom passed away in June of this year, shortly after Mary herself suffered a stroke. Recently, Mary can also be found during many of our open sessions, and her game has been steadily improving. Mary finds that ping-pong has been very helpful in improving her eye-hand coordination and overall well-being. She asked that I share her story with the hope that it might inspire fellow LVW community members who might otherwise be hesitant to join the Ping-Pong Club. We warmly welcome Mary back to active play!

Arts and Crafts Club

By Peg Bernhardt

Here it is October already. My how time does fly, especially after a long hot summer. As I write this newsletter article it's the middle of August and disguise are very cloudy, there is thunder, but I hear the rumbling and buzzing of the LVW lawnmowers. And I see the guys riding them around frantically before it rains. Rain would be nice for my flowers.

This morning, I was thinking about the word October… that should have something to do with eight, right? So I did a little research and here's what I found. The word October comes from the Latin word octo, which means "eight" the original Roman Calendar had only 10 months instead of 12. The year started in March, not January. March was month number one, and October was the eighth month. Later, the Romans added January and February to the calendar (I have no idea why); this shift moved October from the eighth spot to the tenth spot. Even though it became the tenth month, the original name "October" stayed the same.

This month's Show and Tell item was made by Jeanette, another of our gifted crafters. It's an adorable stuffed pumpkin. She did a fine job and you can find this item and like it at the November craft fair. Mark your calendar for November 12 in Willow Hall just in time to buy presents for Thanksgiving or Christmas.

October is time for baseball's World Series. It's a little iffy about the Yankees making it this year to the playoffs, but we'll see. And the Mets, well they have major hurdles to overcome; maybe next year for them. All I know is if the Yankees make it in the playoffs, I'm not going to get much sleep because we usually stay up to watch those. And then if they make it to the series my eyes are going to have huge trunks underneath them. Yeah, better I'll be worth it.

Recently, someone asked me if we offer lessons in crochet and knitting and the answer is that we can. We have some great knitters who I'm sure would help someone learn to knit. And actually, I have tried to coach a couple of people with learning crochet, but they don't seem to come back to continue. I'd like to think they're learning it on their own from YouTube. It couldn't possibly be that I'm a terrible teacher?

Meeting dates: October 1 and 15 and November 5 and 19. We meet in Leisure Fair from 1 to 3 o'clock. Join us for a snack and conversation while working on your crafts.

Again, send me a picture of any of your latest projects that can be shared in the newsletter and on the creeper. Also, if anyone has any yarn, they want to recirculate in our donation boxes, please bring them to the meetings. Thanks, and see you at a meeting!

Cooking Club

By Carol Viola

"The End of Summer, the Beginning of Fall - Welcome to October!"

It's October, a time of transition from the warm sunny days of Summer to the cool crisp days of fall; a time for pumpkins & mums, apple picking & hayrides. Chefs often describe Autumn as a transition from light, fresh ingredients of Summer to the rich, hearty, dishes of cooler weather.

For beer lovers it's the month of Oktoberfest, the famous beer festival in Munich, Germany; which began in 1810 to celebrate the marriage of Bavarian Crown Prince Ludwig to Princess Theresa. Today, over 6 million beer-loving people rush to Germany to celebrate Oktoberfest & they consume almost 6.9 million liters of beer, or in non-metric terms, that's over 2 million gallons! Wow, that's a whole lot of beer! Now, we will not have beer at our luncheon, sorry to the beer lovers of the Club, or traveling to Germany – **but we will be leaving the village for a delicious meal at a local restaurant.** As you read this article, Linda will have announced the location & cost at the September "Tailgate" Party. The luncheon will be on **Tuesday, October 13 at 1pm**.

The Membership begins in January and is $8.00. If you want to participate but do not want to cook, you can pay $10.00 to join in the fun & taste the dishes of the month.

We also have Lucky Bucks each month, $5. for 10 Tickets - this is a chance to take home a few bucks & not just your empty serving dish!

In closing, grab your car keys and your friends & head out for a road trip for lunch! No cooking this month, just sit back & relax & enjoy a delicious meal cooked & served just for us!

QUOTE OF THE MONTH

As the Leaves Change Colors, so do the flavors of my kitchen.

Fishing & Social Club

By Tom Tyls

Our meeting this month is Thursday October 1 at 2 pm at the Willow Hall Ceramics Room.

Grand Kids Day August 1 was fun, and as usual, organized chaos. I would like to thank Jack, Jim, Felix, Linda, Liz, Lynn, Maryann, Ted, Tony and Rich for their Unselfish Skills, Generosity and Patience that resulted in numerous hooks being baited, sunfish being caught, and turtles being spectators for too many kids to count. It was appreciated by all. A special Thank you to Mary for those Ice Pops. They were a pleasant reward after hours in a hot day. My heartfelt appreciation goes to all those that made Grand Kids Day a successful event.

As August continued, so did the fishing. There was a population of squid that made its presence known and surprisingly sometimes an occasional one would be caught on a day trip. There was also a night fishery for squid as well. That explains why the number of fluke that were caught were chunky and more aggressive than usual. The club had a couple of small trips planned but it seemed that life got in the way of fishing and we had mixed results. Most trips had action that consisted of an abundance of shorts and provided us with a lot of fun and a couple of keepers. Fishing aboard the Captain Cal or Jamaica II resulted in a few keepers, but even pool winners were less than 5 lbs. A first mate said that fishing is still a couple of weeks late in productivity. As always, the best fishing occurs late in the season, but opportunities are always weather dependent.

Blackfish season is still with one fish, Fluke season is closed, and Sea Bass season with 10 fish is open until the end of the month.

In the meantime, tight lines. Tom

Volunteers in Service to Our Neighbors

By Kathy Maiocco

OCTOBER = Beautiful foliage, fresh air, cool breezes

Please visit the VISTON office next to the hair salon in Leisure Fair Plaza Monday, Wednesday, or Friday from 10 a.m. to 12 p.m. or Call: VISTON PHONE: 732-657-1818 to become a volunteer. If you call our office during off hours, you may leave a message, and your call will be returned within 24 to 48 hours.

Thank you to all our current drivers, shoppers and office staff who continue their dedication to VISTON.

OCTOBER TIME!

October comes with breezy air,
Leaves fall down everywhere!
Red and yellow, orange too,
Dancing leaves in skies so blue.

Pumpkins smile with candlelight,
Stars shine brighter every night.
Cooler days and cozy skies,
Kites go flying, spirits rise!

Sweaters, socks, and mugs of tea,
Happy hearts for you and me!
October sings a golden tune,
Autumn sun and silver moon!
