Independent Auditor's Report

To the Board of Directors
Aspen Park Metropolitan District

We have audited the accompanying financial statements of the governmental activities, the business-type activities and the major funds of Aspen Park Metropolitan District as of and for the year ended December 31, 2016 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and the major funds of Aspen Park Metropolitan District, as of December 31, 2016 and the respective changes in financial position and cash flows, where applicable, and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Aspen Park Metropolitan District's financial statements as a whole. The supplementary information section is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES
OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - Total governmental funds	\$	33,305
--	----	--------

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Bond principal payment		380,000

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

**ASPEN PARK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 1 - DEFINITION OF REPORTING ENTITY

Aspen Park Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized in December 2002, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located in Jefferson County, Colorado. The District was established to provide water, storm and sanitary sewer, streets and traffic safety protection, parks and recreation, transportation, mosquito control and other services.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Both statements distinguish between governmental activities, which are normally supported by property taxes and intergovernmental revenues, and business-type activities, which rely to a significant extent on fees and charges for support.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

ASPEN PARK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements. The District has designated all of its governmental funds as major funds.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, sales taxes and public improvement fees. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The District reports the following major proprietary fund:

The Enterprise Fund accounts for activities related to water, sewer, storm drainage, and retaining wall services.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

**ASPEN PARK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The District has amended its annual budget for the year ended December 31, 2016.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Investments are carried at fair value.

Cash Equivalents

For purposes of the statement of cash flows, the District considers cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Accounts Receivable, Allowance for Doubtful Accounts

Tap fees, water and sewer fees, and other similar fees constitute a perpetual lien on or against the property served until paid. Such liens may be foreclosed upon as provided by the State of Colorado. Therefore, no provision for uncollectible receivables has been made in the financial statements.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets, which include property and infrastructure assets (e.g. equipment, parks and recreation, water and wastewater facilities, and pipelines and underground infrastructure), are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, if applicable. Depreciation expense has been computed using the straight-line method over the following estimated useful lives:

Water and wastewater facilities	30 years
Pipelines and underground infrastructure	50 years
Equipment	5 years

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Equity

Net Position

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

- *Nonspendable fund balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.
- *Restricted fund balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.
- *Committed fund balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.
- *Assigned fund balance* – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- *Unassigned fund balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balances is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2016 are classified in the accompanying financial statements as follows:

Statement of net position:

Cash and investments - Unrestricted	\$ 79,651
Cash and investments - Restricted	<u>1,137,334</u>
Total cash and investments	<u>\$ 1,216,985</u>

ASPEN PARK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

Cash and investments as of December 31, 2016 consist of the following:

Deposits with financial institutions	\$ 226,023
Investments	<u>990,962</u>
Total cash and investments	<u>\$ 1,216,985</u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. The PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2016, the District's cash deposits had a bank balance and a carrying balance of \$226,023.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper

**ASPEN PARK METROPOLITAN DISTRICT

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

Fair Value Measurement and Application

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Investments not measured at fair value and not categorized include governmental money market funds (PFM Funds Governmental Select series); money market funds (generally held by Bank Trust Departments in their role as paying agent or trustee); and CSAFE which record their investments at amortized cost.

As of December 31, 2016, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Balance</u>
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted average under 60 days	<u>\$ 990,962</u>

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds, and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAM by Standard & Poor's.

On June 22, 2004, the District issued \$10,000,000 of Public Improvement Fee/Limited Tax Supported Revenue Bonds, Series 2004 (2004 Bonds). The 2004 Bonds were used to establish debt service reserve and capitalized interest funds, pay for the costs of issuance, and provide funding for the acquisition and construction of infrastructure and related costs. The 2004 Bonds are term bonds due on December 1, 2029, and bear interest at a rate of 7.50%.

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

On November 28, 2012, the District issued \$9,885,000 Public Improvement Fee/Limited Tax Supported Revenue Refunding Bonds, Series 2012, to refund the Series 2004 Bonds. The Series 2012 Refunding Bonds are term bonds due on December 1, 2037, and bear interest at a rate of 5.75%. If funds are available in any given year, the Series 2012 Refunding Bonds require an additional principal payment to be made in the amount of \$165,000, prior to any payments being made on the Subordinate Bonds. This additional principal payment has been budgeted for in 2017, and is reflected in the table above under "Due Within One Year."

The Series 2012 Refunding Bonds are secured by Pledged Revenues that include:

- Public improvement fees (PIF Revenues) that are derived from a contractually imposed fee with respect to certain retail sales of goods occurring within the District
- Revenues derived from the required mill levy for debt service defined as Capital Levy Revenues
- Specific ownership taxes
- Guaranteed PIF payments from Dillon Companies under the Dillon PIF Guaranty

PIF Revenues

The PIF Revenues come from a fee imposed under a private contract and not through the exercise of any governmental taxing authority. The PIF is applied to the sale of goods at a rate of 1% for Dillon Companies or any future owner of Lot 1 of the shopping center and 2% for all other locations. The PIF is payable in addition to all sales and use taxes that may be imposed and is collected by the retailers in the District. The PIF is remitted to the District within 20 days after month end.

Capital Levy Revenues

The rate of the Capital Levy shall be equal to the lesser of: (i) 50 mills; (ii) if the District is requiring a tax levy for operating and maintenance expenses, 45 mills; or (iii) the rate necessary to generate, in the following fiscal year, revenues equal to the PIF Revenue Shortfall, if any, projected for the following fiscal year, which PIF Revenue Shortfall shall be determined by the District no later than each December 5. PIF Revenue Shortfall means, with respect to any fiscal year, the amount equal to: 1) 110% of the debt service scheduled for such fiscal year, plus fees payable to the Collecting Agent during such fiscal year, plus the amount, if any, required to be deposited into the Debt Service Reserve Fund to restore such fund to the debt service reserve fund requirement; less 2) the amount of Pledged PIF Revenues, Dillon Guaranteed PIF Payments and Specific Ownership Tax Revenues received by the Trustee in the immediately preceding twelve month period.

In 2016, the District had amended its service plan to modify the combined maximum mill levy cap allowing a maximum of 50 mills for the repayment of debt and a maximum of 40 mills for the payment of the District's ongoing administrative, operation and maintenance costs.

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

Specific Ownership Taxes

Specific Ownership Taxes consist of the portion of the tax revenues on certain motor vehicles and other personal property that is imposed by the State pursuant to Article 3, Title 42, C.R.S., or any successor statute that is allocable to the District. This Tax is collected on property within the County by the Jefferson County Treasurer and the total amount of the taxes collected is apportioned among all political and governmental subdivisions within the County on the basis of the amount of ad valorem property taxes levied by such entities within the County during the preceding calendar year.

Dillon Guaranteed PIF Payments

The major tenant in the District and the expected primary source of PIF Revenue has agreed to a conditional guaranteed scheduled payment of PIF Revenue. The Dillon Lease provides in part that if, while the Senior Bonds are outstanding: (a) the Dillon Lease is terminated, other than due to a material default by the Developer, (b) King Soopers closes to the public and Dillon ceases grocery store operations in the leased premises, or (c) Dillon assigns or sublets the premises, or any portion thereof, or assigns the Dillon Lease, then Dillon will be obligated, on a monthly basis, to subsidize and pay the difference, if any, between the PIF Revenues generated from PIF Sales at the premises by any new tenant, assignee or sublessee, and the PIF Revenues projected to be paid by Dillon from its grocery store operations as specified in the Dillon Lease. This guarantee runs from 2006 through 2029 for a total of \$9,543,040.

Debt Service Reserve Fund and Surplus Fund

The required Debt Service Reserve Fund related to the Series 2012 Public Improvement Fee/Limited Tax Supported Revenue Refunding Bonds is \$356,545. The Bond Indenture allows withdrawal from the Debt Service Reserve Fund but requires that it be replenished. As of December 31, 2016, the Debt Service Reserve Fund has a balance of \$356,731, comprised of \$356,545 bond proceeds (required amount) and \$186 interest income.

Additionally, a Surplus Fund in the amount of \$565,000 is required to be maintained. As of December 31, 2016, the Surplus Fund has a balance of \$565,304, comprised of \$565,000 bond proceeds (required amount) and \$304 interest income.

\$3,700,000 Subordinate Revenue Bonds

On July 18, 2007, the District issued \$3,700,000 of Subordinate Revenue Bonds, Series 2007, to acquire certain public improvements constructed by the Developer. The principal and interest on the Subordinate Bonds are payable solely from and to the extent of the Subordinate Pledged Revenue on a basis subordinate to the Senior Bonds. The Series 2007 Subordinate Bonds, which were purchased by the Developer, bear interest at a rate of 6.00%. Interest on the Series 2007 Subordinate Bonds shall continue to accrue and shall be paid on the next Interest Payment Date when funds are available for such payment. Furthermore, if any amount of principal or interest remains due and owing on the Series 2007 Subordinate Bonds on December 1, 2037, such amounts shall be discharged and no further amounts shall be due on the Series 2007 Subordinate Bonds.

The actual amounts of principal and interest payments to be made on the Series 2007 Subordinate Bonds in the future will depend on future pledged revenues and cannot be predicted with certainty.

During 2016, the District paid \$182,000 in interest on the Series 2007 Subordinate Bonds.

\$500,000 Subordinate Revenue Bonds

On April 20, 2010, the District issued \$500,000 of Subordinate Revenue Bonds, Series 2010, to repay the Developer for advances made in prior years used to construct public improvements within the District. The principal and interest on the Subordinate Bonds are payable solely from and to the extent of the Subordinate Pledged Revenue on a basis subordinate to the Senior Bonds. The Series 2010 Subordinate Bonds, which were purchased by the Developer, bear interest at a rate of 6.00%. Interest on the Series 2010 Subordinate Bonds shall continue to accrue and shall be paid on the next Interest Payment Date when funds are available for such payment. Furthermore, if any amount of principal or interest remains due and owing on the Series 2010 Subordinate Bonds on December 1, 2037, such amounts shall be discharged and no further amounts shall be due on the Series 2010 Subordinate Bonds.

NOTE 6 - NET POSITION

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2016, the District had net investment in capital assets calculated as follows:

	Governmental Activities	Business- Type Activities
Net investment in capital assets:		
Capital assets, net	\$ 492,090	\$ 4,939,543
Current portion of bonds payable	(15,094)	-
Noncurrent portion of bonds payable	(474,302)	-
Unspent bond proceeds	35,666	-
	\$ 38,360	\$ 4,939,543

To finance the construction of public improvements (capital assets), the District issued and refunded bonds. While the bonds payable remain in the District's governmental fund, all capital assets related to the water and wastewater facilities were transferred to the District's proprietary fund.

The restricted component of net position consists of assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2016, as follows:

Restricted net position:	
Emergency (see Note 9)	\$ 5,000
Sales tax eligible expenses	166,031
	\$ 171,031

The District has a deficit in unrestricted net position. The deficit in unrestricted net position of the District's governmental activities results from the bonds being paid from revenues of a governmental fund, while the public improvements constructed and/or acquired from proceeds of such bonds were either conveyed to other governmental entities (which costs were removed from the books) or transferred to the District's proprietary fund.

NOTE 7 - DISTRICT AGREEMENTS (CONTINUED)

On September 17, 2013, the District and API entered into a Termination, Acknowledgment and Release Agreement (Termination Agreement). Pursuant to the Termination Agreement, API has agreed to forgive all outstanding amounts owed by the District to API under the Agreements listed above, including all accrued interest, but excluding amounts for which debt instruments have been authorized and issued by the District to API (Prior Debt), and to terminate the Agreements listed above. Prior Debt includes the \$3,700,000 Subordinate Revenue Bonds, Series 2007, and the \$500,000 Subordinate Revenue Bonds, Series 2010. Upon execution of the Termination Agreement, all amounts remaining due and outstanding under the Agreements, including all accrued interest, but excluding Prior Debt, are forgiven in their entirety, generally and unconditionally released, waived, acquitted and forever discharged, and shall be deemed a contribution to the District by API, and there shall be no further obligation, present or future, of the District to pay or reimburse API for such amounts.

In return, subject to the receipt of the Engineer's Certification, pursuant to the Termination Agreement, the District agreed to release API from any further obligations related to public improvements previously constructed. The Engineer's Certification was received and accepted by the District on November 19, 2013.

In 2013, API transferred its ownership of the shopping center (located within the District's boundaries) to a new owner, NewQuest Epic Investments. In November 2015, NewQuest Epic Investments sold the shopping center to a new owner, Aspen Park Station, LLC.

Exclusion Agreement

On September 9, 2005, the District entered into an agreement which set forth the terms and conditions by which the District would provide wastewater facilities and services to certain real property to be excluded from the District. This Agreement shall terminate on August 30, 2015, with respect to any connections for development on the Property that have not occurred by such date, unless further extended per the mutual written agreement of the parties. This agreement was not extended.

Assignment of Water Rights Option and Purchase Agreement

On July 15, 2013, the District and Aspen Park Investors, Ltd. (API) entered into the Assignment of Water Rights Option and Purchase Agreement ("Assignment"). Pursuant to the Assignment, API assigns, transfers and conveys to the District all of API's rights, title and interest in, and delegates all of its duties and obligations under a certain Water Rights Option and Purchase Agreement (Option Agreement) API entered into in December 2011 with Norman Meyer and Norman Meyer, II (collectively, the Seller). Pursuant to the Assignment, the District accepts all the rights and benefits and assumes all duties and obligations under the Option Agreement.

In a resolution dated September 17, 2013, the District's Board of Directors authorized the purchase of the water rights from the Seller pursuant to the terms and conditions set forth in the Option Agreement. The closing occurred in November 2013.

Inclusion of Eagle Cliff Parcel

The District's Board of Directors approved a petition by Aspen Park Investors, Ltd. to include certain real property called Eagle Cliff Parcel into the District. The inclusion was recorded in Jefferson County on January 10, 2014, under Reception No. 2014002736.

NOTE 8 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District was a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 9 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue. On November 5, 2002, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all currently levied taxes and fees of the District without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. As of December 31, 2016, the District had provided but did not fund an Emergency Reserve, which may be a violation of the Constitutional Amendment.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
