Independent Auditor's Report

Board of Directors
Aurora CentreTech Metropolitan District
Arapahoe County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of Aurora CentreTech Metropolitan District (District) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Aurora CentreTech Metropolitan District, as of December 31, 2016, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other-Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages III through VII be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplemental information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplemental information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Information

The other information listed in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

**AURORA CENTRETECH METROPOLITAN DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2016**

Our discussion and analysis of Aurora CentreTech Metropolitan District's (District) financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2016. Please read it in conjunction with the District's basic financial statements which begin on page 1.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements consist of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains supplemental information in addition to the basic financial statements themselves.

Government-wide financial statements: The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all the District's assets and deferred outflows of resources, and liabilities and deferred outflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e. uncollected taxes and earned but unused vacation leave).

The government-wide financial statements detail functions of the District that are principally supported by tax revenues (governmental activities).

The government-wide financial statements can be found on pages 1 and 2 of this report.

Fund financial statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District reports governmental funds.

Governmental funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental fund financial statements can be found on pages 3 through 5 of this report.

The District adopted an annual appropriated budget for the General Fund and Debt Service Fund. The budgetary comparison statement for the General Fund is located on page 6 of this report. The budgetary comparison statement for the Debt Service Fund is located on page 17 of this report.

Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 7-16 of this report.

Supplemental and Other Information: In addition to the basic financial statements and accompanying notes, this report also presents supplemental information consisting of the schedule of revenues, expenditures and changes in fund balance – budget to actual – Debt Service Fund, and other information consisting of the schedule of five year summary of assessed valuation, mill levy and property taxes collected, the schedule of debt service requirements to maturity and the schedule of assessed and actual valuation of classes of property in the District, which can be found on pages 17-21, of this report.

| Total net position | <u>\$ (12,099,010)</u> | <u>\$ (13,037,550)</u> | |

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, liabilities plus deferred inflows of resources exceeded assets by \$12,099,010 at the close of the most recent fiscal year. This is a result of

the District incurring debt to construct infrastructure that was conveyed to the City of Aurora for ownership and maintenance.

From 2015 to 2016, the District's current assets increased \$13,864 or .5%. The increase is primarily attributable to a decrease in cash and investments of \$21,957 offset by an increase in property taxes receivable of \$35,133. The decrease in cash and investments is a result of a net loss in the General Fund of \$21,931 as expected. The increase in property taxes receivable is a result of an increase in the mills levied by 1.000 mill for general operations and 0.173 mills for refunds and abatements with a slight decrease in the assessed valuation \$133,013. See page 18. Total liabilities decreased \$926,534 primarily due to \$925,000 in bond principal payments made during 2016.

| REVENUES | | |
| General revenues: | | |
| Property taxes | \$ 1,342,262 | \$ 1,254,618 |
| Specific ownership taxes | 103,169 | 94,173 |
| Investment earnings | 14,549 | 6,274 |
| Total revenues | 1,459,980 | 1,355,065 |
| EXPENSES | | |
| General government | 115,340 | 114,711 |
| Interest and fiscal charges | 406,100 | 443,449 |

| CHANGE IN NET POSITION | 938,540 | 796,905 |
| NET POSITION - BEGINNING OF YEAR | (13,037,550) | (13,834,455) |
| NET POSITION - END OF YEAR | \$ (12,099,010) | \$ (13,037,550) |

The District's overall financial position, as measured by net position, increased \$938,540 during 2016. This positive change in net position during 2016 can be attributed to the pay down of principal on long-term obligations of \$925,000. Property tax revenue increased \$87,644 or 6.9% from 2015 to 2016 primarily due to an increase in the assessed value of property within the District from \$32,004,910 to \$34,507,598. There were no other significant changes in revenue from 2015 to 2016. Overall general government expenses increased slightly from 2015, increasing by \$629 or .5%. This increase was expected as the Board of Directors approved the Laredo Street extension project. The District incurred expenditures on the Laredo Street project in the amount of \$33,275. Debt service expenditures dropped from 2015 as principal on the debt continues to be paid down.

Financial Analysis of the District's Funds

As mentioned previously, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. A discussion of the District's governmental funds follows.

Governmental funds: The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance

may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balance of \$1,253,988. Of this fund balance, \$704,916 is restricted, meaning it is not available for new spending, because it has already been committed for emergencies under Taxpayers' Bill Of Rights (TABOR) and debt service. \$473,732 of the combined fund balances is assigned to subsequent years spending, \$5,778 is in nonspendable form being used for prepaid expenses and \$69,562 is unassigned.

Fund Budgetary Highlights

Budget Variances. The District did not amend its General Fund Budget for 2016. The budget to actual comparison details can be seen on page 6 of the financial statements. District operating revenues were over budget by \$9,785 which related to specific ownership taxes being budgeted conservatively and the upturn in the economy. Actual expenditures were under budget by \$522,672 due to a large contingency that the District includes in its annual budget.

The District did not amend its Debt Service Fund Budget for 2016. The budget to actual comparison details can be seen on page 16 of the financial statements. Actual revenues were \$4,138 more than budgeted primarily as a result investment income being more than anticipated due to increases in investment rates during 2016. Actual expenditures were consistent with the final budget, resulting in a \$3,541 favorable variance.

Capital Asset and Debt Administration

Capital Assets. In prior years, the District constructed various assets that were conveyed to the City of Aurora for ownership. In 2016, the District started and incurred \$33,275 of costs related to the Laredo Street extension project which will be conveyed to the City for ownership after completion.

Long-Term Obligations. At the end of the current fiscal year, the District had total outstanding general obligation bonds of \$13,355,000. The analysis of changes in bonds payable is as follows:

LONG-TERM OBLIGATIONS

| | <u>2015</u> | <u>Change</u> | <u>2016</u> |
|--------------------------------|----------------------|---------------------|----------------------|
| Total General Obligation Bonds | <u>\$ 14,280,000</u> | <u>\$ (925,000)</u> | <u>\$ 13,355,000</u> |

The \$925,000 decrease in total debt represents scheduled payments made on the bonds. Additional information on the District's long-term obligations can be found in Note 5 of this report.

Economic Factors and Next Year's Budgets and Rates

The District's property taxes levied for collection in 2017 increased by \$35,133 based on a slight decrease in the assessed valuation from \$34,507,598 to \$34,374,585 and an increase in the total mill levy of 1.173.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 1 – DEFINITION OF REPORTING ENTITY

Aurora CentreTech Metropolitan District (District), a quasi-municipal corporation, is governed pursuant to the provisions of the Colorado Special District Act. The District's service area is located in Arapahoe County, Colorado. The District was established to provide financing for the acquisition, construction, installation and/or operation of street improvements, water, sanitation, safety protection, park and recreation and transportation services. All facilities constructed by the District have been conveyed to the City of Aurora for perpetual maintenance except certain common-area, street-scape and median landscape areas and monument signs.

The District has no employees and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District, the difference between the District's assets plus deferred outflows of resources and liabilities plus deferred inflows of resources, being reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

**AURORA CENTRETECH METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds and notes are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation paid. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each funds' average equity balance in total cash. Investments are carried at fair value.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

Fund Balances – Governmental Funds

The District's governmental fund balances may consist of five classifications based on the relative strength of the spending constraints:

Nonspendable fund balance—the amount of fund balance that is not in spendable form (such as inventory or prepaids) or is legally or contractually required to be maintained intact.

Restricted fund balance—the amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint.

Assigned fund balance—amounts the District intends to use for a specific purpose. Intent can be expressed by the District Board of Directors or by an official or body to which the District Board of Directors delegates the authority.

Unassigned fund balance—amounts that are available for any purpose.

**AURORA CENTRETECH METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District Board of Directors has provided otherwise in its commitment or assignment actions.

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2016 are classified in the accompanying financial statements as follows:

| | |
|-------------------------------------|----------------------------|
| Cash and investments - unrestricted | \$ 543,402 |
| Cash and investments - restricted | <u>700,586</u> |
| | <u><u>\$ 1,243,988</u></u> |

Cash and investments as of December 31, 2016 consist of the following:

| | |
|--------------------------------------|----------------------------|
| Deposits with financial institutions | \$ 318,387 |
| Investments | <u>925,601</u> |
| | <u><u>\$ 1,243,988</u></u> |

Cash Deposits

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2016, the District's cash deposits had a bank and carrying balance of \$318,387.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

The District follows Colorado State Statutes which specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States and certain U.S. government agency securities and the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Certain reverse repurchase agreements
- . Certain securities lending agreements
- . Certain corporate bonds
- . Written repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

At December 31, 2016, the District had the following investments:

| <u>Investment</u> | <u>Maturity</u> | <u>Fair Value</u> |
|--|--------------------------------|-------------------|
| Colorado Local Government Liquid Asset Trust (COLOTRUST) | Weighted average under 60 days | \$ <u>925,601</u> |

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing COLOTRUST. COLOTRUST operates similarly to a money market fund and each share is equal in value to \$1.00. COLOTRUST is rated AAAM by Standard and Poor's. A designated custodial bank serves as custodian for COLOTRUST's portfolio pursuant to custodian agreements. The custodian acts as safekeeping agent for COLOTRUST's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by COLOTRUST. As of December 31, 2016 the District had \$925,601 invested in COLOTRUST held directly by the District. Information related to COLOTRUST, including the annual audited financial statements, can be found at the COLOTRUST website at www.colotrust.com.

Investment Valuation

The District has certain investments which are measured at fair value on a recurring basis are categorized within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

**AURORA CENTRETECH METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

The District has invested in COLOTRUST, an external investment pool that records its investments at fair value and measures fair value using Level 2 inputs. The investment in COLOTRUST is categorized as a Level 2 investment.

Restricted Cash and Investments

At December 31, 2016, cash and investments in the amount of \$700,586 are restricted for debt service in accordance with the indenture of trust related to the Series 1998A, B and C General Obligation Refunding and Improvement Bonds. The District is required to maintain a minimum liquidity of \$700,000 in lieu of the reserve (see Note 5).

NOTE 4 - CAPITAL ASSETS

An analysis of the changes in property for the period ended December 31, 2016 follows:

| | Balance at December 31, 2015 | Increases | Decreases | Balance at December 31, 2016 |
|---|---|------------------|------------------|---|
| <u>Governmental Activities</u> | | | | |
| Capital assets, not being depreciated: | | | | |

| Total capital assets, not being depreciated | <u>\$ -</u> | <u>\$ 33,275</u> | <u>\$ -</u> | <u>\$ 33,275</u> |

In prior years, the District constructed and transferred to the City of Aurora a golf course, streets, sidewalks, lighting, and other improvements. The District retains a portion of the debt issued to acquire such assets (See Note 5). During 2016, the District started the Laredo Street extension project which will also be conveyed to the City upon completion.

NOTE 5 – LONG-TERM OBLIGATIONS

The following is an analysis of the changes in the District’s long-term obligations for the year ended December 31, 2016:

| | Balance at December 31, 2015 | Additions | Retirements | Balance at December 31, 2016 | Due Within One Year |

NOTE 5 – LONG-TERM OBLIGATIONS (CONTINUED)

The detail of the District's long-term debt is as follows:

General Obligation Refunding and Improvement Bonds, Series 1998A, 1998B and 1998C

Series 1998A

\$3,585,000 General Obligation Refunding and Improvement Bonds, Series 1998A, (1998A Bonds), with final maturity on December 1, 2028. The 1998A Bonds were variable rate bonds. On March 27, 2008, the District remarketed the 1998A Bonds. The 1998A Bonds were remarketed in the Weekly Mode with an initial rate of 3.00%. Interest was paid monthly in arrears based on weekly interest rates. On December 1, 2012 the 1998A bonds were changed from the Weekly Variable Rate Mode to the Fixed Rate Mode of 2.81% and remarketed. Principal is due on December 1 in varying amounts. Interest is due each June 1 and December 1. The 1998A Bonds are subject to mandatory redemption beginning December 1, 2013 and in varying amounts each December 1, thereafter until December 1, 2028. The 1998A Bonds are subject to optional redemption, as a whole or in integral multiples of \$5,000 on any date, upon payment of par and accrued interest plus a redemption premium in varying rates.

Series 1998B

\$2,765,000 General Obligation Refunding Bonds, Series 1998B, (1998B Bonds), with final maturity on December 1, 2017. The 1998B Bonds were variable rate bonds. On March 27, 2008, the District remarketed the 1998B Bonds. The 1998B Bonds were remarketed in the Weekly Mode with an initial rate of 3.00%. Interest was paid monthly in arrears based on weekly interest rates. On December 1, 2012 the 1998B bonds were changed from the Weekly Variable Rate Mode to the Fixed Rate Mode of 2.81% and remarketed. Principal is due on December 1 in varying amounts. Interest is due each June 1 and December 1. The 1998B Bonds are subject to mandatory redemption beginning December 1, 2013 and in varying amounts each December 1, thereafter until December 1, 2017. The 1998B Bonds are subject to optional redemption, as a whole or in integral multiples of \$5,000 on any date, upon payment of par and accrued interest plus a redemption premium in varying rates.

Series 1998C

\$12,680,000 General Obligation Refunding Bonds, Series 1998C, (1998C Bonds), with final maturity on December 1, 2028. The 1998C Bonds are variable rate bonds. On March 27, 2008, the District remarketed the 1998C Bonds. The 1998C Bonds were remarketed in the Weekly Mode with an initial rate of 3.00%. Interest was paid monthly in arrears based on weekly interest rates. On December 1, 2012 the 1998C bonds were changed from the Weekly Variable Rate Mode to the Fixed Rate Mode of 2.81% and remarketed. Principal is due on December 1 in varying amounts. Interest is due each June 1 and December 1. The 1998C Bonds are subject to mandatory redemption beginning December 1, 2013 and in varying amounts each December 1, thereafter until December 1, 2028. The 1998C Bonds are subject to optional redemption, as a whole or in integral multiples of \$5,000 on any date, upon payment of par and accrued interest plus a redemption premium in varying rates.

In the Weekly Variable Rate Mode, the Series 1998A, 1998B and 1998C Bonds were secured by irrevocable, direct pay letters of credit issued by U.S. Bank National Association on March 27, 2008, in the stated amount of \$18,276,952. The District was required to pay the bank a fee of 0.90% per annum of the stated amount of the letter of credit. The District was also required to establish and maintain a Debt Service Reserve in the amount of not less than \$722,020.

**AURORA CENTRETECH METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 5 – LONG-TERM OBLIGATIONS (CONTINUED)

With the change in mode, the letters of credit were no longer required, and, thus, the agreement was terminated. The Debt Service Reserve was also no longer required and was liquidated. The District is now required to maintain a minimum liquidity of \$700,000 in lieu of the reserve (see Note 3).

The District's long-term obligations will mature as follows.

| Year Ending December 31, | Principal | Interest | Total |
|-------------------------------------|----------------------|---------------------|----------------------|
| 2017 | \$ 950,000 | \$ 375,276 | \$ 1,325,276 |
| 2018 | 980,000 | 348,580 | 1,328,580 |
| 2019 | 1,005,000 | 321,042 | 1,326,042 |
| 2020 | 1,035,000 | 292,802 | 1,327,802 |
| 2021 | 1,065,000 | 263,720 | 1,328,720 |
| 2022-2026 | 5,775,000 | 853,396 | 6,628,396 |
| 2027-2028 | 2,545,000 | 107,764 | 2,652,764 |
| | <u>\$ 13,355,000</u> | <u>\$ 2,562,580</u> | <u>\$ 15,917,580</u> |

NOTE 6 – DEBT AUTHORIZATION

As of December 31, 2016, the District has \$1,014,000 of authorized but unissued general obligation indebtedness to be used for authorized improvement purposes and \$2,181,000 of authorized but unissued general obligation indebtedness to be used for refunding purposes. In the future, the District intends to issue a portion or all of the remaining authorized, but unissued general obligation debt, for purposes of providing public improvements to support development as it occurs within the District's service area, however, as of the date of this audit, the amount and timing of any debt issuances is not determinable.

NOTE 7 – FUND EQUITY

At December 31, 2016, the District reported the following classifications of fund equity.

Nonspendable Fund Balance

The nonspendable fund balance in the General Fund in the amount of \$5,778 is comprised of prepaid amounts which are not in spendable form.

Restricted Fund Balance

The restricted fund balance in the General Fund in the amount of \$4,300 is comprised of the Emergency Reserves that have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 11). The restricted fund balance in the Debt Service Fund in the amount of \$700,616 is to be used exclusively for debt service requirements (see Note 5).

**AURORA CENTRETECH METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 7 – FUND EQUITY (CONTINUED)

Assigned Fund Balance

The assigned fund balance in the General Fund in the amount of \$473,732 is comprised of amounts assigned by the Board of Directors by a resolution to eliminate the projected budgetary deficit in the subsequent year's budget.

NOTE 8 - NET POSITION

The District's net position consists of three components – investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, developer advances, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2016, the District reported \$33,275 as its investment in capital assets as no debt was issued to pay for construction.

The restricted portion of net position includes amounts that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District's restricted net position at December 31, 2016 is as follows:

Restricted net position:

| | |
|----------------------------------|--------------------------|
| Emergency reserves (see Note 11) | \$ 4,300 |
| Debt Service | <u>669,343</u> |
| | <u><u>\$ 673,643</u></u> |

The District's unrestricted net position at December 31, 2016 totaled \$(12,805,928). This deficit amount was a result of the District being responsible for repayment of bonds issued for public improvements conveyed to other governmental entities.

NOTE 9 – RELATED PARTIES

The members of the Board of Directors of the District have ownership interests in Aurora CentreTech, LLC, a major property owner within the boundaries of the District, which owns approximately 31 acres of undeveloped land within the District.

NOTE 10 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God. The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2016. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed

**AURORA CENTRETECH METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016**

NOTE 10 - RISK MANAGEMENT (CONTINUED)

amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 11 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments. Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On May 3, 1998, the District's electors authorized the District to increase taxes \$400,000 annually or by a lesser annual amount as may be necessary to pay the District's operations and maintenance and other expenses without limitation of rate. Further the District's electors authorized the District to collect, keep and expend all District revenues received in 1998 and each year thereafter, of the District without regard to any limitations under Article X, Section 20 of the Colorado Constitution.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

This information is an integral part of the accompanying financial statements.
