Canterberry Crossing Metropolitan District  
Douglas County, Colorado

### Independent Auditors' Report

We have audited the accompanying financial statements of the governmental activities and each major fund of the Canterberry Crossing Metropolitan District, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Canterberry Crossing Metropolitan District as of December 31, 2016, and the respective changes in financial position and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Other-Matters***

*Required Supplementary Information*

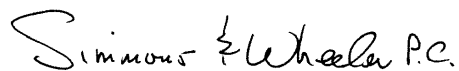

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Canterbury Crossing Metropolitan District's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The continuing disclosure annual financial information, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

 Simmons & Wheeler P.C.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT  
RECONCILIATION OF THE STATEMENT OF REVENUES,  
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
December 31, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - Total governmental funds	\$ (665,409)
--	--------------

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Bonds issued in current year	(9,565,000)
Premium on bonds issued in the current year	(132,805)
Bond principal payment	245,000
Amortization of cost of refunding	(41,495)
Accretion of bond premium	5,386
Cost of refunding on prior year bonds	(152,751)
Premium on prior year bonds	32,794

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Bonds refunded in current year	10,050,000
Cost of refunding in current year	465,976
 Accrued interest - Change in liability	 <u>14,995</u>

Changes in net position of governmental activities	<u><u>\$ 256,691</u></u>
--	--------------------------

These financial statements should be read only in connection with  
the accompanying notes to financial statements.

These financial statements should be read only in connection with  
the accompanying notes to financial statements.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 1 - DEFINITION OF REPORTING ENTITY**

Canterberry Crossing Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court for Douglas County on May 20, 1996, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the Town of Parker on March 4, 1996, as modified in 1997 and 2001 (Modified Service Plan). The District's service area is located in the Town of Parker, Colorado. The District was established to provide for construction and financing for street, safety control, water, sanitation and park and recreation facilities and improvements. Upon completion and expiration of a warranty period, the street and safety control improvements were dedicated to and are being maintained by the Town of Parker. Water and sanitation improvements were dedicated to and are being maintained by the Parker Water and Sanitation District. Other improvements were dedicated to and are being maintained by the Canterbury Crossing Master Association (HOA).

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District amended its annual budget for the year ended December 31, 2016.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Investments are carried at fair value.

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

**Amortization**

**Original Issue Discount/Premium**

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Cost of Bond Refunding**

In the government-wide financial statements, the deferred cost of bond refunding is being amortized using the interest method over the life of the new bonds. The amortization amount is a component of interest expense and the unamortized deferred cost is reflected as a Deferred Outflow of Resources.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The government has only one item that qualifies for reporting in this category, the *cost of bond refunding* which is being amortized using the interest method over the life of the new bonds.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category, *deferred property tax revenue*. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**Equity**

**Net Position**

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the government's practice to use restricted resources first, then unrestricted resources as they are needed.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

- *Nonspendable fund balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.
- *Restricted fund balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2016**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

- *Committed fund balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.
- *Assigned fund balance* – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- *Unassigned fund balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

**NOTE 3 - CASH AND INVESTMENTS**

Cash and investments as of December 31, 2016, are classified in the accompanying financial statements as follows:

Statement of net position and balance sheet:

Cash and investments	\$ 162,142
Cash and investments - Restricted	<u>625,875</u>
Total cash	<u><u>\$ 788,017</u></u>

Cash and investments as of December 31, 2016, consist of the following:

Deposits with financial institutions	\$ 22,930
Investments	<u>765,087</u>
Total cash and investments	<u><u>\$ 788,017</u></u>

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2016**

**NOTE 3 - CASH AND INVESTMENTS (CONTINUED)**

At December 31, 2016, the District's cash deposits had a bank balance and a carrying balance of \$22,930.

**Investments**

The District's formal investment policy is to follow State statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- \* Local government investment pools

**Fair Value Measurement and Application**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Investments not measured at fair value and not categorized include governmental money market funds (PFM Funds Governmental Select series); money market funds (generally held by Bank Trust Departments in their role as paying agent or trustee); and CSAFE which record their investments at amortized cost.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2016**

**NOTE 3 - CASH AND INVESTMENTS (CONTINUED)**

As of December 31, 2016, the District had the following investments:

<b>Investment</b>	<b>Maturity</b>	<b>Fair Value</b>
UMB		\$ 6
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted average under 60 days	<u>765,081</u>
		\$ 765,087

**COLOTRUST**

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an external investment pool that records its investments at fair value and measures fair value using Level 2 inputs. The Trust is an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's.

**NOTE 4 - LONG-TERM OBLIGATIONS**

The following is an analysis of the changes in long-term obligations for the year ended December 31, 2016:

	<b>Balance at December 31, 2015</b>	<b>Additions</b>	<b>Reductions</b>	<b>Balance at December 31, 2016</b>	<b>Due Within One Year</b>
General obligation bonds payable:					
2006 Bonds	\$ 10,295,000	\$ -	\$ 10,295,000	\$ -	\$ -
Bond Premium - 2006	32,794	-	32,794	-	-

**CANTERBERRY CROSSING METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 4 - LONG-TERM OBLIGATIONS (CONTINUED)**

The details of the District's long-term obligations are as follows:

**\$1,320,000 of General Obligation Refunding Bonds (Series 2016A)** dated February 4, 2016. Series 2016A Bonds bear interest of 4.00% per annum payable, on June 1 and December 1, commencing on June 1, 2016. Mandatory principal payments are due on December 1, commencing on December 1, 2035, with final payment due on December 1, 2036. The Series 2016A Bonds are subject to optional redemption on December 1, 2025, and any date thereafter at a redemption price equal to the par amount of the Bonds plus accrued interest.

The Series 2016A Bonds are general obligations of the District, secured by a pledge of the full faith and credit of the District and payable from general ad valorem taxes which may be levied without limitation of rate and in an amount necessary to pay the bonds when due against all taxable property within the District.

**\$8,245,000 of General Obligation Refunding Bonds (Series 2016B)** dated February 4, 2016. Series 2016B bear interest of 3.06% annum on and after the Tax-Exempt Reissuance Date and 4.70% prior to that date, payable on June 1 and December 1, commencing on June 1, 2016. Mandatory principal payments are due on December 1, commencing on December 1, 2017, with final payment due on December 1, 2034. The Series 2016B Bonds are subject to optional redemption commencing June 1, 2026 at a price equal to par plus accrued interest. Prior to June 1, 2026, the Series 2016B bonds are subject to redemption at a price equal to the par amount, plus accrued interest, plus a Prepayment Fee. The Prepayment Fee is equal to the present value of the difference between (a) the amount that would have been realized by the Owner on the prepaid amount for the remaining term of the Bonds at the then-applicable interest rate and (b) the amount that would be realized but the Owner of the 2016B Bonds by reinvesting funds for the remainder term of the Series 2016B Bonds at the (i) then-current market swap rate plus (ii) a spread of 1.10%, in effect the time of prepayment as determined by the Owner, both (a) and (b) discounted at the then-current market swap rate excluding the spread. If the present value is zero or negative, there is no Prepayment Fee.

The Series 2016 Bonds are general obligations of the District, secured by a pledge of the full faith and credit of the District and payable from general ad valorem taxes which may be levied without limitation of rate and in an amount necessary to pay the bonds when due against all taxable property within the District.

**Refunding**

In addition to the above bond issues, other bonds previously issued by the District have been defeased (debt legally satisfied) by the issuance of refunding bonds. The detail of the District's defeased bonds outstanding at December 31, 2016 is as follows:

The proceeds of the Series 2016A and Series 2016B Bonds and other District funds were used to advance refund and defease (debt legally satisfied) its **\$11,780,000 General Obligation Refunding Bonds (Series 2006)**, dated September 6, 2006, that had an outstanding balance of \$10,050,000 at February 4, 2016. The Series 2006 Bonds are not considered a liability of the District since sufficient funds in the amount of \$10,484,943 were deposited with a trustee and invested in U.S. government securities for the purpose of paying the principal and interest of the Series 2006 Bonds until the call date, at which point the Series 2006 bonds were repaid in their entirety from the remaining funds in the escrow account. The Series 2006 Bonds were redeemed on December 1, 2016.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2016**

**NOTE 4 - LONG-TERM OBLIGATIONS (CONTINUED)**

The District advance refunded the 2006 Series bonds to reduce its total debt service payments over the next 20 years by \$2,947,134 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$1,094,041.

In the government-wide statements, the District incurred a cost on bond refunding in the amount of \$465,976, which has been deferred and is being amortized over the life of the new debt.

The District's long-term obligations will mature as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 305,000	\$ 305,097	\$ 610,097
2018	325,000	295,764	620,764
2019	335,000	285,819	620,819
2020	355,000	275,568	630,568
2021	365,000	264,705	629,705
2022-2026	2,110,000	1,143,903	3,253,903
2027-2031	2,605,000	792,309	3,397,309
2032-2036	3,165,000	352,891	3,517,891
	<u>\$ 9,565,000</u>	<u>\$ 3,716,056</u>	<u>\$ 13,281,056</u>

On May 7, 1996, a majority of the qualified electors of the District authorized the issuance of \$5,500,000 in bonds for the purpose of constructing new improvements and \$7,000,000 in bonds for the purpose of refunding. An additional \$5,500,000 in bonds for the purpose of constructing new improvements and \$5,500,000 in bonds for the purpose of refunding were approved at an election of the District held November 5, 1996. At December 31, 2016, the District had no remaining authorized but unissued indebtedness for the purpose of constructing new improvements and \$2,725,000 of authorized but unissued debt for the purpose of refunding bonds.

Pursuant to the Modified Service Plan, the District is subject to a limitation of \$11,000,000 in outstanding debt at any given point, not including debt issued for refunding of bonds. Additionally, the Modified Service Plan limited the District's debt service mill levy to 35 mills, as adjusted for changes in methodology for determining valuation of taxable property for so long as the ratio of the District's debt to assessed valuation exceeded fifty percent (50%). The Modified Service Plan provides that general obligation debt which is less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the maximum debt service mill levy shall be such amount necessary to pay debt service, without limitation. Accordingly, there is no limitation on the District's debt service mill levy for the outstanding bonds.

The District has net position consisting of two components - restricted and unrestricted.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2016**

**NOTE 5 - NET POSITION**

Restricted net position includes net position that is restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2016, as follows:

	<b>Governmental Activities</b>
Restricted net position:	
Emergency reserves	\$ 2,600
Debt service	433,763
Conservation Trust	133,056
Total restricted net position	\$ 569,419

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

**NOTE 6 - RELATED PARTY**

The original Developer of the property which constitutes the District is Canterbury Development Company, LLC. A member of the Board of Directors is an employee, owner or otherwise associated with the Developer, and may have conflicts of interest in dealing with the District.

**NOTE 7 - AGREEMENT**

**Management Agreement**

On May 21, 2002, the District entered into an agreement with Canterbury Crossing Metropolitan District II (CCMD II), a separate and distinct quasi-municipal corporation and political subdivision of the State of Colorado, and the HOA, whereby the HOA will manage and maintain the operation of the Community Center and pool owned by CCMD II (Management Agreement). The Management Agreement was amended on May 15, 2007, to clarify certain administrative functions and responsibilities of the HOA. The District imposes a fee on all users of the Community Center and the pool pursuant to a resolution adopted on October 15, 2002, as amended. This fee is charged to the residents via the monthly fees that they pay to the HOA.

On November 1, 2016, the District adopted a Resolution approving Recreation Center fees and Recreation Center budget for 2016 calendar and fiscal year, which replaces all the prior resolutions regarding Recreation Center fees. Upon the repayment of the 2006 Refunding Bonds and the repayment of any CCMD II Bonds, CCMD II will convey the Community Center and pool to the HOA.

**CANTERBERRY CROSSING METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 8 – INTERFUND AND OPERATING TRANSFERS**

The transfer from the General Fund to the Debt Service Fund was due to the District's decision to use accumulated balance in the General Fund to facilitate the 2016 financing transaction.

**NOTE 9 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 10 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

At elections held on May 7, 1996 and November 5, 1996, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all ad valorem property taxes and fees of the District without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

This information is an integral part of the accompanying financial statements.
