Independent Auditor's Report

Board of Directors
Eagle Creek Metropolitan District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental and business activities and each major fund of Eagle Creek Metropolitan District as of and for the year ended December 31, 2016, which collectively comprise the District's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the District.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental and business activities and each major fund of the Eagle Creek Metropolitan District as of December 31, 2016, and the respective changes in financial position, cash flows and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements are not affected by this missing information.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

L. Paul Goedecke P.C.

**EAGLE CREEK METROPOLITAN DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - Total governmental funds	\$ 371,496
---	------------

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Therefore, this is the net capital outlay activity for the year:

Depreciation expense	(13,945)
----------------------	----------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The net effect of these differences in the treatment of long-term debt is as follows:

Bond principal payment	105,000
Bond issuance	(3,540,000)
Amortization of cost of bond refunding	(201,124)
Payment to refunding escrow	3,175,615
Principal payment on Commerce City reimbursement agreement	21,549

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued interest on bonds - Change in liability	<u>(66,536)</u>
---	-----------------

Change in net position of governmental activities	<u><u>\$ (147,945)</u></u>
---	----------------------------

These financial statements should be read only in connection with
the accompanying notes to financial statements.

the accompanying notes to financial statements.

EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 1 - DEFINITION OF REPORTING ENTITY

Eagle Creek Metropolitan District (the District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court for Adams County on January 8, 1997, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located in Adams County, Colorado, entirely within the City of Commerce City (the City). The District operates under a Service Plan approved by the City on July 15, 1996, which was amended in September 1997 and October 2005. The District was established to provide financing for the construction and installation of street improvements, landscaping, storm drainage, safety protection and park and recreation improvements, and for the perpetual maintenance of street landscaping and lighting in its service area. Upon completion of construction of these improvements, the District may dedicate them, when appropriate, to the City or to such other entity as appropriate for the use and benefit of the District's taxpayers.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District has no employees and all operations and administrative functions are contracted.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows of resources and the sum of liabilities and deferred inflows of resources is reported as net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to

**EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major source of revenue subject to accrual are property and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Conservation Trust Fund (a Capital Projects Fund) is used to account for the lottery proceeds received from the State. This revenue is restricted for parks and recreational purposes under State statutes.

The Capital Projects - Grant Fund was established to account for financial resources to be used for the acquisition and construction of capital facilities associated with a Great Outdoors Colorado grant.

**EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financial uses level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Investments are carried at fair value.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

**EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of net investment in capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Park equipment	15 years
Irrigation systems	20 years
Monuments	20 years
Fencing	20 years

The District does not depreciate its landscape assets.

Deferred Inflows of Resources

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting, that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

**EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- *Nonspendable fund balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.
- *Restricted fund balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.
- *Committed fund balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.
- *Assigned fund balance* – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- *Unassigned fund balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2016, are classified in the accompanying financial statements as follows:

Statement of net position:

Cash and investments	\$ 167,632
Cash and investments – Restricted	<u>310,691</u>
Total cash and investments	<u><u>\$ 478,323</u></u>

Cash and investments as of December 31, 2016, consist of the following:

Deposits with financial institutions	\$ 5,651
Investments	<u>472,672</u>
Total cash and investments	<u><u>\$ 478,323</u></u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is

**EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2016, the District's cash deposits had a bank balance of \$5,651 and a carrying balance of \$5,651.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors, such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase and reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

Fair Value Measurement and Application

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Investments not measured at fair value and not categorized include governmental money market funds (PFM Funds Governmental Select series); money market funds (generally held by Bank Trust Departments in their role as paying agent or trustee); and CSAFE which record their investments at amortized cost.

As of December 31, 2016, the District had the following investments:

Investment	Maturity	Fair Value
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted average under 60 days	<u>\$ 472,672</u>

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAM by Standard & Poor's.

NOTE 5 - LONG-TERM OBLIGATIONS

The following is an analysis of the changes in long-term obligations for the year ended December 31, 2016:

	Balance at December 31, 2015	Additions	Retirements	Balance at December 31, 2016	Due Within One Year
General Obligation Bonds					
Series 2006	\$ 3,030,000	\$ -	\$ 3,030,000	\$ -	\$ -
Series 2016	-	3,540,000	105,000	3,435,000	110,000
Reimbursement Agreement - City of Commerce City	197,835	-	21,549	176,286	26,478
	<u>\$ 3,227,835</u>	<u>\$3,540,000</u>	<u>\$ 3,156,549</u>	<u>\$ 3,611,286</u>	<u>\$ 136,478</u>

The details of the District's long-term obligations are as follows:

On May 17, 2016, the District issued \$3,540,000 of Taxable/Tax Exempt General Obligation Refunding and Improvement Bonds (the 2016 Bonds). The 2016 Bonds were initially issued as taxable bonds with an interest rate of 4.00% per annum. On September 6, 2016, the 2016 Bonds converted to tax exempt bonds with an interest rate of 3.25% to December 1, 2025, 3.75% to December 1, 2030, and 4.25% until maturity on December 1, 2036. Interest is payable semi-annually on June 1 and December 1, commencing on December 1, 2016. Mandatory principal payments are due on December 1, commencing on December 1, 2016, with final payment due on December 1, 2036. The 2016 Bonds cannot be prepaid prior to December 1, 2025.

The 2016 Bonds are secured by (1) the Required Mill Levy, (2) that portion of the Specific Ownership Tax allocable to the Required Mill Levy, and (3) any other legally available moneys with the District determines in its sole discretion to apply as pledged revenue. Proceeds of the 2016 Bonds were used to (1) advance refund and defease (debt legally satisfied) its General Obligation Refunding Bonds, Series 2006 Bonds (2006 Bonds), (2) finance the cost of construction and installation of park and recreation improvements, and (3) pay the costs of issuing the 2016 Bonds. The 2006 Bonds are not considered a liability of the District since sufficient funds in the amount of \$3,175,615 were deposited with a trustee and invested in U.S. government securities for the purpose of paying the principal and interest of the 2006 Bonds until the call date, at which point the 2006 Bonds were repaid in their entirety from remaining funds in the escrow account. The 2006 Bonds were redeemed on December 1, 2016.

The 2006 Bonds had an average yield of 5.0%, and the 2016 Bonds have an average yield of 3.495%, resulting in a net present value savings of \$302,555.

**EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

Prior to the date that the Debt to Assessed Ratio is less than 50%, the Required Mill Levy shall be an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient, when combined with other legally available moneys in the Bond Fund, to pay the principal of, premium if any, and interest on the Bonds as the same become due and payable, but not in excess of fifty (50) mills; provided that in the event the method of calculating assessed valuation is or was changed in the manner provided by the Service Plan, the mill levy provided herein will be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation. Pursuant to the foregoing and in accordance with the Service Plan, it is hereby determined by the Board that as of the date hereof, the foregoing minimum mill levy of 50 mills has adjusted upwards to 57.475 mills. Once the Debt to Assessed Ratio is 50% or less, the Required Mill Levy shall be an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal of, premium if any, and interest on the Bonds as the same become due and payable, without limitation of rate and in amounts sufficient to make such payments when due.

The District's long-term bonded general obligation debt matures as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 110,000	\$ 111,638	\$ 221,638
2018	115,000	108,062	223,062
2019	120,000	104,325	224,325
2020	125,000	100,425	225,425
2021	130,000	96,363	226,363
2022-2026	760,000	424,250	1,184,250
2027-2032	915,000	330,212	1,245,212
2033-2036	1,160,000	153,000	1,313,000
	<u>\$ 3,435,000</u>	<u>\$ 1,428,275</u>	<u>\$ 4,863,275</u>

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

Authorized Debt

On November 5, 1996, the District's electors authorized the incurrence of general obligation bonds totaling \$6,000,000 in principal. On November 2, 1998, the District's electors also authorized the incurrence of general obligation bonds totaling \$690,030 in principal at a rate not to exceed 15% (8% for operations and maintenance debt). At December 31, 2016, the District has authorized but unissued indebtedness for the following purposes:

	Authorized November 6, 1996 Election	Authorized May 5, 1998 Election	Total Authorized Debt
Street improvements	\$ 1,970,000	\$ -	\$ 1,970,000

**EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

Reimbursement Agreement - The District entered into an Agreement for Reimbursement of Costs with the City of Commerce City (the City) dated September 22, 1997, and amended on November 21, 2005 (the Agreement). Pursuant to the Agreement, the District has agreed to reimburse the City \$270,015 for the cost of construction of water and wastewater lines necessary to serve the development within the District and \$92,243 for the cost of installing a stone fence. The District is further obligated to install landscaping along Highway 2, or to reimburse the City for the cost of such landscaping, at a principal cost of up to \$120,000 at the time that Highway 2 is widened. The District's obligation bears interest at the rate of 5.00%. The District is required to make minimum payments to the City equal to the amount of revenue generated by 6 mills each year, with final repayment by December 31, 2018. Payments under the Agreement are subject to annual appropriation by the Board of Directors of the District. As of December 31, 2016, the outstanding balance owed was \$176,286.

NOTE 6 - NET POSITION

The District has net position consisting of three components - net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2016, the District had net investment in capital assets calculated as follows:

**Governmental
Activities**

Net investment in capital assets:

Capital assets, net of accumulated depreciation	\$ 860,730
Less: Long-term obligations	<u>(615,551)</u>
Net investment in capital assets	<u>\$ 245,179</u>

The restricted component of net position consists of assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other government or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position as of December 31, 2016, as follows:

Restricted net position:	
Emergency reserves	\$ 9,000
Debt service	25,698
Commerce City agreement	31,441
Conservation trust fund	6,744
Capital projects	260,980
Total restricted net position	<u>\$ 333,863</u>

**EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016**

NOTE 6 - NET POSITION (CONTINUED)

The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

The District has a deficit in unrestricted net position. This deficit amount is the result of the District being responsible for the financing and repayment of bonds issued for the construction of public improvements, which were dedicated to other entities for ownership and maintenance.

NOTE 7 - RELATED PARTIES

Collectively, Amber Development LLC and Community Preservation and Management, LLC are related parties and are referred to as the Developers. Some members of the Board of Directors of the District are employees of, owners of, or associated with the Developers and may have conflicts of interest in dealing with the District.

NOTE 8 - AGREEMENTS WITH DEVELOPERS

On October 9, 2009, the District entered into a contract with Community Preservation and Management, LLC (CPandM) for 2010 – 2011 snow removal services at the rate of \$85 per hour. The contract was renewed for 2012, 2013, 2014, 2015 and 2016. During 2016, the District paid CPandM \$6,808 for snow removal and other maintenance expenses.

NOTE 9 - RISK MANAGEMENT

Except as provided in the Colorado Governmental Immunity Act, the District may be exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

EAGLE CREEK METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 10 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

On May 5, 1998, voters within the District approved election questions related to the issuance of additional debt in the amount of \$150,000 with a related annual tax increase of \$390,000, for the purpose of paying operations and maintenance costs of the District. These election questions allowed the District to collect and spend the additional revenue without regard to any spending, revenue raising, or other limitations contained within TABOR.

On November 6, 2012, voters within the District approved election questions allowing the District to receive grant revenues and collect fees without regard to any spending, revenue-raising, or other limitation contained within TABOR.

This information is an integral part of the accompanying financial statements.
