## **Independent Auditor's Report**

Members of the Board of Directors  
Eagle Meadow Metropolitan District

We have audited the accompanying financial statements of the governmental activities and the major funds of Eagle Meadow Metropolitan District as of and for the year ended December 31, 2016 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major funds of Eagle Meadow Metropolitan District, as of December 31, 2016 and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other-Matters**

### *Required Supplementary Information*

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Eagle Meadow Metropolitan District's financial statements as a whole. The supplementary information section is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information as listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Littleton, Colorado

These financial statements should be read only in connection with  
the accompanying notes to financial statements.

**EAGLE MEADOW METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 1 - DEFINITION OF REPORTING ENTITY**

Eagle Meadow Metropolitan District (District), a quasi-municipal corporation, was organized on November 20, 2001, is governed pursuant to provisions of the Colorado Special District Act (Title 32). The District operates under an Amended and Restated Service Plan approved by Dacono City Council on April 25, 2016. The District's service area is located in Weld County, Colorado. The District was established to provide financing and construction of public improvements.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. For the most part, the effect of interfund activity has been removed from these statements. These financial statements include all of the activities of the District. Governmental activities are normally supported by property taxes.

The statement of net position reports all financial and capital resources of the District. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources of the District is being reported as net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

**EAGLE MEADOW METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Redemption of bonds is recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations are recorded when the liability is incurred or the long-term obligation paid.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Revenues are derived primarily from property taxes, other taxes and interest income.

The Debt Service Fund accounts for the resources that are restricted, committed or assigned for principal and interest on long-term general obligation debt of the governmental funds, as well as financial resources being accumulated for future debt service.

The Capital Projects Fund is used to account for financial resources that are restricted, committed or assigned to the acquisition and construction of capital equipment and facilities.

**EAGLE MEADOW METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

**Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position**

***Cash and Investments***

The District's cash and investments include cash on hand and short-term investments with maturities of three months or less from the date of acquisition. Investments for the government are reported at fair value.

***Property Taxes***

Property taxes are levied by the District Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes are considered fully collectible and are recorded initially as deferred inflows of resources in the year they are levied and measurable. Property tax revenues are recorded as revenue in the year they are available or collected.

***Deferred Outflows of Resources and Deferred Inflows of Resources***

A deferred inflow of resources is an acquisition of net position by a government that is applicable to a future reporting period and a deferred outflow of resources is a consumption of net position by a government that is applicable to a future reporting period. Both deferred inflows and outflows are reported in the statement of net position but are not recognized in the financial statement as revenues and expenses until the period(s) to which they relate.

**EAGLE MEADOW METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Deferred inflows of resources in the governmental fund financial statements of the District for the year ended December 31, 2016 are comprised of property taxes due from Weld County that will not be collected within 60 days of the end of the current fiscal year. Deferred inflows of resources in the government-wide financial statements represents property taxes for which an enforceable legal claim to assets exists, but for which the levy pertains to the subsequent year.

***Long-term Liabilities***

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Long-term debt is reported gross.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Fund Balance – Governmental Funds**

The fund balances for the District's governmental funds are displayed in up to five components:

*Nonspendable* – amounts that are not in a spendable form or are required to be maintained intact.

*Restricted* – amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

- Emergency Reserves of \$2,336 have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 8).
- The restricted fund balance in the Debt Service Fund in the amount of \$163,511 is to be used exclusively for the payment of future general obligation bond principal, interest and related costs.
- The restricted fund balance in the Capital Project Fund in the amount of \$225,000 is escrowed and to be used for future capital improvement.

*Committed* – amounts that can be used only for the specific purposes determined by resolution of the Board. Commitments may be changed or lifted only by issuance of a resolution by the District's Board. There is no committed fund balance for the year ended December 31, 2016.

**EAGLE MEADOW METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*Assigned* – Amounts intended to be used by the District for specific purposes as determined by management. In governmental funds other than the General Fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund. There is no assigned fund balance for the year ended December 31, 2016.

*Unassigned* – the residual classification for the General Fund and includes all amounts not contained in the other classifications.

The District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District applies committed amounts first, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

**NOTE 3 - CASH AND INVESTMENTS**

Investments as of December 31, 2016, are classified in the accompanying financial statements as follows:

Statement of net position:

Investments – Restricted	\$ <u>30,499</u>
	\$ <u>30,499</u>

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

**Investments**

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

**EAGLE MEADOW METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2016**

**NOTE 3 - CASH AND INVESTMENTS (CONTINUED)**

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial risk for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to three or five years or less (depending upon the type of investment) unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase and reverse repurchase agreements collateralized by certain authorized securities
- \* Certain money market funds
- Guaranteed investment contracts
- \* Local government investment

As of December 31, 2016, the District had the following investments:

<b>Investment</b>	<b>Maturity</b>	<b>Fair Value</b>
Federated Treasury Money Market Fund	Less than 1 year	<u>\$ 136,001</u>

**Federated Treasury Money Market Fund**

The debt service money that was included in the trust accounts at United Missouri Bank (UMB) was invested in the Federated Treasury Obligations Fund. This portfolio is a money market mutual fund which invests in U.S. Treasury obligations which are fully guaranteed as to principal and interest by the United States of America, with maturities of 12 months or less and repurchase agreements collateralized by U.S. Treasury obligations. The Federated Treasury Obligation Fund is rated AAAM by Standard & Poors.

**Fair Value Measurement and Application**

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Investments not measured at fair value and not categorized include governmental money market funds; money market funds; and CSAFE which record their investments at amortized cost.

**EAGLE MEADOW METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 4 - LONG-TERM OBLIGATIONS**

The following is an analysis of changes in long-term obligations for the year ended December 31, 2016:

<b>Long term obligations</b>	<b>Balance at December 31, 2015</b>	<b>Additions</b>	<b>Retirement</b>	<b>Balance at December 31, 2016</b>	<b>Due Within One Year</b>

**Bonds Payable**

On April 3, 2014, the District issued \$1,752,752 in a General Obligation Note (Taxable Limited Tax General Obligation Note) for infrastructure improvements. The Note was a special, limited obligation and due on April 3, 2044, with an interest of 5.25%. In 2016 the Note was paid off upon issuance of General Obligation Bonds by the District. General Obligation Limited Tax Refunding Bonds were issued as follows: Series 2016A in the amount of \$1,150,000 with an interest rate of 3.11% and matures at June 30, 2036; Series 2016B and Series 2016C are \$700,000 subordinate and \$576,427 junior subordinate, respectively. Both subordinate and junior subordinate bonds bear the same interest rate of 6.5% and mature on December 15, 2041. The Series 2016C bonds are payable only from excess revenues, after payment of the Series 2016A and 2016B Bonds.

**EAGLE MEADOW METROPOLITAN DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2016**

**NOTE 4 - LONG-TERM OBLIGATIONS (CONTINUED)**

The Series 2016A and 2016B bonds are payable solely from Pledged Revenue as follows:

Year	Series 2016A	Year	Series 2016B
2017	\$ 43,000	2037	\$ 125,000
2018	45,000	2038	125,000
2019	46,000	2039	150,000
2020	47,000	2040	150,000
2021	49,000	2041	150,000
2022-2026	264,000		<u>\$ 700,000</u>
2027-2031	306,000		
2032-2036	350,000		
	<u>\$ 1,150,000</u>		

The District's Service Plan restricts the maximum mill levies to be not in excess of 50.0 mills. The mill levy is subject to adjustments based on Colorado law in the method of calculating assessed valuation. During 2016, the District collected taxes based on a mill levy of 45.000 mills; 45.000 mills for operations and 0.000 mills for debt service. At December 15, 2016, the District levied 50.000 mills for collections in 2017; 0.000 mills for operations and 50.000 mills for debt service.

**NOTE 5 - NET POSITION**

The District has net position consisting of two components - restricted and unrestricted.

Restricted assets include assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position of \$390,847 as of December 31, 2016 as follows:

Emergencies	\$ 2,336
Debt service	163,511
Capital projects	<u>225,000</u>
Total restricted net position	<u>\$ 390,847</u>

The District's unrestricted net position as of December 31, 2016 totaled \$(2,420,412). This deficit amount was a result of the District being responsible for the repayment of notes issued for public improvements that have been conveyed to other governmental entities.

**EAGLE MEADOW METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 6 - RELATED PARTIES**

Some of the members of the Board of Directors are or have been either employees or have financial interests that are related to a prior Developer of the District. These members may have potential conflicts of interests regarding matters which come before the Board. Two of the Board members are members of Pawnee South, LLC, which held the District's General Obligation Note and now holds the Series 2016C Bonds. Three Board members are employees of Southwestern Property Corp. (SWPC), which provided accounting services to the District in 2016 for total fees of \$19,075.

**NOTE 7 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2016. The Pool is an organization created by intergovernmental agreement to provide property, liability, public official's liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public official's liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 8 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

**EAGLE MEADOW METROPOLITAN DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2016**

**NOTE 8 - TAX, SPENDING AND DEBT LIMITATIONS (CONTINUED)**

On November 4, 2003, the District's voters approved the retention of all property taxes and all other District revenue in 2003 and annually thereafter without limitation of under TABOR or other laws.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to legal interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, may require judicial interpretation.

This information is an integral part of the accompanying financial statements.
