INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Larkridge Metropolitan District No. 1
Adams County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of Larkridge Metropolitan District No. 1 (the District) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Larkridge Metropolitan District No. 1, as of December 31, 2016, and the respective changes in financial position thereof, and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

I

Barnes Griggs & Associates, PC

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operation, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of legal compliance and additional analysis and is not a required part of the basic financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**LARKRIDGE METROPOLITAN DISTRICT NO. 1
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - Total governmental funds	\$	2,327
--	----	-------

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Therefore, this is the amount of capital outlay and depreciation in the current period.

Depreciation		(32,859)
--------------	--	----------

The issuance of long-term debt (e.g., bonds, Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Current year bond principal payments		160,000
--------------------------------------	--	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued interest on Developer advance		(30,467)
Accrued interest on bonds - Change in liability		(5,786)
Accrued interest on subordinate bonds		(160,352)
Subordinate bond interest payment		12,000
		12,000

Changes in net position of governmental activities	\$	(55,137)
--	----	----------

These financial statements should be read only in connection with
the accompanying notes to financial statements.

the accompanying notes to financial statements.

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 1 - DEFINITION OF REPORTING ENTITY

Larkridge Metropolitan District No. 1 (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court for Adams County on May 18, 2004, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located in Thornton, Colorado. The District was established to provide water, storm sewer and sanitary sewer, streets and traffic safety protection, parks and recreation, transportation, mosquito control and other powers.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds, notes and developer advances are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Investments are carried at fair value.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property and infrastructure assets (e.g. detention ponds and similar items), are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of net investment in capital assets component of the District's net position.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Depreciation expense has been computed using the straight-line method over the following estimated economic useful life:

Detention pond	25 years
----------------	----------

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one item that qualifies for reporting in this category. Accordingly, the item, *property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amounts become available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

- *Nonspendable fund balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.
- *Restricted fund balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.
- *Committed fund balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- *Assigned fund balance* – The portion of fund balance that is constrained by the government’s intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- *Unassigned fund balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District’s practice to use the most restrictive classification first.

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2016, are classified in the accompanying financial statements as follows:

Statement of net position:

Cash and investments	\$ 12,353
Cash and investments - Restricted	<u>542,019</u>
Total cash and investments	<u><u>\$ 554,372</u></u>

Cash and investments as of December 31, 2016, consist of the following:

Deposits with financial institutions	\$ 554,185
Investments	<u>187</u>
Total cash and investments	<u><u>\$ 554,372</u></u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2016, the District’s cash deposits had a bank balance of \$560,374 and a carrying balance of \$554,185.

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

Investments

The District has adopted a formal investment policy that follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

Fair Value Measurement and Application

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. Investments not measured at fair value and not categorized include governmental money market funds (PFM Funds Governmental Select series); money market funds (generally held by Bank Trust Departments in their role as paying agent or trustee); and CSAFE which record their investments at amortized cost.

As of December 31, 2016, the District had the following investments:

Investment	Maturity	Fair Value
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted average under 60 days	<u>\$ 187</u>

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAM by Standard & Poor's.

NOTE 4 - CAPITAL ASSETS

An analysis of the changes in capital assets for the year ended December 31, 2016, follows:

	<u>Balance at December 31, 2015</u>	<u>Increases</u>	<u>Decreases</u>	<u>Balance at December 31, 2016</u>
Governmental Activities:

The details of the District's long-term obligations are as follows:

General Obligation Bonds

\$10,000,000 General Obligation Refunding and Improvement Bonds, Series 2012A (Series 2012A Bonds), and \$1,100,000 General Obligation Bonds (Taxable Convertible to Tax-Exempt), Series 2012B (Series 2012B Bonds), dated August 31, 2012, with interest of 5.375% per annum until such time as the Series 2012B Bonds are no longer outstanding. The Series 2012A Bonds mature December 1, 2034 and the Series 2012B Bonds mature December 1, 2020. The Series 2012A Bonds are subject to early redemption, at the option of the District, on December 1, 2022, and thereafter, without redemption premium. The Series 2012B Bonds are not subject to early redemption. The bonds have a reserve requirement of \$529,225. If a withdrawal is made that reduces the reserve balance, the District shall compute an amount necessary in the next Mill Levy certification to replace the funds. The balance in the reserve fund at December 31, 2016, is \$529,225.

\$1,940,000 Subordinate Limited Tax Bonds (Taxable Convertible to Tax-Exempt), Series 2012C (Series 2012C Bonds), dated August 31, 2012, with interest of 7% due annually on December 15, commencing on December 15, 2012. The Series 2012C Bonds were issued for the purpose of financing the acquisition of public improvements. The Series 2012C Bonds are subject to early redemption, at the option of the District, without redemption premium. The Series 2012C Bonds are only payable after provisions have been made for the payment of the Series 2012A and 2012B Bonds.

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

The Bonds are secured by and payable from the Pledged Revenue consisting of monies derived from the imposition of the Mill Levy, net of collection costs, whether received directly by the District or as Tax Increment Revenue pursuant to the TDA Agreement, and specific ownership taxes.

The District's long-term bond obligations will mature as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 170,000	\$ 1,078,967	\$ 1,248,967
2018	180,000	694,531	874,531
2019	195,000	684,856	879,856
2020	210,000	674,375	884,375
2021	310,000	663,087	973,087
2022-2026	2,999,155	2,973,942	5,973,097
2027-2031	5,056,759	1,834,394	6,891,153
2032-2034	3,384,086	395,517	3,779,603
	<u>\$ 12,505,000</u>	<u>\$ 8,999,669</u>	<u>\$ 21,504,669</u>

Authorized Debt

On May 4, 2004, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$39,285,000 at an interest rate not to exceed 12% per annum. On November 2, 2004, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$12,000,000, at an interest rate not to exceed 12% per annum. On May 8, 2012, a majority of the qualified electors of the District authorized the District's indebtedness be increased in an amount not to exceed \$51,285,000, at an interest rate not to exceed 12% per annum. At December 31, 2016, the District had authorized but unissued indebtedness in the following amounts allocated for the following purposes:

	<u>May 4, 2004 Authorization</u>	<u>November 2, 2004 Authorization</u>	<u>May 8 2012 Authorization</u>	<u>Authorization Used for Bonds</u>	<u>Remaining Authorization</u>
Street improvements	\$ 5,319,669	\$ 500,000	\$ 5,819,669	\$ 4,140,000	\$ 7,499,338

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

Pursuant to the Service Plan and the Amendment, the District is permitted to issue bond indebtedness of up to \$14,500,000 for property within the initial District boundaries and \$3,500,000 when the future inclusion area parcel is included in the District's boundaries.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

Developer Advances

The District has entered into Funding and Reimbursement Agreements with the Developer as follows:

Funding and Reimbursement Agreement

The District and JP Thornton LLC (the Developer) entered into a Funding and Reimbursement Agreement (General District Improvements) dated August 10, 2004. Pursuant to the Funding and Reimbursement Agreement, the Developer has agreed to advance funds to the District for the construction of Initial Public Improvements and Additional Public Improvements (as such terms are defined in the Funding and Reimbursement Agreement). The District has agreed to reimburse the Developer for funds advanced under the Funding and Reimbursement Agreement, together with interest thereon at the rate of 7% per annum, from the proceeds of the bonds to the extent of the amounts advanced for the Initial Public Improvements and the Additional Public Improvements.

Project Funding Agreement

The District and the Developer have entered into a Project Funding Agreement (Developer Improvements) (TDA Improvements), dated August 10, 2004. Pursuant to the Project Funding Agreement, the Developer has agreed to advance funds for financing the costs associated with the construction of Developer Improvements and TDA Improvements. Costs associated with the construction of the Developer Improvements and the TDA Improvements are defined in the Project Funding Agreement as the "Developer Construction Related Expenses" and the "TDA Construction Related Expenses," respectively. On August 31, 2012, the District and JP Thornton LLC entered into an Acknowledgment of Reimbursement pursuant to Project Funding Agreement (TDA Improvements). There are currently no amounts due and owing under the Project Funding Agreement, though it remains in effect and additional funds may be advanced in the future.

Operations Funding Agreements

The District and the Developer have entered into several Operations Funding Agreements (the Operations Funding Agreements). Pursuant to the Operations Funding Agreements, the Developer has agreed to advance funds to the District to pay the operations and maintenance expenses of the District. The District has agreed to: (i) use its reasonable efforts to impose and

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 5 - LONG-TERM OBLIGATIONS (CONTINUED)

collect its operations mill levy and to impose and collect its rates, fees, tolls and charges in the minimum amounts set forth in the District's Service Plan; and (ii) repay the amounts advanced by the Developer under the Operations Funding Agreements, together with interest at the rate of 7%, to the extent that it has funds available after the payment of its annual debt service payments and operations and maintenance expenses. The repayment obligation of the District is specifically subordinate to the District's annual debt service obligations except under the conditions set forth in the Operations Funding Agreements.

NOTE 6 - NET POSITION

The District has net position consisting of three components - net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2016, the District had net investment in capital assets calculated as follows:

	Governmental Activities
Net investment in capital assets	
Capital assets, net	\$ 492,893
Current and noncurrent portion of long-term obligations - Bonds	(1,141,242)
Portion of debt related to Developer advances	(1,770)
Portion of debt related to restricted cash and investments	49,275
Net investment in capital assets	\$ (600,844)

Restricted assets include net position that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2016, as follows:

	Governmental Activities
Restricted net position:	
Emergencies	\$ 2,100
Total restricted net position	\$ 2,100

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 7 - DISTRICT AGREEMENTS

Tax Increment Sharing Agreement

The District has entered into the Tax Increment Sharing Agreement with the Thornton Development Authority (Authority), dated as of June 9, 2004, regarding the sharing of Tax Increment Revenues generated within the District. The Tax Increment Sharing Agreement provides that in consideration for the District providing public improvements and services, the Authority agrees that the portion of revenues which it receives as a result of ad valorem property tax increments, which are attributable to the District's current and future levy of ad valorem taxes on property within the Development and encompassed by the Urban Renewal Plan, shall be segregated upon receipt and shall be remitted by the Authority to the District within 45 days of the end of each quarter. The District will use such property tax revenue to pay debt service on the bonds.

Construction IGA

The District has entered into an Intergovernmental Agreement regarding Construction of Public Improvements (the Construction IGA) with the Authority, dated as of June 9, 2004, regarding the construction of public improvements. Pursuant to the Construction IGA, the District has agreed to construct street, water, sewer and other public improvements to benefit the Urban Renewal Project Area, and the Authority has agreed to finance the cost of such improvements. The Authority anticipates using the net proceeds of its proposed bonds to fulfill its obligations under the Construction IGA.

City of Thornton IGA

The District has entered into an intergovernmental agreement with the City of Thornton (the City), dated June 9, 2004, as amended September 13, 2005, and August 28, 2012 (the City IGA), regarding the District's Service Plan. In the City IGA, the District agrees not to do the following without the prior approval of the City: (i) change its boundaries; (ii) refund its outstanding bonds (which would include the Series 2012A, 2012B and 2012C Bonds) so as to extend the maturity or increase total debt service; (iii) impose capital fees or exactions; (iv) consolidate with any other special district; (v) acquire, own, manage, adjudicate or develop water rights or resources; (vi) use its power of eminent domain for any real property; (vii) apply for Greater Outdoors Colorado Trust Fund grants or other State or federal grants; (viii) permit bond documents which provide acceleration of debt against the issuer as a remedy; (ix) provide services outside its boundaries except as necessary to construct, operate and maintain the public improvements set forth in its Service Plan; and (x) own, operate or otherwise allow telecommunication facilities in such a way as to affect the ability of the City to expand the City's telecommunications facilities or impair the City's existing telecommunication facilities. The District further agrees that, once the District's outstanding debt has been retired, upon a determination by the City Council that the purposes for which the District was created have been accomplished the District shall take all actions necessary to dissolve. The District agrees that it is subject to the City's zoning, subdivision building code and other land use requirements. Prior to the issuance of bonds, the District is to provide the City with an opinion of bond counsel that the bond issue satisfies the Taxpayer Bill of Rights requirements set forth in Article X, Section 20 of the Colorado Constitution and an opinion of the District's counsel that the bond issue is in conformity with the District's Service Plan. The City agrees that it will not impose any

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 7 - DISTRICT AGREEMENTS (CONTINUED)

growth limitations on a property within the District's boundaries. The Mill Levy Cap set forth in the Service Plan is 50 mills. The City agrees that any portion of the District's debt with respect to which the Debt to Assessed Valuation is less than 50%, the District will be permitted to impose a mill levy that shall not be subject to the Mill Levy Cap. The City further agrees that in the event the method of calculating assessed valuation is changed by any change in law, change in method of calculation, or in the event of any legislation or constitutionally mandated tax credit, cut or abatement, the Mill Levy Cap may be increased or decreased to reflect such change.

Construction Management Agreement

The District entered into a Construction Management Agreement with Jordon Perlmutter & Co. dated September 9, 2004. Under the terms of such agreement, the District retains Jordon Perlmutter & Co. to provide consulting services for the construction of certain improvements set forth in the District's Service Plan, as well as certain improvements which the District will be constructing on behalf of and subject to funding by the Authority and the Developer. Pursuant to this agreement, Jordon Perlmutter & Co. will be retained to supervise all engineers, consultants, and contractors, conduct competitive bid procedures, and related construction activities. Under the terms of this agreement, Jordon Perlmutter & Co. would be paid a fee of 3.5% of the hard costs and 6% of certain soft costs associated with the construction of such improvements.

Construction Management/Project Management Agreement

The District entered into a Construction Management/Project Management Agreement with Jordon Perlmutter & Co. dated September 9, 2004. Under the terms of such agreement, the District retains Jordon Perlmutter & Co. to provide consulting services for the construction of certain improvements set forth in the District's Service Plan, as well as certain improvements which the District will be constructing on behalf of and subject to funding by the Authority and the Developer. Pursuant to this agreement, Jordon Perlmutter & Co. will be retained to supervise all engineers, consultants and contractors, conduct competitive bid procedures, assist the District with certain project management and administrative activities, including assisting the District in preparing a work budget, reviewing and giving recommendation of approval on change orders, attending District board meetings, assisting the District in processing a Service Plan Amendment, and managing compliance with applicable provisions of the laws, rules and regulations of all governing jurisdictions. Under the terms of this agreement, Jordon Perlmutter & Co. would be paid a fee of 9% of the hard costs and 6% of the soft costs of such improvements.

NOTE 8 - RELATED PARTY

The Developer of the property which constitutes the District is JP Thornton, LLC. Jordon Perlmutter & Co. has an interest in JP Thornton, LLC. The majority of the members of the Board of Directors are employees, owners or are otherwise associated with Jordon Perlmutter & Co. and with the Developer and may have conflicts of interest in dealing with the District.

LARKRIDGE METROPOLITAN DISTRICT NO. 1
NOTES TO FINANCIAL STATEMENTS
December 31, 2016

NOTE 9 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On May 8, 2012, a majority of the District's electors authorized the District to collect and spend or retain in a reserve the full amount of all currently levied taxes and fees from the District annually, without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

This information is an integral part of the accompanying financial statements.
