INDEPENDENT AUDITOR'S REPORT

July 21, 2017

To the Board of Directors
North Range Village Metropolitan District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major funds of North Range Village Metropolitan District as of and for the year ended December 31, 2016 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control and relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of governmental activities and the major funds of North Range Village Metropolitan District, as of December 31, 2016 and the respective changes in financial position and the budgetary comparison for the General Fund, Reserve Fund and Debt Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other-Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial

statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise North Range Village Metropolitan District's financial statements as a whole. The supplementary information section is presented for purposes of additional analysis and is not a required part of the financial statements.

The Supplementary information, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances – Total government funds	\$ 93,114

The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Principal payment	210,000

NORTH RANGE VILLAGE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2016

NOTE 1 – DEFINITION OF REPORTING ENTITY

North Range Village Metropolitan District (District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court for Adams County on November 16, 1999, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under the amended service plan approved by Commerce City (City) in October 1999 and as modified on June 19, 2000 and on February 5, 2007. The District's service area is located in Adams County, Colorado entirely within the boundaries of the City. The District was established to provide financing for the construction of streets, safety controls, street lighting, landscaping, water, sanitary sewer, storm drainage, television relay facilities, park and recreation, and mosquito control improvements within the North Range Village subdivision, Foxtan Village Filing No 1 subdivision and Foxtan Village Filing No 3 subdivision.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organizations governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies of the District are as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities are normally supported by property taxes.

The statement of net position reports all financial and capital resources of the District. The difference between the assets and liabilities of the District is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

These notes are an integral part of the accompanying financial statements.

NORTH RANGE VILLAGE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government-wide and Fund Financial Statements (concluded)

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The NRV Operating Fund accounts for the resources accumulated and payments made to provide covenant enforcement, architectural review, park and open space maintenance, recreation and other services to the residents of the North Range Village subdivision.

The NRV Reserve Fund accounts for the resources accumulated to fund major capital improvement projects – including major maintenance and replacement of existing capital assets such as perimeter fencing and park facilities – located within the North Range Village subdivision.

The Foxtan Operating Fund accounts for the resources accumulated and payments made to provide covenant enforcement, architectural review, park and open space maintenance, recreation and other services to the residents of the North Range Village subdivision.

The Foxtan Reserve Fund accounts for the resources accumulated to fund major capital improvement projects – including major maintenance and replacement of existing capital assets such as perimeter fencing and park facilities – located within the Foxtan Village Filing No 1 subdivision.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

These notes are an integral part of the accompanying financial statements.

NORTH RANGE VILLAGE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (concluded)

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Investments are carried at fair value.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the property taxes collected monthly to the District.

Property taxes are recorded initially as deferred inflows of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

Water Rights – Held for Sale

Water rights are recorded at acquisition cost. Any costs incurred for the protection of those rights, are expensed.

Land

Land is recorded at acquisition cost.

These notes are an integral part of the accompanying financial statements.

NORTH RANGE VILLAGE METROPOLITAN DISTRICT
NOTES TO FINANCIAL STATEMENTS
Year Ended December 31, 2016

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

System Development Fees

System development fees of \$900 per single-family home are charged against properties within the District. The development fee is due at the time of issuance of a building permit. The District records the system development fees as revenue when received, which may be at the transfer of property from the developer to a builder.

As of December 31, 2016, 15 single-family home lots within the North Range Village subdivision remain undeveloped.

Fund Equity

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: non-spendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

- **Non-spendable fund balance** – The portion of a fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.
- **Restricted fund balance** – The portion of a fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.
- **Committed fund balance** – The portion of a fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.
- **Assigned fund balance** – The portion of a fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- **Unrestricted fund balance** – The residual portion of a fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's policy to use the most restrictive classification first.

These notes are an integral part of the accompanying financial statements.

Total cash and investments	<u>\$ 295,299</u>

Cash and investments as of December 31, 2016 consist of the following:

Deposits with financial institutions	\$ 48,828
Investments	<u>246,471</u>
Total cash and investments	<u>\$ 295,299</u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2016, the District's cash deposits had a bank balance of \$48,852 and a carrying balance of \$48,828.

Investments

The District has adopted a formal investment policy which requires the District to follow state statutes regarding investments.

The District generally limits its concentration of investments to those listed below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial risk for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

These notes are an integral part of the accompanying financial statements.

NOTE 3 – CASH AND INVESTMENTS (concluded)

Investments (concluded)

Revenue bonds of local government securities, corporate and bank securities, and guaranteed investment contracts not purchased with bond proceeds, are limited to maturities of three years or less.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest.

As of December 31, 2016, the District's investments were comprised of the following:

Investment	Maturity	Fair Value
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted average under 60 days	\$ 246,471

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing CSAFE. CSAFE operates similarly to a money market fund and each share is equal in value to \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper.

A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAM by Standard & Poor's.

NOTE 4 – WATER RIGHTS – HELD FOR SALE

In 2007, the District purchased 89 Equivalent Residential Unit rights (ERUs). An ERU right allows a property owner to purchase a water tap and sanitary sewer connection into the South Adams County Water and Sanitation District system. The ERUs are restricted to servicing the following land tracts identified on the Foxton Village No. 2 plat map: (1) Lot 1, Block 1, (2) tract C, (2) tract D and (3) tract E. Any changes to the land assigned to these ERUs must be approved by PV Water and Sanitation Metropolitan District Water Activity Enterprise, the City of Commerce City and South Adams County Water and Sanitation District.

On October 3, 2007, the Foxton Village No. 2 plat map was re-platted with the filing of the Foxton Village No. 3 plat map. The Foxton Village No. 3 plat map eliminated tract C, tract D and tract E and split Lot 1, Block 1 into two lots (i.e. Lot 1, Block 1 and Lot 2, Block 1).

NOTE 4 – WATER RIGHTS – HELD FOR SALE (concluded)

On August 31, 2009, Freeport LLC – the owner of Lot 2 of Block 1 of the Foxton Village Filing No 3 subdivision (L2B1FV3) – entered into a covenant with the District to purchase all ERUs (but no less than 6 ERUs) necessary to service L2B1FV3 (the ERU Covenant). The covenant runs with the land and is binding on any subsequent owners of L2B1FV3. As of December 31, 2016, the owner of L2B1FV3 (Commerce City Leased Housing Associates I LLLP) has not purchased any of the District’s ERUs. See also Note 12 “Subsequent Events”.

NOTE 5 – LAND

On December 19, 2002, the District acquired approximately 204,503 square feet (i.e. 4.695 acres) of open space land in the North Range Village subdivision from the Developer. Per the plat map filed with the Adams County Clerk and Recorder’s Office on June 07, 2000, the acquired tracts of land are comprised of Tracts A, B, D, E, F, G, K, L, N, M, P, Q, R, S, T and U. The land was recorded by the District at a nominal value of \$1,000.

On January 18, 2016, the Foxton Village Homeowners Association, Inc. (FV Association) granted the District a perpetual non-exclusive easement to the FV Association’s common area land for the purpose of operating, using, maintaining, repairing, reconstructing, and/or replacing the improvements, located on such property. The Easement requires the FV Association obtain permission from the District before the Association can construct any improvements on common areas.

Cash remainder	<u>\$ 6,111</u>

The defeased Series 2000 Bonds and Series 2001 Bonds were redeemed on December 1, 2011.

The Series 2007 bonds bear interest from 3.5% to 4.25% per annum, due June 1 and December 1. Principal is due on December 1. The coupons were issued to yield from 3.86% to 4.87% per annum. Principal is due on December 1. The bonds maturing on or before December 1, 2016 are not subject to redemption prior to their respective maturity dates. The bonds maturing on and after December 1, 2017 are subject to redemption prior to maturity at the option of the District. The bonds mature on December 1, 2036.

The District holds a financial guaranty insurance policy with Assured Guaranty Corp. ensuring repayment of the Series 2007 general obligation bonds and interest certificates.

The bonds and interest certificates are secured by and payable from Pledged Revenue consisting of monies derived by the District from the following sources, net of any collection costs: (1) the Required Mill Levy, (2) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Required Mill Levy, and (3) any other legally available monies which the District determines to be treated as Pledged Revenue. The Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in an amount sufficient to pay the principal, premium if any, and interest on the bonds as the same become due and payable without limitation of rate in an amount sufficient to such payment when due.

Authorized Debt

On November 2, 1999, the District's electors authorized the issuance of indebtedness in an amount not to exceed \$2,000,000 at an interest rate not to exceed 18%. On May 2, 2000 and November 7, 2000, the electors authorized an additional \$4,900,000 of indebtedness at each election for a total authorization of \$9,800,000 at an interest rate not to exceed 18% and \$4,428,590 and \$4,900,000, respectively, for refunding the District's debt or other obligations.

In accordance with 32-1-1101(2), C.R.S., any remaining, unused debt issuance authorization (with the exception of authorization for refunding of debt) will expire 20 years after the original debt authorization election. Any remaining, unused debt issuance authorization will expire between November 2019 and November 2020. Also, in accordance with 32-1-1101(2), C.R.S., any unused authorization obtained from the District's electors for the issuance of debt for the purpose of refunding existing debt will expire when the District's current general obligation debt is paid down to a balance of \$400,000 or less.

At December 31, 2016, the District had authorized but unissued indebtedness in the following amounts allocated for the following purposes:

	\$ 2,765,000	\$ 1,365,000	\$ 8,705,000	\$ -	\$ 8,293,590

Per the amended Service Plan, the District is limited to issuing \$11,800,000 in debt for capital and operations and \$9,328,590 for refunding original issue debt without prior authorization from the City of Commerce City.

Purpose of Debt Issuance

The majority of the District’s current outstanding debt was used to fund the construction of various infrastructure assets within the North Range Village subdivision and Foxton Village subdivision including roads, sidewalks, storm drains, park, open space landscaping, perimeter fencing, etc. Upon completion of the construction of these infrastructure assets, they were conveyed by the District to various entities including City of Commerce City, South Adams County Water and Sanitation District, North Range Village Homeowners Association, Inc., Foxton Village Homeowners Association, Inc. and public utility entities. These entities accepted the maintenance and ownership responsibilities for these improvements. Consequently, these infrastructure assets were removed from the District’s capital asset records in previous years.

NOTE 7 – NET POSITION

The District has a net position consisting of two components – restricted and unrestricted.

Restricted Net Position

Restricted net position includes net position that is restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position comprised of \$8,700 for Emergency Reserves and \$118,000 for Debt Service as of December 31, 2016.

Assigned Net Position

The District’s assigned net position as of December 31, 2016 in the general fund, NRV operating fund, Foxton operating fund, and debt service fund totaled \$8,177, \$540, \$0 and \$0, respectively. These balances have been assigned by the Board to fund expenditures incurred by the District in subsequent years within each respective fund.

These notes are an integral part of the accompanying financial statements.

NOTE 7 – NET POSITION (concluded)

Unrestricted Net Position

The District's unrestricted net position as of December 31, 2016 totaled \$(6,457,043). This deficit amount was a result of the District being responsible for the repayment of bonds issued for public improvements conveyed to Commerce City, South Adams County Water and Sanitation District, North Range Village Homeowners Association, Inc., Foxton Village Homeowners Association, Inc. and public utility entities.

NOTE 8 – COMMITMENTS AND CONTINGENCIES

Easement Agreements

Various tracts of land owned by the District are subject to various utility easements allowing utility line access across District-owned properties to District residents.

All tracts of open space land within the Foxton Village subdivision are owned by the Foxton Village Homeowners Association, Inc. On January 01, 2016, the Foxton Village Homeowners Association, Inc. granted a permanent easement to the District allowing the District access to all open space tracts of land in the Foxton Village subdivision and requiring the District maintain all landscaping and other improvements on such land.

All open space tracts of land within the North Range Village subdivision are owned by the District.

Landscaping Plan

The land owned by the District is subject to a landscaping plan that was approved by Commerce City on June 2, 2000 (Landscaping Plan). Per the Landscaping Plan, the District must ensure (1) all land owned by the District conforms to the Commerce City Community Development Department, Public Works Department and Parks & Recreation Department standards and (2) all plant material on District-owned land conforms to Commerce City's approved plant list and planting specifications. The Landscaping Plan also requires a minimum number of trees and shrubs be maintained on the certain portions of District-owned open spaces.

The District continues to be subject to the Landscaping Plan, and any revisions to the Landscaping Plan must first be submitted and approved by Commerce City. If Commerce City deems the District to be in violation of the Landscaping Plan, Commerce City may assess monetary fines and/or other penalties on the District. As of December 31, 2016, the District believes it is in material compliance with the Landscaping Plan.

Storm Water Detention Pond

Per the North Range Village subdivision PUD agreement, the District is responsible for the maintenance of the storm water detention area (Tract G on the North Range Village subdivision plat map). In the event such maintenance is not performed by the District, Commerce City has the right to enter the area and perform the necessary work, the cost of which will be billed to and the responsibility of the District.

Covenant Enforcement and Architectural Review Services

On January 18, 2016, the District entered into a one-year agreement with the FV Association to provide covenant enforcement and architectural review services for a 12-month period beginning January 18, 2016. The cost of providing such services will be funded from revenues generated by the District. The agreement perpetually renews for successive one-year periods unless notice is provided by either party prior to November 30th of the then current term.

On January 18, 2016, the District entered into a one-year agreement with the North Range Village Homeowners Association, Inc. to provide covenant enforcement and architectural review services for a 12-month period beginning January 18, 2016. The cost of providing such services will be funded from revenues generated by the District. The agreement perpetually renews for successive one-year periods unless notice is provided by either party prior to November 30th of the then current term.

Use and Maintenance Agreement

On January 18, 2016, the District entered into a one-year agreement with the FV Association to use, operate, maintain and improve the FV Association's common areas including outdoor playground facilities, perimeter fencing, entry monumentation, detention pond and public right-of-way landscaping (as depicted on the Foxton Village subdivision plat map filed with the Adams County Clerk and Recorder's Office on December 20, 2000) in accordance with the FV Association's Master Declaration of Covenants, Conditions and Restrictions. Such services will be provided by the District at its own expense.

NOTE 9 – RELATED PARTIES

As of December 31, 2016, three of the directors on the District board are also members of the Board of Directors of the North Range Village Homeowners Association, Inc. and one of the directors on the District board is a member of the Board of Directors of the Foxton Village Homeowners Association, Inc.

NOTE 10 – RISK MANAGEMENT

The District is exposed to various risks of loss including (a) torts, thefts of, damage to, or destruction of assets, (b) errors or omissions and (c) acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to insure its member districts against various risks of loss. Settled claims have not exceeded this coverage in any of the past three years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from its members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to the Pool's distribution formula.

NOTE 11 – TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution—referred to as the Taxpayer's Bill of Rights (TABOR)—contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On November 3, 2016, District voters authorized the District to assess property taxes at no more than \$230,000 annually, without limitation to rate, to pay the District's operations, maintenance and other expenses.

On November 7, 2000, District voters authorized the District to assess property taxes at no more than \$100,000 annually, without limitation to rate, to pay the District's operations, maintenance and other expenses. Additionally, the District voters approved a revenue change to allow the District to retain and spend all revenue, other than ad valorem taxes, in excess of TABOR spending, revenue raising or other limitations.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). TABOR prohibits the District from using its emergency reserves to compensate for economic conditions and revenue shortfalls.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to legal interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, may require judicial interpretation.

NOTE 12 – SUBSEQUENT EVENTS

On February 27, 2017, the District filed a lawsuit against Commerce City Leased Housing Associates I LLLP ("CCLHA1") – the current owner of L2B1FV3 – to enforce the District's rights and CCLHA1's obligations as provided per the water right acquisition covenant filed on L2B1FV3. Because the litigation process is subject to many uncertainties, and the outcome is not predictable with assurance, the District cannot predict the ultimate outcome of this lawsuit or the impact it may have on the District's ability to recover its costs related to purchasing and holding the 89 ERUs assigned to L2B1FV3.

These notes are an integral part of the accompanying financial statements.
