INDEPENDENT AUDITORS' REPORT

Board of Directors
Spanish Peaks Library District
Walsenburg, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of the Spanish Peaks Library District (District), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITORS' REPORT - CONTINUED

Spanish Peaks Library District

Page 2

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Spanish Peaks Library District, as of December 31, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**SPANISH PEAKS LIBRARY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2016**

Our discussion and analysis of the Spanish Peaks Library District's (District) financial performance provides an overview of the District's financial activities for the year. Please review it in conjunction with the District's basic financial statements.

Financial Highlights

In 2016, the District issued General Obligation Bonds, for an advance refunding of the Series 2008 General Obligation Bonds which will result in future debt service costs.

Using this annual report

This annual report consists of a series of financial statements that provides information about the activities of the District and presents an overview of the District's finances. These statements also illustrate how the District's services were financed and how they will be financed in the future.

Government-Wide Financial Statements - The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances as a whole, in a manner similar to a private-sector business and includes two statements:

The *Statement of Net Position* presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *Statement of Activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Fund Financial Statements - A fund is a grouping of related accounts used to maintain control over resources segregated for specific activities or objectives. The fund financial statements provide more detailed information about the District's operations, focusing on its most significant funds, not the District as a whole. The District has one fund, the General Fund, which is a governmental fund.

Governmental Funds - The District's basic services are included in this governmental fund, which focuses on (1) how money flows into and out of the fund and (2) the balances left at year-end that are available for spending or reserves. Consequently, the governmental fund statements provide a detailed short-term view that helps determine the status of financial resources that can be spent in the near future to finance the District's programs.

General Fund Financial Analysis

The District accounts for all activity in a single general fund. The General Fund balance decreased by approximately \$38,000 due primarily to other financing uses relating to debt service.

**SPANISH PEAKS LIBRARY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2016**

Comparison of Assets, Liabilities, and Net Position:

	<u>2016</u>	<u>2015</u>	<u>Change</u>
Assets			
Cash and investments	\$ 317,330	\$ 358,907	\$ (41,577)
Property tax receivable	348,053	371,767	(23,714)
Other assets	9,430	903	8,527
Capital assets	3,214,197	3,292,117	(77,920)
Total assets	<u>\$ 3,889,010</u>	<u>\$ 4,023,694</u>	<u>\$ (134,684)</u>
Deferred outflow of resources			
Advanced bond refunding	\$ 59,505	\$ -	\$ 59,505
Liabilities			
Accounts payable and accrued expenses	\$ 14,853	\$ 9,828	\$ 5,025
G.O. bonds, net of premium	1,283,069	1,338,033	(54,964)
Total liabilities	<u>\$ 1,297,922</u>	<u>\$ 1,347,861</u>	<u>\$ (49,939)</u>
Deferred inflow of resources			
Property taxes	\$ 348,053	\$ 371,767	\$ (23,714)
Net position			
Investment in capital assets - net of debt	\$ 1,931,128	\$ 1,954,084	\$ (22,956)
Restricted TABOR reserve	10,000	10,000	-
Unrestricted	361,412	339,982	21,430
Total net position	<u>\$ 2,302,540</u>	<u>\$ 2,304,066</u>	<u>\$ (1,526)</u>

Comments

Cash and investments decreased, in part, due to \$75,000 of excess bond fund monies being used as part of the advanced bond refunding.

Property tax receivable decreased due to decreases in assessed property values.

Capital assets decreased due to current year depreciation of approximately \$78,000.

Deferred outflow of resources was a result of difference between the reacquisition price and the net carrying amount of the old debt. The change in G.O. bonds was the result of the advanced refunding through issuance of new bonds and current year principal payments.

Total net position decreased by approximately \$1,500 due to current year expenses in excess of revenues.

**SPANISH PEAKS LIBRARY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2016**

Change In Net Position Comparison:

	<u>2016</u>	<u>2015</u>	<u>Increase (Decrease)</u>
Program revenue			
Charge for services	\$ 11,185	\$ 5,939	\$ 5,246
Operating grants and contributions	6,263	24,390	(18,127)
General revenue			
Property taxes	364,084	376,862	(12,778)
Other taxes	59,683	37,846	21,837
Interest	3,581	936	2,645
Total revenue	<u>444,796</u>	<u>445,973</u>	<u>(1,177)</u>
Program expense			
Personnel	138,901	133,481	5,420
Collection material	19,733	13,380	6,353
Professional services	9,880	10,510	(630)
Library	12,099	11,012	1,087
Operating	40,045	37,012	3,033
Technology	20,029	5,578	14,451
Facilities	9,642	10,452	(810)
Treasurer fees and miscellaneous	13,113	15,860	(2,747)
Debt issuance costs	59,798	-	59,798
Interest on bonds - net	45,163	73,283	(28,120)
Depreciation	77,919	84,672	(6,753)
Total expense	<u>446,322</u>	<u>395,240</u>	<u>51,082</u>
Change in net position	<u>\$ (1,526)</u>	<u>\$ 50,733</u>	<u>\$ (52,259)</u>

Comments

Revenues were comparable to the prior year with decreases in grant revenue offset by increases in tax revenue.

Technology costs increased due to the purchase of several new patron and personnel computers.

The advanced bond refunding resulted in debt issuance costs and a decrease in interest expense.

**SPANISH PEAKS LIBRARY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2016**

An Analysis of Final Budget to Actual, Budgetary Basis:

	Final Budget	Actual Budgetary Basis	Net Income Variance Favorable (Unfavorable)
Program revenue			
Charge for services	\$ 5,450	\$ 11,185	\$ 5,735
Operating grants and contributions	29,000	6,263	(22,737)
General revenue			
Property tax	399,188	364,084	(35,104)
Other tax	-	59,683	59,683
Interest	100	3,581	3,481
Total revenue	433,738	444,796	11,058
Expenditures			
Personnel	132,388	138,901	(6,513)
Collection materials	18,650	19,733	(1,083)
Professional services	8,200	9,880	(1,680)
Operating	51,450	61,786	(10,336)
Programs	800	-	800
Technology	3,000	20,029	(17,029)
Treasurer fees and miscellaneous	11,000	13,113	(2,113)
Capital outlay	11,600	-	11,600
Payment on long-term debt	75,000	125,000	(50,000)
Debt issuance costs	-	59,798	(59,798)
Interest on bonds	79,800	23,829	55,971
Total expenditures	391,888	472,069	(80,181)
Change in net fund balance	\$ 41,850	\$ (27,273)	\$ (69,123)

Comments

The District did not amend the budget for the fiscal year ending December 31, 2016.

The District did not receive the grants anticipated in the budget; however, tax revenue was higher than budget resulting in a favorable variance of approximately \$11,000.

The advanced bond refunding resulted in debt issuance costs and an increase in the payment on long-term debt, resulting in actual expenditures of approximately \$80,000 in excess of budgeted expenditures.

**SPANISH PEAKS LIBRARY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2016**

Economic factors and next year's budget

- The District levied a property tax of 2.08 mills that is estimated to generate \$184,709 in General Property Tax revenue for 2017.
- The mill levy for the Bond will be set at a rate of 1.836 mills. In 2016, the District refinanced/refunded the 2008 General Obligation bonds. The sale provided a great result for the District with gross savings of \$246,000 and annual savings of \$17,000 to \$24,000. The present value savings were \$144,194 or 11.135% of refunded par.
- Early in 2014, the District Board of Trustees created a strategic plan and is currently working on four goals: Goal 1: Hire and retain a highly motivated, innovative and committed staff that meets the needs of the library and community; Goal 2: Increase library usage by increasing the role of the library in the community; Goal 3: Develop a clear financial plan, including effective use of current budget, additional funding for special projects and increasing regular funding for future projects; Goal 4: Continue to evolve the technology to improve information access and delivery.

Request for information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances and operations. Questions concerning any of the information presented in this report or requests for additional financial information should be addressed to the Library Director, Spanish Peaks Library District, 415 Walsen Ave, Walsenburg, CO 81089, 719-738-2774.

**SPANISH PEAKS LIBRARY DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUND STATEMENT OF REVENUE,
EXPENDITURES, AND CHANGES IN FUND BALANCE
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2016**

Net change in fund balance \$ (38,076)

Amounts reported for governmental activities in the statement of activities

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position in the government-wide statements.

Proceeds from refunding bonds	(1,417,012)
Payment to refunded bond escrow agent	1,352,815
Debt service expenditures	75,000
Payment on long-term debt	125,000
Accrued interest paid through escrow	(25,349)

Governmental funds report capital outlay as an expenditure. In the statement of activities, these costs are allocated as depreciation expense over their estimated useful lives. This is the amount by which depreciation exceeds capital outlay for the year. (77,919)

The amortization of the bond premium and the deferred outflow of resources from advanced refunding in the statement of activities does not provide current financial resources and therefore is not reported as revenues in the governmental fund. This is the amount interest expense was reduced during the year. 4,015

Change in net position of governmental activities	\$ (1,526)

NOTES TO FINANCIAL STATEMENTS

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of Spanish Peaks Library District (District) conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles

The District reporting entity applies all relevant GASB pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The District reporting entity does not apply FASB pronouncements issued after November 30, 1989.

The District implemented GASB Statement No. 54 – *Fund Balance Reporting and Governmental Fund Type Definition* during 2011.

The following summary of significant accounting policies is presented to assist the reader in evaluating the District's financial statements.

History and Organization

The District is a special district established by a general election held in 1998. The District was established in order to provide library services to the area within Huerfano County Colorado that fell within Huerfano County School District RE-1. The District is governed by a seven-member Board of Trustees whose members are appointed by the Huerfano County Commissioners. The major source of revenue for the District is from property taxation. Each year the Board of Trustees certifies a mill levy to the Huerfano County Commissioners, who then levy taxes upon the area encompassed by the District.

The mission statement of the District is to “provide the following services for all residents of the District: Assistance in meeting each person's cultural, educational, and recreational needs; Opportunities to participate in the information age; Aid in the use of the library as a means of self-improvement and self-fulfillment; Help in becoming responsible, informed, and involved citizens”.

Financial Reporting Entity

The District's basic financial statements include the accounts of all District operations.

The District follows the Governmental Accounting Standards Board's (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations, and functions would be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not

SPANISH PEAKS LIBRARY DISTRICT NOTES TO FINANCIAL STATEMENTS

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Financial Reporting Entity – Continued

limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency. No additional entities are included in the District's reporting entity.

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to clients who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported as *general revenues*.

The accounts of the District are organized on the basis of funds. A fund is a separate accounting entity with a self-balancing set of accounts. These funds are used to report on the District's financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. Resources are accounted for in individual funds based upon the purposes for which they are to be spent and the restrictions, if any, on the spending activities.

Fund Financial Statements

The fund financial statements (i.e. the balance sheet- governmental funds and the statement of revenue, expenditures, and changes in fund balance – governmental funds) are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and related liabilities are accounted for through a governmental fund type. The measurement focus is upon determination of changes in financial position rather than upon net income determination. The District uses only one governmental fund, General Fund, which accounts for all financial transactions not accounted for in the account groups.

Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to the timing of when revenues and expenditures are recognized in the accounts and reported in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Measurement Focus/Basis of Accounting - Continued

as revenue as soon as all eligibility requirements imposed by the provider have been met. Property taxes are recognized as revenues in the year for which they are levied.

The governmental fund financial statements (General Fund) use a *current financial resources measurement focus* and is accounted for using the *modified accrual basis of accounting*. Its revenues are recognized as soon as they are measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, fees and fines, interest and other revenues associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Budgetary Information

An annual budget is adopted in accordance with the requirements of the Colorado Revised statutes and accordingly includes anticipated income and other means of financing proposed expenditures. Expenditures include, in addition to those shown in the operating statements, debt retirement, and capital expenditures.

Budgets

The District adheres to the following procedures in establishing the budget reflected in the financial statements.

- A. Budgets are required by state law for all funds. During September, the proposed budget is submitted to the Board of trustees for the fiscal year commencing the following January 1. The budget includes proposed expenditures and the means of financing them.
- B. Public hearings are conducted by the Trustees to obtain taxpayer comments.
- C. Prior to December 31, the budget is adopted and appropriations made by formal resolution.
- D. Expenditures may not legally exceed appropriations at the fund level. Board approval is required for changes in the total budget or changes in project or department budget. Budget amounts included in the financial statements are based on the final, legally amended budget.
- E. Budget appropriations lapse at the end of each year.

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Cash and Cash Equivalents - The District considers liquid investments with original maturity of three months or less to be cash equivalents.

Investments – Investments for the District are reported at fair value.

Capital Assets - Capital assets generally result from expenditures in the governmental funds. These assets are reported in the government-wide statement of net position but are not reported in the fund balance sheet.

All capital assets are capitalized at cost (or estimated fair value if donated) and updated for additions or retirements during the year. The District maintains a capitalization threshold of \$5,000. The cost of normal maintenance and repairs that do not add value to the asset or materially extend the asset's life are not capitalized.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Buildings and improvements	20-50 years
Furnishings	20 years
Book mobile	7 years
Computer equipment	3 years

Library Collection - The policy of the District for valuation of the collection is that the library collection is not material in relationship to the District financial statements taken as a whole. Therefore, the collection is not shown on the financial statements as an asset but all expenditures for additions to the collection are shown as a discreet line item on the statement of activities and the statement of revenue, expenditure/expense, and changes in fund balance.

Deferred Inflow of Resources/Property Tax Receivable – Deferred inflow of resources are recorded when asset recognition criteria have been met, but revenue recognition criteria have not been met. The District reports as deferred inflow of resources the receivables for property taxes earned the present year but not available until the following year.

Property Taxes are levied by the Huerfano County Assessor and collected by the Huerfano County Treasurer. The taxes are levied on January 1 and may be paid in two equal installments by February 28 and June 15, or the full amount may be paid by April 30. Liens are filed each November against properties for which the taxes have not been paid.

Net Position - Net position present the difference between assets and liabilities in the statement of net position on the accrual basis of accounting.

Net position invested in Capital assets – net of related debt consist of capital assets net of accumulated depreciation less all related debt.

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Net Position - Continued

Restricted assets include emergency reserves mandated by Amendment X Section 20 of the Colorado Constitution (TABOR Amendment). Net position are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the District or through restrictions imposed by creditors, grantors, laws, or regulations of other governments.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Fund Balances - In the fund financial statements, governmental funds report restrictions of fund balances for amounts that are not available for appropriation because they are legally restricted by outside parties for a specific purpose.

The District's policy is that if both restricted and unrestricted amounts are available for expenditure the restricted amount is spent first. Likewise, if only unrestricted is available for an expenditure, then committed is spent first if allowable, before assigned or unassigned is spent.

Article X, Section 20 (TABOR) of the state constitution requires that 3 percent of the TABOR defined expenditures be reserved for emergencies. As discussed in Note 6, the District does not feel that it is subject to the TABOR requirements but has established a restricted fund balance sufficient to meet the 3 percent requirement.

Fund Balance Classifications - With the implementation of GASB 54 – the classification of types of fund balancers was increased. The type and definition are as follows:

Nonspendable fund balance represents the assets held in a form that will not be converted to cash, such as inventories, prepaid expenses, or long-term receivables.

Restricted fund balance represents the amount that is externally restricted as to purpose. Such restrictions may have been imposed by debt covenants, grantors, federal or state statutes or the state constitution

Committed fund balance represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal resolution of the government's highest level of decision-making authority, the Board of Directors. The committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts.

Assigned fund balance represents amounts that have been constrained to being used for specific purposes by action taken by the government itself but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Fund Balance Classifications - Continued

Unassigned fund balance is the residual amount of the fund balance in the General Fund that has not been classified as belonging in any of the previous categories.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's policy to use the most restrictive classification first.

Estimates and Assumptions - Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

NOTE 1 – CASH AND CASH EQUIVALENTS

Deposits - Colorado State Statutes, specifically the Colorado Public Deposit Protection Act of 1989 (PDPA), require that all public monies be deposited in financial institutions that have been designated as eligible public depositories. Eligible public depositories must pledge collateral, as promulgated by the State banking board, having a market value in excess of 102% of the aggregate uninsured public deposits. Eligible collateral must be held in the custody of any federal reserve bank or any branch thereof or at a depository trust company which is a member of the Federal Reserve System, and which is supervised by the State banking board. The Statutes further restrict such deposits to eligible public depositories having their principal offices within Colorado.

Credit Risk - Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are:

1. Uncollateralized,
2. Collateralized with securities held by the pledging financial institution, or
3. Collateralized with securities held by the pledging financial institution's trust department or agent but not in the depositor-government's name.

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's deposit with a single institution. Almost all the District's deposits are in one local financial institution.

The District has not adopted a specific policy towards custodial credit risk or concentration of credit risk of deposits but all deposits are made in eligible institutions as defined by the PDPA and total deposits do not exceed the \$250,000 limit covered by depository insurance.

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 – INVESTMENTS

The District is subject to the provisions of the Colorado Revised statutes 24-75-601, which is entitled “Concerning Investments in Securities by Public Entities.” The District has not adopted a formal investment policy, but follows state statutes regarding investments.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Revenue bonds of local government securities, corporate and bank securities, and guaranteed investment contracts not purchased with bond proceeds are limited to maturities of three years or less.

Colorado statutes specify investment instruments, meeting defined rating and risk criteria, in which local governments may invest, which include:

- Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- General obligation and revenue bonds of U.S. local government entities
- Certain securities lending agreements
- Certain certificates of participation
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

The COLOTRUST PLUS+ is rated AAAM by Standard and Poor’s and the weighted average maturity to reset (WAM)(R) is kept under 60 days.

As of December 31, 2016, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Restriction</u>	<u>Amount</u>
COLOTRUST PLUS+	Weighted average under 60 days	None	\$ 102,422
COLOTRUST PLUS+	Weighted average under 60 days	Bond payments	<u>177,341</u>
			<u><u>\$ 279,763</u></u>

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE 2 – INVESTMENTS - Continued

Generally accepted accounting principles establish a framework for measuring fair market value using the following levels:

Level 1 inputs: Quoted market prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 inputs: Other than quoted market prices included in Level 1 that are observable for the asset or liability, either directly or indirectly (e.g., quoted market prices of similar assets or liabilities in an active markets, or quoted market prices for identical or similar assets or liabilities in markets that are not active).

Level 3 inputs: Unobservable inputs (e.g., a company’s own data) and should be used to measure fair value to the extent that observable inputs are not available. Inputs are based on a valuation performed by a third party and carrying costs.

The following is a summary of the major categories of assets measured at fair value on a recurring basis during the year ended December 31, 2016:

<u>Description</u>	<u>Fair value</u>	<u>Fair value inputs</u>		
		<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
COLOTRUST PLUS+	\$ 102,422	\$ -	\$ 102,422	\$ -
COLOTRUST PLUS+ - restricted	177,341	-	177,341	-
Total investments	<u>\$ 279,763</u>	<u>\$ -</u>	<u>\$ 279,763</u>	<u>\$ -</u>

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE 3 – CAPITAL ASSETS

Activity in the depreciable capital assets for 2016 follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Capital assets, being depreciated				
Building and improvements	\$ 3,620,465	\$ -	\$ -	\$ 3,620,465
Furnishings	143,977	-	-	143,977
Book mobile	9,000	-	-	9,000
Computer equipment	49,446	-	-	49,446
Total capital assets, being depreciated	<u>3,822,888</u>	<u>-</u>	<u>-</u>	<u>3,822,888</u>
Less accumulated depreciation				
Building and improvements	(434,684)	(72,530)	-	(507,214)
Furnishings	(42,260)	(7,199)	-	(49,459)
Book mobile	(1,286)	(1,286)	-	(2,572)
Computer equipment	(52,542)	3,096	-	(49,446)
Total accumulated depreciation	<u>(530,772)</u>	<u>(77,919)</u>	<u>-</u>	<u>(608,691)</u>
Total capital assets being depreciated, net	<u>\$ 3,292,116</u>	<u>\$ (77,919)</u>	<u>\$ -</u>	<u>\$ 3,214,197</u>

Depreciation expense for 2016 was \$77,919.

NOTE 4 – LONG-TERM DEBT

Voters approved the issuance of General Obligation bonds, for the construction of the Spanish Peaks Library and Learning Center, to be repaid with property taxes restricted to repayment of bond principal and interest (see NOTE 1). The 2008 Series bonds bear interest at rates ranging from 3.75% to 6.00% and mature in 2027. Principal payments are due annually on December 1 and interest is paid semiannually on June 1 and December 1 and is backed by the full faith and credit of the District. The bonds are rated 'BBB' by Standard and Poor's.

In April, 2016, the District issued \$1,325,000 in General Obligation Bonds, plus a premium of \$92,012, with interest rates of 3.00% to 4.00% to advance refund \$1,295,000 of outstanding 2008 Series bonds with interest rates ranging from 3.75% to 6.00%. Principal payments are due annually on December 1 and interest is paid semiannually on June 1 and December 1 and is backed by the full faith and credit of the District. The bonds are rated 'A-' by Standard and Poor's.

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE 4 – LONG-TERM DEBT - Continued

The net proceeds of \$1,357,214 (after payment of \$59,798 in underwriting fees, insurance, and other issuance costs) plus an additional \$75,000 of prior issue debt service fund monies were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2008 Series bonds. As a result, the 2008 Series bonds are considered to be defeased and the liability for those bonds has been removed from the government-wide statement of net position. The defeased principal of \$1,295,000 will be paid in full on December 1, 2017.

The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$65,910. This difference, reported in the accompanying financial statements as a deferred outflow of resources, is being amortized annually at the same rate that interest expense is recognized and is being offset against interest expense. The amortization for 2016 totaled \$6,406.

The District completed the advance refunding to reduce its total debt service payments over the next 12 years by \$173,748 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$144,194.

A summary of changes in long-term debt is as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Payments</u>	<u>Advanced Refunding</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Series 2008	\$ 1,295,000	\$ -	\$ -	\$ (1,295,000)	\$ -	\$ -
Series 2016	-	1,325,000	(125,000)	-	1,200,000	100,000
	<u>\$ 1,295,000</u>	<u>\$ 1,325,000</u>	<u>\$ (125,000)</u>	<u>\$ (1,295,000)</u>	<u>\$ 1,200,000</u>	<u>\$ 100,000</u>

The following schedule reflects the District's payments to maturity:

<u>Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 100,000	\$ 38,450	\$ 138,450
2018	100,000	35,450	135,450
2019	100,000	32,450	132,450
2020	100,000	29,450	129,450
2021	105,000	26,450	131,450
2022-2026	570,000	83,200	653,200
2027	125,000	5,000	130,000
Total	<u>\$ 1,200,000</u>	<u>\$ 250,450</u>	<u>\$ 1,450,450</u>

The bonds were issued at a premium of \$92,012. This premium is being amortized annually at the same rate that interest expense is recognized and is being offset against interest expense. The amortization for 2016 totaled \$4,015, net.

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE 5 – OPERATING LEASES

In February 2014, the District entered into a 60-month copier lease with monthly payments of \$253. Total copier lease expense for the year ended December 31, 2016, was \$3,036.

Future minimum lease payments are:

<u>December 31,</u>	<u>Minimum Payments</u>
2017	\$ 3,036
2018	3,036
2019	506
Total	<u>\$ 6,578</u>

NOTE 6 – CONTINGENCIES - COMPLIANCE WITH "TABOR" AMENDMENT

In November 1992, voters of Colorado approved Amendment 1, commonly known as the Taxpayer's Bill of Rights (TABOR), which added Section 20 to Article X of the Colorado Constitution. TABOR contains tax, spending, revenue, and debt limitations that apply to the state of Colorado and all local governments except those that meet the definition of an enterprise. Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% annual revenue from all state and local governments combined, are excluded from the provisions of TABOR.

TABOR requires, with certain exceptions, voter approval prior to imposing new taxes, increasing a tax rate, increasing a mill levy above that of the prior year, extending an expiring tax, or implementing a tax policy change directly causing a net tax revenue gain to any local government.

In the election that formed the District, voters approved a ballot issue that stated:

"Shall the proposed Spanish Peaks Library District (formerly known as the Huerfano County Library), County of Huerfano, State of Colorado, which shall include all property within the boundaries of Huerfano County RE-1, be established as a Library District; and shall the Spanish Peaks Library District be authorized to levy a property tax at the rate of 2.08 mills to maintain existing services and to meet the increased demands for additional services such as purchasing more books and other library materials, improving library facilities, increasing library hours, and up-grading computer technologies; and shall the Spanish Peaks Library District be entitled to collect, retain, and spend such revenues in addition to any other taxes, fees, or other revenues of the District and notwithstanding any limitation or restriction of Article X, Section 20 of the Colorado Constitution or any other law; and shall the levy imposed also be authorized under Colorado Budget laws, C.R.S. 29-1-302 concerning increased mill levies."

It is the opinion of the District, as a result of the passage of the ballot issue listed above, that the spending revenue limitation of Article X, Section 20 (TABOR) does not apply to the District.

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO FINANCIAL STATEMENTS**

NOTE 6 – CONTINGENCIES - COMPLIANCE WITH "TABOR" AMENDMENT - Continued

TABOR requires local governments to establish emergency reserves. These reserves must be at least 3% of fiscal year spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. The TABOR reserve at December 31, 2016, was \$10,000.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to judicial interpretation.

NOTE 7 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The District carries commercial insurance for the risks of loss including workman's compensation insurance.

The District has had no significant reduction in insurance coverage from prior years. The District has had no settlements exceed insurance coverage for the past three fiscal years.

NOTE 8 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 28, 2017, the date on which the financial statements were available to be issued.

**SPANISH PEAKS LIBRARY DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
DECEMBER 31, 2016**

BUDGETARY INFORMATION

Budgetary Process - The budgetary process is prescribed by provisions of the Colorado Revised Statutes (C.R.S. 29-1) and entails the preparation of budgetary documents within an established time frame. The District is legally obligated to comply with these provisions. The major budgetary documents necessary for compliance with these provisions are the budget resolution, the appropriations resolution, the mill levy resolution, and the certification of mill levy to the county commissioners.

The budget and appropriations resolutions are subject to amendment throughout the year with the legal restriction that appropriations cannot exceed estimated resources. All funds are required to be budgeted and appropriated. Any budgetary modifications may only be made by resolution of the Board of Trustees and adherence to the budget law governing amendments of the budget. No supplemental appropriations were necessary during the year resulting in no changes between original and final budgeted amounts.

Estimated Resources - As part of the District's budgetary process, the Board approves the mill levy to be assessed on the value of real property within the District. This valuation is set by the Huerfano County Assessor and final notification of this valuation is received by the District by December 10 of the year prior to the budget year. By December 15 of that prior year, the District must certify the mill levy with Huerfano County Commissioners. A fixed mill levy was established upon formation of the district in accordance with provisions of the Colorado Revised Statutes (C.R.S. 29-1) and Amendment X of the Colorado Constitution. A variable mill was approved in November 2007 to finance general obligation bonds. The Board projects other revenues such as interest income, grants, contributions, fees and fines, and other income. These revenues, along with the fund balance carried forward, constitute the estimated resources that are available for appropriation in the next fiscal year (January 1 to December 31).

Appropriations - An annual appropriations resolution must be passed by December 15 of the year preceding the budget year. The appropriations resolution fixes spending authority at the fund level. The appropriations resolution may be amended during the year as new information becomes available, provided that total fund appropriations do not exceed current estimated resources and the Board of Trustees follows the budget amendment provisions of C.R.S. 29-1. The allocation of appropriations among objects within the fund may be modified during the year by resolution of the Board and does not require an additional public hearing.

Lapsing of Appropriations - At the close of each fiscal year, the unused balance of each appropriation reverts to the fund balance from which it was appropriated and becomes subject to future appropriation.

Budgetary Basis of Accounting - The budget of the District has been adopted on a basis of accounting other than generally accepted accounting principles (GAAP). A reconciliation of the budgetary basis to GAAP is provided on the Budgetary Comparison Schedule.

Expenditures in Excess of Appropriations – During the year ended December 31, 2016, the General Fund had excess expenditures over appropriations of approximately \$80,000.
