November 7, 2016

To the Members of the Board of Education and Citizens of
El Paso County School District No. 2 - Harrison

State law requires that all school districts publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of El Paso County School District No. 2 – Harrison for the fiscal year ended June 30, 2016.

This report consists of management’s representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all information presented in this report. To provide a reasonable basis for making these representations, the District’s management has established a comprehensive internal control framework that is designed both to protect the government’s assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District’s financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District’s comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

El Paso County School District No. 2 – Harrison’s financial statements have been audited by Hoelting & Company, Inc., a firm of licensed certified public accountants. Hoelting & Company, Inc. have issued an unqualified (“clean”) opinion on the El Paso County School District No. 2 – Harrison’s financial statements for the year ended June 30, 2016. The independent auditor’s report is located on page 1 of the financial section of this report.

The independent audit of the financial statements of the District is also designed to meet the federally mandated “Single Audit” requirements of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government’s internal controls and compliance with legal requirements and other matters that could have a direct and material effect on each federal award deemed to be a major program. These reports are presented in the Single Audit section of this report.

GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District’s MD&A can be found immediately following the report of the independent auditors.

Profile of the District

El Paso County School District No. 2 – Harrison, established in 1874, is located in the southern part of Colorado Springs, Colorado. The District encompasses approximately eighteen square miles, most of the southwestern

quadrant of the city of Colorado Springs bordering the Fort Carson military complex. The District is empowered to levy a property tax on both real and personal properties located within its boundaries. The District provides a full range of traditional and non-traditional school programs and services authorized by Colorado State statute. This includes preschool through twelfth grade education including: elementary, middle and senior high schools, full-day kindergarten, alternative school, home school program, International Baccalaureate (IB) programs, special education programs, gifted and talented programs, career and technical education, concurrent enrollment college classes, extra-curricular activities, student support services, and other educational programs. The District also provides student medical services through a school based health clinic.

The District has four charter schools with related entities that qualify as discretely presented component units. They are: James Irwin Charter Elementary School, James Irwin Charter Middle School, James Irwin Charter High School and Atlas Preparatory School. Please see the accompanying notes to the financial statements for more detailed information.

During the 2015-2016 fiscal year the District served 11,371.5 full-time equivalent (FTE) students. Services were provided in 13 elementary schools, 3 middle schools, 2 high schools, 1 alternative school, 1 K-8 community school and 4 charter schools. The District's free and reduced lunch student count for 2015-2016 was 8,127 or 72% of student FTE. Projected student enrollment for the 2016-2017 school year is 11,552 FTE which is a increase of 180.5 FTE or 1.57%. For age of buildings please see the Statistical Section Schedule 19 in this document. The District has 10 buildings age 40 years and older and 10 buildings between the ages of 39 and 10 years.

The District operates under the control of the Board of Education. The Board consists of five members elected at large for staggered four-year terms, with elections held during odd years. The Board elects its own president, vice-president, treasurer and secretary. The Board is now working under a governance model system called *Coherent Governance*. Instead of having the previous 300 or so district policies, the *Coherent Governance* model now streamlines board policies down to 30 clear and concise policies holding the Superintendent more accountable for daily district operations, challenging curriculum, high-quality teachers and most of all, student achievement.

The annual budget serves as the foundation for the District's financial planning and control. A proposed budget is developed based on projected revenues and budget recommendations of individual departments and committees of the District. The Superintendent and the Finance Officer present this proposed budget to the Board of Education for review. A public hearing is held on the proposed budget, and a final budget is adopted with appropriations detailed at the fund level no later than June 30th, the close of the District's fiscal year. The budget is prepared by fund, program and object. Transfers of appropriations may be made within a fund. Transfers of appropriations between funds require the approval of the Board. Budget-to-actual comparisons are provided in the Basic Financial Statement section for the General Fund and major Special Revenue Funds and in the required supplementary information and the other supplementary information for each non-major fund for which an appropriated annual budget has been adopted.

Economic Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

Local economy

Colorado's economy continues to perform solidly overall, especially considering the persistent challenges faced by the oil and gas industry and the sluggish global economy. Colorado's favorable economic attributes have helped the state perform much better than the other leading oil and gas producing states. The state had the fourth

lowest unemployment in April 2016 and demand for workers among Colorado businesses remains strong. Rising home values and rents, along with a high rate of in-migration, is causing housing construction to ramp up, which will add employment and spending going forward. The state is expected to add 63,500 jobs in 2016, a growth rate of 2.5 percent, which is still above the national job growth rate of 1.8 percent. Colorado's unemployment rate is expected to average 3.3 percent in 2016, below the nationwide level of 4.8 percent. Relatively high in-migration rates pushed Colorado's population growth rate to 1.9 percent in 2015, over double the national rate. A similar trend will continue in 2016, as the state is expected to add 66,000 people through net migration alone.

Long-term financial planning

Pursuant to adopting the Coherence Governance model the Board is continuing the process of monitoring and improving indicators of Operational Expectations (OE) for each operational area. The Superintendent is responsible for ensuring the District meets the requirements contained in each OE. The Board and District management recognize the importance of retaining a healthy fund balance to ensure the long-term financial stability of the District. Therefore a financial OE requiring a minimum fund balance of \$15,000,000 has been approved by the Board.

Relevant financial policies

Detailed descriptions of the Districts accounting policies are disclosed in Note 1. Summary of Significant Accounting Policies. These policies describe the basis of accounting, funds and accounts in use, valuation policies for inventories, investments, capital assets, compensated absences and other significant accounting information.

The District maintains a number of budgetary controls. The objective of budgetary controls is to ensure compliance with the legal provisions embodied in the annual appropriated budget approved by the Board. Activities for all funds are included in the appropriated budget. Budgetary control is established at the fund level. The District maintains an encumbrance accounting system as one method of accomplishing budgetary control. Unencumbered budgets lapse at the end of the fiscal year with the exception of school budgets. Schools are allowed to carryover unencumbered funds with certain limitations as detailed in District policy.

Major initiatives

In January 2013, the District began a new journey transitioning from "Good 2 Great" with a new five year strategic plan titled Mission Possible 2013-2017. The expectation is one of a district continuing to move forward with a culture of high expectations to becoming the best school district in America.

As part of this plan the District has adopted the following new Mission and Positioning Statements and Theory of Action:

Mission Statement Harrison School District 2 will graduate college- and career-ready students with the knowledge, skills, attitudes and behaviors to personally succeed and contribute to the common good.

Positioning Statement Harrison School District 2 is the best school district in Colorado Springs for students and families because they offer a quality education, safe learning environment and a sense of caring for every child.

Theory of Action If Harrison School District 2 teachers have a deep knowledge of standards-based instruction and implement effective instructional strategies informed by daily assessments of various types, and provide appropriate interventions in a caring and positive environment then all students will achieve at greater performance levels in all subjects and close the achievement gap between all student groups.

As we set out to become the best, we will operate within the structures of the following five District goals:

Goal 1 – Recruit, develop and retain an effective teacher for every classroom in every school.

Goal 2 – Recruit, develop and retain an effective principal for every school.

Goal 3 – Improve educational technology in every school.

Goal 4 – Design a world-class curriculum.

Goal 5 – Establish a “No Excuses” district of accountability.

Key District Initiatives for 2013-2017:

- **Expectations and Results: Teacher and Administrator Recruitment** – We will aggressively approach recruiting highly effective teachers and administrators from around the country. We will hold all educators in our district to high standards by measuring their effectiveness with our Expectations and Results Evaluation System.
- **Standards-based Curriculum: Reading and Mathematics** – We will develop curriculum documents that will promote increasing student achievement and support teacher and administrator effectiveness. All curriculum documents will be aligned with Colorado State and Common Core Standards.
- **Schools of Promise: Mathematics Fellows** – Five District schools will undergo strategic innovative practices known as “Schools of Promise” to build a stronger focus on student achievement.
- **One-to-One Technology: High School Students earning an Associate’s Degree** – Every 9th and 10th grade student will receive a laptop to support their instructional program for use at school and at home. We will provide and emphasize dual credit courses, course articulation and students spending more time on college campuses.
- **Free Breakfast and Lunch for all Students and Dinner Program for Students participating in after-school Academic Programs** – We will participate in the Universal Lunch and Breakfast Program starting in the 2014-2015 school year. Breakfast and lunch will be available to all students at no charge. We will provide a healthy meal at no cost to students participating in after-school academic programs from 4:30-6:00pm prior to going home in the evenings, which can be a great service to families. This program will be funded through an innovative Child and Adult Care Food Program.

Awards

The El Paso County School District No. 2 - Harrison received the Association of School Business Officials International (ASBO) Certificate of Excellence in Financial Reporting for the fiscal year ended June 30, 2015. This award certifies that the Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2015, substantially conforms to the principles and standards of financial reporting as recommended and adopted by ASBO. The award is granted only after an intensive review of financial reports by an expert panel of certified public accountants and practicing school business officials.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certification of Achievement for Excellence in Financial Reporting to El Paso County School District No. 2 - Harrison for its CAFR for the fiscal year ended June 30, 2015. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of a state and local government financial report.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

El Paso County School District #2 - Harrison staff members are proud of the fact that ASBO and GFOA have

awarded these certificates for the past year. It is the District's belief that the current report continues to conform to the standards set by ASBO and GFOA, and it will be submitted for review to determine its eligibility for a certificate.

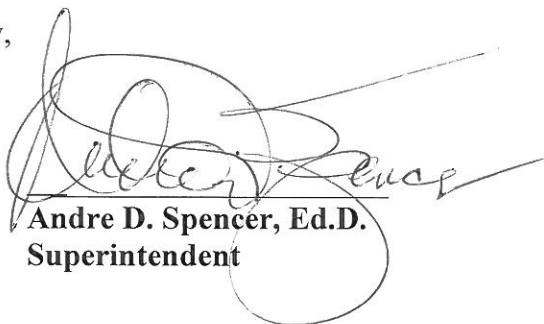

Acknowledgments

The preparation of the Comprehensive Annual Financial Report was made possible by the dedicated service of District staff. In addition, a special thank you to our independent certified public accountants for their professional approach in the performance of the audit, and their assistance in the preparation of the Comprehensive Annual Financial Report.

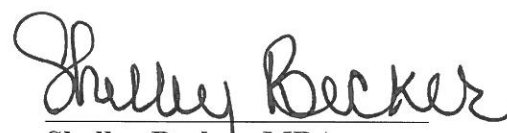

Without the leadership and support of the Board of Education of the El Paso County School District No. 2 - Harrison, preparation of this report would not have been possible.

Finally, a special thank you to the following individuals whose efforts and contributions made the preparation of this CAFR a success: Becky Goodson, Lori Hawkins, Sudell Riley, Sherie Shupe, Vivian Harvell, Karen Agner, Jill Beyer, Joan Stoneking, Conny Oliveira and David Barcus.

Sincerely,

Andre D. Spencer, Ed.D.

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Board of Education
El Paso County School District No. 2 - Harrison

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of El Paso County School District No. 2 - Harrison, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the three James Irwin charter schools, which represent 61.8 percent, (261.9) percent, and 49.9 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the three James Irwin charter schools, is based on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the discretely presented component units were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the El Paso County School District No. 2 - Harrison, as of June 30, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America and the respective budgetary comparison for the General Fund and the Designated Purpose Grants Fund.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the El Paso County School District No. 2 - Harrison's basic financial statements. The introductory section, supplemental information, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplemental information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2016, on our consideration of the El Paso County School District No. 2 - Harrison's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering El Paso County School District No. 2 - Harrison's internal control over financial reporting and compliance.

Hoelting & Company Inc.

Colorado Springs, Colorado

Management's Discussion and Analysis

As management of El Paso County School District No. 2 – Harrison (the District), we offer readers of the District's Comprehensive Annual Financial Report (CAFR) this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2016. We encourage readers to consider the information presented here in conjunction with additional information furnished in our letter of transmittal.

Financial Highlights

- Liabilities and deferred inflows of resources of the District exceeded its assets and deferred outflows of resources by \$103,436,711 during the fiscal year, resulting in a negative net position.
- As of the close of the current fiscal year, the District's *Governmental Funds* reported combined ending fund balances of \$45,488,003.
- The *Governmental Funds* reported total fund balance includes restricted fund balance of \$7,604,923, unassigned fund balance of \$19,418,541 committed fund balance of \$4,710,667, assigned fund balance of \$119,133 and non-spendable fund balance of \$172,096. All of the unassigned balances are reported in the General Fund.
- The District total long term liabilities increased by \$19,022,393 during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to El Paso County School District No. 2 - Harrison's financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements, 4) required supplemental information. This report also contains other supplemental information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets, liabilities and deferred inflows/outflows with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave.)

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (*governmental activities*). The governmental activities of the District include instruction, pupil activities, instructional support, general and school administration, business and central services, and transportation. Risk related activities, reported in the Internal Service Fund, are considered governmental activities.

The government-wide financial statements include not only the District itself (known as the *primary government*), but also four legally separate charter schools. Financial information for the charter schools is presented separately because they are financially accountable to the District and provide services to the District's students.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into three categories: Governmental Funds, Proprietary Funds, and Fiduciary Funds.

Governmental Funds. *Governmental Funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, Governmental Fund financial statements focus on *near-term inflow and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of Governmental Funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *Governmental Funds* with similar information presented for *governmental activities* in government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the Governmental Fund balance sheet and the Governmental Fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *Governmental Funds* and *governmental activities*.

The District maintains eight individual Governmental Funds. Information is presented separately in the Governmental Fund balance sheet and in the Governmental Fund statement of revenues, expenditures and changes in fund balance for the General Fund, Designated Purpose Grants Fund, and Debt Service Fund, all of which are considered to be major funds. Data from the five other Governmental Funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major Governmental Funds is provided in the form of *combining statements* elsewhere in the report.

The District adopts an annual appropriated budget for its Governmental Funds. A budgetary comparison statement has been provided for the General Fund and each major Special Revenue Fund to demonstrate compliance with these budgets. GASB Statement No. 34 only requires a budgetary comparison for the General Fund and for each major individual Special Revenue Fund for which an annual budget is legally adopted. However, the District has included budgetary comparison statements for each of the other major funds and non-major funds as well, in the supplemental information section of this report.

Proprietary Funds. The District maintains one type of Proprietary Fund. *Internal Service Fund* is an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses an Internal Service Fund to account for its Health Insurance activities. Because this service predominately benefits governmental rather than business-type functions, it has been included within *governmental activities* in the government-wide financial statements.

Proprietary Funds provide the same type of information as the government-wide financial statements, only in more detail. The Internal Service Fund is presented in the Proprietary Fund financial statements. Budget to actual data for the Proprietary Funds is provided in the supplemental information section of this report.

Fiduciary Funds. Fiduciary Funds are used to account for resources held for the benefit of parties outside the District. Fiduciary Funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the District's own programs. The accounting used for Fiduciary Funds is much like that used for Proprietary Funds. The District uses Fiduciary Funds to account for pupil activity, clubs and money donated for scholarships to be awarded to District students.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* and *supplementary information* concerning the District.

The combining statements referred to earlier in connection with non-major Governmental Funds are presented immediately following the notes to the financial statements.

Government-Wide Financial Analysis

- As noted earlier, net position may serve over time as a useful indicator of the District's financial position. In the case of the District, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$103,436,711 resulting in a deficit net position at the close of the fiscal year ending June 30, 2016.
- \$28,606,143 of net position is invested in capital assets net of accumulated depreciation, related outstanding debt used to acquire those assets, and unspent bond proceeds. The

District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

- An additional portion of the District's net position \$7,604,923 represents resources that are subject to external restriction on how they may be used.
- Unrestricted net position was reported as a deficit in the amount of \$139,647,777.

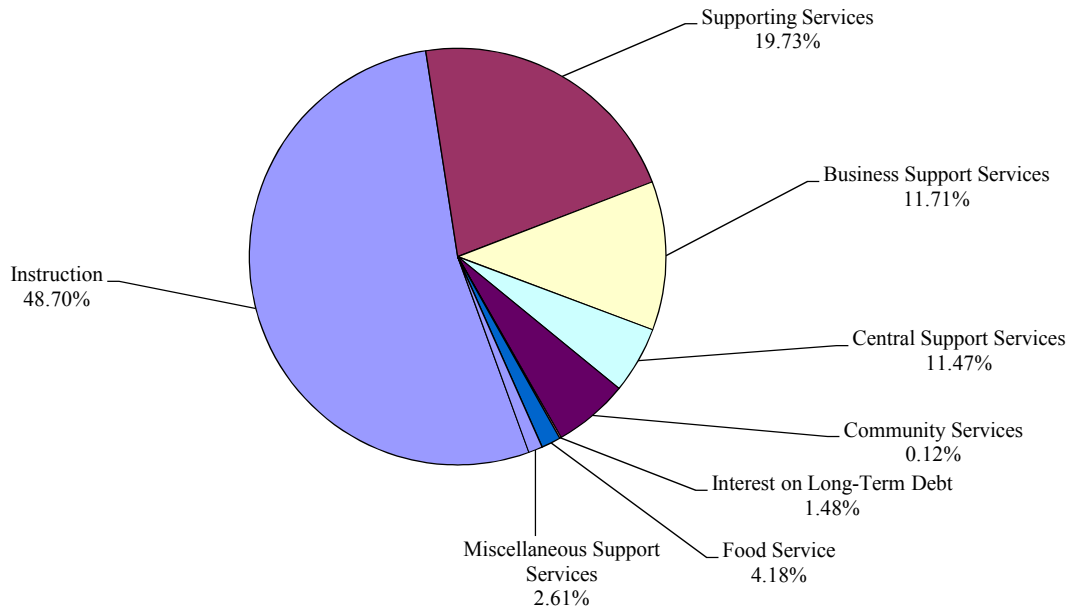

Governmental Activities

- Most District governmental activities were financed by District and state taxpayers through local property taxes and state equalization payments.

Financial Analysis of the District’s Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with Colorado Department of Education requirements.

Governmental Funds. The focus of the District’s *Governmental Funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District’s financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government’s net resources available for spending and meeting the needs of cash flow.

As of the end of the current fiscal year, the District’s Governmental Funds reported combined ending fund balances of \$32,025,360. Approximately 61% of this total amount constitutes *unassigned fund balance*. The remainder of fund balance is either *non-spendable*, *committed*, *assigned or restricted* to indicate that it is not available for new spending because it has already

been committed or restricted 1) to pay debt service, 2) for a constitutional amendment (TABOR), 3) for the Colorado Preschool Program, 4) for food service 5) for Long-Term Compensated Absences, Risk Management and Capital Projects and 6) for Inventories and Prepaid Items.

The General Fund is the operating fund of the District. At the end of the current fiscal year, unassigned and committed fund balance of the General Fund was \$21,932,200 while total fund balance amounted to \$24,854,583. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned and committed fund balance represents 27% of total General Fund expenditures, while total fund balance represents 31% of that same amount.

The fund balance of the District's General Fund decreased in the amount of \$255,498 during the current fiscal year. Revenues totaled \$84,345,286 and expenditures and transfers totaled \$84,600,784. The budget for Fiscal Year 2015-2016 included a spend down of fund balance of \$13,525,385, which materialized at only \$255,497. This was due to General Fund contingency reserves not being spent.

The Designated Purpose Grants Fund is used to account for grants awarded to the District that are restricted for a specific purpose.

- Federal grant revenues amounted to \$4,814,682 and accounted for 72% of total revenue for this fund.
Approximately 47% or \$3,154,372 of revenues were expended to support instructional programs while 33% or \$2,239,515 were expended for other supporting services for students.

The Debt Service Fund reported a year-end fund balance of \$4,692,932 which is restricted for the payment of debt service. The net increase in fund balance during the current year was \$22,961 due to expenditures coming in less than budgeted. The budget included a spend down of fund balance of \$396,223 to account for potential expenditures, such as early redemption of bonds, which did not occur.

Major Funds Budgetary Highlights

The District approves the adopted budget in June based on enrollment projections, proposed revenues and expenditures and other key assumptions for the following fiscal year. In January, a revised budget can be presented to the Board of Education after the October Pupil Count has been certified, the independent annual financial audit is completed and other important revenue and expenditure trends have transpired.

Changes from the adopted General Fund budget and the final revised budget were mainly due to changes in revenue. The state equalization revenue budget was increased by \$1.4 million while expenditures were held constant at \$93.3 million and Transfer Out to Other Funds increased by \$1.9 million as compared from adopted budget to revised budget. Pages 20 and 21 of the Basic Financial Statements contain additional detail.

There were no changes to the Designated Purpose Grants Fund budget during the year.

Capital Asset and Debt Administration

Capital assets. The District's investment in capital assets for its governmental and business-type activities as of June 30, 2016, amounts to \$70,666,206 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery, equipment, and vehicles. Major capital improvements that occurred during the year included a major remodel to Panorama Middle School, a wireless initiative at eight buildings, indoor air quality projects and the replacement of several building roofs and chillers. The net decrease in the District's capital assets for the current fiscal year was \$386,099.

Total	\$ 71,052,305	\$ 70,666,206	\$ -	\$ -	\$ 71,052,305	\$ 70,666,206

Additional information on the District's capital assets can be found in Note 7.

Long-term Liabilities. At the end of the current fiscal year, the District had total non-current liabilities outstanding of \$233,938,197. Of this amount, \$38,810,000 is due to general obligation bonds, \$176,318 for capital lease payments, \$2,587,063 is due to employees upon retirement or separation of service for compensated absences, \$3,073,745 is for net bond premiums and \$189,291,071 for net pension liability.

EL PASO COUNTY SCHOOL DISTRICT NO. 2-HARRISON Long-Term Liabilities						
	Governmental Activities		Business-type Activities		Total	
	2015	2016	2015	2016	2015	2016
General obligation bonds	\$ 41,435,000	\$ 38,810,000	\$ -	\$ -	\$ 41,435,000	\$ 38,810,000

Compensated Absences	2,334,553	2,587,063	-	-	2,334,553	2,587,063
Capital leases	287,029	176,318	-	-	287,029	176,318
Net Pension Liability	167,223,239	189,291,071	-	-	167,223,239	189,291,071
Total	\$ 214,616,804	\$ 233,938,197	\$ -	\$ -	\$ 214,616,804	\$ 233,938,197

The District's total liabilities increased \$19,321,393 during the current fiscal year. The main component in this increase was due to the change in the Net Pension Liability.

Current State statutes limit the amount of the District's general obligation bonded debt. The debt is subject to a legal debt limit based on the greater of 20% of the assessed value of taxable property in the District or 6% of the estimated actual value, as certified by the El Paso County Assessor. The District's assessed valuation for the collection year 2016 is \$563,802,630. As of June 30, 2016, the District's total general obligation bonded debt (including that portion due or payable within one year) was \$38,810,000. Additional information on the District's long-term liabilities can be found in Note 9.

Component Units. Only summary information regarding component units appears in the District's financial statements. The reader should review the audited financial statements of each component unit for additional information.

Economic Factors and Next Year's Budget

The Colorado state economy continues to improve with the unemployment rate remaining below the national average, and total earnings from wages, investments and other sources continues to show strong growth compared to other states in the country. The Colorado Springs economy has improved from the prior year. The economy of Colorado Springs is based primarily on the military installations in the area as well as on the aerospace, defense, electronics and tourism industries.

The District receives a majority of its General Fund operating revenue from the State of Colorado. The State funded K-12 education for the year ending June 30, 2016, at inflation of 1.20% (Denver-Boulder CPI). Starting with fiscal year ending June 30, 2012, an additional factor called the Negative Factor was included in the school finance formula. This factor acts as a reduction to other existing factors and shall not reduce any base per pupil funding districts receive through the school finance formula. The Negative Factor is applied state wide to all districts as a method for the state legislature to balance the state budget. The Negative Factor for the District for Fiscal Year ending June 30, 2016 was -12.81%. The District prepared its 2016-2017 adopted budget with the expectation of an increase of 100 FTE (Full Time Equivalents). As defined by Amendment 23 the State must fund K-12 education for the 2016-2017 fiscal year with an increase of inflation (Denver-Boulder CPI) projected at 1.20%. However, due to the continuing state economic challenges the state legislature has not released projections for the negative factor for Fiscal Year 2017-2018. This factor for the 2012-2013, 2013-2014 and 2014-2015 fiscal years was (16.30%), (15.42%) and (13.12%) for the District. Student enrollment for Fiscal Year 2016-2017 is estimated to remain relatively stable.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer, Harrison School District No. 2, 1060 Harrison Rd., Colorado Springs, CO 80905. Questions concerning component unit information provided in this report or requests for additional financial information should be addressed to: James Irwin Charter Schools, Chief Financial Officer, 5525 Astrozon Blvd., Colorado Springs, CO 80916; Atlas Preparatory School, Inc., Executive Director, 1602 South Murray Boulevard, Colorado Springs, CO 80916.

RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
JUNE 30, 2016

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balance - governmental funds	\$	32,025,360
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		70,666,206
Property tax receivable is not available to pay current period expenditures and, therefore, is not reported in the funds.		131,942
Internal service funds are used by to charge the cost of certain activities to individual funds. The assets and liabilities of the internal service funds are included with governmental activities in the statement of net position.		4,502,806
Deferred charges on refunding are not due and payable in the current period and are not included in the fund financial statement, but are included in the governmental activities of the statement of net position.		2,140,371
Other long-term assets are not available to pay for current period expenditures and, therefore, are not included in the funds.		24,006,470
Accrued interest is not due and payable in the current period and, therefore, is not reported as a liability in the funds.		(147,456)
Net pension liabilities are not due and payable in the current period and, therefore, are not reported in the funds.		(189,291,071)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not included in the funds.		(44,348,125)
Other long-term liabilities are not due and payable in the current period and, therefore, are not included in the funds.		<u>(3,123,214)</u>
Net position of governmental activities in the statement of net position	\$	<u><u>(103,436,711)</u></u>

**EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2016**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds:	\$	926,411
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.		(365,829)
The net effect of the disposal of assets is to decrease net position.		(20,270)
Governmental funds do not present property tax revenues that are unavailable to pay current obligations. However, such revenues are reported in the statement of activities when earned.		5,444
Internal service funds are used by the management to charge the cost of certain activities to individual funds. The net revenue of the internal service funds are reported with governmental activities.		(709,975)
Interest expense is reported when incurred in the statement of activities but is not reported in the funds until paid.		9,779
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		2,820,585
Some expenses related to post employment benefits reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		9,397
Governmental funds measure compensated absences by the amount of financial resources used, whereas these expenses are reported in the statement of activities based on the amounts incurred during the year.		(56,499)
Some expenses related to net pension liabilities reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.		(8,958,861)
Change in net position of governmental activities	\$	<u>(6,339,818)</u>

NOTES TO FINANCIAL STATEMENTS

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The School District was established in 1874 and is organized under the Constitution of the State of Colorado. Under such laws, there is no authority for a school district to have a charter or adopt local laws. The legislative power of the School District is vested in the Board of Education, consisting of five members elected at large for staggered four-year terms. The Board of Education maintains oversight for the District's thirty instructional facilities and support departments to provide services to meet the needs of 10,974.30 FTE students and other community members.

The School District serves an area approximately eighteen square miles. It encompasses the southern area of the city of Colorado Springs bordering the Fort Carson military complex.

The financial statements of El Paso County School District No. 2 - Harrison (the District) have been prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the District are discussed below.

A. DESCRIPTION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

B. REPORTING ENTITY

The accompanying financial statements present the District and its component units, entities for which the government is considered to be financially accountable. The criteria used for determining whether an entity should be included, either blended or discretely presented, includes but is not limited to fiscal dependency, imposition of will, legal standing, and the primary recipient of services. Blended component units, although legally separate entities, are, in substance, part of the government's operations. All discretely presented component units are reported in aggregate in a separate column titled "Component Units" in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the government.

Blended Component Unit

The District has no blended component units.

Discretely Presented Component Units

The District has four discretely presented component units: James Irwin Charter Elementary School, James Irwin Charter Middle School, James Irwin Charter High School and Atlas Preparatory School. The Charter Schools were formed in accordance with state statutes for operation as District charter schools.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. REPORTING ENTITY (CONTINUED)

Discretely Presented Component Units (continued)

The charter schools have been determined to be separate legal entities based upon three specific tests. The members of each of the governing boards are appointed separately from the District. Also, each school is fiscally dependent upon the District, and the potential exists that their exclusion from the District's financial reporting entity would result in misleading financial reporting.

James Irwin Charter High School opened in the fall of 2000, followed by the opening of James Irwin Charter Middle School and James Irwin Charter Elementary School in 2002 and 2005, respectively.

Atlas Preparatory School received approval on March 17, 2009. The contract period has been revised thru June 30, 2019. The charter school will serve middle and high school students grades 5-12 and started by serving 5th grade students on July 1, 2009. An expansion of services will occur each subsequent year adding a grade level of service until grades 5-12 are served.

Financial statements for the charter schools may be obtained on the charter schools Financial Transparency webpage as required by passage of HB10-1036. A link to the charter schools Financial Transparency web pages are provided on the District website home page at www.hsd2.org. Click the Financial Transparency logo.

For the year ended June 30, 2016, James Irwin Charter Elementary School, James Irwin Charter Middle School, James Irwin Charter High School, Atlas Preparatory Charter School received \$3,496,685, \$3,314,524, and \$3,114,764 and \$6,186,498 in per pupil funding, respectively.

Atlas Preparatory Charter School
1602 S. Murray Blvd
Colorado Springs, CO 80916

C. BASIS OF PRESENTATION—GOVERNMENT-WIDE FINANCIAL STATEMENTS

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds. Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges for interfund services provided or used. Elimination of these charges would distort the direct costs and program revenues reported for the various functions.

The statement of activities demonstrates the degree to which direct expenses of given functions or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. BASIS OF PRESENTATION—FUND FINANCIAL STATEMENTS

The fund financial statements provide information about the government's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – governmental, and fiduciary – are presented.

A fund is an independent fiscal accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained by the District is consistent with legal and managerial requirements.

The emphasis of fund financial statements is on major funds. Major individual funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as non-major funds.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Designated-Purpose Grants Fund* is used to record financial transactions for grants received for designated programs funded by federal, state or local governments.

The *Debt Service Fund* accounts for the accumulation of resources and payments of long-term debt used to finance capital construction and acquisitions.

Additionally, the District reports the following fund types:

Special Revenue Funds account for revenue sources that are legally restricted to expenditure for specific purposes.

The *Food Service Fund* accounts for the breakfast and lunch programs of the District. This includes the Community Eligibility program and National School Breakfast programs.

The *Other Special Revenue Fund* accounts for the No Child Left Behind Title I Part A program of the District.

Capital Project Funds account for the proceeds, construction and acquisition of capital assets.

The *Building Fund* accounts for all resources available for acquiring capital sites, buildings, and equipment.

The *Capital Reserve Fund* accounts for the purposes and limitations specified by Section 22-45-103(1)(c), C.R.S., including the acquisition of sites, buildings, equipment, and vehicles.

The *Land Acquisition Fund* accounts for permit fee payments and authorized capital expenditures.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. BASIS OF PRESENTATION—FUND FINANCIAL STATEMENTS (CONTINUED)

Internal Service Funds account for operations that provide services to other departments or agencies of the government on a cost-reimbursement basis.

The *Health Insurance Fund* accounts for premium payments and claims related to the self-funded health and dental insurance programs and risk related activities.

Fiduciary Funds account for assets held by the government in a trustee capacity or as an agent on behalf of others. The District has two fiduciary funds:

The *Agency Funds* are custodial in nature and do not present results of operations or a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for assets that the government holds for others in an agency capacity. The District's agency funds are the *Pupil Activity Fund* and the *Scholarship Trust*.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the government's internal service fund are charges to customers for sales and services. Operating expenses for the Internal Service Fund include the cost of sales, services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

During the course of operations the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

E. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flow. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue in the fiscal year in which all eligibility requirements imposed by the provider have been met.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (CONTINUED)

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis* of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the period or soon enough thereafter to pay liabilities of the current fiscal period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Those revenues susceptible to accrual are property taxes, interest revenue and charges for services. Specific ownership taxes collected and held by the county at year-end on behalf of the District are also recognized as revenue. Other revenues, such as transportation, vocational and special education, are not susceptible to accrual because, generally, they are not measurable until received in cash. Entitlements and shared revenues are recorded at the time of receipt or earlier if the accrual criteria are met. Expenditure-driven grants recognize revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the government.

The proprietary fund is reported using the economic resources measurement focus and the accrual basis of accounting. The agency funds have no measurement focus but utilize the *accrual basis of accounting* for reporting its assets and liabilities.

F. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE

Cash and cash equivalents

The District pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the cash account is available to meet current operating requirements. Cash and cash equivalents include cash on hand and in the bank and short-term investments with original maturities of three months or less from the date of acquisition.

Receivables

Receivables at June 30, 2016, consisted of taxes, accounts (rent and fees), and intergovernmental grants and entitlements. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current year guarantee of federal funds.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Inventories and prepaids

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories and prepaids of governmental funds are recorded as expenditures when consumed rather than when purchased.

In the Food Service Fund, commodity inventories are stated at USDA's assigned values, which approximate fair value at the date of receipt. Expenses for food items are recorded when used. The federal government donates surplus commodities to supplement the national school lunch programs. Commodity contributions received by the District are recorded as non-operating revenues.

Restricted cash and cash equivalents

The use of certain cash and cash equivalents of the District may be restricted. These cash items are classified as restricted assets on the balance sheet because they are maintained in separate accounts and their use is limited by debt agreements.

Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the governmental activities columns in the government-wide financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$5,000 for governmental funds with an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset, or materially extend asset lives, are not capitalized. Improvements are capitalized and are depreciated over the remaining useful lives of the related capital assets, as applicable.

Property, plant, and equipment of the primary government, as well as the component units, is depreciated using the straight-line method over the following estimated useful lives:

Buildings	50 years
Improvements	10-25 years
Furniture and Equipment	3-15 years
Vehicles	8-15 years

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Pensions

El Paso County School District No. 2 - Harrison participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension fund administered by the Public Employees' Retirement Association of Colorado (PERA). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has two items that qualifies for reporting in this category. One is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The other item that qualifies for reporting in this category is deferred pension outflows.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has two types of items that qualify for reporting in this category. The first of which arises only under a modified accrual basis of accounting. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from one source: property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available. In the government-wide statement of net position the District reports one item that qualifies for reporting in this category: deferred pension inflows.

Long-term liabilities

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities and proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the debt using the straight-line method. Bonds payable are reported net of the applicable premium or discount.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Net position flow assumption

The District may fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted—net position and unrestricted—net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted—net position to have been depleted before unrestricted—net position is applied.

Fund balance flow assumption

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications available to be used in the governmental fund financial statements are as follows:

Nonspendable – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.

Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Education. These amounts cannot be used for any other purpose unless the Board of Education removes or changes the specified use by taking the same type of action that was used when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned – This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Education or through the Board of Education delegating this responsibility to management through the budgetary process. This classification also includes the remaining positive fund balance for any governmental funds except for the General Fund.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. ASSETS, LIABILITIES, DEFERRED OUTFLOWS/INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE (CONTINUED)

Fund balance classification (continued)

Unassigned – This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

The District would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

G. REVENUES AND EXPENDITURES/EXPENSES

Program revenues

Amounts reported as *program revenues* include 1) charges to customers for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Property Taxes

Property taxes for the current year are certified in arrears to the County by December 15, and attach as an enforceable lien on property the following January 1. Property taxes are payable in full by April 30, or are payable in two equal installments due February 28 and June 15. The County Treasurer bills and collects the District's property tax. District property tax revenues are recognized when levied to the extent they result in current receivables.

The District is permitted to levy taxes on the assessed valuation for general governmental services and for the payment of principal and interest on long-term debt. The tax rate for the year ended December 31, 2016 is 28.414 mills for general operating expenses and 8.000 mills for the payment of long-term debt. The District's assessed valuation for the collection year 2016 is \$563,802,630.

Specific Ownership Taxes

Specific ownership taxes are collected by the county for motor vehicle and other personal property registered in the District's assessment area. The tax receipts collected by the county are remitted to the District in the subsequent month. Specific ownership taxes are recorded as revenue when collected by the county.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. REVENUES AND EXPENDITURES/EXPENSES (CONTINUED)

Compensated Absences

Vacation—Full-time administrators earn twenty days of vacation per year. Full-time educational support personnel accrue vacation based their number of years of service. Vacation days earned during the employee’s accrual year (July 1 to June 30) carry over to the next accrual year up to a total maximum of 45 days. Any vacation days accrued above 45 days but not taken by the end of the accrual year are forfeited by the employee.

Annual/Medical Leave (As of June 30, 1995)—Employees who have worked twenty or more hours per week for a minimum of fifteen year of active continuous service with the District, and who had accumulated fifty-six days or more of unused leave days as of June 30, 1995, are reimbursed for unused Annual/Medical Leave when they retire from employment with the District or become deceased during the course of employment. Benefits are calculated and paid based on the following table:

Unused Days	Percentage of Benchmark Salary
0-55	0%
56-80	15%
81-105	30%
106-130	45%
131-155	60%
156-180	75%
Over 180	90%

Benchmark salary is defined as the regular salary during the twelfth month of the twentieth year of service in the District or the highest twelve months prior to the twentieth year of service.

Annual/Medical Leave (After June 30, 1995)—Employees who have worked twenty or more hours per week for a minimum of five years of active, continuous service with the District are reimbursed for unused Annual/Medical Leave when they leave or retire from employment with the District or become deceased during the course of employment. Benefits earned for this class will be compensated at the rate of 0.0015 of their highest annual salary multiplied by the number of unused Annual/Medical Leave days.

A liability for compensated absences is reported as incurred in the government-wide financial statements. A liability for those amounts is recorded in the governmental funds only if the liability has matured as a result of employee termination. The liability for compensated absences includes salary-related benefits, where applicable.

H. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Explanation of certain differences between the governmental funds balance sheet and the government-wide statement of net position:

The governmental funds balance sheet includes reconciliation between *total fund balances—governmental funds* and *total net position—governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains that “capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the fund financial statements”. The details of this difference are as follows:

Capital assets not being depreciated	\$ 6,700,773
Capital assets being depreciated	<u>63,965,433</u>
Net adjustment to <i>total fund balances—governmental funds</i> to arrive at <i>total net position—governmental activities</i>	<u>\$ 70,666,206</u>

Another element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and, therefore, are not included in the fund financial statements.” The details of this difference are as follows:

Bonds payable	\$ (38,810,000)
Bond premium	(3,073,745)
Capital leases	(176,318)
Compensated absences	<u>(2,288,062)</u>
Net adjustment to <i>total fund balances—governmental funds</i> to arrive at <i>net position—governmental activities</i>	<u>\$ (44,348,125)</u>

Explanation of certain differences between the governmental funds statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities:

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances—governmental funds* and *change in net position—governmental activities* as reported in the government-wide statement of activities. One element of the reconciliation states that “governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense”. The details of this difference are as follows:

Depreciation	\$ (3,401,626)
Capital outlays	<u>3,044,792</u>
Net adjustment to <i>net change in fund balances—governmental funds</i> to arrive at <i>change in net position—governmental activities</i>	<u>\$ (356,829)</u>

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

**NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS
(CONTINUED)**

Another element of the reconciliation states that “the issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities”. The details of this difference are as follows:

Bond principal repayment	\$ 2,625,000
Capital lease principal repayment	110,711
Amortization of deferred on refunding	(178,364)
Accretion of bond premium	<u>263,238</u>
Net adjustment to <i>net change in fund balances—governmental funds</i> to arrive at <i>change in net position—governmental activities</i>	<u>\$ 2,820,585</u>

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Budgets are required by state law for all funds. Annual appropriated budgets are adopted for all funds. During April/May, the Superintendent of Schools submits to the Board of Education a proposed budget for fiscal year commencing the following July 1. The budget includes proposed expenditures and means of financing them.
2. Public hearings are conducted at Board of Education meetings to obtain taxpayers comments.
3. Prior to June 30, the budget is adopted by formal resolution.
4. Expenditures may not legally exceed appropriations at the fund level. Authorization to transfer budget amounts between departments within any fund and the reallocation of budget line items within any department in the General Fund rests with management. Revisions that alter the total expenditures of any fund must be approved by the Board of Education.
5. Budgets for all fund types are adopted on a basis consistent with generally accepted accounting principles.
6. All original and supplemental unencumbered appropriations for all funds lapse at the end of the fiscal year. (Certain uncommitted general fund school allocations are re-appropriated in the succeeding fiscal year by the Board of Education.)
7. Formal budgetary integration is employed as a management control device during the year for all funds consistent with the general obligation bond indenture and other statutory provisions. All funds completed the year within the amount of their legally authorized appropriation.
8. Appropriation amounts are as originally adopted, or as amended by the Board of Education through the year by supplemental appropriations that reallocated the original appropriated amounts.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 4 – DEPOSITS AND INVESTMENTS

Cash deposits with financial institutions

Custodial Credit Risk: Custodial credit risk is the risk that, in the event of a bank failure, the District's deposits might not be recovered. The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. The PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits.

The carrying amount of the School's deposits at June 30, 2016 was \$6,390,661 and the bank balances were \$6,898,609. The balances in excess of Federal Deposit Insurance Corporation (FDIC) insurance were uninsured but collateralized in accordance with the provisions of the Colorado Public Deposit Protection Act. Due to the aforementioned deposit structure the District is not exposed to custodial credit risk.

Investments

The District is authorized by Colorado statutes to invest in the following:

- ◆ Obligations of the United States and certain U.S. government agencies' securities;
- ◆ Certain international agencies' securities;
- ◆ General obligation and revenue bonds of U.S. local government entities;
- ◆ Bankers' acceptances of certain banks;
- ◆ Certain commercial paper;
- ◆ Local government investment pools;
- ◆ Written repurchase agreements collateralized by certain authorized securities;
- ◆ Certain money market fund;
- ◆ Guaranteed investment contracts.

The District has invested in the Colorado Government Liquid Asset Trust (COLOTRUST). COLOTRUST is an AAA rated investment vehicle established for local government entities in Colorado pursuant to Part 7 of Article 75 of Title 24 of the Colorado Revised Statutes, to pool surplus funds for investment purposes. This investment vehicle operates similarly to money market funds and each share is equal in value to \$1.00. The fair value of the position in the pool is the same as the value of the pool shares.

The designated custodial bank provides safekeeping and depository services to COLOTRUST in connection with the direct investment and withdrawal function of COLOTRUST. Substantially all securities owned by COLOTRUST are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by COLOTRUST. Investments of COLOTRUST consist of U.S. Treasury bills, notes and note strips, and repurchase agreements collateralized by U.S. Treasury Notes. However, the District does not categorize investments with COLOTRUST because they are not evidenced by securities that exist in physical or book entry form.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 4 – DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

The District has invested in the Fidelity Institutional Money Market Funds Prime Money Market Portfolio, an AAA rated mutual fund investment vehicle by Standard and Poors. The Fund invests in the highest-quality U.S. dollar-denominated money market securities of domestic and foreign issuers, U.S. government securities and repurchase agreements. The fund may also enter into reverse repurchase agreements. The Fund generally seeks to maintain a dollar-weighted average maturity of 60 days or less. The Fund is in compliance with industry-standard regulatory requirements for money market funds for the quality, maturity, and diversification of investments. Although the fund seeks to preserve the value of investment principal at \$1.00 per share, it is possible to lose principal invested in this fund.

Interest Rate Risk: Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment or a deposit. State law limits investment maturities to five years or less as a means of managing exposure to fair value loss resulting from increasing interest rates. Additionally, the District has a policy which involves the development of an 18-month cash flow forecast that provides a guideline as to cash flow needs supplemented with maturing investments. As a result, the District’s investments consist of maturities of less than 18 months. As such, due to the short-term nature of the District’s investments, interest rate risk is minimized.

Credit Risk: Credit risk involves the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State law and the District’s investment policy limit investments to those described above. COLOTRUST and Fidelity Institutional Money Market Funds Prime Money Market Portfolio investments are over \$1 billion in assets, rated AAA by Standard and Poors, and maintain a constant net asset value of \$1 per share.

The investments for fiscal year ending June 30, 2016:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Maturities</u>
COLOTRUST	\$ 29,308,593	Less than 60 days
Fidelity Inst MMF Prime Portfolio	<u>7,926,518</u>	Less than 60 days
Total Fair Value	<u>\$ 37,235,111</u>

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 6 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (CONTINUED)

Interfund transfers

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations and (3) move capital assets from one fund to another fund when the fund using the capital assets changes.

In the year ended June 30, 2016, the government made the following transfers:

A transfer from the General Fund to the Capital Reserve Fund in the amount of \$3,919,098 to fund board approved capital projects.

NOTE 7 - CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2016 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 7 - CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental Activities

Instruction	\$ 3,033,456
Supporting services	42,220
Business support services	251,969
Central support services	2,080
Food services	62,886
Community services	<u>9,015</u>
Total depreciation expense	<u>\$ 3,401,626</u>

NOTE 8 – ACCRUED SALARIES AND BENEFITS

Salaries and benefits of certain contractually employed personnel are paid over a twelve month period beginning in September, but are earned during a school year of nine to ten months. The salaries and benefits earned, but unpaid, as of June 30, 2016, in the General Fund, Designated Purpose Grant Fund, and Non-major Funds are \$6,617,390, \$485,276 and \$671,618 respectively. Accordingly, the accrued compensation is reflected as a liability of the respective funds in the accompanying financial statements and has been fully funded as of June 30, 2016.

NOTE 9 - LONG-TERM LIABILITIES

General Obligation Bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental activities. General obligation bonds are direct obligations and pledge the full faith and credit of the government.

In accordance with Section 22-45-103, C.R.S., the District’s bond redemption fund custodian for fiscal year ending 2016 is UMB Bank, a third party. The amount of \$3,475,220 was held by the custodian as of June 30, 2016.

General Obligation bonds payable at June 30, 2016 are as follows:

	<u>Principal Balance</u>
The 2007 refunding bonds (\$23,025,000 original issue) carry interest rates ranging from 4.00% to 5.00% and annual maturities ranging from \$30,000 to \$2,085,000 with final payment due in 2027. These bonds were issued to refund a major portion of the 2001 bonds.	\$ 18,280,000
The 2010 refunding bonds (\$35,830,000 original issue) carry interest rates ranging from 2.00% to 5.00% and annual maturities ranging from \$250,000 to \$4,280,000 with final payment due in 2027. These bonds were used to refund remaining portions of the 1999 and 2002 bonds.	<u>\$ 20,530,000</u>
	<u>\$ 38,810,000</u>

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 9 - LONG-TERM LIABILITIES (CONTINUED)

Annual debt service requirements to maturity for general obligation bonds are as follows:

<u>Fiscal Year</u> <u>Ending June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2017	\$ 2,740,000	\$ 1,708,168	\$ 4,448,168
2018	2,850,000	1,589,231	4,439,231
2019	2,950,000	1,473,045	4,423,045
2020	3,015,000	1,355,350	4,370,350
2021	3,130,000	1,232,834	4,362,834
2022 – 2026	17,870,000	3,826,206	21,696,206
2027 – 2028	<u>6,255,000</u>	<u>263,375</u>	<u>6,518,375</u>
Total	<u>\$ 38,810,000</u>	<u>\$ 11,448,209</u>	<u>\$ 50,258,209</u>

The General Obligation Bonds will be repaid from funds in the Debt Service Fund. Based upon Financial Accounting Standards Board (FASB) Accounting Standards Codification 450, Contingencies, no material arbitrage liability exists at June 30, 2016, based upon arbitrage earnings being “measurable” and “probable.”

Prior Year Defeasance of Debt

In prior years, the District has defeased various bond issues by creating separate irrevocable trust funds. New debt has been issued and the proceeds have been used to purchase U.S. government securities that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the District’s government-wide financial statements. As of June 30, 2016, the amount of defeased debt outstanding amounted to \$39,870,000.

Capital Leases

Beginning in fiscal year ended June 30, 2012, El Paso County School District No. 2-Harrison entered into multiple tax-exempt lease purchase agreements with a 60 month term to finance the acquisition of copier machines for various schools and departments valued at \$545,486. This year, \$109,098 was included in depreciation expense. The lease agreements qualify as capital leases for accounting purposes and, therefore have been recorded at the present value of future minimum lease payments as of the inception dates. Lease payments are made on a monthly schedule with the final payments due in fiscal year 2019-2020.

Assets acquired through capital leases and future lease payments are as follows:

Governmental Activities:	
Equipment	\$ 545,846
Less: Accumulated depreciation	<u>(403,884)</u>
Total	<u>\$ 141,602</u>

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 9 - LONG-TERM LIABILITIES (CONTINUED)

The future minimum lease obligations and the net present value of these minimum lease payments for capital leases as of June 30, 2016, were as follows:

<u>Year Ending June 30</u>	
2017	\$ 102,057
2018	52,789
2019	26,814
2020	<u>8,064</u>
Total minimum lease payments	189,724
Less: amount representing interest	<u>(13,406)</u>
Present value of minimum lease payments	<u>\$ 176,318</u>

Changes in Long-Term Liabilities

The following is a summary of long-term liabilities of the District for the year ended June 30, 2016:

	<u>Balance</u> <u>06/30/15</u>	<u>Debt Issued</u> <u>And Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>06/30/16</u>	<u>Due Within</u> <u>One year</u>

<i>Total Governmental Activities</i>	<u>\$ 47,393,565</u>	<u>\$ 2,537,387</u>	<u>\$ 5,283,826</u>	<u>\$ 44,647,126</u>	<u>\$ 3,132,968</u>

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 10 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District accounts for and finances these risk related activities in the General Fund. Effective July 1, 2009, the District became a participant in the Colorado School Districts Self-Insurance Pool (CSDSIP) for the above noted risks of loss with the exception of workers compensation.

The CSDSIP is a public entity risk pool currently operating as a common risk management and insurance program for school districts. Participation in CSDSIP is approved by and managed under regulations promulgated by the Colorado State Insurance Division of Regulatory Agencies. The District pays an annual premium to CSDSIP for its general property and liability insurance coverage. CSDSIP is self-sustaining through member premiums. Complete financial statements can be obtained from CSDSIP at 6857 South Spruce St. Centennial, CO 80112 or by telephone at 1-800-332-3556. The District purchases commercial insurance for workers compensation. Settled claims resulting from these risks have not exceeded the purchased commercial insurance coverage in any of the past three fiscal years.

The District maintains the following insurance coverage: Catastrophic coverage in the amount of \$293,766,181 for buildings and contents, which carries a \$5,000 deductible and workers' compensation coverage providing \$100,000 coverage for each accident, \$100,000 coverage for each employee. All losses within the deductible limits are paid for by the General Fund. A complete disclosure of insurance coverage may be found in the Statistical Section of this report Schedule 18-Schedule of Insurance in Force.

There were no significant changes in insurance coverage from the prior year.

The Health Insurance Fund, reported as an internal service fund, is utilized to provide health and dental insurance coverage as specified by the plan agreement. Losses are paid through a combination of cost-reimbursement, self-insurance for losses up to certain limits, and the purchase of insurance for losses above the limit. The plan pays for individual losses up to \$200,000 for each insured's health care.

The Health Plan Fund, during the 2016 fiscal year, paid \$6,515,650 in settlement of claims costs. All claims against the District for its Health Fund are processed by a third-party administrator.

Changes in the claims liability for the years ended June 30, 2016, and 2015 are as follows:

	<u>2016</u>	<u>2015</u>
Claims liability, beginning	\$ 390,485	\$ 373,420
Incurred claims	6,709,307	5,411,691
Payments	<u>(6,515,650)</u>	<u>(5,394,626)</u>
Claims liability, ending	<u>\$ 584,142</u>	<u>\$ 390,485</u>

The claims payable above is determined by the use of a claims lag report provided by the third-party administrator for the claims period July 1 through June 30 of each fiscal year.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 11 - DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan description. Eligible employees of the El Paso County School District No. 2 - Harrison are provided with pensions through the School Division Trust Fund (SCHDTF) – a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. §24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100 percent of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50 percent or 100 percent on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S. Benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 and all benefit recipients of the DPS benefit structure receive an annual increase of 2 percent, unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 2 percent or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 receive an annual increase of the lesser of 2 percent or the average CPI-W for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve for the SCHDTF.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 11 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the retirement benefit formula shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions. Eligible employees and El Paso County School District No. 2 - Harrison are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. §24-51-401, *et seq.* Eligible employees are required to contribute 8 percent of their PERA-includable salary. The employer contribution requirements are summarized in the table below:

	For the Year Ended December 31, 2015	For the Year Ended December 31, 2016
Employer Contribution Rate	10.15%	10.15%
Amount of Employer Contribution apportioned to the HealthCare Trust Fund as specified in C.R.S. §24-51-208(1)(f)	(1.02)%	(1.02)%
Amount Apportioned to the SCHDTF	9.13%	9.13%
Amortization Equalization Disbursement (AED) as specified in C.R.S. §24-51-411	4.20%	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. §24-51-411	4.00%	4.50%
Total Employer Contribution Rate to the SCHDTF	17.33%	18.13%

Rates are expressed as a percentage of salary as defined in C.R.S. §24-51-101(42).

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the El Paso County School District No. 2 - Harrison is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from El Paso County School District No. 2 - Harrison were \$9,767,941 for the year ended June 30, 2016.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the El Paso County School District No. 2 - Harrison reported a liability of \$189,291,071 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2014. Standard update procedures were used to roll forward the total pension liability to December 31, 2015. The El Paso County School District No. 2 - Harrison proportion of the net pension liability was based on El Paso County School District No. 2 - Harrison contributions to the SCHDTF for the calendar year 2015 relative to the total contributions of participating employers to the SCHDTF.

At December 31, 2015, the El Paso County School District No. 2 - Harrison's proportion was 1.2376581129 percent, which was an increase of .0038441290 from its proportion measured as of December 31, 2014.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 11 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

For the year ended June 30, 2016, the El Paso County School District No. 2 - Harrison recognized pension expense of \$18,726,802. At June 30, 2016, the El Paso County School District No. 2 - Harrison reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 2,499,611	\$ 7,884
Changes of assumptions or other inputs	-	2,675,012
Net difference between projected and actual earnings on pension plan investments	16,095,051	-
Changes in proportion and differences between contributions recognized and proportionate share of contributions	426,412	440,318
Contributions subsequent to the measurement date	4,985,396	-
Total	\$24,006,470	\$ 3,123,214

\$4,985,396 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2017	\$ 4,106,272
2018	\$ 4,176,953
2019	\$ 4,314,147
2020	\$ 3,300,488

Actuarial assumptions. The total pension liability in the December 31, 2014 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.80 percent
Real wage growth	1.10 percent
Wage inflation	3.90 percent
Salary increases, including wage inflation	3.90 – 10.10 percent
Long-term investment Rate of Return, net of pension plan investment expenses, including price inflation	7.50 percent
Future post-retirement benefit increases:	
PERA Benefit Structure hired prior to 1/1/07; And DPS Benefit Structure (automatic)	2.00 percent
PERA Benefit Structure hired after 12/31/06; (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 11 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on a projection of Scale AA to 2020 with Males set back 1 year, and Females set back 2 years.

The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study for the period January 1, 2008 through December 31, 2011, adopted by PERA's Board on November 13, 2012, and an economic assumption study, adopted by PERA's Board on November 15, 2013 and January 17, 2014.

Changes to assumptions or other inputs since the December 31, 2013 actuarial valuation as follows:

- The following programming changes were made:
 - Valuation of the full survivor benefit without any reduction for possible remarriage.
 - Reflection of the employer match on separation benefits for all eligible years.
 - Reflection of one year of service eligibility for survivor annuity benefit.
 - Refinement of the 18 month annual increase timing.
 - Refinements to directly value certain and life, modified cash refund and pop-up benefit forms.

- The following methodology changes were made:
 - Recognition of merit salary increases in the first projection year.
 - Elimination of the assumption that 35% of future disabled members elect to receive a refund.
 - Removal of the negative value adjustment for liabilities associated with refunds of future terminating members.
 - Adjustments to the timing of the normal cost and unfunded actuarial accrued liability payment calculations to reflect contributions throughout the year.

The SCHDTF's long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 11 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

As of the November 15, 2013 adoption of the long-term expected rate of return by the PERA Board, the target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	10 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	26.76%	5.00%
U.S. Equity – Small Cap	4.40%	5.19%
Non U.S. Equity – Developed	22.06%	5.29%
Non U.S. Equity – Emerging	6.24%	6.76%
Core Fixed Income	24.05%	0.98%
High Yield	1.53%	2.64%
Long Duration Gov't/Credit	0.53%	1.57%
Emerging Market Bonds	0.43%	3.04%
Real Estate	7.00%	5.09%
Private Equity	7.00%	7.15%
Total	100.00%	

*In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.50%.

Discount rate. The discount rate used to measure the total pension liability was 7.50 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.90%.
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law, including current and estimated future AED and SAED, until the Actuarial Value Funding Ratio reaches 103%, at which point, the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions included reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.

**EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016**

NOTE 11 - DEFINED BENEFIT PENSION PLAN (CONTINUED)

- Employer contributions and the amount of total service costs for future plan members were based upon a process used by the plan to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. As the ad hoc post-retirement benefit increases financed by the AIR are defined to have a present value at the long-term expected rate of return on plan investments equal to the amount transferred for their future payment, AIR transfers to the fiduciary net position and the subsequent AIR benefit payments have no impact on the Single Equivalent Interest Rate (SEIR) determination process when the timing of AIR cash flows is not a factor (i.e., the plan’s fiduciary net position is not projected to be depleted). When AIR cash flow timing is a factor in the SEIR determination process (i.e., the plan’s fiduciary net position is projected to be depleted), AIR transfers to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the end of the month.

Based on the above actuarial cost method and assumptions, the SCHDTF’s fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination does not use the Municipal Bond Index Rate. There was no change in the discount rate from the prior measurement date.

Sensitivity of the El Paso County School District No. 2 - Harrison proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.50 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50 percent) or 1-percentage-point higher (8.50 percent) than the current rate:

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
Proportionate share of the net pension liability	\$ 245,376,550	\$ 189,291,071	\$ 142,638,414

Pension plan fiduciary net position. Detailed information about the SCHDTF’s fiduciary net position is available in PERA’s comprehensive annual financial report which can be obtained at www.copera.org/investments/pera-financial-reports.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 12 - POST-EMPLOYMENT HEALTHCARE BENEFITS

Health Care Trust Fund

Plan description. The El Paso County School District No. 2 - Harrison contributes to the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer healthcare trust administered by PERA. The HCTF benefit provides a health care premium subsidy and health care programs (known as PERACare) to PERA participating benefit recipients and their eligible beneficiaries. Title 24, Article 51, Part 12 of the C.R.S., as amended, establishes the HCTF and sets forth a framework that grants authority to the PERA Board to contract, self-insure and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of health care subsidies. PERA issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for the HCTF. That report can be obtained at www.copera.org/investments/pera-financial-reports.

Funding policy. The El Paso County School District No. 2 - Harrison is required to contribute at a rate of 1.02 percent of PERA-includable salary for all PERA members as set by statute. No member contributions are required. The contribution requirements for the El Paso County School District No. 2 - Harrison are established under Title 24, Article 51, Part 4 of the C.R.S., as amended. The apportionment of the contributions to the HCTF is established under Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended. For the years ending June 30, 2016, 2015, and 2014 the El Paso County School District No. 2 - Harrison contributions to the HCTF were \$561,850, \$526,296, and \$504,094, respectively, equal to their required contributions for each year.

NOTE 13 – COMMITMENTS AND CONTINGENCIES

Grants

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the government expects such amounts, if any, to be immaterial.

Construction commitments

The District has active construction projects as of June 30, 2016. The projects include building remodeling and roof replacement. At year end the government’s commitments with contractors are as follows:

Project	Spent-to-Date	Remaining commitment
Stratmoor Hills Elementary roof replacement	\$ 198,648	\$ 191,352
Panorama Middle School remodel	1,848,085	1,658,586

These remaining commitments are being funded by existing resources from the general and capital reserve funds.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 14 - TAX, SPENDING, AND DEBT LIMITATIONS

In November 1992, the voters of Colorado approved Amendment I, commonly known as the Taxpayer's Bill of Rights (TABOR), which adds a new Section 20 to Article X of the Colorado Constitution. TABOR contains tax, spending, revenue, and debt limitations, which apply to the State of Colorado and all local governments, including school districts.

The School District's financial activity for the 2015-2016 fiscal year provides the basis for calculation of future limitations adjusted for allowable increases tied to inflation and enrollment growth. Subsequent to 1992, revenue in excess of the District's "spending limit" must be refunded unless voters approve the retainage of such excess revenue. TABOR generally requires voter approval for any new tax, tax increases, and new debt.

TABOR also requires local governments to establish Emergency Reserves. These reserves must be 3% of the District's "spending limit." The District is not allowed to use the emergency reserves to compensate for economic condition, revenue shortfalls, or salary or benefit increases.

The Statement of Net Position indicates that an amount of \$2,690,000 is restricted for constitutional amendment.

TABOR affects the School District's fiscal 2015-2016 financial statements because the limitations contained in TABOR may impact future financial activity. The School District believes it has complied with all aspects of the TABOR amendment.

TABOR is complex and subject to interpretation. Ultimate implementation may depend upon litigation and legislative guidance.

NOTE 15 – COLORADO SCHOOL DISTRICT/BOCES, ELECTRONIC DATA INTEGRITY CHECK FIGURES

The School Finance Act requires inclusion of the Colorado School District/BOCES, Electronic Financial Data Integrity Check Figures as a supplement schedule to the audited financial statements. The Report is based on a prescribed basis of accounting that demonstrates compliance with the financial policies and procedures of the Colorado Department of Education.

NOTE 16 – COMPLIANCE

The District has complied with the requirements of the Financial Policies and Procedures Handbook for the 2016 audit period as required by Colorado Statute CRS 22-44-204(3).

NOTE 17 – PRIOR PERIOD ADJUSTMENT

During the year, it was determined that pension contributions subsequent to the measurement date and other pension outflows and inflows totaling \$3,941,183 were not included in the statement of net position. To correct this oversight, the beginning net position for governmental activities of a deficit \$101,038,076, as originally reported, has been increased to a deficit \$97,096,893.

NON-MAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for specified purposes. The District has the following Special Revenue Funds:

Food Service Fund

This fund is used to record financial transactions related to food service operations.

Other Special Revenue fund

This fund is used to record financial transactions of the No Child Left Behind, Title I, Part A program.

Capital Project Funds

Capital Project Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays for the acquisition or construction of major capital facilities and other capital assets.

Building Fund

This fund is used to account for all resources available for acquiring capital sites, buildings, and equipment.

Capital Reserve Fund

This fund is used to account for the purposes and limitations specified by Section 22-45-103(1)(c), C.R.S., including the acquisition of sites, buildings, equipment, and vehicles.

Land Acquisition Fund

This fund is used to account for permit fee payments and authorized capital expenditures.

STATISTICAL SECTION

This part of the El Paso County School District No. 2 - Harrison's comprehensive annual financial report presents detailed information as a context for understanding the information in the financial statements, note disclosures and required supplementary information.

Contents

Financial Trends

These schedules contain trend information to help readers understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help readers assess the District's most significant local revenue source, property tax.

Debt Capacity

These schedules present information to help readers assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help readers understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service data to help readers understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the District's Comprehensive annual financial reports for the relevant year.

Source: El Paso County Assessor; ABSTRACT OF ASSESSMENT

- (1) - Colorado statutes indicate that districts shall levy, in the next fiscal year, the mills necessary to recoup property tax abatements granted after the mill levy is certified.
- (2) - Overlapping rates are those of local and county governments that apply to property owners with the District. Not all overlapping rates apply to all District property owners (e.g. the rates for special districts apply only to the proportion of the District's owners whose property is located within the geographic boundaries of the special district.

EL PASO COUNTY SCHOOL DISTRICT NO. 2 - HARRISON
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2016

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of El Paso County School District No. 2 - Harrison under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of El Paso County School District No. 2 - Harrison, it is not intended to and does not present the financial position, changes in net assets, or cash flows of El Paso County School District No. 2 - Harrison.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in Office of Management and Budget Circular A-87, *Cost Principles for State, Local and Indian Tribal Governments*, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Pass-through entity identifying numbers are presented where available. ROTC does not have a CFDA number, so the Federal CFDA number on the Schedule of Expenditures of Federal Awards identifies the Department followed by "Unknown".

NOTE 3 – INDIRECT COST RATE

El Paso County School District No. 2 - Harrison has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4 – NON-CASH ASSISTANCE

During the year end June 30, 2016, El Paso County School District No. 2 - Harrison received \$446,781 in non-cash assistance in the form of food commodities.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
El Paso County School District No. 2 - Harrison

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of El Paso County School District No. 2 - Harrison, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise El Paso County School District No. 2 - Harrison's basic financial statements, and have issued our report thereon dated November 11, 2016. Our report includes a reference to other auditors who audited the financial statements of discretely presented component units, as described in our report on El Paso County School District No. 2 - Harrison's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the discretely presented component units were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered El Paso County School District No. 2 - Harrison's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of El Paso County School District No. 2 - Harrison's internal control. Accordingly, we do not express an opinion on the effectiveness of El Paso County School District No. 2 - Harrison's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether El Paso County School District No. 2 - Harrison's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education
El Paso County School District No. 2 - Harrison

Report on Compliance for Each Major Federal Program

We have audited El Paso County School District No. 2 - Harrison's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of El Paso County School District No. 2 - Harrison's major federal programs for the year ended June 30, 2016. El Paso County School District No. 2 - Harrison's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of El Paso County School District No. 2 - Harrison's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about El Paso County School District No. 2 - Harrison's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of El Paso County School District No. 2 - Harrison's compliance.

Opinion on Each Major Federal Program

In our opinion, El Paso County School District No. 2 - Harrison, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2016.

Report on Internal Control Over Compliance

Management of El Paso County School District No. 2 - Harrison is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered El Paso County School District No. 2 - Harrison's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of El Paso County School District No. 2 - Harrison's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

No findings reported.

Section III—Findings and Questioned Costs for Federal Awards

No findings reported.

**COLORADO SCHOOL DISTRICT/BOCES AUDITORS'
DATA INTEGRITY REPORT**

**INDEPENDENT AUDITORS' REPORT ON COLORADO SCHOOL
DISTRICT/BOCES AUDITOR'S INTEGRITY REPORT**

To the Board of Education
El Paso County School District No. 2 - Harrison

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of El Paso County School District No. 2 - Harrison, as of and for the year ended June 30, 2016, which collectively comprise El Paso County School District No. 2 - Harrison's basic financial statements, and our report thereon dated November 11, 2016, which expressed an unmodified opinion on those financial statement, appears as listed in the table of contents. Other auditors audited the financial statements of the discretely presented component units, as described in our report on the District's financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the El Paso County School District No. 2 - Harrison's financial statements. The accompanying *Colorado School District/BOCES, Auditor's Integrity Report* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
