CERTIFIED PUBLIC ACCOUNTANTS

Board of Education  
Rio Blanco County School District RE-4  
Rangely, Colorado

**INDEPENDENT AUDITOR'S REPORT**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and each fiduciary fund type, of the Rio Blanco County School District RE-4, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and each fiduciary fund type of the Rio Blanco County School District RE-4, as of June 30, 2016 and the respective changes in financial position and, where applicable cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information and the pension disclosure information, listed as "required supplementary information" in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Supplemental Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Rio Blanco County School District RE-4's basic financial statements. The combining and individual fund financial statements and additional schedules listed as "other supplemental information" in the table of contents are for purposes of additional analysis and are not a required part of the basic financial statements. The electronic financial data integrity check figures and reconciliation are presented for purposes of additional analysis as required by the Colorado Department of Education, and are also not required parts of the basic financial statements. The information is the responsibility of management and is derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
For the Fiscal Year Ended June 30, 2016

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

Rio Blanco County School District RE-4 is a public school district that was formed in 1958 and contains approximately 1,156 square miles located in the western half of Rio Blanco County in northwestern Colorado. The District has an elementary school (PK-5) and a Junior/Senior High School (6-12). The District is a political subdivision of the State of Colorado, and serves the incorporated town of Rangely and portions of unincorporated Rio Blanco County, as well as a portion of the students that come from Dinosaur, Colorado, in Moffat County, which is just north of Rio Blanco County.

The discussion and analysis of the Rio Blanco County School District RE-4's financial performance provides an overall review of the District's financial activities. The intent of this discussion and analysis is to look at the District's financial performance as a whole; it should be read in conjunction with the basic financial statements and notes to enhance the reader's understanding of the District's overall financial performance.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for the fiscal year ended June 30, 2016 are as follows:

- There was an overall decrease in net position of \$179,444 from the previous fiscal year, inclusive of the District's proportional share of the State PERA net pension liability.
- General Revenues accounted for \$6,781,609 or 87% of all revenues. These general revenues include taxes, grants and entitlements not restricted to specific programs, and general interest and other revenues not related to specific programs. Program specific revenues, in the form of charges for services and sales, as well as program specific grants and contributions, accounted for \$1,040,988 or 13% of the District's total revenues of \$7,822,597.
- The District had \$8,002,041 in expenses, of which \$1,040,988 were offset by program specific charges for services and sales, grants and contributions.

**USING THE BASIC FINANCIAL STATEMENTS**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Rio Blanco County School District RE-4 as a financial whole, or as an entire operating activity.

The statement of net position and statement of activities provide information about the activities of the whole District, presenting both an aggregate view of the District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds with all other non-major funds presented in total in a single column. For the Rio Blanco County School District RE-4, the General Fund is the most significant fund. The remaining statements provide financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the reporting entity. The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
For the Fiscal Year Ended June 30, 2016

**REPORTING THE DISTRICT AS A WHOLE**

***Statement of Net Position and Statement of Activities***

While this report contains all funds used by the District to provide programs and activities, the view of the District as a whole looks at all financial transactions and asks the question, "How did we do financially during the fiscal year?" The statement of net position and the statement of activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting system used by most private sector companies. The basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash was received or paid.

The focus of these government-wide financial statements is on the overall financial position and activities of the District. These financial statements are constructed around the concept of a primary government, the District, and its component units, except for fiduciary funds. As described below, the financial statements of the District's fiduciary funds are not included in the government-wide financial statements, because resources of these funds cannot be used to finance the District's activities. However, the financial statements of fiduciary funds are included in the District's financial statements because the District is financially accountable for those resources, even though they belong to other parties.

The two statements report the District's net position and changes therein. This change is important because it identifies whether the financial condition of the District has improved or diminished for the District as a whole. The cause of this change may be the result of many factors, some financial, some not. Nonfinancial factors include the District's property tax base, current property tax laws, enrollment levels, statutorily required reserves, facility conditions, required educational programs and other factors.

In the statement of net position and the statement of activities, the School District is divided into two distinct kinds of activities:

**Governmental Activities** – Governmental activities are generally financed through taxes, intergovernmental revenues and other non-exchange revenues. Most of the School District's programs and services are reported here including instruction, support services, operation and maintenance, pupil transportation, and extracurricular activities.

**Business-Type Activities** – Business-type activities are financed by some degree by charging external parties for the goods or services they acquire. The District Housing Fund is reported as a business-type activity as the services are provided on a charge for goods or services basis to recover the expenses of the goods and services provided.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
For the Fiscal Year Ended June 30, 2016

**FUND FINANCIAL STATEMENTS**

Fund financial reports provide detailed information about the District's major funds. The District considers all funds as significant, or major, funds. Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the District rather than the District as a whole. Except for the General Fund, a specific fund is established to satisfy managerial control over resources or to satisfy finance-related legal requirements established by external parties or governmental statutes or regulations. The District's fund financial statements are divided into three broad categories; namely (1) governmental funds; (2) proprietary funds; and, (3) fiduciary funds.

**Governmental Funds** – The District's activities in governmental funds focus on how monies flow into and out of those funds and the balances left at fiscal year-end for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent in the near future to finance educational programs. The relationship, or differences, between government-wide activities and the governmental funds is reconciled in the financial statements. The District's major governmental funds are:

***General Fund*** – The General Fund is the District's primary operating fund and accounts for the majority of the District's instruction and support operations.

***Food Service Fund*** – The Food Service Fund is a special revenue fund which accounts for the District's general food service activities with revenue sources specifically designated for such activities.

***Designated Purpose Grant Fund*** – The special revenue Designated Purpose Grant Fund accounts for IGA grant monies received from the Western Rio Blanco Metropolitan Recreation and Park District.

***Transportation Fund*** – The special revenue Transportation Fund accounts for transportation operations funded primarily by property taxes and other State operating grants.

***Bond Redemption Fund*** – The Bond Redemption Fund accounts for transactions related to the District's general obligation bonds and interest.

***Building Fund*** – The Building Fund accounts for facilities acquisition and construction from Bond Issue monies.

***Capital Reserve Fund*** – The Capital Reserve Fund accounts for the acquisition of capital items such as land, vehicles, equipment and improvements to existing structures.

**Proprietary Funds** – The proprietary (enterprise) funds use the same basis of accounting as business-type activities; therefore, these statements are essentially the same. The District's major proprietary fund is the:

***District Housing Fund*** – The District Housing Fund accounts for the District's employee housing.

**Fiduciary Funds** – All of the District's fiduciary (or *Agency*) funds are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the District's governmental funds because the District cannot use these assets to finance its operations. The fiduciary funds are:

***Pupil Activity Fund*** – The Pupil Activity Fund accounts for student athletic/nonathletic activities.

***Scholarship Funds*** – The Scholarship Fund accounts for available scholarship monies.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
For the Fiscal Year Ended June 30, 2016

**NOTES TO THE FINANCIAL STATEMENTS**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**SUPPLEMENTAL INFORMATION**

In addition to the basic financial statements and accompanying notes, this report also presents supplemental information required by U.S. generally accepted accounting principles, as well as other supplemental information to assist the reader in a full understanding of the financial statements and additional schedules required by the Colorado Department of Education.

**THE DISTRICT AS A WHOLE**

The perspective of the statement of net position is of the District as a whole. Following is a summary of the District's net position for the fiscal year 2016 compared to 2015.

<i>(In Thousands)</i>	Governmental		Business-Type		Total	
	2016	2015	2016	2015	2016	2015
<b>ASSETS:</b>						
Current and Other Assets	\$ 6,662	\$ 6,648	\$ 30	\$ 47	\$ 6,692	\$ 6,695
Capital Assets, Net	15,609	16,878	228	209	15,837	17,087
	<u>22,271</u>	<u>23,526</u>	<u>258</u>	<u>256</u>	<u>22,529</u>	<u>23,782</u>
<b>DEFERRED OUTFLOWS:</b>						
Pensions, Net of Accum Amtz	1,227	469	-	-	1,227	469
	<u>1,227</u>	<u>469</u>	<u>-</u>	<u>-</u>	<u>1,227</u>	<u>469</u>
<b>LIABILITIES:</b>						
Current & Other Liabilities	2,218	2,143	3	-	2,221	2,143
Long-term Liabilities	3,491	5,135	-	-	3,491	5,135
Net Pension Liability	9,596	8,442	-	-	9,596	8,442
	<u>15,305</u>	<u>15,720</u>	<u>3</u>	<u>-</u>	<u>15,308</u>	<u>15,720</u>
<b>DEFERRED INFLOWS:</b>						
Pensions, Net of Accum Amtz	136	39	-	-	136	39
	<u>136</u>	<u>39</u>	<u>-</u>	<u>-</u>	<u>136</u>	<u>39</u>
<b>NET POSITION (2014 RESTATED):</b>						
Invested in Capital Assets,						
Net of Related Debt	10,456	10,126	228	209	10,684	10,335
Restricted	2,824	2,976	-	-	2,824	2,976
Unrestricted	(5,223)	(4,866)	27	47	(5,196)	(4,816)
	<u>\$ 8,057</u>	<u>\$ 8,236</u>	<u>\$ 255</u>	<u>\$ 256</u>	<u>\$ 8,312</u>	<u>\$ 8,492</u>

Negative unrestricted assets balance merely represents that there are *long-term* obligations, including pensions, in excess of *currently* available resources; this is primarily due to the District's proportionate share of the State PERA net pension liability (*see Note 10*).

By far the largest portion of the District's net position reflects its investment in capital assets (e.g., land and improvements, buildings and equipment) less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Resources to repay debt on these assets must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
For the Fiscal Year Ended June 30, 2016

**THE DISTRICT AS A WHOLE -- CONTINUED**

The statement of activities reflects the cost of program services and the charges for services and sales, grants, and contributions offsetting those services. The following detail reflects the total cost of services supported by program revenues and general property taxes, unrestricted state entitlements, and other general revenues, resulting in the overall change in net position for the current fiscal year:

<i>(In Thousands)</i>	Governmental Activities		Business-Type Activities		Total	
	2016	2015	2016	2015	2016	2015

Transfers In (Out)	-	1	-	(1)	-	-
Increase (Decrease) in Net Position	\$ (179)	\$ 389	\$ -	\$ -	\$ (179)	\$ 389

Most of the District's revenues come from the Public School Finance Act of 1994 (SFA), which is comprised of general property taxes, specific ownership taxes and state equalization based on the statewide formula for pupil funding. In fiscal year 2016, approximately 63% of SFA funding came from state equalization and 37% from taxes.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
For the Fiscal Year Ended June 30, 2016

**THE DISTRICT AS A WHOLE -- CONTINUED**

**Governmental Activities** – For the fiscal year 2016, the net position of the District's governmental activities decreased by \$179 thousand.

**Business-type Activities** – Operating expenses of the District Housing enterprise include primarily property maintenance costs whereas operating revenues are from rental income.

**THE DISTRICT AS A WHOLE -- NET COST OF SERVICES**

As indicated above, the statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The following table summarizes the information from the statement of activities, reflecting the total cost of program services and the remaining net cost of program services supported by taxes and other general revenues:

<i>(In Thousands)</i>	Fiscal Year 2016		Fiscal Year 2015	
	Total Cost of Services	Net Cost of Services	Total Cost of Services	Net Cost of Services
Instruction	\$ 3,542	\$ 2,795	\$ 3,322	\$ 2,622
Support Services:				
Students	83	83	88	88
Instructional Staff	102	73	102	50
General Administration	369	369	334	334
School Administration	482	482	484	484
Business Support Services	107	107	103	103
Operations and Maintenance	743	720	676	676
Student Transportation	400	285	393	393
Central Support Services	228	228	208	208
Food Services	150	44	130	48
Community Services	4	4	5	5
Colorado Preschool	81	81	96	96
Facilities Acquisition/Construction	180	180	152	152
Interest and Fiscal Charges	254	254	314	314
Unallocated Depreciation	1,256	1,256	1,245	1,245
District Housing	21	-	14	(1)
Total Expenses	\$ 8,002	\$ 6,961	\$ 7,666	\$ 6,525

The dependence on general revenues for governmental activities is apparent, whereas approximately 79% and 79% of instruction activities were supported through taxes and other general revenues in 2016 and 2015, respectively. In these years, overall general revenues support was 87% in 2016 and 85% in 2015. The community as a whole is the primary support for District students.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
For the Fiscal Year Ended June 30, 2016

**THE DISTRICT'S FUNDS**

The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The funds are accounted for using the modified accrual basis of accounting.

***Governmental Funds –***

The *General Fund* had an overall increase in fund balance of \$153,193. The ending fund balance of \$3,400,026 is the amount available for future spending.

The *Food Service Fund* had an overall increase in fund balance of \$10,229. The ending fund balance of \$12,092 is the amount available for future spending.

The *Designated Grant Fund* had an overall increase in fund balance of \$33. The ending fund balance of \$104 is the amount available for future spending.

The *Transportation Fund* had an overall decrease in fund balance of \$16,318. The ending fund balance of \$417 is the amount available for future spending.

The *Bond Redemption Fund* had an overall increase in fund balance of \$71,211. The ending fund balance of \$2,081,972 is the amount available for future spending.

The *Building Fund* had an overall decrease in fund balance of \$240,296. The ending fund balance of \$583,415 is the amount available for future spending.

The *Capital Reserve Fund* had an overall increase in fund balance of \$8,908. The ending fund balance of \$21,645 is the amount available for future spending.

***Proprietary (Enterprise) Funds –***

The *District Housing Fund* enterprise had current year operating revenues of \$20,661 plus non-operating activity of \$9 and current year operating expenses of \$20,835 for a total decrease in net position of \$165. Ending Net Position of \$255,364 includes \$227,840 invested in capital assets and \$27,524 available for future spending.

***Fiduciary (Agency) Funds –***

The *Pupil Activity Fund* ended the year with \$135,530 available for future spending.

The *Scholarship Fund* ended the year with \$46,759 available for future spending.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
For the Fiscal Year Ended June 30, 2016

**GENERAL FUND BUDGETING HIGHLIGHTS**

The District's procedures in establishing the budgetary data reflected in the financial statements is summarized in *Note 1(F)* of the financial statements. Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP). The District uses a line-item based budget which is designed to control line-item expenditures, but provide flexibility for overall budgetary management. During the course of the current fiscal year, the District amended its budget as needed.

For the General Fund, actual revenues and other financing sources in the amount of \$5,410,376 were below budgetary expectations of \$5,581,548 by \$171,172.

The District's General Fund actual expenditures and other financing uses of \$5,257,183 were \$478,784 below budgeted expenditures of \$5,735,967. These major differences between budgeted amounts and actual expenditures were primarily due to excess amounts budgeted for overall salaries and benefits and overall purchased services expenditures. A portion of the budgeted transfers were not considered necessary.

The Board of Directors and District management continue to strive to budget appropriate amounts for each individual line item. It is not anticipated that this year's budgetary variances will have a significant impact on future services or liquidity. The overall savings are indicative of the efforts to provide services in the most economical manner. This year's savings will have a positive impact on future year's fund balances.

**CAPITAL ASSETS**

At the end of fiscal year 2016, the District had a total of \$15,836,951 invested in capital assets, consisting of \$15,609,111 in governmental activities and \$227,840 in business-type activities. Additional information on the District's capital assets can be found in *Note 4* of the financial statements.

The following reflects the balances of fiscal year 2016 compared to fiscal year 2015:

<i>(In Thousands)</i>	Governmental		Business-Type		Total	
	Activities		Activities		Total

**DEBT ADMINISTRATION**

At June 30, 2016 the School District's governmental activities had \$5,110,000 in outstanding bonds. The bonds are being paid from a mill levy in the Bond Redemption fund over a 10 year period with the last payment due in fiscal year 2018. In addition, the District also has a long-term liability for deferred premium on the outstanding bonds in the amount of \$24,897 and refunding discounts in the amount of (\$127). There is no long-term debt in the Business-Type Activities for the fiscal year ended June 30, 2016.

Other long-term obligations consist of the District's proportionate share of the State PERA Net Pension Liability (see Note 1 & 10) in the amount of \$9,596,377.

Additional information can be found in *Note 5* of the financial statements.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
For the Fiscal Year Ended June 30, 2016

**CURRENT ISSUES, ECONOMIC CONDITION AND OUTLOOK**

The Public School Finance Act of 1994 (SFA) is the largest source of revenue for the District's operating funds. The SFA calculates per-pupil funding by school district based upon a formula using a number of factors including cost of living, number of students, district size, personnel vs. non-personnel costs, and number of at-risk students. The purpose of the SFA was to establish a financial base of support for public education, to move towards a uniform mill levy tax state-wide for all districts, and to limit future growth of and reliance upon property tax to support public education. Funding sources for the SFA are derived by the following formula:

$$\textit{Total Program Funding} = \textit{local property taxes} + \textit{general specific ownership taxes} + \textit{state equalization}$$

The United States and the State of Colorado have experienced unprecedented economic decline. One impact of this budget crisis is the reduction in the State of Colorado's general fund revenues. Because educational expenditures represent a significant portion of the State of Colorado's total expenditures, the District anticipates its future revenues will be impacted; if District revenues are reduced, the District will be required to reduce its future program expenditures. The Board and Administration will continue to carefully review spending to maintain a careful balance between education and fiscal responsibility.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES**  
**TO NET POSITION OF GOVERNMENTAL ACTIVITIES**  
June 30, 2016

TOTAL GOVERNMENTAL FUND BALANCES		\$ 6,099,671
Amounts reported for governmental activities on the statement of net position are different because of the following:		
Property taxes receivable that are due later than 60 days after year-end are not available soon enough to pay for the current period's expenditures, and therefore are not reported in the governmental funds.		6,774
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the governmental funds.		
Governmental Capital Assets	\$ 36,447,111	
Less Accumulated Depreciation	<u>(20,838,000)</u>	15,609,111
Discounts on the refunding of long-term debt decrease current financial resources to governmental funds; however, on the Statement of Net Position, the discount is deferred and amortized over the term of the issuance.		
Refunding Discount	\$ 1,286	
Accumulated Amortization	<u>(1,159)</u>	127
Premiums on the issuance of long-term debt increase current financial resources to governmental funds; however, on the Statement of Net Position, the premium is deferred and allocated over the term of the issuance as accretion of deferred premium.		
Bond Premium	\$ (253,089)	
Accumulated Accretion	<u>228,192</u>	(24,897)
Some liabilities are not due and payable in the current year and, therefore, are not reported in the governmental funds:		
Accrued Interest Payable	\$ (18,823)	
Current Portion of Long-term Liabilities	<u>(1,630,000)</u>	(1,648,823)
Long-term liabilities are not due and payable in the current year, and, therefore, are not reported in the governmental funds.		
Bonds Payable	\$ (3,480,000)	
Net Pension Liability	(9,596,377)	
Deferred Outflows of Resources	1,227,413	
Deferred Inflows of Resources	<u>(136,014)</u>	<u>(11,984,978)</u>

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN**  
**FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
For the Fiscal Year Ended June 30, 2016

NET CHANGE IN FUND BALANCES – TOTAL GOVERNMENTAL FUNDS \$ (13,040)

Amounts reported for governmental activities on the Statement of Activities are different because of the following:

In Governmental Funds, revenues for property taxes are measured by the amount of current financial resources provided, including amounts due within 60 days after the end of the year; whereas, in the Statement of Activities, property taxes are measured as the revenue is earned. This is the amount by which current property taxes to be received after 60 days from the end of the year decreased from the previous fiscal year: (2,745)

Governmental Funds report capital outlays as expenditures; however, on the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. In addition, the net book value of asset sales/dispositions is an adjustment to gain (loss) on the Statement of Activities.

Current Period Capitalized Outlay	\$ 71,647	
Current Period Depreciation	(1,340,469)	
Adj. to Sale/Disposal Gain (Loss)	<u>-</u>	(1,268,822)

Discounts on Bond Refunding are reported as Other Financing Uses in the governmental funds when paid, however they are reported as Deferred Outflows on the Statement of Net Position and amortized over the term of the new issuance. This is the amount of amortization of discounts recognized on the current year Statement of Activities. (93)

Premiums on the issuance of long-term debt increase current financial resources to governmental funds; however, on the Statement of Activities, the premium is allocated over the term of the long-term debt as accretion of bond premium. This is the amount of accretion of bond premiums recognized on the current year statement of activities. 18,328

Proceeds from the issuance of long-term debt provide current financial resources to governmental funds, but issuing long-term debt increases long-term liabilities in the Statement of Net Position. Repayment of debt principal is an expenditure in the funds, but the repayment reduces long-term liabilities in the Statement of Net Assets.

Current Period Debt Proceeds	\$ -	
Current Period Debt Repayment	<u>1,575,000</u>	1,575,000

Interest expense is recognized as an expenditure in the governmental funds when it is due as it requires the use of current financial resources; however, in the Statement of Activities interest expense is recognized as the interest accrues regardless of when due. This is the current year change in accrued interest. 5,250

Some expenses reported in the Statement of Activities do not require current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in Net Pension Liability	\$ (1,154,751)	
Change in Deferred Outflows	758,405	
Change in Deferred Inflows	<u>(96,811)</u>	<u>(493,157)</u>

CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES \$ (179,279)

The accompanying notes are an integral part of these financial statements.

**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*

The financial statements of the Rio Blanco County School District RE-4 are prepared in accordance with generally accepted accounting principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established in GAAP and used by the District are discussed below.

A. Financial Reporting Entity

The Rio Blanco County School District RE-4 is organized under the laws of the State of Colorado and is governed by an elected five member Board of Education. Board of Education members are elected by the citizens of Rio Blanco County, not appointed by any other governing body. The Board selects the superintendent of schools and senior level administrators. The Board is solely responsible for the District's budget adoption process. The District meets the criteria of a primary government; its Board is the publicly elected governing body; it is a legally separate entity; and it is fiscally independent with the authority to: a) determine its budget without another government's authority to approve or modify; b) levy taxes or charges without another government's approval; and, c) issue bonded debt without approval by another government

The Governmental Accounting Standards Board (GASB) has specified the criteria to be used in defining a governmental entity for financial reporting purposes.

The reporting entity consists of (a) the primary government; i.e., the District, and (b) organizations for which the District is financially accountable. The District is considered financially accountable for legally separate organizations if it is able to appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the District. Consideration is also given to other organizations that are fiscally dependent; i.e., unable to adopt a budget, levy taxes, or issue debt without approval by the District. Organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

Based on these criteria, the District's financial statements do not include any component units, nor do they exclude any potential component units requiring inclusion in the District's reporting entity. The District is not a component unit of any other governmental reporting entity. The District's financial statements include the accounts of all District operations.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

**B. Joint Venture: Rio Blanco County Board of Cooperative Educational Services (BOCES)**

The District is one of two districts participating in the Rio Blanco County Board of Cooperative Educational Services (BOCES). The BOCES is a regional education service unit created under the “Board of Cooperative Services Act of 1965” and is governed by a board consisting of representatives from each of the two districts.

The governing board of the BOCES has final authority over all funds of BOCES and fiscal responsibility including budgetary and reporting. As such, this joint venture does not meet the criteria for inclusion within the reporting entity. Additional information regarding the District’s participation in the joint venture is provided in *Note 9*.

**C. Basis of Presentation**

The District’s basic financial statements consist of government-wide statements, including a statement of net position and statement of activities, and fund financial statements which provide a more detailed level of financial information.

*GOVERNMENT-WIDE FINANCIAL STATEMENTS*

The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net position presents the financial condition of the governmental activities of the District at fiscal year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District’s governmental activities. Direct expenses are those that are specifically associated with a service, program or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from general revenues of the District.

*FUND FINANCIAL STATEMENTS*

During the fiscal year, the District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance by segregating transactions related to certain governmental functions or activities. Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Enterprise and fiduciary funds are reported by type. The District currently considers all Funds as major Funds to segregate its overall activity.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

D. Fund Accounting

Governmental accounting systems are organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses. The District's funds are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations based upon the purposes for which they are to be spent and by the means by which spending activities are controlled. The various funds are grouped, in the financial statements, as follows:

*GOVERNMENTAL FUNDS*

Governmental Funds are those through which most governmental functions of the District are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between the governmental fund assets and liabilities is reported on the balance sheet as fund balance.

General Fund – The General Fund is used to account for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the District for any purpose provided it is expended or transferred according to general statutory laws.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources other than special assessments and expendable trusts that are legally restricted to expend funds for specified purposes. The individual special revenue fund revenues/resources are as follows: 1) the Food Service Fund amounts are grants and other revenues for general food services; 2) the Designated Purpose Grant Fund amounts are from operating grants received under an intergovernmental agreement with the Western Rio Blanco Metropolitan Recreation and Park District; and 3) the Transportation Fund amounts are from designated property taxes and other local revenues.

Debt Service Fund – Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term bond obligation principal, interest and related costs. The Bond Redemption Fund is a Debt Service Fund.

*PROPRIETARY FUNDS*

Enterprise Funds – Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing authority is that a) the costs of goods or services provided to the general public on a continuing basis be financed or recovered primarily through user charges; or b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Enterprise Funds consists of the District Housing Fund.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

D. Fund Accounting (continued)

*FIDUCIARY FUNDS*

Fiduciary fund reporting focuses on net position of agency activities. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are not available to support the District's own programs.

Agency Funds – Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Agency Funds of the District include the Scholarship Fund, which administers two scholarship accounts, and the Pupil Activity Fund, which accounts for various student-managed activities.

E. Measurement Focus and Basis of Accounting

*GOVERNMENT-WIDE FINANCIAL STATEMENTS*

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the District are included on the statement of net position. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

*FUND FINANCIAL STATEMENTS*

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflect the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and governmental fund statements.

Like the government-wide financial statements, enterprise funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operations are included on the statement of net position. The statement of changes in revenues, expenses, and changes in net position, presents increases (e.g., revenues) and decreases (e.g., expenses) therein. The statement of cash flows reflects how the School District finances and meets the cash flow needs of its enterprise funds.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

E. Measurement Focus and Basis of Accounting – (continued)

*BASIS OF ACCOUNTING*

While the measurement focus identifies *which* transactions and events should be recorded on the financial statements, the basis of accounting determines *when* transactions and economic events are reflected in financial statements.

*Exchange and Non-exchange Transactions*

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Under the modified accrual basis of accounting, revenues are recorded when they are both measurable and available (often referred to as *susceptible to accrual*). Revenues are measurable when they are subject to reasonable estimation, while the available criterion is satisfied when revenues are collectible during the period and the actual collection will occur either (a) during the current period or (b) after the end of the period but in time to pay fund liabilities. The District considers revenues to be available if they are expected to be collected within 60 days of the end of the year.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements and donations. Grants, entitlements, and interest are recorded when they are susceptible to accrual. Expenditure-based grants are recorded as revenue when the conditions of the grants are satisfied. Property tax revenues are recognized when they are levied. Expenditures, if measurable, are recorded when they have used or are expected to use current expendable financial resources, except unmatured interest on general long-term debt is recorded when due.

Government-wide financial statements are prepared using the accrual basis of accounting.

Governmental funds and agency funds use the modified accrual basis of accounting and the flow of expendable financial resources (measurement focus).

Propriety fund types use the accrual basis of accounting and the flow of all economic resources (measurement focus). This basis of accounting and measurement focus emphasizes the measurement of net income similar to the approach used by commercial enterprises, and revenues are recorded when earned and expenses are recorded when incurred.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

F. Budgets and Budgetary Accounting

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- Budgets are required by Colorado School District Budget Law for all funds of the District. The District legally adopted annual budgets for all of the District's funds.
- Prior to June 30, the budgets are adopted and appropriations made by formal resolution for the ensuing fiscal year commencing July 1. A public hearing on the proposed budget is held by the Board prior to adoption of the budget.
- Budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all funds except the Proprietary Funds. The Proprietary Fund budget is adopted on the accrual basis with the following modifications (a reconciliation is provided in the budgetary comparison schedules):
  - 1) Operating transfers are included in the budget as revenues.
  - 2) Capital outlays are integrated into the budget as expenditures.
  - 3) Depreciation is not provided for in the budget.
  - 4) Inventory increases or decreases are not provided for in the budget.
- Expenditures may not legally exceed appropriations at the fund level. Board approval is required for changes in the total budget of any fund. Budget amounts included in the financial statements are based on the final, legally amended budget.
- Appropriations lapse at the end of each year, and the District's Board may adopt supplemental appropriations during the year. Original and final budgets are reflected in the budgetary comparison schedules included as required and other supplemental information.
- Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation is utilized by the District for management purposes and internal budgetary control during the year, but is not used for financial reporting purposes. Encumbrances outstanding at year end are closed out and the fund balance is not reserved for any encumbrances outstanding. All appropriations lapse at year-end whether or not encumbered.

G. Assets, Liabilities and Fund Equity

1) Cash and Investments

The District's policy in determining which items are treated as cash equivalents on the Statement of Cash Flows, include cash, demand deposits, treasury bills and other short-term, highly liquid investments that are readily convertible to cash and have original maturities of three months or less. Investments are reported at fair value which is determined using selected bases. Short-term investments are reported at cost which approximates fair value. Securities traded on a national or international exchange are valued at the last quoted market price. Cash deposits are reported at carrying amounts which reasonably estimates fair value. District policy limits investments to Certificates of Deposit in local banks and daily cash accumulation fund with ColoTrust. (See also Note 2.)

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

NOTES TO FINANCIAL STATEMENTS

June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

**G. Assets, Liabilities and Fund Equity – (continued)**

2) Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

3) Internal Balances

Internal balances arise from outstanding amounts due to/from the District's various funds during the course of normal operations. Internal balances within governmental activities are eliminated on the government-wide Statement of Net Position. As of year-end, the following were outstanding internal balances:

	Due From	Due To
General Fund	\$ 120,000	\$ 2,000
Transportation Fund	2,000	-
Designated Grant Fund	-	120,000

4) Inventory

Inventory of the District's Food Service Fund is valued as follows: Purchased food and non-food items are valued at cost, and U.S.D.A. donated commodity items are valued at U.S.D.A. unit pricing, substantially on a first in-first out basis. Freight and delivery charges are not included in inventory valuations.

5) Property Taxes Receivable/Property Tax Revenues

Property taxes are levied and collected on behalf of the District by Rio Blanco County and are reported as revenue when received by the county treasurer. Taxes receivable represent the 2015 assessed taxes yet to be collected in 2016. Amounts collectible subsequent to August 2016 have been accrued on the government-wide Statement of Net Position. The District considers all amounts to be materially collectible; therefore, an allowance for estimated uncollectible taxes is not considered necessary. Property taxes levied for 2015 and collected (including amounts receivable within 60 days of year-end) are recognized as revenue as follows:

	Assessed Valuation	Mill Levy	Amount of Taxes		Percent Collected Levied
			Levied	Received	
General Fund:					
	\$427,437,340	3.687	\$1,575,961	\$1,572,956	99%
Bond Redemption Fund:					
	\$427,437,340	4.442	\$1,898,677	\$1,895,056	99%
Transportation Fund:					
	\$427,437,340	0.181	\$77,366	\$ 77,218	99%

Property taxes are assessed on a calendar year basis and attach as an enforceable lien on property as of January 1. They may be paid in either one installment (no later than April 30<sup>th</sup>) or two equal installments (no later than February 28<sup>th</sup> and June 15<sup>th</sup>) without interest or penalty. Taxes that are not paid within the prescribed time bear interest at the rate of one percent (1%) per month until paid. Unpaid amounts and accrued interest thereon become delinquent on June 16<sup>th</sup>.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

**G. Assets, Liabilities and Fund Equity (continued)**

6) Capital Assets

Capital assets purchased or acquired with an original cost in excess of the capitalization threshold of \$5,000 (set by the Board) are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation of Equipment is on the straight-line basis with the mid-year convention, and Depreciation of Buildings and Improvements is on the straight-line method beginning in the year after they are placed in service, provided over the following estimated useful lives:

Buildings and Improvements	7-40 years
Vehicles and Other Equipment	5-15 years

7) Vacation, Sick Leave, and Other Compensated Absences

Vacation time earned in the current year is required to be taken by September 1 following the end of the fiscal year. If it becomes impossible for an employee to take all vacation by that time, due to the urgency of work involved in the school program, five days may be carried over to the next fiscal year. Vacation accrued of \$23,656 is included in Accrued Salaries and Benefits Payable in the General Fund, \$0 in the Food Service (Special Revenue) Fund, and \$601 in the Transportation Fund.

Sick leave is earned at a rate of ten days per year to a maximum of 120 days. Upon leaving the District and upon ten consecutive years of employment, an employee will receive \$10 per day of unused sick leave, not to exceed 120 days. In addition, employees who elect to participate in a Sick Leave Bank shall contribute one sick day at the time of entry into the Bank. When the Bank total drops below the minimum of 30 days, members are assessed one day. Participants may withdraw up to fifteen days at a time from the Bank upon application in writing. Sick pay accrued of \$4,047 is included in Accrued Salaries and Benefits Payable in the General Fund, \$300 in the Food Service Fund, and \$920 in the Transportation Fund.

There is no compensated time off for extra hours worked.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

G. Assets, Liabilities and Fund Equity (continued)

8) Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities and long-term obligations payable from the enterprise funds are reported on the enterprise fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. Salaries of teachers and other contracted personnel are accrued as required by the Revised Financial Policies and Procedures Handbook. Teachers' salaries are typically paid over a twelve-month period but are earned over a period of approximately nine months. This results in an outstanding liability at the end of the fiscal year. The accrued PERA and Medicare is computed on these salaries and is also shown as a liability. Accrued salaries and benefits at June 30, 2016 were \$438,624 for governmental funds and \$0 for proprietary funds with the incremental change charged to current year expenditures, inclusive of accrued vacation and sick leave.

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bonds premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Issuance costs are expensed as incurred.

In the governmental fund financial statements, bonds are recognized as a liability on the fund financial statements when due. Governmental funds recognize bond premiums and discounts in the current period when incurred. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures as incurred.

9) Net Position and Fund Balances

In the government-wide financial statements, net position is classified in the following categories:

*Invested in Capital Assets, Net of Related Debt* – this category groups all capital assets into one component. Accumulated depreciation and the outstanding debt balances that are attributable to (already invested in) the acquisition, construction or improvement of these assets reduce this category.

*Restricted* – assets are reported as *restricted* when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, laws of other governments, or imposed by various enabling legislation.

*Unrestricted* – represents the amount which is not restricted for any purpose. It is the District's policy to first apply restricted resources when an expense is incurred for which both restricted and unrestricted assets are available.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

G. Assets, Liabilities and Fund Equity (continued)

9) Net Position and Fund Balances - continued

In the fund financial statements, fund balances of governmental funds are classified in the following categories:

*Non-spendable* – amounts that cannot be spent because they are either in non-spendable form such as inventory and prepaid expenses, or legally or contractually required to be maintained intact such as the corpus of permanently restricted funds to be retained in perpetuity. It also includes the long-term amount of loans and notes receivable, as well as property acquired for resale, when applicable.

*Restricted* – when constraints are placed on the use of resources either (a) externally imposed by creditors or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed* – amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the Board of Education). These amounts cannot be changed except by taking the same type of action employed to previously commit these amounts.

*Assigned* – amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by the governing body itself, or a body or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.

*Unassigned* – the residual for the general fund. It is the District's policy to first apply restricted resources when an expense is incurred for which both restricted and unrestricted assets are available.

At June 30, 2016, the amounts restricted were \$2,081,972 for future Debt Service, \$601,396 for Facilities Acquisition/Construction and \$141,000 for Tabor Emergency reserves

H. Deferred Outflows and Inflows of Resources

The statement of net position and fund balance sheet include separate sections for deferred outflows of resources and deferred inflows of resources, when applicable. Deferred outflows of resources represent a consumption of net position that applies to future periods that will be recognized as an expense or expenditure in future periods. Deferred inflows of resources represent an acquisition of net position or fund balance that applies to future periods and will be recognized as revenue in future periods.

I. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value using the economic measurement focus and accrual basis of accounting.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)*

J. Unearned Revenue

Unearned Revenues consist of revenue received before all eligibility requirements or allocable expenditures have been met or incurred.

K. Operating Revenues and Expenses

Operating revenues are generated directly from the primary activity of enterprise funds and consist of District Housing Fund rental revenues. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the enterprise fund.

L. Contributed Capital

Grants and contributions in the enterprise fund which may be used for either operations or capital expenditures at the discretion of the District are recognized as non-operating revenues. If expenditure is the prime factor for determining eligibility for contributed funds, revenue or contributed capital is recognized at the time of making the expenditure.

M. Inter-fund Transactions

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as other financing sources/uses in governmental funds and non-operating revenues/expenses in enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

N. Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

*NOTE 2 - DEPOSITS AND INVESTMENTS*

The Board of Education recognizes the importance of prudent and profitable investment of District monies and its responsibility in overseeing the District's financial program. It is the policy of the District to invest public funds in a manner which will ensure the safety of funds, ensure that adequate funds are available at all times to meet the financial obligations of the District when due, ensure a market rate of return on the funds available for investment throughout the budget cycle, and ensure that all funds are deposited and invested in accordance with all federal, state and local statutes governing the investment of public funds. District policy limits investments to Certificates of Deposit in local banks and daily cash accumulation fund with ColoTrust. This policy applies to the investment of all financial assets of the District over which it exercises financial control.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 2 - DEPOSITS AND INVESTMENTS*

Summary of Deposits and Investments

	<u>Fair Value</u>
Checking/Savings	\$ 1,832,644
Local Govt Investment Pools (COLOTRUST)	2,504,718
Cash with Fiscal Agent	2,072,002
Cash with County Treasurer	66,350
Less Outstanding Items	<u>(43,594)</u>
Total Cash and Investments	<u>\$ 6,432,120</u>

This amount is reflected as follows: Governmental Activities \$6,219,112; Business-Type Activities \$30,719; and Fiduciary Activities \$182,289.

The Colorado Public Deposit Protection Act (PDPA), requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. The eligible depository is required to pledge to the Colorado Division of Banking a pool of collateral having a market value that at all times exceeds 102 percent of uninsured aggregate public deposits. The eligible collateral is determined by the PDPA, which includes obligations of the United States, the State of Colorado, Local Colorado governments, and obligations secured by first lien mortgages on real property located in the state. PDPA allows the institution to create a single collateral pool for all public funds. The pool is maintained by another institution or held in trust for all uninsured public deposits as a group. The State Regulatory Commissions for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools. There is no custodial credit risk for public deposits collateralized under PDPA.

The District's bank deposits were entirely covered by federal depository insurance (FDIC) or uninsured but collateralized under PDPA in accordance with state statute, and had bank balances of \$3,970,996 of which \$250,000 was covered by FDIC insurance and \$3,720,996 by PDPA as described above.

The District has \$2,072,002 on deposit with a fiscal agent in the Bond Redemption Fund to be used for future debt service.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 2 - DEPOSITS AND INVESTMENTS (continued)*

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States and certain U.S. governmental agency securities, including securities issued by FNMA (federal national mortgage association), GNMA (governmental national mortgage association), FHLMC (federal home loan mortgage corporation), the federal farm credit bank, the federal land bank, the export-import bank, and by the Tennessee valley authority, and certain international agency securities, including the World Bank.
- General obligation and revenue bonds of U.S. local government entities, the District of Columbia, and territorial possessions of the U.S. rated in the highest two rating categories by two or more nationally recognized rating agencies.
- Bankers' acceptances of certain banks
- Certain securities lending agreements
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed Investment contracts
- Local government investment pools
- The investing local government's own securities including certificates of participation and lease obligations.

*Local Government Investment Pool (COLOTRUST)*

Included in cash and cash equivalents are amounts held in the Colorado Local Government Liquid Asset Trust (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. Substantially all securities owned by COLOTRUST are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by COLOTRUST. These pools are not required to and are not registered with the SEC. COLOTRUST's funds are rated AAA by Standard & Poor's, Fitch's and Moody's rating services. The custodian's internal records segregate investments owned by the Trust. As of June 30, 2016, the District had \$0 invested in COLOTRUST PRIME, and \$2,504,718 invested in COLOTRUST PLUS+. Investments in local government investment pools are not categorized in terms of custodial credit risk since they are not evidenced by securities that exist in physical or book entry form.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 2 - DEPOSITS AND INVESTMENTS (continued)*

Risk Disclosures

Additional investment and deposit disclosures for credit risk, interest rate risk, and foreign currency risk, as required by GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, are included in the notes below.

To minimize custodial credit risk, or the risk that an insurer or other counterparty to an investment will not fulfill its obligations, state law limits investments to those where the issuer is rated in one of the three highest rating categories by one or more nationally recognized organizations that rate such issuers. The District has investments in Colostrust with ratings as provided above.

The concentration of credit risk, or the risk of loss attributed to the magnitude of a government's investment in a single issuer, occurs when deposits are not diversified. The District's policy places no limit on the amount the District may invest in any one issuer; however the District maintains general guidelines for investments to ensure proper diversification by security type and institution. All investments are issued or explicitly guaranteed by securities of the U.S. government, or insured by the Public Depository Protection Act, or are investments in mutual fund or external investment pools, and therefore are not subject to concentration of credit risk.

Interest rate risk is the extent to which changes in interest rates will adversely affect the fair value of an investment. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates and to avoid undue concentration in any sector of the yield curve. Maturities are structured to accommodate readily identifiable cash flows as approved by the Board.

The District was not subject to foreign currency risk.

Additional disclosures for deposits and investments are included in *Note 1*.

*NOTE 3 - FAIR VALUES OF FINANCIAL INSTRUMENTS*

The District has a number of financial instruments, including cash and equivalents, receivables, and accounts payable, none of which are held for trading purposes. The District estimates that the fair values of its financial instruments at year end does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying balance sheet.

Refunding Discount	(220)	-	93	(127)	(69)
<b>GOVERNMENTAL TOTAL</b>					
LONG-TERM DEBT, NET	<u>\$ 6,728,005</u>	<u>\$ -</u>	<u>\$ (1,593,235)</u>	<u>\$ 5,134,770</u>	<u>\$ 1,643,549</u>

**General Obligation and Refunding Bonds - Series 2008**

General Obligation Improvement and Refunding Bonds in the face amount of \$15,000,000 were issued December 19, 2008 for the purpose of financing various capital improvements for District facilities, to advance refund the Series 1998 General Obligation Bonds, and to pay the cost of issuance. Interest rates range from 3.25% to 4.5% payable semi-annually on June 1 and December 1, with principal due and payable on December 1, and a final maturity date of December 1, 2018. The annual requirements to amortize the long-term debt are as follows:

<u>December 1</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2016	\$ 1,630,000	\$ 113,020	\$ 1,743,020
2017	1,700,000	118,350	1,818,350
2018	1,780,000	40,050	1,820,050
<b>TOTAL</b>	<u>\$ 5,110,000</u>	<u>\$ 271,420</u>	<u>\$ 5,381,420</u>

A portion of the Series 2008 General Obligation and Refunding Bonds were issued for the purpose of refunding the outstanding Series 1998 General Obligation Bonds in the outstanding principal amount of \$605,000. As a result, the Series 1998 General Obligation Bonds are considered to be defeased and the liability for those bonds was removed from the balance sheet in fiscal year 2010. The advance refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$1,286. This amount is being amortized over the remaining term of the bonds using the effective interest method tied to annual principal reductions and \$93 was charged to amortization in the fiscal year ending June 30, 2016. In addition, there was an original issue premium of \$253,089, which is being accreted over the remaining term of the bonds using the effective interest method tied to annual principal reductions. The total amount charged to accretion of the bond premium was \$18,328 in the fiscal year ending June 30, 2016.

**BUSINESS-TYPE ACTIVITIES**

The District has no long-term debt in the Business-type Activities as of June 30, 2016.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 6 - COMMITMENTS*

Operating Leases

The District leases various office equipment. The leases contain an annual cancellation provision and are subject to annual appropriation, therefore future minimum lease payments are not applicable. The District's rental expense for the year ended June 30, 2016 was immaterial in relation to the financial statements taken as a whole.

*NOTE 7 - CONTINGENCIES*

The District participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of June 30, 2016 the District was not aware of any unaccrued amounts to be refunded to the Colorado Department of Education. The District believes that any potential disallowed expenditures, if any, will not have a material effect on any of the individual funds or the overall financial position of the District.

*NOTE 8 - INVENTORIES*

Food Service inventory as of June 30, 2016 of \$6,531 consisted of purchased non-food supplies and purchased and donated commodities. Purchased inventories are stated at cost. Donated inventories, received at no cost under a program supported by the United States Department of Agriculture, are recorded at their estimated fair market value when received.

*NOTE 9 - JOINTLY GOVERNED ORGANIZATION*

The Rio Blanco School District RE-4 is a member of the Rio Blanco Board of Cooperative Educational Services (BOCES), a jointly governed organization of two regional school districts, with each member district appropriating a member of the Board of Education and the superintendent of each participating District to the BOCES board of directors. The BOCES was formed for the purpose of administrative functions among member districts for special education and federal grants. The BOCES does not meet the criteria for inclusion within the reporting entity of the District. Financial statements for the BOCES can be obtained directly from BOCES at (970) 675-2064.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2016

*NOTE 10 - DEFINED BENEFIT PENSION PLAN*

Plan Description

Eligible employees of the District are provided with pensions through the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan as defined in Governmental Accounting Standards Board (GASB) Statement No. 67 and administered by the Colorado Public Employees' Retirement Association (PERA). PERA issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at: [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports) . Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provision of the Federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly.

Benefits Provided

PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. Section 24-51-602, 604, 1713 and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100% match on eligible amounts as of the retirement date. This amount is then annualized into a monthly benefit based on life expectancy and other actuarial factors.

*It is possible for employees participating in the SCHDTF to have earned service credit under the Denver Public Schools (DPS) Benefit Structure while working for a previous employer; therefore the DPS Benefit Structure is shown below, where the lifetime retirement benefit for all eligible retiring employees under the DPS Benefit Structure is the greater of the:*

- *Highest average salary multiplied by 2.5 percent and the multiplied by years of service credit.*
- *\$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.*

In all cases the service retirement benefit is limited to 100% of the highest average salary and cannot exceed the maximum benefit allowed by the federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 10 - DEFINED BENEFIT PENSION PLAN - continued*

Benefits Provided - continued

Benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments (COLAs), referred to as annual increases in the C.R.S. Benefit recipients under the PERA benefit structure who began eligible employment before January 1, 2007 (and all benefit recipients of the DPS benefit structure receive an annual increase of 2%) unless PERA has a negative investment year, in which case the annual increase for the next three years is the lesser of 2% or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the prior calendar year. Benefit recipients under the PERA benefit structure who began eligible employment after January 1, 2007 receive an annual increase of the lesser of 2% or the average CPI-W for the prior calendar year, not to exceed 10% of PERA's Annual Increase Reserve for the SCHDTF.

Disability benefits are available for eligible employees once they reach 5 years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the retirement benefit formula show above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions

Eligible employees and the District are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. Section 24-51-401, *et seq.* Eligible employees are required to contribute 8% of their PERA-includable salary. The employer contribution requirements are summarized below:

For contributions made during the Year Ended:	December 31, 2016	December 31, 2015
Employer Contribution Rate	10.15%	10.15%
Amount of Employer Contribution apportioned to the Heath Care Trust Fund as specified in C.R.S. Sec 24-51-208(1)(f)	(1.02)%	(1.02)%
Amount apportioned to the SCHDTF	9.13%	9.13%
Amortization Equalization Disbursement (AED) as specified in C.R.S. Sec 24-51-411	4.50%	4.20%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. Sec 24-51-411	4.50%	4.00%
<b>Total Employer Contribution Rate to the SCHDTF</b>	<b>18.13%</b>	<b>17.33%</b>

*Note: Rates are expressed as a percentage of salary as defined in C.R.S. Sec 24-51-101(42)*

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from the District were \$512,876 during the year ended June 30, 2016.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 10 - DEFINED BENEFIT PENSION PLAN - continued*

Actuarial Assumptions

The total pension liability in the December 31, 2014 actuarial valuation was determined using the following actuarial assumptions and other inputs:

Price Inflation	2.80 percent
Real Wage Growth	1.10 percent
Wage Inflation	3.90 percent
Salary Increases, including wage inflation	3.90 – 10.10 percent
Long-term investment Rate of Return, net of pension plan investment expenses, including price inflation	7.50 percent
Future post-retirement benefit increases:	
PERA Benefit Structure hired prior to 1/1/07	2.00 percent
PERA Benefit Structure hired after 12/31/06 (ad hoc, substantively automatic)	Financed by the Annual Increase Reserve

*NOTE 11 - PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS*

At June 30, 2016, the District reported a liability of \$9,596,377 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2014. Standard update procedures were used to roll forward the total pension liability to December 31, 2015. The District's proportion of the net pension liability was based on the District's contributions to the SCHDTF for the calendar year 2015 relative to the total contributions of participating employers to the SCHDTF.

At December 31, 2015, the District's proportion was 0.0627448219 %, which was an increase of 0.0004604413% from its proportion measured as of December 31, 2014.

For the year ended June 30, 2016, the District recognized pension expense of \$963,990. At June 30, 2016, the District reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$126,721	\$400
Changes of assumptions or other inputs	-	135,614
Net difference between projected and actual earnings on pension plan investments	815,961	-
Changes in proportion and differences between contributions recognized and proportionate share of contributions	33,211	-
Contributions subsequent to the measurement date	251,520	-
<b>TOTAL</b>	<b>\$1,227,413</b>	<b>\$136,014</b>

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 11 - PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS*  
*- continued*

The amount of \$251,520 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expenses as follows:

<u>Year Ended December 31,</u>	<u>Outflows</u>	<u>Inflows</u>
2017	\$ 10,173	\$ -
2018	12,200	-
2019	10,838	-
2020	-	-
2021	-	-
Thereafter	-	-

Mortality rates were based on the RP-2000 Combined Mortality Tables for Males or Females, as appropriate, with adjustments for mortality improvements based on a projection of Scale AA to 2020 with Males set back 1 year, and Females set back 2 years.

The actuarial assumptions used in the December 31, 2014 valuation were based on the results of an actuarial experience study for the period January 1, 2008 through December 31, 2011, adopted by PERA’s Board on November 13, 2012, and an economic assumption study, adopted by PERA’s Board on November 15, 2013 and January 17, 2014. Changes to assumptions or other inputs since the December 31, 2013 actuarial valuation are:

*The following programming changes were made:*

- Valuation of the full survivor benefit without any reduction for possible remarriage.
- Reflection of the employer match on separation benefits for all eligible years.
- Reflection of one year of service eligibility for survivor annuity benefit.
- Refinement of the 18 month annual increase timing.
- Refinements to directly value certain and life, modified cash refund and pop-up benefit forms.

*The following methodology changes were made:*

- Recognition of merit salary increases in the first projection year.
- Elimination of the assumption that 35% of future disable members elect to receive a refund.
- Remove negative value adj for liabilities associated with refunds of future terminating mbrs.
- Adjustment to timing of normal cost and unfunded actuarial accrued liability payment calculations to reflect contributions throughout the year.

The SCHDTF’s long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 11 - PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS - continued*

As of the November 15, 2013 adoption of the long-term expected rate of return by the PERA Board, the target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	10 Year Expected Geometric Real Rate of Return
U.S. Equity – Large Cap	26.76%	5.00%
U.S. Equity – Small Cap	4.40%	5.19%
Non U.S. Equity – Developed	22.06%	5.29%
Non U.S. Equity – Emerging	6.24%	6.76%
Core Fixed Income	24.05%	0.98%
High Yield	1.53%	2.64%
Long Duration Gov't/Credit	0.53%	1.57%
Emerging Market Bonds	0.43%	3.04%
Real Estate	7.00%	5.09%
Private Equity	7.00%	7.15%
Total	100.00%	

*NOTE: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term rates that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.50%.*

**Discount Rate**

The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annual at 3.90%.
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified by law, including current and estimated future AED and SAED, until the Actuarial Value Funding Ratio reaches 103% at which point the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions included reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- Employer contributions and the amount of total service costs for future plan members were based upon a process used by the plan to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve as appropriate. As the ad hoc post-retirement benefit increases financed by the AIR are defined to have a present value at the long-term expected rate of return on plan investments equal to the amount transferred for future payment, AIR transfers to the fiduciary net position and the subsequent AIR benefit payments have no impact on the Single Equivalent Interest Rate (SEIR) determination process when the timing of AIR cash flows is not a factor (i.e., the plan's fiduciary net position is not projected to be depleted). When AIR cash flow timing is a factor in the SEIR determination process (i.e., the plan's fiduciary net position is projected to be depleted), AIR transfer to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections..
- Benefit payments and contributions were assumed to be made at the end of the month.

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 11 - PENSION LIABILITIES, PENSION EXPENSE, AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS*  
*- continued*

Discount Rate - continued

Based on the above actuarial cost method and assumptions, the SCHDTF's fiduciary net position was project to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination does not use the Municipal Bond Index Rate. There was no change in the discount rate from the prior measurement date.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current rate:

Sensitivity of the Net Pension Liability	1% Decrease 6.50%	Current Discount Rate 7.50%	1% Increase 8.50%
Proportionate Share of the Net Pension Liability	\$12,439,710	\$9,596,378	\$7,231,255

Pension Plan Fiduciary Net Position

Detailed information about the SCHDTF's fiduciary net position is available in PERA's comprehensive annual financial report at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

*NOTE 12 - DEFINED CONTRIBUTION PENSION PLAN: Voluntary Investment Program*

Plan Description

Employees of the District that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available comprehensive annual financial report for the Plan at [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

Funding Policy

The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. The District currently has no matching contributions for covered salary as determined by the Internal Revenue Service. Employees are immediately vested in their own contributions, employer contributions and investment earnings. For the years ended June 30, 2016 and 2015, program members contributed \$41,745 and \$37,261, respectively, for the Voluntary Investment Program.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 13 - OTHER POST-EMPLOYMENT BENEFITS: Health Care Trust Fund*

Plan Description

The Rio Blanco County School District RE-4 contributes to the Health Care Fund (HCTF), a cost-sharing multiple-employer healthcare trust administered by the PERA. The HCTF benefit provides a health care premium subsidy and health care programs (known as PERACare) to PERA participating benefit recipients and their eligible beneficiaries. Title 24, Article 51, Part 12 of the C.R.S., as amended, establishes the HCTF and sets forth a framework that grants authority to the PERA Board to contract, self-insure and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of health care subsidies. PERA issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for the HCTF. That report can be obtained at the following website: [www.copera.org/investments/pera-financial-reports](http://www.copera.org/investments/pera-financial-reports).

Funding Policy

The District is required to contribute at a rate of 1.02% of PERA-includable salary for all PERA members as set by statute. No member contributions are required. The contribution requirements for the District are established under Title 24, Article 51, Part 4 of the C.R.S., as amended. The apportionment of the contributions to the HCTF is established under Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended. The District's contributions to HCTF for the years ending June 30, 2016, 2015, and 2014 were \$27,892, \$27,448, and \$26,445, respectively, equal to their required contributions for each year.

*NOTE 14 - RISK MANAGEMENT*

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors and omissions; injuries to employees; or acts of God. The District covers its employees, due to injury, under Colorado Compensation Insurance Authority (CCIA). The District maintains commercial insurance for other risks of loss. There have been no significant reductions in coverage from prior year and settled claims have not exceeded coverage in any of the past three years.

In the ordinary course of operations, the District can be involved in various litigation. In the opinion of management, any liability from claims or proceedings in excess of the amount covered by insurance would not have a material adverse effect on the District's net position, changes in position or cash flows.

*NOTE 15 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY*

A. Compliance

The District appears to be in compliance with material legal, contractual and accounting provisions, as prescribed by Federal and State laws and statutes.

**RIO BLANCO COUNTY SCHOOL DISTRICT RE-4**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2016

*NOTE 15 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - continued*

**B. TABOR Amendment – Tax, Spending and Debt Limitations**

In November 1992, the voters of Colorado approved Amendment 1, commonly known as the Taxpayer's Bill of Rights (TABOR), which adds a new Section 20 to Article X of the Colorado constitution. TABOR contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all Colorado local governments. The initial base for local government spending and revenue limits was June 30, 1993 Fiscal Year Spending. Future spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions.

TABOR requires that revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue. TABOR also requires, with certain exceptions, voter approval prior to imposing new taxes, increasing a tax rate, increasing a mill levy above that for the prior year, extending an expiring tax, or implementing a tax policy change directly causing a net tax revenue gain to any local government. Except for bond refinancing at a lower interest rate or adding employees to existing pension plans, TABOR specifically prohibits the creation of multiple-fiscal year debt or other financial obligations without voter approval or without irrevocably pledging present cash reserves for all future payments.

In November 1999 the District's electorate passed a ballot issue allowing the District to collect, retain and expend revenues not withstanding any of TABOR'S revenue limitations.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service and expenditures of Federal Awards). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls or salary or benefit increases. The total emergency reserve was \$141,000 as of June 30, 2016.

The District's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits (and qualification of a fund as an Enterprise Fund) will require judicial interpretation.

*NOTE 16 - SUBSEQUENT EVENTS*

Management of the District has evaluated events subsequent to June 30, 2016 through the issuance date of this report. There has been no material event noted during this period that would either impact the results reflected in this report or the District's results going forward.
