INDEPENDENT AUDITORS' REPORT

Wall,
Smith,
Bateman Inc.

To the Honorable Mayor
and Board of Trustees
Town of Crestone
Crestone, Colorado

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Crestone (the Town) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, and each major fund of the Town of Crestone, as of December 31, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

Certified Public Accountants

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 24 and 25 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The proprietary fund budgetary comparison information and Local Highway Finance Report are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The proprietary fund budgetary comparison information and Local Highway Finance Report are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the proprietary fund budgetary comparison information and Local Highway Finance Report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

TOWN OF CRESTONE
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended December 31, 2016

Net change in fund balances - total governmental funds \$ (44,716)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital asset additions	\$ 657,509	
Depreciation expense	<u>(69,139)</u>	
		588,370

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Repayment of principal includes:

Lease Payments		<u>17,366</u>
----------------	--	---------------

Change in net position of governmental activities		<u><u>\$ 561,020</u></u>
--	--	--------------------------

TOWN OF CRESTONE
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2016

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Town of Crestone (the Town) reflected in the accompanying financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments are those promulgated by the Governmental Accounting Standards Board (GASB) in *Governmental Accounting and Financial Reporting Standards*.

REPORTING ENTITY

Primary Government

The Town was incorporated in 1902, and became a statutory town under State Statute (CRS 31-1-101). The Town operates under Mayor-Council form of government and provides the following services as authorized by its charter: highways and streets, culture and recreation, planning and zoning, water and sewer systems, and general administrative services.

Component Units

The Town's combined financial statements include the accounts of all Town operations. The criteria for including organizations as component units within the Town's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- The organization is legally separate (can sue and be sued in their own name)
- The Town holds the corporate powers of the organization
- The Town appoints a voting majority of the organization's board
- The Town is able to impose its will on the organization
- The organization has the potential to impose a financial benefit/burden on the Town
- There is fiscal dependency by the organization on the Town
- The organization is financially accountable to the Town
- The organization receives or holds funds that are for the benefit of the Town; and the Town has access to a majority of the funds held; and the funds that are accessible are also significant to the Town

Based on the aforementioned criteria, the Town of Crestone has no component units.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements include the statement of net position and the statement of activities. Government-wide statements report information on all of the activities of the Town. The effect of interfund transfers has been removed from the government-wide statements but continues to be reflected on the fund statements. Mainly taxes and intergovernmental revenues support governmental activities.

The statement of activities reflects the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Program revenues include:

- Charges to customers or applicants who purchase, use, or directly benefit from services, or privileges provided by a given function or segment and

TOWN OF CRESTONE
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2016

- Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. The emphasis of fund financial statements is on major governmental funds and enterprise funds, each reported as a separate column.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. This measurement is also used for the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants are recognized as revenue when all applicable eligibility requirements, imposed by the provider, are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Sales and use taxes, other taxes, charges for services, intergovernmental revenues, and interest are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Town.

The Town reports the following major governmental funds:

- The *General Fund* is the general operating fund of the Town. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *Conservation Trust Fund* is used to account for the Town's share of the state lottery program. The monies may be expended only for the acquisition, development, and maintenance of parks, and other public recreational facilities.

The Town reports the following major enterprise fund:

- The *Enterprise Fund* accounts for user charges and expenses for operating, financing, and maintaining the Town's water and sewer systems.

Proprietary fund financial statements are used to account for activities similar to those often found in the private sector. The measurement focus is based upon determination of net income, financial position, and cash flows. Expenses include the cost of sales and services, administrative expenses and depreciation on capital assets.

The proprietary funds are accounted for using the accrual basis of accounting as follows:

- Revenues are recognized when earned, and expenses are recognized when the liabilities are incurred.
- Current-year contributions, administrative expenses, and premium payments, which are not received or paid until the subsequent year, are accrued.

TOWN OF CRESTONE
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2016

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances in the statement of net position have been eliminated.

ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE

Cash

The Town's cash and cash equivalents are considered to be cash in bank, certificates of deposit and liquid investments with maturity of three months or less.

Property Taxes

Property taxes attach as an enforceable lien on property as of January 1 each year. The taxes are payable in two installments on February 28 and June 15 or in full on April 30. The Town's property taxes are collected by the County Treasurer who remits monthly receipts to the Town. Property tax revenue is recognized when received by the County Treasurer. The 2016 property tax levy due January 1, 2017, has been recorded in the financial statements as a receivable and corresponding deferred inflow of resources.

Receivables/Payables From Other Funds

Balances that originate from current lending/borrowing arrangements between funds are referred to as "Due To/From Other Funds".

Capital Assets

Capital assets, which include construction in progress, land, land improvements, buildings and improvements, vehicles, machinery and equipment, and water and sewer system, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The Town defines capital assets as assets with an initial, individual cost of more than \$5,000. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	15-50
Land Improvements	20
Vehicles and Equipment	2-15

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This represents an consumption of net position/fund balance that applies to a future period(s) and will not be recognized as an outflow of resources (as either an expense or expenditure) until that period.

TOWN OF CRESTONE
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2016

In addition to liabilities, the statement of net position and governmental funds balance sheet reports a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position/fund balance that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time.

Long-Term Obligations

Long-term debt and other long-term obligations are recorded as liabilities in the government-wide financial statements. In the fund financial statements for governmental fund types, debt proceeds are reported as an other financing source and debt payments are reported as an expense.

Compensated Absences

The Town does not accrue sick and personal days for employees. The Town does accrue vacation days for employees; however, the liability is deemed to be immaterial and is not recorded in the financial statements.

Unearned Revenue

Revenues on grants, which are restricted by the grant document for specific purposes, are recognized as revenue only after eligible grant costs have been incurred. Grant funds received in excess of grant expenditures are recorded as unearned revenues.

Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net position should be displayed in the following three components:

- *Net investment in capital assets* – consists of capital assets, net accumulated depreciation, reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt should be included in this component of net position.
- *Restricted* – consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets consist of assets that have limitations imposed on their use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.
- *Unrestricted* – consists of the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

Fund Balance

Fund balances are reported by classification based on the extent to which the Town is bound to honor constraints for the specific purposes on which amounts in the fund can be spent. Fund balances are classified in one of the following five categories:

- *Nonspendable Fund Balance*- amounts that cannot be spent because they are not in spendable form- such as inventory and prepaid expenditures.
- *Restricted Fund Balance*- amounts restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.

TOWN OF CRESTONE
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2016

- *Committed Fund Balance*- amounts that can only be used for specific purposes as a result of constraints imposed through adopted resolution by the Board of Trustees, the highest level of decision making authority. Committed amounts cannot be used for any other purpose unless the Board removes those constraints by taking the same type of action. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- *Assigned Fund Balance*- amounts a government intends to use for a specific purpose; intent can be expressed by the Board of Trustees or by an official or body to which the governing body delegates the authority.
- *Unassigned Fund Balance*- amounts that are available for any purpose; these amounts are reported only in the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted net position/fund balance is available, the Town considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, and unassigned fund balances are available, the Town considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Trustees has provided otherwise in its commitment or assignment actions.

Encumbrances

The Town does not record purchase orders in the accounting system until invoices are ready for payment. Unfulfilled purchase commitments outstanding at the end of the budget year are re-budgeted in the succeeding year. End of the year fund balance intended to be used in the succeeding year is reported as designated fund balance.

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Reclassifications

Certain amounts in 2015 have been reclassified to conform to the 2016 financial statement presentation.

Change in Accounting Principle

GASB Statement No. 72 – The Town has adopted the provisions of GASB No. 72, *Fair Value Measurement and Application*. Those requirements result in enhanced comparability of financial statements among governments by requiring measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques. This statement will also enhance fair value application guidance and related disclosures in order to provide information to financial statements users about the impact of fair value measurements on a government's financial position.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgets and Budgetary Accounting

Town of Crestone follows the procedures set forth in the Colorado Local Government Budget Law when preparing the annual budget for each fund. Budget procedures include:

TOWN OF CRESTONE
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2016

- 1) Preparation of budget documents by administrative staff shall be submitted to the Board no later than October 15 of each year.
- 2) Publication of a notice stating that the budget is available for public inspection.
- 3) Discussion of the budget in a meeting open to the public.
- 4) Adoption of the budget in a public meeting by appropriate resolution no later than December 31.

Formal budgetary integration is employed as a management control device for all funds of the Town. Governmental fund budgets are adopted on a basis consistent with accounting principles generally accepted in the United States (GAAP). Proprietary funds present a reconciliation to the GAAP-basis. All budget amounts presented in the accompanying supplementary information reflect the original budget and the final amended budget, if applicable.

The total expenditures for each fund cannot exceed the budgeted amount unless a supplemental appropriation is adopted. The Town did adopt supplemental appropriations during fiscal year 2016.

NOTE 3 CASH AND DEPOSITS

A summary of cash and deposits for the Town are as follows:

Cash on Hand and in Banks	\$ 336,509
Total cash and deposits on the Statement of Net Position	\$ 336,509

Cash and Deposits

Colorado State Statutes govern the Town's deposits of cash. The statutes specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance (FDIC) on deposits held.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories, determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized in accordance with the PDPA. PDPA allows the institution to create a single collateral pool for all public funds to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits. All deposits were in eligible public depositories, as defined by the Public Deposit Protection Act of 1989 during 2016.

Custodial Credit Risk-Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy for custodial credit risk. At December 31, 2016, the Town was not exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institutions through PDPA.

NOTE 4 PROPERTY TAXES RECEIVABLE

At December 31, 2016, the Town had an estimated property tax receivable of \$10,337.

TOWN OF CRESTONE
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2016

NOTE 5 INTERFUND RECEIVABLES AND PAYABLES

The Town reports interfund balances from the General Fund to Conservation Trust Fund and the General Fund to the Water and Sewer Fund. Each year, the General Fund pays for payroll expenditures incurred by the Conservation Trust Fund which are then reimbursed to the General Fund at the end of the year. Interfund balances are generally expected to be repaid within one year of the financial statement date.

Interfund receivable and payable balances at December 31, 2016 were as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Conservation Trust Fund	\$ 1,508
General Fund	Water and Sewer Fund	2,350
		<u>\$ 3,858</u>

NOTE 6 CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2016, was as follows:

	Balance 12/31/2015	Additions	Deletions	Balance 12/31/2016	Due Within One Year
<i>Business-type Activities:</i>					
Loan Payable	\$ 97,484	\$ -	\$ 6,124	\$ 91,360	\$ 6,431
Total	<u>\$ 97,484</u>	<u>\$ -</u>	<u>\$ 6,124</u>	<u>\$ 91,360</u>	<u>\$ 6,431</u>

Governmental Activities - Lease Purchase

The Town entered into a lease purchase agreement of \$185,000 in 2010 payable in monthly installments of \$1,600 beginning on February 3, 2011 at an interest rate of 4% for the purchase of the Town Community Center. This capital asset is recorded in the fixed assets of the government-wide financial statements at \$190,878 less accumulated depreciation of \$27,817. The annual payment requirements are based on the entire loan balance and are as follows:

	Principal	Interest	Total
2017	\$ 18,058	\$ 1,142	\$ 19,200
2018	17,905	406	18,311
Total	<u>\$ 35,963</u>	<u>\$ 1,548</u>	<u>\$ 37,511</u>

Business-type Activities - Loan Payable

The Town entered into a loan payable of \$138,220 in 2007 payable in annual installments of \$10,999 beginning in 2008 at an interest rate of 5% for the Crestone Water System Phase I. This capital asset is recorded as part of the Utility System in the Water and Sewer Fund at \$604,441 less accumulated depreciation of \$137,678. The annual payment requirements are based on the entire loan balance and are as follows:

	Principal	Interest	Total
2017	\$ 6,431	\$ 4,568	\$ 10,999
2018	6,752	4,246	10,998

NOTE 9 TABOR EMERGENCY RESERVE

Colorado voters passed an amendment to the State constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments. The amendment is complex and subject to judicial interpretation. The Town believes it is in compliance with the requirements of the amendment.

TOWN OF CRESTONE
NOTES TO THE BASIC FINANCIAL STATEMENTS
December 31, 2016

In November 1998, the voters of the Town approved a ballot issue to allow the Town “to collect, retain or expend all revenues and other funds received from any source, notwithstanding any restriction or limit on fiscal year revenue or spending generated during 1988 and each subsequent year thereafter, without limiting the restrictions of Article X, Section 20 of the Colorado Constitution”.

The amendment also requires that Emergency Reserves be established. These reserves must be at least three percent of fiscal year spending. The Emergency Reserve has been presented as restricted fund balance/net position in the financial statements. The Town is not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

NOTE 10 RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded commercial insurance coverage for the current year or the three prior years.

NOTE 11 COMMITMENTS AND CONTINGENCIES

Grants

The Town participates in a number of federal and state grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The amount of expenditures, if any, which may be disallowed by the granting agencies, cannot be determined at this time although the Town expects such amounts to be immaterial.

Litigation

The Town is currently the defendant in a lawsuit arising principally in the normal course of operations. In the opinion of legal counsel, the outcome of these lawsuits will not have a material adverse effect on the accompanying financial statements; accordingly, no provision for losses has been recorded.

TOWN OF CRESTONE

REQUIRED SUPPLEMENTARY INFORMATION

In addition to the basic financial statements, a budgetary comparison schedule is required for the General Fund and if applicable, each of the Town's major special revenue funds.
