INDEPENDENT AUDITORS' REPORT

Board of Commissioners
Cumbres & Toltec Scenic Railroad Commission
Antonito, CO

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Cumbres & Toltec Scenic Railroad Commission (the Commission) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the Commission as of June 30, 2016, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 – 7 and the Commission (General Fund) – Schedule of Revenues and Expenditures, Budget and Actual on page 29 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The budgetary comparison schedule on page 30 is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The budgetary comparison schedule on page 30 is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary comparison schedule on page 30 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2016**

Cumbres & Toltec Scenic Railroad Commission’s management is pleased to present this discussion and analysis. It provides an analysis of the Commission’s financial activities based on currently known facts, decisions and conditions.

FINANCIAL HIGHLIGHTS

- The Commission’s year over year comparative ticket revenue, ridership and average price per rider was as follows:

	<u>2016</u>	<u>2015</u>	<u>\$ Change</u>	<u>% Change</u>
Ticket Revenue	\$ 3,684,849	\$ 3,417,017	\$ 267,832	7.8%
Ridership	35,568	35,682		(.32%)
Average price per rider	\$103.60	\$95.76		8.19%

- The assets of the Commission exceeded its liabilities by \$15,310,969 at the close of the fiscal year. Of this amount, \$1,341,500 may be used to meet the Commission’s ongoing obligations.
- The total assets of the Commission increased by \$144,063 or approximately 0.9%, liabilities increased by \$81,448 or approximately 7.2% when compared to the previous year resulting in a total increase in the net position of \$62,575.
- Total revenues increased by 1.7% from last year.
- Expenses increased by 9.3%.
- The Commission received capital funding from the State of Colorado and the State of New Mexico totaling \$1,365,595 and operating funding of \$337,500 during the fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Commission’s basic financial statements. The Commission’s basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

The basic financial statements present two different views of the Commission through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader’s understanding of the financial condition of the Commission.

Government-wide Financial Statements The government-wide financial statements are designed to provide readers with a broad overview of the Commission’s finances, in a manner similar to a private-sector business. The government-wide statements provide short and long-term information about the Commission’s financial status as a whole.

The *statement of net position* presents information on all of the Commission's assets and liabilities with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Commission is improving or deteriorating.

The *statement of activities* presents information showing how the Commission's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., earned but unused employee vacation leave).

Fund Financial Statements A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Commission, like other governmental entities, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements. The Commission uses four funds to account for its financial resources and operating expenses/expenditures. The governmental funds focus on how assets can readily be converted into cash and what monies at year-end will be available for spending in the next year. The governmental funds are reported using an accounting method called *modified accrual accounting*. This method also uses the current financial resources measurement focus. As a result, the governmental funds financial statements give the reader a detailed short-term view that helps determine if there are financial resources available to finance the Commission's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and the governmental funds is described in the footnotes to the financial statements.

The financial statements and notes are presented for the reporting entity of the Commission, which includes the Cumbres & Toltec Scenic Railroad Commission as well as two blended component units, Cumbres & Toltec Operating, LLC and Cumbres & Toltec Historic Preservation Association, LLC. (See Note 1 for additional information on the reporting entity.)

The basic financial statements can be found as listed in the table of contents of this report.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found as listed in the table of contents of this report.

Government-Wide Statements

The following tables summarize the net position of the Commission for the fiscal year ended June 30, 2016, with comparative balances for the fiscal year ended June 30, 2015, as well as the Statement of Revenue, Expenses and Changes in Net Position.

Comparative Analysis of Statement of Net Position

	Governmental Activities	Business-Type Activities	2016 Total	Governmental Activities	Business-Type Activities	2015 Total	Change

Revenues							
Operating revenues:							
Charges for services	\$ 52,292	\$ 3,872,182	\$ 3,924,474	\$ 31,507	\$ 3,474,742	\$ 3,506,249	\$ 418,225
Non-operating revenues:							
Appropriations	1,638,381	-	1,638,381	1,953,501	-	1,953,501	(315,120)
Grants and contributions	64,714	13,034	77,748	53,782	6,448	60,230	17,518
Miscellaneous revenue	-	-	-	19,925	5,116	25,041	(25,041)
Unrestricted investment earnings	795	1,279	2,074	927	1,345	2,272	(198)
Total Revenues	1,756,182	3,886,495	5,642,677	2,059,642	3,487,651	5,547,293	95,384
Expenses							
General government / train operations	2,079,711	3,500,391	5,580,102	1,859,557	3,242,693	5,102,250	477,852
Change in net position	(323,529)	386,104	62,575	200,085	244,958	445,043	(382,468)
Net position beginning of year	14,862,812	385,582	15,248,394	14,662,727	140,624	14,803,351	445,043
Net position end of year	\$ 14,539,283	\$ 771,686	\$ 15,310,969	\$ 14,862,812	\$ 385,582	\$ 15,248,394	\$ 62,575

Current year activity increased the Commission's net position by \$ 62,575. The key elements of this increase were increased ticket sales.

Major Funds Budgetary Highlights

Commission budgets are prepared for administration (general fund), capital projects, train operations (Cumbres & Toltec Operating, LLC) and historic preservation (Cumbres & Toltec Historic Preservation Association, LLC). To enhance the process of developing a budget at the Commission level, the Commission utilizes goals and objectives defined by the Commission, long-term plans and input from various staff groups to develop the Commission budgets. Commission priorities are well defined during this process. The Commission did not prepare budgets for the capital projects or the historic preservation funds in 2016.

GASB Statement No. 34 only requires a schedule presenting the general fund budget comparison for each year as required supplementary information; however, the remaining major funds budget to actual comparisons are reported as separate schedules and are reported as supplementary information in this report.

The Commission's final budgeted expenditures may differ from the original budget due to budget increases and decreases that were made during the fiscal year. The train operations budget was amended for the year ended June 30, 2016. There were no budgets passed for capital projects or historic preservation. A summary of the budget to actual expenditures are as follows:

	<u>Original Budgets</u>	<u>Final Budgets</u>	<u>Actual</u>	<u>Variance</u>
Administration	\$ 394,625	\$ 394,625	\$ 490,560	\$ (95,935)
Capital Projects	-	-	1,340,211	(1,340,211)
Train Operations	3,622,210	3,664,860	3,678,002	(13,142)
Historical Preservation	-	-	19,334	(19,334)
Total	<u>\$ 4,016,835</u>	<u>\$ 4,059,485</u>	<u>\$ 5,528,107</u>	<u>\$(1,468,622)</u>

Economic Outlook and Cumbres & Toltec Scenic Railroad Commission Future

Although the binding compact agreement, entered into by Colorado and New Mexico on July 1, 1970, requires the two states provide equal contributions to the Commission, subject to the laws and appropriations of each state and the availability of funds, there are no requirements as to how much shall be provided, nor in what time period. Consequently, budget constraints faced by either state may be a challenge. However, in order to help finance the Commission the two states have waived the 50-50 matching requirement since fiscal 2004.

Following the Great Recession, the Commission has experienced incremental increases in ridership thanks to the subsequent economic recovery, the offering of additional services, and sustained marketing efforts. The Commission anticipates that continuing growth in ridership should allow the Commission to not only cover operating expenses but also provide support for the capital needs that have been funded by the states in the past. The Commission has both a strategic plan and a five-year rolling operational plan in place to provide clear guidance and transparency.

Requests for Information

This financial report is designed to provide the Commission's citizens, supporters, customers, investors, and creditors with a general overview of the Commission's finances and to demonstrate the Commission's accountability for the money it receives. If you have any questions concerning any of the information provided in this report or need additional financial information, contact the Commission at the following address:

Net change in fund balance - governmental funds	\$ (122,341)
---	--------------

Capital outlays are reported in the governmental funds as expenditures. However, for governmental activities these costs are reported in the statement of net position and allocated over their estimated useful lives as depreciation expense.

Capital outlay	\$ 1,275,815	
Depreciation expense	<u>(1,539,207)</u>	(263,392)

Deferred inflows of resources for amounts not received within the availability period are not reported as revenue in the governmental funds

Change in deferred inflows of resources	47,752
---	--------

Activities such as compensated absences (vacation and excused leave) are measured by amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by amounts actually paid. The net effect of the above items are as follows:

Change in compensated absences liability	<u>14,452</u>
--	---------------

Change in net position - governmental activities	<u>\$ (323,529)</u>
--	---------------------

The accompanying notes are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Cumbres & Toltec Scenic Railroad Commission have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting standards and financial reporting principles. A summary of the Cumbres & Toltec Scenic Railroad Commission's significant accounting policies applied in the preparation of these financial statements are described below.

A. Description of Entity

In an effort to preserve a part of the history of the area, the states of Colorado and New Mexico created separate Railroad Authorities in 1969. On July 16, 1970, the states, as tenants in common, purchased the 64-mile 3-foot gauge railroad and infrastructure. Also included in the purchase was narrow-gauge equipment from the Denver and Rio Grande Western Railroad Company.

On July 1, 1970, the Cumbres & Toltec Scenic Railroad Compact between the states of Colorado and New Mexico was approved, thereby establishing the present day Cumbres & Toltec Scenic Railroad. The compact was later ratified by the United States Congress on December 26, 1974. In 1977, the states of Colorado and New Mexico created a bi-state agency known as the Cumbres & Toltec Scenic Railroad Commission (the Commission) which is responsible for administering the compact and the Cumbres & Toltec Scenic Railroad property. Two members each from Colorado and New Mexico are appointed by their respective state governors to serve indefinite terms representing the four-member commission. Each state generally appropriates matching amounts to be used for part of the annual operating costs of the Commission and each state has also provided amounts for renovation and improvement of the railroad property.

Since fiscal year 1976, the Commission has obtained federal funding in the form of public works and economic facilities assistance grants, state appropriations and contributions. Historical preservation grants for a historical preservation study of the property and renovation of the narrow-gauge steam locomotives have been awarded by historical programs of both states.

The Cumbres & Toltec Scenic Railroad Commission is a body political and corporate under the name and form of government selected by its qualified electors. The Commission may:

1. Sue or be sued;
2. Enter into contracts and leases;
3. Acquire and hold property, both real and personal;
4. Have common seal, which may be altered at pleasure;
5. Exercise such other privileges that are incident to corporations of like character or degree that are not inconsistent with the laws of New Mexico and Colorado;
6. Protect generally the property of the Commission and its inhabitants;
7. Preserve peace and order within the Commission; and
8. Establish rates for services provided by the Commission, and revenue-producing projects, including amounts which the governing body determines to be reasonable in the operation of similar facilities.

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

Management History

In the past, the Commission has formed agreements with various outside entities to manage the operation of the railroad. The most recent was Heritage Rail Management, LLC whose contract ended December 31, 2012.

During 2011, the Commission formed Cumbres Toltec Operating, LLC, with the Commission being its sole member and took over the management of the Railroad operations effective January 1, 2013.

B. Financial Reporting Entity

The financial reporting entity is comprised of the primary government and component units that are included to ensure that the financial statements are not misleading. The primary government of the Commission consists of all funds, departments, boards and agencies that are not legally separate from the Commission. Blended component units, although legally separate entities, are in substance part of the Commission's operations and, consequently data from these units are combined with the data of the primary government.

Blended Component Units

The financial statements of the following component units have been "blended" with those of the Commission because (1) their governing bodies are substantially the same as the governing body of the Commission and there is a financial benefit or burden relationship between the Commission and the component unit or management of the Commission has operational responsibility for the component unit. Other criteria that are considered for "blending" component units include (2) whether the component unit provides services entirely, or almost entirely, to the Commission, and (3) whether the component unit's total debt outstanding, including leases, is expected to be repaid entirely, or almost entirely, with resources of the Commission.

Cumbres & Toltec Operating, LLC (CTO LLC) was formed in 2011 under the New Mexico Limited Liability Company Act to manage the operations of the Railroad. CTO LLC is intended to be a disregarded entity for federal income tax purposes. The composition of the Board of Directors for this entity is identical to the Commission and the Commission is the sole member of CTO LLC. Activity for CTO LLC is reported as a proprietary fund.

Cumbres & Toltec Historic Preservation Association, LLC (HPA LLC) was formed in 2011 under the New Mexico Limited Liability Company Act to collect and administer fees collected on ticket charges to fund historic preservation projects which maintain and promote the historical nature of the Railroad. Projects include purchasing, maintaining or restoration of buildings, track structure, locomotive and rolling stock. HPA LLC is intended to be a disregarded entity for federal income tax purposes. The composition of the Board of Directors for this entity is identical to the Commission and the Commission is the sole member of HPA LLC. Activity for HPA LLC is reported as a proprietary fund.

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

C. Government-Wide and Fund Financial Statements

Financial information for the Commission is presented as follows:

- *Basic Financial Statements:* Government-wide financial statements consist of a statement of net position and a statement of activities. For the most part, the effect of interfund activity has been removed from these statements.

These statements report all the non-fiduciary activities of the primary government and its component units. Governmental activities are reported separately from business-type activities. Governmental activities are normally supported by intergovernmental revenues whereas business-type activities are normally supported by fees and charges for services and are usually intended by management to be financially self-sustaining.

The statement of activities presents a comparison between direct expenses and program revenues for the business-type activities of the Commission and for each function of the Commission's governmental activities. Direct expenses are those that are clearly identifiable with a specific program or function. Program revenues include (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or program and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or program. Revenues that are not classified as program revenues are presented as general revenues.

- *Fund Financial Statements* consist of a series of statements focusing on information about the Commission's major governmental and enterprise funds. Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported in separate columns in the fund financial statements.

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of the related cash flows. On the accrual basis, grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectable within the current period or soon enough to pay liabilities of the current period. For this purpose, the Commission considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. General capital acquisition are reported as expenditures in governmental funds while proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

Grant and entitlement revenues, interest and charges for services are considered susceptible to accrual and have been recognized as revenues of the current fiscal period. Other receipts are not susceptible to accrual because they are not generally measurable until received in cash. Entitlements and shared revenues are recorded at the time of receipt or earlier if the accrual criteria are met. Expenditure driven grants recognize revenue when the qualifying expenditures have been incurred and other grant requirements have been met.

The Commission reports the following major governmental funds:

- The **General Fund** is the primary operating fund of the Commission and is always classified as a major fund. The General Fund is used to account for all financial resources of the Commission except those required to be accounted for in another fund. Major revenue sources are intergovernmental revenues and investment revenue. Primary expenditures are for general administration of the Commission.
- The **Capital Projects Fund** is used to account and report financial resources that are restricted, committed or assigned to expenditures for capital outlay (other than those financed by business-type/proprietary funds).

The Commission reports the following major proprietary funds:

- The **Cumbres & Toltec Operating, LLC Fund** accounts for the day-to-day operations of the Railroad.
- The **Cumbres & Toltec Historic Preservation Association, LLC Fund** accounts for the collection of and administration of the fees collected on ticket charges to fund historic preservation projects which maintain and promote the historical nature of the Railroad.

E. Cash and Cash Equivalents

Cash and cash equivalents includes interest and non-interest bearing demand deposits.

The Commission's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

F. Capital Assets

Capital assets include buildings, rail yards, track line, track line improvements, substructures, steam engines, rolling stock, and equipment and construction in progress. With the exception of a few rolling stock items, capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year based on Section 12-6-10 NMSA 1978. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Information technology equipment including software is capitalized and included in furniture, fixtures and equipment in accordance with NMAC 2.2.20.1.9 C(5). The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

Major outlays for capital assets and improvements are capitalized as projects are constructed. Capital assets of the Commission are depreciated using the straight-line method over the following estimated useful lives:

<u>Classification</u>	<u>Primary Government</u>
Buildings and rail yards	15-30 years
Track line, track line improvements and substructures	15-30 years
Steam engines, rolling stock and equipment	5-20 years

G. Donated Capital Assets

Donations of capital assets are recorded as support at their estimated fair value at the date of donation. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specified purpose. Assets donated with explicit restrictions regarding their use and restricted contributions of cash must be used to acquire property and equipment and are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Commission reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Commission reclassifies restricted net position to unrestricted net position at that time.

H. Inventories

Retail inventory consists of food and beverage, souvenirs and various other amenities which are stated at the lower of cost (first-in, first-out) or fair value.

I. Compensated Absences

It is the Commission’s policy to permit employees to accumulate earned but unused paid time off (PTO). Employees are allowed to accumulate PTO benefits up to predetermined maximums and are compensated for these accumulated PTO benefits either through paid time off, at termination, or retirement. Accumulated PTO benefits for employees who terminate or retire are paid out at 70% of the remaining balance. PTO benefits and related payroll costs are measured based on established Commission policy and generally accepted accounting principles.

Accumulated PTO benefits are accrued when earned in the government-wide and the proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured and are expected to be liquidated with expendable available financial resources.

J. Fund Equity

Governmental funds report fund balance in classifications based primarily on the extent to which the Commission is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. Fund balance of the Commission’s governmental funds may consist of the following:

- Nonspendable – includes amounts that are (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash such as inventories of consumable supplies, prepaid items and long-term receivables.
- Restricted – includes amounts that are restricted for specific purposes determined by external resource providers constitutionally or through enabling legislation.

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

- Committed – includes amounts that can only be used for specific purposes determined by the passage of a resolution of the Commission’s board of directors. Commitments may be modified or changed only by the Commission’s board of directors approving a new resolution.
- Assigned – includes amounts intended to be used by the Commission for specific purposes that are neither restricted nor committed. Intent is expressed by a designee of the Commission’s board of directors to which the assigned amounts are to be used for specific purposes.
- Unassigned – this is the residual classification for the general fund.

In circumstances where an expenditure is incurred for a purpose for which amounts are available in multiple fund balance classifications, fund balance is reduced in the order of restricted, committed, assigned and unassigned.

In the government-wide financial statements, net position may be classified in the following categories:

- Net investment in capital assets – this classification consists of capital assets net of accumulated depreciation and reduced by outstanding related debt that is attributed to the acquisition, construction, or improvement of capital assets.
- Restricted net position – this classification consists of restricted amounts created by external creditors, grantors, contributors, laws or regulations of other governments, enabling legislation and constitutional provisions.
- Unrestricted net position – this classification represents the remainder of net position that does not meet the definition of “net investment in capital assets” or “restricted net position”.

When both restricted and unrestricted resources are available for use, it is the Commission’s policy to use restricted resources first and then use unrestricted resources as they are needed.

K. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

L. Grant Revenue

Proceeds from state appropriations and other grants are considered voluntary nonexchange revenues under generally accepted accounting principles. Accordingly, revenues are recorded when all underlying eligibility requirements have been met, which occurs when the Commission has incurred an allowable expenditure under the terms of the appropriation/grant agreement and the receipt of the grant proceeds meet the measurable and available criteria.

M. Unearned Revenue

Unearned revenue consists of advanced ticket deposits for future rides on the train.

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

N. Interfund Transactions

Interfund transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as interfund transfers.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Principles

The Commission generally follows these procedures in establishing budgetary data:

1. Prior to each September, the Commission decides what level of appropriation will be requested from each state’s legislature for the next fiscal year.
2. The legislatures of the states of Colorado and New Mexico generally appropriate equal amounts as their contributions to the Commission’s operations. Appropriations not expended or encumbered at year end do not revert to the states unless otherwise specified.
3. A flexible internal operating budget is approved by the Commission but formal budget revisions are not made for unexpected items. The states do not require formal budget revisions, nor is the Commission legally restricted by expenditure levels.
4. Formal budgetary integration is employed as a management control device during the year for the train operations (CTO, LLC) and general fund (Commission) funds.
5. Budgets for train operations (CTO, LLC) and general fund (Commission) are adopted on a basis that is not consistent with generally accepted accounting principles. Formal budgets are not adopted for the capital projects or historic preservation funds.

The level of budgetary control is at the fund level for Colorado and New Mexico state agencies.

The following funds incurred actual expenditures in excess of appropriations as follows:

	Actual Expenditures	Final Budgeted Expenditures	Variance Positive (Negative)
Commission (general fund)	\$ 490,560	\$ 394,625	\$ (95,935)
CTO, LLC (train operations)	\$ 3,678,002	\$ 3,664,860	\$ (13,142)

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 3 – DEPOSITS AND INVESTMENTS

State statutes authorize the investment of Commission funds in a wide variety of instruments, including certificates of deposit and other similar obligations, state investment pools, money market accounts, and United States Government obligations. All invested funds of the Commission properly followed both Colorado and New Mexico investment requirements as of June 30, 2016.

Deposits of funds may be made in interest or non-interest bearing checking accounts in one or more banks or savings and loan association within the geographical boundaries of the Commission. Deposits may be made to the extent that they are insured by the FDIC or by collateral deposited as security or by bond given by the financial institutions.

A summary of the carrying value of cash and cash equivalents at June 30, 2016 for the Commission is as follows:

	<u>Demand Deposits</u>
CTO, LLC	\$ 836,790
Capital projects	368,826
General fund	140,260
HPA, LLC	449,383
Total	\$ 1,795,259

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Commission’s deposits may not be returned to it. The Commission does not have a deposit policy for custodial credit risk, other than following state statutes.

New Mexico state statutes govern the Commission’s deposits of cash in New Mexico. The New Mexico Public Money Act (Section 6-10-1, to 6-10-63, NMSA 1978) limits deposits of public monies to certain banks or credit unions. The public depository must pledge eligible securities with an aggregate value equal to one-half of the balance of uninsured funds on deposit with the institution. The securities must be delivered to an eligible custodial bank, and the public depository must deliver a joint safekeeping receipt issued by the custodial bank to the Commission.

Colorado state statutes govern the Commission’s deposits of cash in Colorado. The statutes specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance (FDIC) on deposits held.

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Amounts on deposit in excess of federal insurance levels must be collateralized in accordance with the PDPA. PDPA allows the institution to create a single collateral pool for all public funds to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The fair value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

At June 30, 2016, the bank balances of the Commission were exposed to custodial credit risk as follows:

Uninsured, collateral held by the pledging banks, but not in the name of the Commission	\$ <u>659,453</u>
--	-------------------

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 4 - RECEIVABLES

Receivables at June 30, 2016 consist of the following:

Governmental activities:	
General fund (Commission) –	
State of Colorado appropriations	\$ 5,000
Capital projects –	
Capital grants and appropriations	<u>394,860</u>
Total governmental activities	<u>399,860</u>
Business-type activities:	
CTO, LLC –	
Retail sales	3,202
Toltec caterer – advance	<u>15,000</u>
Total business-type activities	<u>18,202</u>
 Total receivables	 <u>\$ 418,062</u>

Accounts receivable are considered 100% collectible at year end.

The Commission defers recognition of revenue for funds that are received for train trips to be taken subsequent to June 30. Unearned revenue at June 30, 2016 was \$786,019.

NOTE 5 – INTERFUND RECEIVABLES/PAYABLES/TRANSFERS

The following interfund receivables and payables are included in the fund financial statements at June 30, 2016:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Governmental funds –		
General fund (Commission)	\$ 94,654	\$ 273,974
Capital projects fund	<u>86,532</u>	<u>169,804</u>
Total governmental funds	<u>181,186</u>	<u>443,778</u>
Enterprise funds –		
CTO LLC	349,271	123,339
HPA LLC	<u>40,551</u>	<u>3,891</u>
Total enterprise funds	<u>389,822</u>	<u>127,230</u>
 Total	 <u>\$ 571,008</u>	 <u>\$ 571,008</u>

The amounts reported as due from other funds and due to other funds are reflective of the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All amounts reflected as due from other funds are expected to be collected in the subsequent year.

CUMBRES & TOLTEC SCENIC RAILROAD COMMISSION
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2016

NOTE 6 – CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2016 was as follows:

	Balance July 1, <u>2015</u>	<u>Additions</u>	<u>Deletions</u>	Balance June 30, <u>2016</u>

	Balance July 1, <u>2015</u>	<u>Additions</u>	<u>Deletions</u>	Balance June 30, <u>2016</u>	Due Within <u>One Year</u>
Compensated absences:					
Governmental activities	\$ 18,907	\$ 3,793	\$ (18,245)	\$ 4,455	\$ 2,800
Business-type activities	<u>42,445</u>	<u>72,476</u>	<u>(53,468)</u>	<u>61,453</u>	<u>53,500</u>
Total	<u>\$ 61,352</u>	<u>\$ 76,269</u>	<u>\$ (71,713)</u>	<u>\$ 65,908</u>	<u>\$ 56,300</u>

NOTE 8 – FUND BALANCES

At June 30, 2016, fund balances for governmental funds consist of the following:

	General <u>Fund</u>	Capital <u>Projects</u>	<u>Total</u>
Nonspendable fund balance			
Prepaid items	\$ 19,655	\$ 5,728	\$ 25,383
Committed fund balance			
Osier improvements	106,493	-	106,493
Assigned fund balance			
Capital improvements	-	562,076	562,076
Unassigned fund balance	<u>(167,434)</u>	<u>-</u>	<u>(167,434)</u>
Total	<u>\$ (41,286)</u>	<u>\$ 567,804</u>	<u>\$ 526,518</u>

NOTE 9 – RISK MANAGEMENT

The Commission is exposed to various risks of loss as the owner of a tourist-oriented railroad. To reduce the risk of loss, the Commission purchases commercial insurance to cover all significant losses to property, general liability, workers compensation and employee fidelity.

There has been no significant reduction in insurance coverage and settled claims from these risks have not exceeded commercial insurance coverage for the current year or the three prior years.

JUNE 30, 2016

NOTE 10 – COMMITMENTS AND CONTINGENCIES

Debt Limits

The amount of debt that can be incurred by the Commission is limited by resolution and at June 30, 2016, the Commission had not entered into any debt agreements.

State of Colorado

Colorado voters passed an amendment to the state constitution in November 1992 which contains several limitations, including revenue raising, spending abilities and other specific requirements affecting state and local governments. The amendment, commonly known as the Tabor Amendment, is complex and subject to judicial interpretation. The Commission received confirmation from the State of Colorado that it is exempt from the requirements of the amendment.
