## Independent Auditor's Report

The Honorable Mayor and Board of Trustees  
Town of Yampa, Colorado

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Yampa, Colorado (the Town), as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Yampa, Colorado as of December 31, 2016, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Report on Summarized Comparative Financial Information

We have previously audited the Town's December 31, 2015 financial statements, and we expressed unmodified audit opinions on those audited financial statements in our report dated September 7, 2016. In our opinion, the summarized comparative financial information presented herein as of and for the year ended December 31, 2015 is consistent, in all material respects, with the audited financial statements from which it has been derived.

### Other Matters

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3-9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The General Fund Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual on page 32 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. This required supplementary information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The Enterprise Fund Schedule of Revenues, Expenditures and Changes in Net Position – Budget and Actual on page 33 and the Local Highway Finance Report on pages 34-35 are presented for the purpose of additional analysis and are not a required part of the Town's basic financial statements. This supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the basic financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Steamboat Springs, Colorado  
September 27, 2017

**Town of Yampa, Colorado  
Management's Discussion and Analysis  
December 31, 2016**

Purpose

The Town of Yampa's Management's Discussion and Analysis (MD&A) is designed to:

1. Assist the reader in focusing on significant financial issues.
2. Provide an overview of the Town's financial activity.
3. Identify changes in the Town's financial position.
4. Identify any material deviation from the budget.
5. Identify individual fund issues or concerns.

The MD&A is designed to focus on the report year's activities, resulting changes and currently known facts. Please read it in conjunction with the Town's Financial Statements beginning on page 10 of that document.

Introduction

The Town of Yampa is a Statutory Municipality that was incorporated in 1906. The type of government is Town Board-Mayor with five elected officials being responsible for all policy decisions that affect the Town's financial condition. The appointed Town Clerk/Treasurer is responsible for preparing the annual budget, which is adopted by the Board by December 15<sup>th</sup>. The Clerk/Treasurer is responsible for financial reporting to the Town Board and to the public-at-large. The Town maintains two separate funds, which are as follows:

1. Governmental Fund (General Fund)
2. Proprietary Fund (Enterprise Fund aka Water/Sewer Fund)

General Fund - The General fund is the chief operating fund of the Town of Yampa. It accounts for all general services provided by the Town, excluding utilities.

Proprietary (Enterprise) Fund - The Town's Water and Sewer fund is used to account for those operations that are financed and operated in a manner like private business, in that fees are charged to external users for goods and services.

The Town of Yampa uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Governmental Fund (General Fund) is accounted for using the modified accrual basis of accounting, and the balance of spendable resources (unreserved fund balance) is shown at year-end. The unreserved fund balance serves as a useful measure of a government's net resources available for spending at year-end. At year-end, the Town's Governmental fund reported a fund balance of \$617,373. Of that balance, \$12,086 is restricted for Tabor (emergencies) and \$105,958 is restricted for Conservation Trust (open space and parks), leaving \$499,329 available for spending at the Town's discretion. At year-end, the Town's Proprietary (Enterprise) fund reported a negative fund balance of \$154,885 net of investment in capital assets. \$46,000 is restricted for operations and maintenance reserve; therefore, there is no fund balance available for spending at the Town's discretion.

## Financial Information

The Town's government-wide statements have been prepared using the economic resources measurement of focus and the accrual basis of accounting. The Town's financial statements for governmental funds have been prepared using the modified accrual basis of accounting. The Town's annual audit is prepared by an accounting firm (Catterson & Co., P.C.) with the contents of the audit meeting the requirements set forth by the Colorado State Auditor's Office. The financial system of the Town incorporates financial and administrative controls that ensure the safeguarding of assets and the reliability of financial reports. To ensure budgeting controls, the Town Board approves all major budgetary changes by a recorded vote documented in the minutes. A supplemental budget is prepared if necessary.

### Financial Highlights

- The unrestricted general fund balance is \$499,329. This balance is considered to be a safe level of reserves, as it is approximately 2.5 times the annual operating budget. The unrestricted proprietary (enterprise) fund balance is \$(154,885), excluding net investment in capital assets. This balance will need to be brought positive, plus increased to once again have a safe level of reserves. This will be accomplished by an increase in user rates. Some expenses in the enterprise fund are one time costs related to property acquisition and the Town's share of costs for the improvements at the water treatment facility.
- The total net position of the Town increased in 2016 in governmental activities and business-type activities funds. Total net position for the governmental activities is \$1,650,519 and business-type activities is \$2,973,682.
- In 2011, the Town received notification from the Colorado Department of Public Health and Environment that the Town's water system was reclassified from ground water to ground water under the direct influence of surface water. This change in classification required the installation of additional filtration and chlorination equipment. The project began as improvements to the Water Treatment Facility and installation of a water storage tank, but since then it was determined that a pre-treatment facility was also needed and the property owners requested that the access road to the Water Treatment Facility be relocated.
- In 2013, the Town was awarded an energy and mineral impact assistance fund grant in the amount of \$1,000,000. In 2014, the Town closed on a state revolving fund loan in the amount of \$1,370,241, \$847,920 of which was principal forgiveness to round out the funding for the project. The bids for the project came in higher than anticipated, plus the Town did not have funds on hand to pay for the relocation of the access road. Additional funding from the Department of Local Affairs in the amount of \$950,000 covered the additional cost of the Water Treatment Facility improvements and the new access road. The water treatment facility improvements and the water storage tank are completed. The pretreatment building that will need to be constructed at the Water Treatment Facility is funded by a Small Communities Grant in the amount of \$950,000 and construction is anticipated in 2018. The pretreatment will upgrade treatment and increase reliability to meet Colorado Primary Drinking Water Regulations, year-round, for raw water withdrawals from the Town's two sources of supply – groundwater under the direct influence of surface water from a horizontal well and surface water from the Bear River.

- In the fall of 2013, a compliance inspection was completed on the Town's wastewater facility. The Colorado Department of Public Health and Environment informed the Town that it was not in compliance with total ammonia limits. A Small Communities Grant in the amount of \$100,000 was obtained to evaluate the existing wastewater collection system and outline feasible improvements and then develop preliminary design documents and site application for the wastewater treatment facility improvements. This project is ongoing with completion not expected until 2018.

### Using This Annual Report

This discussion and analysis is intended to serve as an introduction to the Town of Yampa's financial statements. The Town's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

### Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Yampa uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Town can be divided into two categories: Governmental (General) Funds and Proprietary (Enterprise) Funds.

#### **Governmental Funds**

Most of the Town's basic services are reported in a governmental fund, which focuses on cash flows. The unrestricted balance left at year-end is available for spending in future years. The fund is reported using the modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view as to cash, operations, and basic services provided.

The Town of Yampa maintains one governmental fund: General Fund. Information is presented in the Governmental Fund Balance Sheet and the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balances. Annual budget appropriations are adopted for the fund. Budgetary comparison statements are provided to demonstrate compliance with the budget.

#### **Proprietary (Enterprise) Funds**

The Town's water and sewer services are reported in proprietary funds. They focus on overall economic position rather than year-end fund balances. Enterprise funds are the type of proprietary funds used to account for each of the Town's utilities. Enterprise funds are used to report the same functions presented in business-type activities in the governmental-wide financial statements, only in more detail.

### Notes to the Financial Statement

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the Financial Statements can be found immediately after the basic financial statements.

**Government-Wide Financial Analysis**

Comparing the Basic Financial Statements from year-end 2015 to year-end 2016, net position has increased in both the General Fund and in the Proprietary (Enterprise) Fund.

Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. The Town of Yampa’s assets exceeded liabilities by \$4,624,201 at the close of 2016.

	Net Position			
	2016 Governmental Activities	2016 Business-type Activities	2016 Total	2015 Total
Current and Other Assets	\$ 740,375	\$ 157,925	\$ 898,300	\$1,506,980
Capital Assets	<u>1,033,146</u>	<u>3,588,372</u>	<u>\$4,621,518</u>	<u>3,097,942</u>
Total Assets	<u>\$1,773,521</u>	<u>\$3,746,297</u>	<u>\$5,519,818</u>	<u>\$4,604,922</u>
Current Liabilities	\$ 60,078	\$ 138,376	\$ 198,454	\$ 252,647
Retainage liability	-0-	128,434	128,434	74,088
Non-current Liabilities	-0-	505,805	505,805	521,073
Deferred Inflows of Resources	62,924		62,924	60,874
Total Liabilities And Deferred Inflows	<u>\$ 123,002</u>	<u>\$ 772,615</u>	<u>\$ 895,617</u>	<u>\$ 847,808</u>
Net position:				
Net Investment in Capital Assets	\$ 1,033,146	\$3,082,567	\$4,115,713	\$2,576,869
Restricted for Tabor (Emergencies)	12,086	--	12,086	15,619
Conservation Trust Restricted for O & M reserves	105,958	--	105,958	100,419
Unrestricted	<u>499,329</u>	<u>\$(154,885)</u>	<u>344,444</u>	<u>958,333</u>
Total Net Position	<u>\$ 1,650,519</u>	<u>\$2,973,682</u>	<u>\$ 4,624,201</u>	<u>\$3,696,240</u>

The largest of the Town’s net position (89%) reflects its investment in capital assets (land, buildings and systems, infrastructure and equipment) less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to residents and businesses; consequently, these assets are not available for future spending. The remaining balance of net position is unrestricted and may be used to meet the Town’s ongoing obligations to residents, businesses and creditors.

Statement of Activities

For 2016, total revenues for Governmental Activities exceeded expenses by \$231,007. Total revenues for Business-type Activities (Enterprise Fund) exceeded expenses \$696,954.

The following condensed table of changes in net position illustrates changes in net position for Governmental Activities and Business-type Activities for 2016.

	Changes in Net Position

Net Position, End of Year	\$ 1,650,519	\$2,973,682	\$4,624,201	\$2,016,129

## **BUDGETARY HIGHLIGHTS**

In the General Fund, there were no changes from the Town's original to final budget. Actual revenues were lower than budgeted due to less grant funds received. Expenditures were less than anticipated due to less grant funds used because of a slower than anticipated work schedule.

In the Proprietary (Enterprise) Fund (water/sewer) there were no changes from the Town's original to final budget. Actual revenues were lower than budgeted due to less grant funds received. Expenditures were less than anticipated due to less grant funds used on the water projects.

## **CAPITAL ASSETS**

At December 31, 2016, the Town had invested in a range of capital assets including land, buildings and improvements, vehicles, equipment, infrastructure, and water and waste water plants.

## **DEBT ADMINISTRATION**

Debt was incurred in 2014 through a loan agreement with the Colorado Water Resources and Power Development Authority. The loan amount was \$1,370,241 which includes \$847,920 in principal forgiveness, reducing the loan amount to \$552,321. Pay back of the loan began in 2015.

## **SUMMARY OF FINANCIAL CONDITION**

Although the Town of Yampa continues to maintain a strong financial position overall, the enterprise fund has taken a huge hit to cash reserves and both water and sewer rate increases are overdue. A complete review of the water and sewer ordinance fees are planned for 2017.

For the General Fund, in addition to ongoing basic services, codification of the ordinances and completion of the culvert project at Roselawn Avenue and CR 17 were scheduled if staff time permitted. It did not. Street improvements through gravel replacement on streets is an ongoing process when funding and staff time permit. No street improvements were performed in 2016. The Town, through its subcommittee Friends of the Crossan's M & A Market and an agreement with Historic Routt County did continue the rehabilitation of the Crossan's M & A Market building. Much progress was made and the first floor should be completed in the spring or early summer of 2017. This project is being funded through grants and fund-raising efforts of Friends of Crossan's. Town revenues are not funding this project.

For the Water and Sewer Fund, since 2011, when the Town received notification from the Colorado Department of Public Health and Environment, that the Town's water system had been reclassified from ground water to ground water under the direct influence of surface water, the Town has continued to work on the required water treatment facility improvements to provide additional filtration and chlorination and on the installation of the additional water storage tank. Construction of the water treatment plant improvements and the additional water storage tank reached substantial completion by the end of 2016, except for some punch list items that needed completed in 2017. The pretreatment building at the water treatment facility and the new access road into the water treatment facility were still in the preliminary planning stages in 2016. Acquisition of the infiltration gallery property was a top priority in 2016.

In the fall of 2013, a compliance inspection at the wastewater treatment plant found that the plant was exceeding its ammonia levels and planning for the necessary improvements to bring the plant into compliance began. Planning will continue in 2017, with construction to occur in 2018.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide residents, taxpayers, customers, investors, and creditors with a general overview of the Town's finances and to show the Town's accountability for the funds and assets it receives. If you have questions about this report or need additional information, contact the Town Clerk/Treasurer, P.O. Box 224, Yampa, CO 80483 or call (970) 638-4511 or e-mail [jray@townofyampa.com](mailto:jray@townofyampa.com).

**TOWN OF YAMPA, COLORADO**  
**Notes to Financial Statements**  
**December 31, 2016**  
**(with summarized financial information as of and for the year ended December 31, 2015)**

**Note 1: Summary of Significant Accounting Policies**

The Town of Yampa, Colorado (the Town) was incorporated on April 17, 1906 in Routt County and is governed by a publicly elected Board of Trustees. The Town provides general government, public works, water and sewer services for the Town's residents.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP). The Governmental Accounting Standards Board (GASB) is the standard-setting body for the establishment of US GAAP in governmental entities. The following summary of the more significant accounting policies of the Town is presented to assist the reader in interpreting these financial statements and should be viewed as an integral part of this report.

*Reporting Entity*

The reporting entity consists of (a) the primary government, i.e., the Town, and (b) organizations for which the Town is financially accountable. The Town does not have any component units for which it is financially accountable.

*Measurement Focus and Basis of Accounting*

The government-wide financial statements and proprietary (enterprise) fund financial statements use a flow of economic resources measurement focus to determine net income and financial position. The accounting principles used are similar to those applicable to businesses in the private sector and, thus, maintained on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Governmental fund financial statements use a current financial resources measurement focus, and are maintained on the modified accrual basis of accounting. Revenues are recognized when they become susceptible to accrual; that is, when they become both measurable and available to finance expenditures of the current period. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. The Town considers revenues collected within 60 days after year end to be available and thus recognizes them as revenues in the current year.

Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

*Financial Statement Presentation*

Government-wide Financial Statements

The statement of net position and the statement of activities report information about the nonfiduciary activities of the Town. The Town's activities are categorized as either governmental activities or business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Town's governmental functions and business-type activities. The governmental functions are supported by general revenues (e.g., taxes, interest). The statement of activities reduces gross expenses (including depreciation) by related program revenues. Direct expenses are those that are clearly identified with a specific program. Program revenues include (a) charges for services and (b) grants and contributions that are restricted for the operating or capital requirements of a specific program. All taxes and other revenues not meeting the criteria for classification as program revenues are reported as general revenues.

Fund Financial Statements

The fund financial statements report information about the Town's funds.

The Town reports the following major governmental fund:

The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund.

**TOWN OF YAMPA, COLORADO**  
**Notes to Financial Statements**  
**December 31, 2016**  
(with summarized financial information as of and for the year ended December 31, 2015)

**Note 1: Summary of Significant Accounting Policies (continued)**

*Financial Statement Presentation (continued)*

Fund Financial Statements (continued)

The Town reports the following major proprietary or business-type fund:

The *Enterprise Fund* accounts for the activities of the water and sewer utilities of the Town that are provided to its residents. The major sources of revenue are from user fees, which are used for operations, and from tap fees, which are used for capital improvements.

*Fund Balance Presentation*

Fund balances of the governmental fund are classified as follows:

- Non-spendable – includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
- Restricted – includes amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.
- Committed – includes amounts that can be spent only for specific purposes pursuant to constraints imposed by formal action of the Town. Such formal action may be in form of an ordinance or resolution and may only be modified or rescinded by a subsequent formal action.
- Assigned – includes amounts that are intended by the Town to be used for specific purposes, but are neither restricted nor committed. Assignments may be made only by the Board of Trustees.
- Unassigned – represents the residual positive balance within the General Fund, which has not been restricted, committed or assigned.

*Assets, Liabilities, Deferred Inflows of Resources, and Net Position*

Cash and Investments

For purposes of the statement of cash flows, the Town considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Fair Value Measurements

The Town categorizes its fair value measurements within the fair value hierarchy established by US GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Investments in the Colorado Government Liquid Trust (COLOTRUST), an external investment pool, are stated at share price which is substantially the same as fair value and are categorized as Level 1.

Accounts Receivable

Receivables consist of amounts due from residents for water and sewer utilities and amounts due from other governments for taxes and reimbursable grants. Management reviews receivables periodically to establish an allowance for uncollectible accounts. The Town considers all receivables to be fully collectible at December 31, 2016 and 2015. Therefore, no allowance for uncollectible accounts has been established.

**TOWN OF YAMPA, COLORADO**  
**Notes to Financial Statements**  
**December 31, 2016**  
(with summarized financial information as of and for the year ended December 31, 2015)

**Note 1: Summary of Significant Accounting Policies (continued)**

*Assets, Liabilities, Deferred Inflows of Resources, and Net Position (continued)*

Capital Assets

Capital assets include property, water and sewer systems, vehicles, equipment and infrastructure assets. Capital assets are defined by the Town as assets with an initial cost of \$1,000 or more and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or estimated fair value if donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	Years
Infrastructure	50
Buildings	40
Water and sewer systems	40
Vehicles	5
Equipment	3-10

Deferred Inflows of Resources

In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The Town's deferred inflows of resources consist solely of unavailable revenues from property taxes.

*Operating and Non-Operating Revenues and Expenses*

The proprietary fund financial statements distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses are those that result from providing services associated with the principal activities of the Town's business-type activities. Operating expenses include the cost of ongoing operations, related administrative expenses, and depreciation expense. Non-operating revenues and expenses are all those that do not meet the criteria described previously.

*Property Taxes*

Property taxes are levied on December 15 of each year and attach as an enforceable lien on property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The Routt County Treasurer's office collects property taxes and remits collections to the Town on a monthly basis. In accordance with US GAAP, the assessed but uncollected property taxes have been recorded as receivable and as deferred inflows of resources as property taxes are assessed in one year as a lien on the property, but not collected by the Town until the subsequent year.

*Use of Estimates*

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Comparative Financial Statements*

The financial statements include certain prior-year summarized comparative information in total. Such information does not include sufficient detail to constitute a presentation in conformity with US GAAP. Accordingly, such information should be read in conjunction with the Town's audited financial statements for the year ended December 31, 2015, from which the summarized information was derived.

**TOWN OF YAMPA, COLORADO**  
**Notes to Financial Statements**  
**December 31, 2016**  
**(with summarized financial information as of and for the year ended December 31, 2015)**

**Note 1: Summary of Significant Accounting Policies (continued)**

*New Accounting Pronouncements*

Effective January 1, 2016, the Town adopted the provisions of the following GASB Statements:

- GASB Statement No. 72, “*Fair Value Measurement and Application*.” The effect of this adoption is to improve financial reporting by clarifying the definition of fair value for financial reporting purposes, establishing general principles for measuring fair value, and enhancing disclosures about fair value measurements.
- GASB Statement No. 77, “*Tax Abatement Disclosures*.” The effect of this adoption is to improve disclosure of tax abatement information about (1) the District’s own tax abatement agreements and (2) those that are entered into by other governments and that reduce the District’s tax revenues. This Statement defines a tax abatement as resulting from an agreement between a government and an individual or entity in which the government promises to forgo tax revenues and the individual or entity promises to subsequently take a specific action that contributes to the economic development or otherwise benefits the government or its citizens.

The Town has not entered into any tax abatement agreements nor has any other government that reduces the Town’s tax revenues.

**Note 2: Stewardship, Compliance and Accountability**

*Budgetary Information*

The annual budget is adopted on a basis consistent with US GAAP for the General Fund. The Enterprise Fund adopts a budget on a non-US GAAP basis wherein depreciation is not budgeted; capital expenditures and principal payments on debt are budgeted and recorded as expenditures. All annual appropriations lapse at year end.

The Town conforms to the following procedures, in compliance with CRS, Title 29, Article 1, in establishing the budgetary data reflected in the financial statements:

- Prior to October 15, the Town Clerk submits to the Board of Trustees a proposed operating budget for the fiscal year commencing the following January 1. The budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted by the Board of Trustees to obtain taxpayer comments.
- Prior to December 31, the budget is adopted by formal resolution.
- Expenditures may not legally exceed appropriations at the fund level. Revisions that alter the total expenditures must be approved by the Board of Trustees.
- All appropriations lapse at the end of each fiscal year.

The Town did not adopt any supplemental appropriations during the year.

*Compliance*

The Town did not have expenditures in excess of appropriations in any funds during 2016.

*TABOR Amendment*

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer’s Bill of Rights (TABOR). TABOR contains tax spending, revenue and debt limitations which apply to the State of Colorado and all local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

**TOWN OF YAMPA, COLORADO**  
**Notes to Financial Statements**  
**December 31, 2016**  
**(with summarized financial information as of and for the year ended December 31, 2015)**

**Note 2: Stewardship, Compliance and Accountability**

*TABOR Amendment (continued)*

Future spending and revenue limits are determined based on the prior year's fiscal year spending adjusted for allowable increases based upon inflation and local growth. Fiscal year spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the fiscal year spending limit must be refunded unless the voters approve retention of such revenue.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

TABOR requires local governments to establish emergency reserves. These reserves must be at least 3% of fiscal year spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. The Town has reserved \$12,086 of the December 31, 2016 fund balance in the General Fund for this purpose.

The Town's voters passed a ballot question in April 1998, permitting the Town to collect, retain and expend all revenues and other funds collected during 1997 and each subsequent year. The ballot question also stipulated that no property tax mill levy shall be increased at any time, nor shall any new tax be imposed without the prior approval of the Town's voters.

The Town's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions may require judicial interpretation.

**Note 3: Detailed Notes on All Funds**

*Cash and Cash Equivalents*

Deposits

The carrying amount of the Town's deposits at December 31, 2016 and 2015 was \$61,965 and \$224,485, respectively, and bank balances were \$212,026 and \$623,664, respectively. Of the bank balances, \$212,026 and \$386,194, respectively, was covered by federal deposit insurance and \$0 and \$237,470, respectively, was uninsured but collateralized in accordance with provisions of the Colorado Public Deposit Protection Act (PDPA).

The PDPA requires that all units of local government deposit cash in eligible public depositories; eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The collateral pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must equal or exceed 102% of the aggregate uninsured deposits.

Investments

At December 31, 2016 and 2015, the Town had \$338,214 and \$312,185, respectively, invested in the Colorado Government Liquid Trust (COLOTRUST) PLUS+ fund, including \$21,156 and \$20,020, respectively, of police pension trust fund assets. COLOTRUST PLUS+ is a short-term money market fund organized in conformity with Part 7 of Article 75 of Title 24, CRS. The portfolio offers Colorado governmental entities a convenient and efficient means to pool their funds to take advantage of short-term investments and maximize net interest earnings. COLOTRUST PLUS+'s investment objective is to obtain as high a level of current income as is consistent with the preservation of capital and liquidity. The investment advisor for COLOTRUST PLUS+ is Public Trust Advisors LLC, (PTA) a Colorado-based investment adviser, registered with the SEC. The portfolio manager is responsible for making all of the investment decisions for the portfolio. Wells Fargo Bank, N.A. is custodian of the portfolio's securities and cash. COLOTRUST PLUS+ portfolio invests in U.S. Treasury securities, federal instrumentality securities, agency securities, repurchase agreements, tri-party repurchase agreements, collateralized bank deposits, the highest rated commercial paper, and highly-rated corporate bonds. The PLUS+ fund holds a 'AAAm' rating by Standard and Poor's.

(with summarized financial information as of and for the year ended December 31, 2015)

**Note 3: Detailed Notes on All Funds (continued)**

*Cash and Cash Equivalents (continued)*

Investments (continued)

The Town's investments are subject to interest rate, credit risk, and concentration of credit risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the Town currently invests only in highly liquid investment pools which may be redeemed at any time.

*Capital Assets*

Capital asset activity for the year ended December 31, 2016 is summarized below:

	Beginning Balance	Additions	Retirements	Ending Balance
<b>Governmental activities:</b>				
Land	\$ 293,966	\$ -	\$ -	\$ 293,966

**Notes to Financial Statements**  
**December 31, 2016**  
(with summarized financial information as of and for the year ended December 31, 2015)

**Note 3: Detailed Notes on All Funds (continued)**

*Capital Assets (continued)*

Depreciation expense was charged to functions of the Town as follows during 2016 and 2015:

	2016	2015
<b>Governmental activities:</b>		
Unallocated	\$ 15,309	\$ 20,401
Total - governmental activities	\$ 15,309	\$ 20,401
<b>Business-type activities:</b>		
Water	\$ 19,965	\$ 20,129
Sewer	6,065	6,228
Total - business-type activities	\$ 26,030	\$ 26,357

*Long-Term Liabilities*

The Town entered into a \$1,370,241 loan agreement with the Colorado Water Resources and Power Development Authority (CWRPDA) on May 6, 2014. Terms of the loan agreement include principal forgiveness of \$847,920 by CWRPDA to a reduced principal amount of \$552,321 and the loan carries a 1.0% interest rate. Proceeds of the loan are being used for water treatment plant improvements that include filtration and chlorination upgrades, an additional finished water storage tank, source protection of infiltration gallery, and replacement of transmission lines.

The first loan payment of \$1,683, including principal and interest, was paid on November 1, 2015. Remaining principal and interest payments of \$10,220 are due semi-annually on May 1 and November 1 until maturity on May 1, 2045

CWRPDA established a project loan account from which the Town can draw funds upon request as project costs are incurred. The unexpended loan proceeds in the project loan account at December 31, 2016 and 2015 were \$5,000 and \$614,725, respectively.

The loan agreement requires the Town to maintain an operations and maintenance reserve fund equal to three months of system operation and maintenance expenses. The Town has reserved \$46,000 of its Enterprise Fund net position for this purpose at December 31, 2016.

Long-term liability activity for the year ended December 31, 2016 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amounts Due Within One Year
<b>Business-type activities:</b>					
CWRPDA note payable	\$ 521,073	\$ -	\$ (15,268)	\$ 505,805	\$ 15,421
	\$ 521,073	\$ -	\$ (15,268)	\$ 505,805	\$ 15,421

(with summarized financial information as of and for the year ended December 31, 2015)

**Note 3: Detailed Notes on All Funds (continued)**

*Long-Term Liabilities (continued)*

Long-term liability activity for the year ended December 31, 2015 was as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Amounts Due Within One Year
<b>Business-type activities:</b>					
CWRPDA note payable	\$ -	\$ 1,370,241	\$ (849,168)	\$ 521,073	\$ 15,268
	<u>\$ -</u>	<u>\$ 1,370,241</u>	<u>\$ (849,168)</u>	<u>\$ 521,073</u>	<u>\$ 15,268</u>

The CWRPDA loan agreement also includes a rate covenant whereby the Town's Enterprise Fund's water and sewer system net revenue, after meeting operation and maintenance expenses, is required to be sufficient to cover 110% of the debt service coming due. The following is the Town's calculation indicating compliance with the rate covenant for the year ended December 31, 2016:

System revenues:	
Charges for services:	
Water	\$ 116,275
Sewer	<u>102,992</u>
Total system revenues	<u>219,267</u>
System operating expenses:	
Water	121,736
Sewer	88,504
Less depreciation	<u>(26,030)</u>
Total system operating expenses	<u>184,210</u>
Net system revenues	<u>\$ 35,057</u>
Annual debt service payments	<u>\$ 20,441</u>
Net system revenues / annual debt service payments	<u>172%</u>

**TOWN OF YAMPA, COLORADO**  
**Notes to Financial Statements**  
**December 31, 2016**  
(with summarized financial information as of and for the year ended December 31, 2015)

**Note 3: Detailed Notes on All Funds (continued)**

*Long-Term Liabilities (continued)*

Debt service requirements at December 31, 2016 were as follows:

Year	Principal	Interest	Total
2017	\$ 15,421	\$ 5,020	\$ 20,441
2018	15,576	4,865	20,441
2019	15,732	4,709	20,441
2020	15,889	4,551	20,440
2021	16,049	4,392	20,441
2022-2026	82,690	19,513	102,203
2027-2031	86,918	15,285	102,203
2032-2036	91,363	10,840	102,203
2037-2041	96,035	6,168	102,203
2042-2045	70,132	1,410	71,542
	<u>\$ 505,805</u>	<u>\$ 76,753</u>	<u>\$ 582,558</u>

*Governmental Fund Balances*

The Town has restricted fund balances at December 31, 2016 for the following:

- Emergency reserve required by TABOR
- Accumulated conservation trust funds from net proceeds of the Colorado Lottery to be used for parks, recreation facilities, open space, environmental education, and wildlife habitat.

When expenditures are incurred and both restricted and unrestricted resources are available, it is the Town's policy to use restricted resources first, then unrestricted resources in the order of committed, assigned, and then unassigned, as they are needed.

**Note 4: Other Information**

*Police Pension Trust Fund*

The Town's police employees are covered by a defined contribution plan recorded as the police pension trust fund. Participants contribute 8% of their compensation and the Town matches. Participants are fully vested in the plan immediately. The Town had no qualifying police employees during 2016 or 2015.

*Commitments*

Yamcolo Reservoir Storage Agreement

The Town entered into an extension and amendment agreement with the Upper Yampa Water Conservancy District effective July 15, 2011 for 300 acre feet of storage water in the Yamcolo Reservoir for thirty years terminating July 15, 2041. The purchase price for the storage water is subject to an annual CPI increase. The Town paid \$77.24 per acre foot of storage water for the year ended December 31, 2016.

Water Tank Access Road

The Town purchased land for its water tank improvement project in 2015 and agreed to pay the seller an annual access road user fee over the life of the use of the access road. The annual fee, due January 1<sup>st</sup>, was \$1,545 in 2016 and will increase 3% compounded annually until January 1, 2065 when the annual fee will remain at \$6,575.

**Notes to Financial Statements**  
**December 31, 2016**  
**(with summarized financial information as of and for the year ended December 31, 2015)**

**Note 4: Other Information (continued)**

*Risk Management*

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees, and natural disasters. The Town maintains commercial insurance for these risks of loss, including workers compensation. Settled claims have not exceeded coverage in the past three fiscal years.

*Subsequent Events*

The Town has evaluated subsequent events through September 27, 2017, the date these financial statements were available to be issued.
