INDEPENDENT AUDITOR'S REPORT

Board of Directors
Colorado Crossing Metropolitan District No. 2
El Paso County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of Colorado Crossing Metropolitan District No. 2 ("District"), as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2017, the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information, as identified in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The annual disclosures, as identified in the table of contents, have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

COLORADO CROSSING METROPOLITAN DISTRICT NO. 2
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

NOTE 1 - DEFINITION OF REPORTING ENTITY

Colorado Crossing Metropolitan District No. 2 (the District or District No. 2), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by order and decree of the District Court of El Paso County, Colorado, recorded on December 5, 2006, and is governed pursuant to provisions of the Colorado Special Districts Act (Title 32, Article 1, Colorado Revised Statutes). The District was organized in conjunction with two other related districts, Colorado Crossing Metropolitan District No. 1 (District No. 1), the Operating District, and Colorado Crossing Metropolitan District No. 3 (District No. 3, together with the District and District No. 1, the Districts), the Commercial and Financing Districts. The Districts operate under a Consolidated Service Plan which was approved by the City Council of the City of Colorado Springs (the City) on August 1, 2006, as amended by that First Amendment to the Consolidated Service Plan approved by the City on October 25, 2016 (the Service Plan). The Districts' service area is located entirely within the City. District No. 1 will own (subject to dedication of improvements to the City), operate, maintain and construct facilities benefiting all three Districts, and District No. 2 and District No. 3 will contribute to the costs of construction, operation, and maintenance of such facilities. The District was established to provide the following services: parks and recreation, sanitary sewer, storm drainage, streets, traffic and safety protection, water, mosquito control, and television relay and transportation systems.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

COLORADO CROSSING METROPOLITAN DISTRICT NO. 2
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

COLORADO CROSSING METROPOLITAN DISTRICT NO. 2
NOTES TO FINANCIAL STATEMENTS
December 31, 2017

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall of each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District's budget was amended for the year ended December 31, 2017.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Deferred Inflows of Resources

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one item that qualifies for reporting in this category. Accordingly, the item, *property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amounts become available.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the government's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

- *Nonspendable fund balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.
- *Restricted fund balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.
- *Committed fund balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.
- *Assigned fund balance* – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.
- *Unassigned fund balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2017, are classified in the accompanying financial statements as follows:

Statement of net position:

Cash and investments	\$ -
Cash and investments - Restricted	5
Total cash and investments	\$ 5

Cash and investments as of December 31, 2017, consist of the following:

Deposits with financial institutions	\$ -
Investments	5
Total cash and investments	\$ 5

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2017, the District had no cash deposits.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial credit risk for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - CASH AND INVESTMENTS (CONTINUED)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2017, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted average under 60 days	5
		<u>\$ 5</u>

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST using the net asset value method. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

NOTE 4 - LONG-TERM OBLIGATIONS

The following is an analysis of the changes in the District's long-term obligations for the year ended December 31, 2017:

	<u>Balance at December 31, 2016</u>	<u>New Issues</u>	<u>Refundings/ Retirements</u>	<u>Balance at December 31, 2017</u>	<u>Due Within One Year</u>
Limited Property Tax Supported Revenue Bonds Series 2017	\$ -	\$14,781,000	\$ -	\$ 14,781,000	-

	<u>\$ -</u>	<u>\$15,121,849</u>	<u>\$ -</u>	<u>\$ 15,121,849</u>	<u>\$ -</u>

The details of the District's long-term obligations are as follows:

\$14,781,000 Limited Property Tax Supported Revenue Bonds, Series 2017

On July 11, 2017, the District issued \$14,781,000 Limited Property Tax Supported Revenue Bonds, Series 2017 (Bonds), for public improvements. The Bonds bear interest at 7.50%. Bond interest and principal is payable annually on December 1, only to the extent Pledge Revenue is available. To the extent interest is not paid when due, such interest shall compound on each Interest Payment Date. The Bonds constitute "cash flow" bonds, meaning that no regularly scheduled principal payments are due prior to the termination date. Any amounts due and owing on the bonds at December 1, 2057, the Termination Date, will be deemed paid.

The Bonds are subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, on December 1, 2020, and on any date thereafter, upon payment of par, accrued interest, and a redemption premium of three percent (3.00%) of the principal amount redeemed.

The Bonds are payable from the Pledged Revenue, consisting of monies derived by the District from: 1) all amounts due and owing to the District under the Required Mill Levy; 2) the Capital Pledge Agreement Revenue; 3) The Capital Fee Revenue, if any; 4) All PILOT Revenue, if any; 5) The portion of an Specific Ownership Tax collected as a result of the Required Mill Levy; and 6) Any other legally available moneys which the District determines. The Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in the amount of 30.000 mills, adjusted for changes in the ratio of actual value to assessed value of property within the District. As of December 31, 2017, the adjusted maximum mill levy is 30.000.

The District issued \$14,781,000 in Limited Property Tax Supported Revenue Bonds dated July 11, 2017 for streets, water system, sanitary sewer, storm drainage and transportation improvements, as well as paying other costs in connection with the Bonds.

The District's long-term obligations are considered to be "cash flow" bonds, and as such no maturity schedule is presented.

NOTE 5 - NET POSITION

The District has net position consisting of two components - restricted and unrestricted.

Restricted net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position as of December 31, 2017, as follows:

	Governmental Activites
Restricted net position:	
Emergency reserves	\$ -
Capital projects	5
Debt service	516,982
Total	\$ 516,987

The District has a deficit in unrestricted net position. This deficit was a result of the District being responsible for the repayment of bonds issued for public improvements which proceeds were transferred to Colorado Crossing Metropolitan District No. 1 (the Operating District).

NOTE 6 - RELATED PARTIES

The Developers of the property which constitutes the District are Interquest Westside LLC, a Delaware limited liability company. The members of the Board of Directors are officers, employees or associated with the Developer and may have conflicts of interest in dealing with the District.

NOTE 7 - INTERGOVERNMENTAL AGREEMENTS

Intergovernmental Agreement

On November 28, 2007 District No. 1, District No. 2 and District No. 3 (collectively "Districts") entered into an Intergovernmental Agreement ("Original Agreement"). The Original Agreement provided that District No. 1 ("Operating District") would provide for the construction, design, operation and maintenance of the Public Improvements, as well as the overall administration of the Districts and provided for the flow of funds by and among the Districts.

On July 11, 2017 an Amended and Restated Intergovernmental Agreement ("Amended IGA") was entered into by the Districts for the purpose of establishing the Operating District's responsibility for coordinating the construction, design, financing and operation and maintenance of the Public Improvements that benefit the Districts and establish District No. 2 and District No. 3's ("Taxing Districts") obligation to pay for the services and benefits of the Public Improvements provided by the Operating District.

NOTE 7 - INTERGOVERNMENTAL AGREEMENTS (CONTINUED)

On July 11, 2017 District No. 2 issued Bonds of the purpose of funding Project Costs. The proceeds from the Bonds were remitted to the Operating District which deposited the proceeds in a project fund to be used to pay the costs of construction of the Public Improvements. All revenues received by the Taxing Districts will be transferred to the Operating District and deposited into an account established to receive and disperse pledged revenue ("Funding Account").

The Operating District is responsible for providing all Administration Services and Project Management Services of the Districts, as well as supervising the construction and acquisition of public improvements, paying project costs or bond requirements from pledged revenue, consulting with the Taxing Districts regarding Budget Process, requesting Developer Advances as needed and other items outlined in the Amended IGA.

Operations Pledge Agreement

On July 11, 2017 District No. 1 ("Operations District") and District Nos. 2 and 3 ("Taxing Districts") entered into an Operations Pledge Agreement ("Operations Pledge Agreement"). Pursuant to the Operations Pledge Agreement the Taxing Districts agreed to the imposition of an ad valorem mill levy upon all taxable property within the Taxing Districts in an amount as may be required to generate revenues sufficient to fund the Allocated Management Costs of the Taxing District in an amount not to exceed ten (10) mills.

Revenues of the Taxing Districts' pledged to the Operations District for payment of the Districts' share of Management Costs will be utilized by the Operations District solely for the payment of the Taxing Districts' share of Management Costs.

PIF Agreement

On July 11, 2017, District No. 1 (Management District) entered into an Agreement for Collection of Public Improvement Fees (PIF Agreement) with UMB Bank, N.A. and CliftonLarsonAllen LLP. PIF revenues collected by District No. 1 are assigned and pledged to District No. 2 to provide additional security for the 2017 Bonds. The PIF rate applicable to PIF sales will be determined by District No. 1, but will not exceed 2.0%. PIF sales means any of the following within any portion of the PIF property: (a) transactions upon which sales tax is payable (b) transactions upon which theatre tax is payable and (c) any transaction pursuant to the terms of the PIF guideline.

Inclusion Agreement

On July 11, 2017 the District, District No. 1 and Interquest Westside LLC ("Owner") entered into the Inclusion Agreement where the Owner agrees to execute one or more covenants to encumber Future Commercial Property located District to require a payment in lieu of taxes ("PILOT Covenant").

NOTE 7 - INTERGOVERNMENTAL AGREEMENTS (CONTINUED)

Capital Pledge Agreement

On July 11, 2017, the District entered into a Capital Pledge Agreement (CPA) with District No. 1, District No. 3, and UMB Bank N.A. ("Trustee"). Under the CPA, District No. 1, District No. 2 and District No. 3 agree to remit to the Trustee, as soon as is practicable, Pledged Revenue for the 2017 Bonds with respect to revenues generated under mill levy, Specific Ownership Taxes, Capital Fees, PIF revenue, and PILOT revenue for District No. 1, and with respect to revenues generated under mill levy, Capital Fees, and PILOT revenue for District No. 3.

NOTE 8 - RISK MANAGEMENT

The District is exposed to various risks of losses related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2017. The Pool is an organization created by an intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in the past three fiscal years.

The District pays annual premiums to the Pool for liability and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not need for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 9 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. The District transfers its net operating revenue to Colorado Crossing Metropolitan District No. 1 (Management District) pursuant to an intergovernmental agreement. Therefore, the Emergency Reserves related to the District's revenue are reported in the financial accounting of Colorado Crossing Metropolitan District No. 1.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 - TAX, SPENDING AND DEBT LIMITATIONS (CONTINUED)

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

On November 8, 2016, the District voters passed an election question allowing the District to increase property taxes up to \$5,000,000 annually, without limitation of rate, and without regard to any spending, revenue raising or other limitations contained within Article X, Section 20 of the Colorado Constitution (TABOR) or Section 29-2-301, C.R.S., to pay the District's operations, maintenance and other expenses. Additionally, the District's electors authorized the District to collect, spend or retain all revenue without regard to any limitations under TABOR.

This information is an integral part of the accompanying financial statements.
